Proposed Charlevoix County Residential Hospital Facility Presented by the Charlevoix County Board of Supervisors

J. & G. DAVERMAN CO.
ARCHITECTS - ENGINEERS

This attractive but conservative structure would be constructed of light weight block with brick veneer and a large glass area. The building would cover 22,000 square feet and accommodate 60 patients with provision for expansion to accommodate an additional 60 patients if that should ever be needed. The facility would have 8 four-bed wards, 7 two-bed wards and 12 single rooms with ample storage space, a physical therapy room, general offices, kitchen, laundry, boiler room and various other rooms.

You Should Know the Facts - Vote Yes--August 7, 1956

Grandvue Hospital is overcrowded and inadequate in size to care for the present number of patients - 62 patients with room actually for only 18 patients. We are at present housing 23 ambulatory patients on the second floor but this use may be denied us most anytime. We may not use the second floor for non-ambulatory patients.

The present building is of wood construction with part of it condemned and closed to bed patients.

It is anticipated that State Fire Marshall will, in the future, condemn further sections of this building. Therefore, a new building is a must, or we shall find ourselves with no building.

Since taking over the present building in 1949 when it was converted into a hospital unit, we have spent a grand total of \$46,553.91. The spending of this amount was necessary to meet the requirements of the State Fire Marshall, the Health Department and the State Welfare Department.

IN 1955, WE SPENT \$17,267.24 and so far in 1956, we have spent \$7,522.62. Thus, we continue to spend much money on this old building which remains an old building and which probably, in the near future, will be closed. The added costs in capital outlay are only temporary improvements; it is like throwing money away to continue im-

proving the present building.

We may expect a savings also, in lower costs of maintenance in the new building.

The fourteen (14) patients that are placed in convalescent homes cost the County about \$12,000 a year. A good deal of this expense could be saved if they could be housed in our own building.

Many of the patients that are hospitalized in general hospitals must remain there for their convalescent period because we have no room at Grandvue Hospital. This costs the County about \$10,000 per year. With adequate room, these patients could convalesce in our own building and save this money.

MANY PEOPLE who are familiar with the work of the Welfare Department believe that a new unit added to the facilities of the Grandvue Hospital should be constructed as soon as possible.

Such a unit would make possible, the giving of nursing care to a greater number of patients in the present building and relieve many of the existing problems.

This proposed addition would also make possible the caring for people that are now in convalescent homes, private homes and general hospitals that the County is paying for.

Estimated costs:

Plan for financing:

Millage cost to you based on County equalized valuation not more than . . .

Cost per week per \$1,000 of County equalized valuation is 6 cents per week or less than 1 cent per day

60 Bed Charlevoix County Hospital complete with all equipment and furnishings . . . \$500,000

To raise \$500,000. Three mills or \$60,000 per year whichever is the lesser for twenty years; 1956 to 1957 inclusive.

\$3.00 per year for \$1,000 of County equalized valuation

\$4.50 per year for \$1,500 of County equalized valuation

\$6.00 per year for \$2,000 of County equalized valuation

\$7.50 per year for \$2,500 of County equalized valuation

\$9.00 per year for \$3,000 of County equalized valuation

☒ Vote Yes

All qualified voters residing in Charlevoix County who have properly assessed for taxes may vote on the millage and bond issue. Propositions I and II on the ballot.

☒ Vote Yes

All qualified voters residing in Charlevoix County may vote on the millage issue. Proposition II on the ballot.

The County Board of Supervisors hereby declare that of the foregoing provisions are approved by the electors of the County, the resolution to be adopted by said Board authorizing the issue and sale of said bonds, will provide for levying 3 mills or \$60,000, which ever is the lesser amount, for the years 1956 through 1975 inclusive, until sufficient funds have become available in the debt retirement fund.

REMEMBER . . . It will be necessary for the voters of Charlevoix County to increase the tax rate by 3 mills for 20 years to provide the necessary security for the bond issue.

If there were no further increase in assessed valuation over the present valuation and if collections are normal, there will be sufficient funds to retire the debt in 12 or 13 years. There will be no levy after this.

Northern County School Officials Hold Conference

William T. Simmons, president of the Michigan Association of County School Administrators and Superintendents, Montcalm county schools, was the speaker at a recent meeting of County School Superintendents from Michigan's upper peninsula and the northern half of the lower peninsula held at St. Ignace.

Purpose of the meeting was to discuss the effects of recent legislation on the county office and rural education in northern Michigan in particular.

Mr. Simmons spoke on the necessity of unity of effort if the best interests of all were to be served. He commended those attending on their efforts and urged that any organization that should be formed work within the framework of the state association.

A committee to draw up an organization framework designed to work within the parent organization as an advisory committee was appointed.

Upon the recommendation of this special committee, an executive committee to develop a set of policies and to call the group together when necessary was named. Charles A. Robinson, Charlevoix county superintendent of schools, was one of five members appointed to the committee. He was also one of 24 members attending the meeting.

Large Crowd Enjoys Venetian Weekend Activities, Boat Parade

Charlevoix's summer population was increased by several thousand over the weekend as visitors invaded the summer resort during the annual Venetian Night weekend.

The major influx of visitors came Sunday night when thousands of spectators lined the terraces overlooking Round Lake for the Venetian boat parade on the lake and the colorful fireworks.

Winner in the 24-boat parade were E. A. Loop's huge pink elephant with his equally large cocktail glass which was awarded first prize by the judges. Mr. Loop of Grand Rapids is a summer resident at Oyster Bay.

The Hawaiian dancers entered by James Elliott of Sterling, Ill. placed second and Humpty Dumpty entered by Sue and Margaret Fowle Lucy Moore and Jeri Thornton placed third.

Competition for the three top prizes which totaled \$225.00 was very keen with several other entries giving the winners a close run. Each entry received a \$10.00 prize for entering the parade. The lead boats were Alvin D. Goldman, the Boss and Edward

Roe's boat of Harbor Springs. Judges for the event were Mitch Gordon and Marly Whalen of Station WWTW Cadillac and their respective wives who viewed the parade from the U. S. Coast Guard patrol boat.

A program in East Park preceded the Venetian boat parade. Mayor James Hiller welcomed the visitors who crowded the slopes of East Park for the program and the boat parade. He also introduced Venetian Queen Merrie Case and the members of her court, Sandra Kaunitz and Joyce Kaunitz and Detroit's Mayor Albert E. Cobb who has been vacationing here.

C. A. Odmak director of the Marine band, was master of ceremonies for the program which featured a concert by the Charlevoix Marine band, sea chanteys by the Camp Charlevoix boys chorus and several specialty acts by camp personnel.

Venetian Queen Merrie Case received her floral crown from Reg. C. B. Meggison at the coronation ceremony held Sunday afternoon in East Park. Edward K. Shanahan, president of the Charlevoix board of commerce, was master of ceremonies, presenting the new queen with a lovely bouquet of flowers and introducing Boyne City's Centennial Queen, Shirleen DeNike and a member of her court, Peggy Schmidt and Rachel Webster, East Jordan's Swan City Queen. Music for the ceremony was played by the Charlevoix high school band directed by C. A. Odmak. Mayor Hiller was present to welcome the visitors.

A parade through the business district led by Buttercup III of Butters Sunset Lodge and Nancy Novak followed by the band opened the festivities Sunday afternoon. Campers from Camp Charlevoix and Camp Tawamania also participated. Queen Merrie and her court, the visiting queen and city officials also rode in the parade.

On Saturday evening a variety program featuring Rod Creede and company composed of entertainers from throughout the north was presented in East Park.

Booths in East Park sponsored by the V. F. W. and its Auxiliary, the Kiwanis club and the Charlevoix Rod and Gun club and its Auxiliary gave a festival air

School Board Adjusts Budget

To install a new heating system at the time the addition was constructed will be placed in the general operating fund.

The library, financed entirely by the school, will be closed part-time, probably Saturdays and several nights a week. By doing this approximately \$800.00 in librarian's salary will be saved and the librarian, who is also a teacher in the school system, will take on additional classes.

For all practical purposes, these deletions will balance the budget for the year.

Mr. and Mrs. William Carey and son, Billy, of Livonia, spent the weekend with the former's father, Leo Carey, and other relatives.

To the event. A display of equipment used by the Charlevoix county sheriff's department was presented by Sheriff Glenn E. Rose and Deputy Philo Sumner.

The bus featuring the U. S. Army on parade was on display Sunday under the sponsorship of the U. S. Army Recruiting Service headed by SFC William Kunkle, head of the Petoskey Recruiting office. He was assisted by SFC William Metzger of the same office.

Plans for the Venetian weekend festivities were made and executed by S. E. Coleman and the Charlevoix board of commerce.

Mt. McSaubia Ski Group Will Hold Meeting Tonight

Neil Hamilton Is Star In Comedy At Cherry Playhouse

The fourth star of the Cherry County Playhouse this season is Neil Hamilton, who opened at the Playhouse on Tuesday, July 31, in "Time Out For Ginger," the recent comedy hit by Ronald Alexander in which Melvyn Douglas starred on Broadway.

Mr. Neil Hamilton is one of those stars whose stage, screen, and TV credits are far too numerous to mention in detail. He is also one of those few performers who reached even greater stardom in the talkies than on the silent screen. He has appeared in over 400 films, including such memorable productions as "Beau Geste," "Dawn Patrol," "Keeper Of The Boes," "Strangers May Kiss," "What Price Hollywood," and the first two Tarzans. Mr. Hamilton's most recent Broadway appearances were in Lindsay and Crouss "The State Of The Union," George Kelly's "The Deep Mrs. Sykes," and "Late Love," with Arlene Francis. He has just returned from an eight-month tour with "The Solid Gold Cadillac." Among his TV appearances were five years of MC on "Hollywood Screen Test" on ABC-TV. "Time Out For Ginger" is a perfect vehicle for Mr. Hamilton. This smash success, which had a long New York run, deals with the hilarious predicament of an American family whose youngest daughter decides that women are the equal of men—and sets out to prove her point on the athletic field.

The Cherry County Playhouse is presenting "Time Out For Ginger," through August 5, including a Thursday matinee.

Beaver Island, Growing Resort Area, Offers Opportunity For Resident Doctor

St. James, Beaver Island — This vacation retreat located in northern Lake Michigan is seeking a doctor.

Dr. Harry F. Vail, the Island's only physician, is leaving Sept. 1. In a unique financial arrangement, the State of Michigan makes a regular appropriation for a physician on the island. The basic salary ranges from \$6,493 to \$7,842 plus all fees paid.

The doctor who comes to the island will also have a modern, well-equipped clinic, built by popular subscription.

The island, famous as the site of the Mormon colony founded by James Jesse Strang more than 100 years ago, is now the home of about 300 people, most of them descendants of the sturdy

Irish fishermen who took over following the break-up of Strang's island empire.

Growing as a resort center, the island can be reached in summer by a 33-mile ferry boat ride from Charlevoix but the only way on or off the island during the winter months is by plane.

The Beaver Island Civic Association is doing its best to tempt a doctor to take the post on the island by pointing to all the lure and charm of unspoiled beaches, lush green pine, waters filled with fighting game fish and woodlands offering excellent hunting.

Applications for the unusual post may be addressed to Dr. Albert E. Heustus, state health commissioner, Lansing.

Junior Players To Present Fairy Tale At Petoskey

This week's playgoers at the Petoskey Playhouse are witnessing a superlative production of the century's most powerful dramas, Tennessee Williams' "A Streetcar Named Desire."

The play concerns a woman on the brink of insanity who goes to live with her sister in New Orleans, only to find the situation there more than she can stand. Her sister's brutish husband doesn't know how to cope with the neurotic woman and eventually drives her into the madness she had faced for so long. The production, under Bentley Lenhoff's production, is exciting, enthralling, magnificent theatre.

Rosalynd Avery does a superb job in the leading role of Blanche, and Rod Creede is splendid as the loutish, insensitive husband, Harriet Bigus brings tenderness and appeal to the role of the sister, and Martin Garner is touching and believable as Blanche's suitor. In lesser roles, Richard Pohlers, Susan McDonald and Paul Stolarsky do nobly.

"Streetcar" is a fascinating drama, expertly performed in its present production at the Petoskey Playhouse. Don't miss it. It will run through Saturday, August 4th, and is one of the season's best.

Week's Schedule Announced For Action In City Softball League

Action in the city softball league this week will find the Red Sox and the Pirates of the Peanut league meeting at 6:45 p. m. tonight (Thursday) while Carson-Klooster will meet Ellsworth in the nightcap at 8:15 p. m. All games are played at Kipke field.

The schedule for the remainder of the week will find Cadillac-Pontiac and Zephyr and U. S. Coast Guard and American Mold playing Friday night. Other games scheduled for next week include Tigers vs. Red Sox and City Merchants vs. Ellsworth Monday; Edwards vs. Zephyr and Carson-Klooster and Freedman's Tuesday with a Class A double-header Wednesday as Carson-Klooster meets the U. S. Coast Guard and American Mold plays Ellsworth.

In last week's games Ellsworth scored 10 unearned runs in the third inning to blast American Mold 16-0. Herh Boss, pitching for Ellsworth, pitched a one-hitter with Jim Lewis' infield hit being the only safety. Bob DeYoung had a homer and a double, Al Elzinga tripled and singled and Bill VanLee doubled and singled to lead the attack for the winners.

Carson-Klooster scored four runs in the opening frame and then went on to defeat City Merchants 9-2. Ted Potter's home run, Ken Balch's triple and Charlie Dennis' and Joe Etienne's singles did the damage for the visitors. Larry Petersen and Dean Davenport each had a double and a single for the losers.

Ed Culbertson pitched the Coast Guard to an upset victory over the previously undefeated Ellsworth nine by a score of 9-3. Ellsworth collected only three hits. Five first inning runs wrapped up the game for the service team. Jerry Danbert and Norm Helms led the winners with two hits each.

Freedman's remained unbeaten by whipping American Mold 12-6. Ron Cunningham with four hits including two triples and a double was the big gun for the victors.

Ed Culbertson and Dean Davenport hooked up in another one of their now-famous pitching duels when the Coast Guard and the City Merchants tangled but this time the service team emerged the victors by a score of 4-3. Jerry Danbert, Helms and Terry Chalker picked up the Coast Guard's three hits. Davenport doubled and singled, Scott Supernaw, Butch Mullen and Louie McKenzie all singled for the Merchants.

In other two leagues, Edwards upset Pontiac-Cadillac 10-8 and now lead the junior league. Butch Coleman had two hits for the winners and Ernie Gablow and Jim VerWys two for the losers. Zephyr won a forfeit from Dutchers.

In the Peanut league, the Red Sox took over first place by edging the Dodgers in a thriller which ended with a 5-4 score. Red Sox pitcher Billy Marme struck out nine Dodgers and collected two hits. Ink Martin relieved Dwight Boss in the third for the Dodgers and pitched hitless ball. Brendon LaBlance singled twice for the losers.

County Agent Reminds August Is Best Month For Lawn Seeding

August is the month for lawn seeding in Charlevoix county, according to county Agricultural Agent Ed Rebmman. Specifically, he says the best time is between August 10-25.

Rebmman points out that grasses grow best during cool, moist weather, and this area gets that kind of weather most often during September and October. By planting in August you get the rains and still make sure your grass seedlings have enough growth before winter comes to survive the cold weather.

Another point in favor of fall planting is that the grass has very little competition from weeds.

Here are some of the agent's recommendations:

Kentucky bluegrass does best on soil that is high in both organic matter and fertility. Red fescues do better on red and brown clays, on sandy soils and in shady areas.

If you're in doubt as to the type of seed to use, try a 50-50 mixture of bluegrass and fescue. If the soil is high in fertility, the bluegrass will predominate, and if the soil is low in fertility, the fescue will take over.

One to two pounds of seed per

1,000 square feet is the recommended rate of seeding. For even distribution divide the seed into two equal portions. Seed one-half while going the length of the lawn, and the other half while going across it.

Put on a high nitrogen fertilizer, such as 10-6-4 or 12-6-6, just before seeding, and rake it in lightly. Apply the fertilizer at the rate of 10 to 20 pounds per 1,000 square feet of lawn.

Grass seed mixture containing nurse grasses like redtop and rye

will start much faster than the pure seed mixtures. But the nurse grasses become coarse and competitive once they are established. Rebmman advises using the desired grasses alone. So just be a little more patient, he suggests, and look for your grass seedlings two or three weeks after seeding.

The storage life of Michigan McIntosh apples can be stretched out several months through the use of "controlled atmosphere" storage.

Homecoming Event To Be Observed On Beaver Island This Weekend

This is homecoming time on America's Emerald Isle, Beaver Island.

The names on the passenger list aboard the motorship, Emerald Isle, during the next few days may read Smith, Larson, VanLeuven, Franchetti or even Goldsmith but somewhere along the way they acquired Irish blue eyes framed by black curly lashes, an Irish smile and a brogue peculiar to Beaver Island in northern Lake Michigan where their ancestors migrated to when they left the 'huld sod' across the seas anytime during the past century.

This will be the island's fifty-sixth annual homecoming and, as you can see, not even two words could stop this pilgrimage to the island so many call 'back home'.

City Softball League Features Important Game

With only two weeks remaining in the current softball season, a number of important games are scheduled for the coming week.

Tonight (Thursday) will find the Dodgers playing the Pirates at 8:45 p. m. and the first place Freedom nine taking on City Merchants at 8:15 p. m.

Other games scheduled for the week include Pontiac-Cadillac vs. Dutchers and City Merchants vs. American Mold on Friday; Tigers vs. Pirates and Ellsworth vs. U. S. Coast-Guard Monday; Edwards vs. Pontiac-Cadillac and City Merchants vs. U. S. Coast Guard, Tuesday; Class A double-header, American Mold vs. Carson-Klooster and Freedom vs. Ellsworth Wednesday; Red Sox vs. Dodgers and Carson-Klooster vs. City Merchants Thursday.

During the past week Freedom continued its hold on first place in the second round with two victories. Against Ellsworth Freedom scored in five of the seven innings while Ellsworth could muster only three runs off Fritz Puffpuff. John Swanson continued his torrid hitting, collecting three for three including his third homer of the year. Don Meggison also honored for the victors. Jack VanLoos tripped and singled for Ellsworth.

In the Coast Guard-Freedom tilt Puffpuff pitched the first no-hit game of the season, a 2-0 win. He never walked a batter in the game. The winning runs scored off Chick Gallagher's sharp single after three walks had loaded the bases. Ed Culbertson deserved a better fate as he limited Freedom to three safeties.

Carson-Klooster kept pace with Freedom's winning two games during the week. They defeated American Mold 8-2 paced by home runs by Bob Klooster and Ted Polter. Bill Mosier and Ron Putman had two hits for the losers.

Against Ellsworth, Klooster haunted his former team-mates by driving in nine of Carson-Klooster's 16 runs. He hit a grand slam homer in the second, singled home two more in the third and then hit his fourth homer of the season with two aboard in the fifth. Kit Carson had two hits for the victors both singles. Tom Wieland led the Ellsworth attack with two hits.

The City Merchants won one game and lost nine, blasting American Mold 21-9 as Louie McKenzie and Gordon Pinnie slugged out three hits apiece. Steve Hayden doubled twice for the Mold-men.

Ellsworth edged the Merchants 3-6, scoring four runs in the seventh inning with two men out and no one on base. An error allowed the winning run to score. Butch Mullin tripled and singled and Ralph Hess tripled for the victors.

The walls of Holy Cross church will be crowded to the bursting point Sunday morning to hear the Rev. Father Joseph Hepp, pastor of the church, celebrate the Mass and in his sermon welcome them home and thank them for their generosity for the proceeds from the event go to the support of the church.

And later in the day all roads will lead to the parish hall where the now-famous August dinner will be served from noon until all are served.

After the dinner everyone will meet on the waterfront for a number of games and contests for the entertainment of old and young alike. Don Cole has taken over the responsibility of this program.

Come 9 p. m. the crowd will again return to the parish hall, this time for dancing to the music of the Sunnyside Trio of East Jordan. At the close of the evening, a lake shore lot will be given away.

For the convenience of those who are unable to spend more time on the island the ferry, the Emerald Isle, will make a late trip, leaving the island on the return trip at 1:30 a. m. Monday.

The ferry will continue to make two trips a day on Thursday, Friday and Saturday until September. On other days the boat makes one trip daily leaving here at 9 a. m. and returning at 5:30 p. m.

Eleven Apply For Physician's Post On Beaver Island

A plea for a resident-physician on Beaver Island to succeed Dr. Harry VanLoos who will leave the island Sept. 1 has brought 11 applications for the position. Dr. J. K. Allard, acting state health commissioner, has announced.

It is expected that the applications will be considered on or about August 20 with appointment being made shortly.

The state will pay a salary which ranges from \$6,493 to \$7,642 plus all fees collected from the island's 300 permanent residents and 2,000 summer residents, the spokesman said.

During the winter months the island, which is located 34 miles northwest of here in northern Lake Michigan, is reached only by air. However, from early spring usually by April 1, until Dec. 31, a regularly scheduled ferry, the Emerald Isle, is operated between Charlevoix and the island.

Bob Wallace, first flight winner and Don Meggison, third flight victor, will meet in the finals of the second annual city golf championship tournament for the Frank Poole trophy this weekend. Keith Carey, manager of the Municipal Golf course where the tournament is being played, has announced.

Wallace advanced to the finals after defeating Grover Genett 1 up in a close match and Meggison won over Charlie Dennis 2-1 in an equally exciting match.

The event may become a four-some with the consolation tournament finalists joining the championship duo, Mr. Carey added.

Bob Livingston has already advanced to the semi-finals by defeating Ken Cellner 1 up in 19 holes. He is scheduled to meet the winner of the Pet Sharrow-Chuck Pontius match in the semi-finals. Ralph Hess Jr. and Don Carey will also play in the semi-finals during the week. Hess defeated Bill Baker 4-3 and Carey won over Fritz Puffpuff 3-2 to advance to the semi-finals.

If these matches are completed the winner will play Sunday for the consolation title.

Trophies will be presented to the new city champion following the matches at the municipal course Sunday afternoon. Varnum Nominated For Prosecutor; Grandvue Addition Is Defeated

In the primary election Tuesday which brought out a light vote despite several local issues, incumbent prosecutor C. Meredith Bice was defeated by Harvey C. Varnum, Boyne City attorney, by only 18 votes an unofficial tally showed Wednesday. The final vote was 1,170 for Varnum and 1,152 for Bice.

Winning the nomination is tantamount to election since he will be unopposed in the November general election.

Bice has served in the office for 20 years of the past 22 years.

The \$500,000.00 bond issue to build facility for the aged, was defeated by a comparatively slim margin when the proposal to raise the tax limitation by three mills for a period of not more than 20 years lost by 184 votes, or 1,574 to 1,390 votes. All qualified voters of the county were eligible to vote on this issue.

The second proposal, or Proposal No. 1 on the ballot, to bond for \$500,000.00 to build and equip the facility, was approved by a vote of 1,420 to 1,337. However, both issues had to pass by a simple majority if the proposals were to be adopted. Only taxpayers were eligible to vote on this issue.

In the only other county contest, incumbent sheriff, Glenn E. Rose, won the Republican nomination for the office over Lester Umlof of Hayes township by a vote of 1,752 to 544 votes. Rose will oppose Democratic candidate, Alvin L. Morrow, for the office in the November election.

Incumbent county officials who were unopposed for the nomination were county clerk, Fenton R. Bulow; treasurer, Lillis M. Flanders; register of deeds, Grover C. Genett; surveyor, Mary C. Feindt; coroners, Lawrence E. Grate, M. D., and James Stackus; road commissioner, Karl J. Erber.

On the non-partisan ballot, Floyd A. Supp was unopposed for probate judge and Norman D. Awe had no competition for the office of circuit court commissioner.

In Charlevoix county incumbent state representative of the Charlevoix district, Clarence B. Meggison polled 1,659 votes to 425 for his opponent, Elwood VanAntwerp of Sault Ste. Marie.

Also in the Charlevoix county, incumbent state senator Frank Andrews, tallied 1,241 to 752 for Hugo A. Nelson of Indian River.

For state offices 1,332 votes were cast for Mayor Albert E. Cobo of Detroit and 811 for Donald S. Leonard on the Republican ballot. Gov. G. Mennen Williams polled 525.

For lieutenant governor, Clarence A. Reid tallied 1,728 and Phillips A. Hart 432.

For the Democratic nomination to the 11th Congressional district Prentiss M. Brown Jr. tallied 384 and Joseph E. Germaine 778.

Victor A. Koox was unopposed for representative in Congress from the 11th dist. on the Republican ballot; John W. McKay was unopposed on the Democratic ticket for state senator from the 29th district; G. Archie Debell was unopposed for state representative from the Charlevoix district on the Democratic ticket.

Also in the Charlevoix county, candidate for Sheriff and Frank J. Nachazel, candidate for county treasurer.

ODDS 'N ENDS

By Fran Martin

If someone called you and asked if you'd like to see, say 20,000 ladybugs, what would you think? Well, we did too but we had to change our mind when the caller produced not 20 but 30 thousand of the pretty little hard-shelled beetles. . . . Seems that they are used by many farmers and gardeners to control insect pests on crops and gardens. . . . something we never knew. Since Earl Young has seeds of beautiful roses and other plants along the bank of Pine river outside the Weatherlane Inn, he feels that it's a lot less expensive to let the lady bugs do the job of disposing of all the pests that damage the foliage on the plants than it is to spray the plants. . . . So after placing the ladybugs in the cooler to make them less active and waiting 'til nightfall so they wouldn't fly away, Mr. Young opened the screened box and proceeded to place the bugs on all the bushes. . . . He was literally crawling with the things when he finished but the bugs went to work immediately destroying the aphids and other destructive insects. . . . Where did he get them? Seems there are places that gather and raise the darned things. . . . Incidentally, ladybugs are noisy little things, crackling away in their box like kindling when you start a fire. Honest, we heard it. . . .

This you won't believe and we didn't either 'til we saw it with our own eyes. . . . Some of the city fathers who aren't much on the manual labor loading the huge timbers which came out of the old Fountain City house. . . . With ears parked to shed light on the project, here were the members of the Winter Sports development corporation giving the good old heave-ho to all but one. . . . And transporting them via Lake

Construction semi to Mt. MeSauba where they plan to build a ski shelter. . . . Bob Neff was doing an excellent job of bossing the job while Dr. Grate, Bob Lieberman plus about a dozen more were furnishing the man power. . . .

In just two weeks you'll have an opportunity to see these same boys (?) in action before the footlights. . . . in a minstrel show now being written by the great Wally Hoffman (who has only one thing in common with Hammetstein. . . . the first letter of his last name). . . . Anyway, it's going to be quite the show and if any of you summer residents have a suppressed desire to go on the stage, here's your opportunity. . . . You may end up putting the scenery in place but you'll be on the stage. . . . and that's all we promised. . . .

"Another state heard from in regards to Jeffs (which we're almost sorry we mentioned). . . . This time from Mrs. Lowell (Julia Galtos) Merica in Spokane who writes that she can remember her dad George Glados, making Jeffs almost since the day she was born. . . . You still can't sell us on the idea of one but they sound scrumptious to those who like chocolate and ice cream. . . . Try one but don't say we sent you 'cause our friends in the drug stores are already giving us the cold shoulder simply because they don't like to mix 'em. . . . Can't understand it! . . .

A recent article in a Detroit magazine section brought to light the fact that an old cake stand, a family heirloom, given Mrs. Charles Filiatru is a valuable piece of pressed glass. . . . Only recently a birthday cake honoring her son, Bobby's first birthday anniversary was served on it. . . . With little thought of its antique value. . . . Now it's removed to a safe position since it's probably more than 100 years old. . . . It once belonged to Mrs. F's great-grandmother. . . .

Pfc. Thomas H. Dixon recently arrived in Germany and is now assigned to the 2nd Armored Division.

The son of Mr. and Mrs. Curtis Dixon, he entered the army in November 1955, completed basic training at Fort Leonard Wood, Mo., and was last stationed at Fort Benning, Ga.

BABY TALK

Births recorded at the Charlevoix hospital recently include:

A son, Phillip Edward, born to Mr. and Mrs. Daniel Bratt of Ellsworth July 31.

A daughter born to Mr. and Mrs. Glenn Crain August 3.

A daughter born to Mr. and Mrs. Lee Danford of East Jordan August 4.

A daughter born to Mr. and Mrs. Irving Murphy of East Jordan August 5.

Mr. and Mrs. Jack Houghtaling of Tiffin, Ohio, announced the adoption of a son, Gary Lee, born July 9. Mrs. Houghtaling is the former Patricia Davis, daughter of Mr. and Mrs. R. T. Davis, former residents living in Tecumseh.

Viewers have no doubt watched the Harry Entertainers program over Traverse City. . . . but were they surprised last week when Mrs. Harry Powers, who had a birthday during the week, appeared as a flower girl on the program. . . .

Tonnage in the local harbor came picked in a hurry during the past week. . . . One night last week a huge coal carrier snailed its way into the harbor enroute to a destination on Lake Charlevoix. . . . With traffic stacked up for blocks, a second ship, this time the Sundew, gave out with three blasts thus signaling for the bridge and while more traffic piled up, it came through. . . . Then Sunday morning another big freighter came through. . . .

Who are you betting on in the All-Star-Cleveland Browns game come Friday night? . . . We haven't laid down any folding stuff yet but we're hoping for the All-Stars. . . . And what we like most about the game. . . . it move or less marks the opening of the football season and that we like. . . . In fact, when the old piekin starts flying through the air, we feel like livin' again. . . . And speaking of football, wonder what the Raiders will do this year. . . . Only three weeks 'til they report for practice. . . .

When the advertisements for the new Dodge make their appearance some months hence, take a second look at the background. . . . it just might look familiar. . . . One day last week an advertising agency brought a new model you truck (and under wraps, we might add) along with professional models, luggage and scads of cameras and took pictures at our railroad station. . . . So be watching for the pictures. . . . And wait we think Charlevoix's smart, when and if, they're used.

Mr. and Mrs. Earl Shapton had as their guests recently their son-in-law and daughter, Mr. and Mrs. Kenneth Anderson and children, Larry and Karen, of Detroit.

Dodgers Pacing Red Socks In Peanut League

In the Peanut softball league the Dodgers kept pace with the first place Red Sox by defeating the Tigers 12-3. Ink Martin pitched a three hitter and collected two hits as did John Boss and Roger Towlesley. Terry DeYoung, however, was the big gun, slamming a homer, a double and a single.

The Red Sox played two extra innings during the week, winning each time. Against the Pirates, Jim Ferguson's double, Stan Towlesley's and Boss's singles scored the winning runs in a 6-4 win. Butch Wagner had a five-hitter and collected two hits for the losers. Dick Reis had the other Pirate safety.

In the Tiger-Red Sox tilt that went nine innings, John Tuomela walked and pitcher Bill Marme scored him with a base hit for the winning run. Marme went the whole route and along with Tiger pitcher Corky Curtis collected two hits and showed the Tigers two safeties, one by Denny Wojan and a second by Bruce Kroken.

Popular TV, Stage Actor Leo. G. Carroll, Currently Appearing at Cherry Playhouse

Leo G. Carroll is now appearing in Traverse City in one of the most suspenseful mystery plays to have reached the American stage in recent years. "Ten Little Indians," Agatha Christie's chill-and-shudder melodrama opened at the Playhouse this week and will run through Sunday, August 12th.

A smash hit on both New York and London stages a few seasons ago, "Ten Little Indians," is Miss Christie's terror-packed dramatization of her well-remembered Saturday Evening Post serial, "And Then There Were None." Compared by London critics to "Arsenic and Old Lace," this grisly tale of multiple murders at a house party on a lonely island had all audiences suppressing terrified shrieks. The ten invited guests have never met their host, who sends word that his arrival at the weird house on Indian Island has been delayed.

They are shortly greeted by a voice from a phonograph that accuses each of them of having killed and having been able to get away with it. As the suspense mounts higher, one after another of the guests is mysteriously murdered, exactly in the manner prescribed by the Old Mother rhyme, "Ten Little Indians."

Announce Program For Community Concert Season

The Northern Michigan Community Concert Association, with members in 18 communities in the area, has announced its full program for 1956-57 season.

As a gala attraction in honor of its tenth anniversary, the Association is bringing to Petoskey the famed Boston Pops Orchestra, perhaps the best known organization of its kind in the country. The orchestra, which is observing its seventy-fifth anniversary this year, will appear in Petoskey Saturday, Feb. 23. The orchestra's outdoor summer concerts of predominantly popular and light classical music, held in the beautiful granite shell on the Charles River Esplanade, are a famous New England tradition.

The first attraction of the season will be the young California pianist, Vera Franceschi, who will be in northern Michigan Monday, Nov. 12. She has had the best of American and European training and is a protégé of Pierre Monteux, the famous conductor. She graduated at St. Cecilia Conservatory in Rome at the age of 13 years and later was awarded a Fulbright scholarship and became the first American pianist to earn the degree of Doctor of Music from the St. Cecilia Conservatory.

On Tuesday, Jan. 22, the Association will present the famed Vienna Choir Boys in a concert of sacred music, folk songs and costume operettas. One of the best beloved choirs ever to tour the states, the choir was founded more than 450 years ago, and with a repertoire of Hadyn, Mozart, Liszt and Schubert, plus many others, the fine tradition has been upheld through nearly five centuries. The choir is composed of 22 members who range in age from nine to 14 years.

The last concert in the four-concert series will be presented Wednesday, April 3. At that time the Association has the honor of presenting one of the top names in the field of concert, opera, television and radio, Igor Gorin, the personable baritone, popular throughout all North America. A native of the Ukraine, he received his musical education at the famous Conservatory of Vienna and began his career in the opera houses of Europe. He is now an enthusiastic citizen of the United States.

Admission to these concerts, which will be held at the Petoskey high school auditorium, is by membership in the Northern Michigan Community Concert Association.

Local Youngsters At Camp Daggett

Two local youngsters spent last week at Camp Roy-El, a camp for handicapped children, at Twin Lakes west of Traverse City.

They were Douglas Johnson, son of Mr. and Mrs. Carl Johnson, and Irving Drost, son of Mr. and Mrs. Irving Drost Sr.

Central Michigan To Offer Courses Starting Sept. 5

Central Michigan college will again offer courses at the Charlevoix Center beginning Wednesday, Sept. 5, Charles A. Robinson, Charlevoix county superintendent of schools, has announced.

The classes will be held at the Charlevoix high school at 7:30 p. m.

Teachers in the area are urged to take advantage of this opportunity to earn credit in English 204-303; Children's Literature, three hours; Psychology 303, Child Psychology, three hours; Personnel 300, Analysis of Human Relations, one hour; Personnel 300 will meet in Petoskey for six consecutive weeks.

Mr. Robinson will furnish further information.

Petoskey Playhouse Presents Return Engagement Of "Anastasia"

This week's attraction at the Petoskey Playhouse is the dramatic sensation, "Anastasia". Because of the popular acclaim that it was received when it was first presented some weeks ago, this powerful drama has returned to the Playhouse this week for another six days.

"Anastasia" is the true life story of the last Czar of Russia's only living heir. With the execution of the Czar and his family during the Russian Revolution in 1918, the world supposed that

the long royal line in Russia had met its end in a stream of bloodshed. This world thought until 1926, when a woman who claimed herself to be the Czar's daughter, Anastasia, turned up in Germany.

"Anastasia" is at the Petoskey Playhouse through Saturday, August 11th. Reservations may be made by phoning Diamond 7-4109. Because of the large audiences that attended last week's production of "Streetcar Named Desire", reservations are advisable.

G. A. Patries Open Fairport Marina On Round Lake

The Fairport Marina, located at 307 Belvedere ave., on the south shore of Round Lake, is now open under the management of its new owners, Mr. and Mrs. G. A. Patrie.

The couple, accompanied by Phill Lawrence, came here early in June from Sheboygan, Wis.

Since arriving they have made extensive improvements on the former Don Clothier boat house on the lake. They had purchased the property some time ago in anticipation of the day when they could come here to make their home.

At present they have installed a gasoline pump and before another summer plan to offer additional facilities for boatmen.

Mr. Patrie retired earlier this year as telegrapher for the Chicago & Northwestern railroad. Mr. Lawrence, who will assist with the operation of the marina and offer marine radio service here, was a navigator on a Canadian corvette during World War II.

News Round-up at Camp Charlevoix

The camp slept in on Monday night, the first of the week of camp, as the boys and girls, camped off by themselves, including a few new campers, had everyone thankful for an 8:20 a. m. rising hour to breakfast at 9:15. We had a good Charlevoix fight the first day very important in life of a camper that often we had an extra hour sleep as we had that a rested camper is a happy camper. In the afternoon, Camp Charlevoix was our guest in archery, riflery, softball, tennis, and swimming. We were very proud of our boys as we won each sport losing only the tennis, 4 matches to 3. All our victories were by wide margins which made the boys feel especially good.

Jim Rockwell and Bud Morse took their cabins on a hiking overnight trip to Susan Lake, and these boys were: Mac Greene, Greg Heffernan, Hank Holste, Lenny Hooper, Phil Huber, Kim Goldberger, Kris Kerbaw, Bill Neiman, David Vass, Mike McCully, Wes Murfin, Teddy Schmidt, Steve Wilson, Delmar Marshall, Jim McInerney, Chris Nyland, Freddy Whinery, and Bill Washburn.

On Tuesday cabins 17 and 18, with Jack Peirce and John Stafford at the helm took an overnight down to Eastport. The boys reported a mighty fine time and on this trip were: Stewart Crampton, Steve Erickson, Marston Perry, Bill Rands, John Rose, Jimmy Varden, Todd Walker, John Wilson, Ned Langer, Jim Baur, Stuart Billstein, Roger Perry, Charles Monique, Mike Spilner, Clark Thomas, and Mark Weaver. Colyer Church took his cabin of boys into town to the movies and a visit to the drug store, always a highlight of any cabin night.

Wednesday was a big day for the Junior Section, as the 42 boys and 12 counselors went into Petoskey to a matinee at which the latest Walt Disney "Davey Crockett" was being shown. They had a great time, Joe Haselby and Bob Burns took their cabin of boys over to Fisherman's Island for a two night overnight, and the boys enjoyed themselves. These boys were Jimmy Mueller, John Petzold, Wally Ratliff, Bill Flue, Ted Lilly, Steve Sawyer, Mike Frederick, Jon, Howard, Jack Whitney, Dick Gibboney, Mike Goldberger, Jack Hogan, David Meister, Bob Miller, Mike Graes, Gary Huber, Dick Nelson and Skipper Frantz. The movie in town was the attraction of Ken Bernecker and Lynn Howell's cabins.

The tennis team, under the guidance of Stan Storey and Bob Brown went into the Belvedere Club for a match and once again our boys won, this time by the score of 5 matches to 1. Glenn Miller and John Colwell took their boys on an overnight to Eastport. These boys were: Davey Barnes, George Fred, Jan Gibboney, Gary Murfin, Don Ringred, Jonathan Schmidt, David Smallwood, Peck Kunkel, John McKerning, Mike Kunkel, John Jacobs, David Hawes, Bill Reed, Chris Klie, Tom Lewis, Charles Lee, Henry C. Winter and Steve Langer. It was a long evening with a party, late in the evening being played and the boys won all three matches and thus have tied the record for a camp night.

On Friday Colyer Church took his cabin of boys with the cabins of the boys overnight over to the Belvedere Club. The boys on this trip were: Al Blah, David Kunkel, John Jacobs, Bill McKerning, Bob Merberg, Dick Wilson, Steve Sans, Roger Erickson and Bill Phillips.

Saturday night "Skits" have been very enjoyable this summer and this week cabins 2, 4, 10, 16, and 20 plus the Assistant Counselors put on their skits and it was an evening of fun for everyone.

Alan Charlton, our counselor from Australia, was the Chapel speaker on Sunday morning. He spoke on "Courage"; in the afternoon, we had a ball game with the team from East Jordan. The C. I. T's, Kitchen Boys, and Assistant counselors were our team and we were proud of them as

Charlevoix won 2-1. The Junior and Senior Veterans had a race track Sunday night as Mr. Robert Burns, father of one of our counselors, Bob Burns, spoke to the boys on some of the lure of this area. He had some show, skeletons, and many tales about the sunken ships at the end of our bay here. Both men and boys enjoyed it a great deal.

We'd like to announce the final events for the closing of camp. On Friday, August 24th we have the Rodeo in the afternoon and the Final Council Fire in the evening. On Saturday, August

Biederman-Davis Marriage Vows Spoken In Double Ring Ceremony

After a northern Michigan wedding trip, Mr. and Mrs. Ritchie T. Davis have returned to Tecumseh to make their home. The couple was married July 28 at the Tecumseh Friends church.

The bride is the former Sandra Elaine Biederman, daughter of Mrs. Frederick Biederman of Tecumseh and the late Mr. Biederman. Mr. Davis is the son

of Mr. and Mrs. R. T. Davis, former local residents who now reside in Tecumseh.

The Rev. Edward Escobar read the double ring service before an altar decorated with white gladioli and palms. Diane Woodward sang "Because," "Always" and "The Lord's Prayer," accompanied by Mrs. Amos Wilson at the organ.

The bride, given in marriage by her uncle, Clarence Kayner, chose a gown of white tulle and lace over satin for her wedding. It was fashioned with a Chantilly lace bodice, a bateau scalloped neckline, short sleeves and a full skirt of tulle appliqued with lace over satin. A coronet held her cathedral length veil and she wore a single strand of pearls, gift of the bridegroom. Her cascade bouquet was of white carnations, pink roses and ivy.

Connie Clark as maid of honor and Dulcie Bowen as bridesmaid wore identical sheath dresses of light blue polished cotton with full frosted nylon overskirts and light blue accessories. Their picture hats were covered with the material as the overskirts and they carried cascade bouquets of white daisies and feathered pink carnations.

Ashley Chase assisted the bridegroom as best man and Thomas Neuting and Leroy Betts acted as the ring bearers. All are of Tecumseh.

Mrs. Biederman selected a light blue nylon shantung dress and white accessories for her daughter's wedding. Mrs. Davis, mother of the bridegroom, wore a blue-gray nylon shantung ensemble and white accessories. Both mothers had pink carnation corsages.

The reception was held in the church parlors immediately following the ceremony. The bride's table was centered with a tiered wedding cake flanked by arrangements of pink carnations and tapers.

For traveling on their northern Michigan wedding trip, the bride chose a light blue cotton knit sheath dress and white accessories.

Both are 1955 graduates of the Tecumseh high school. The bride also attended secretarial school. The bridegroom attended Ferris Institute.

Mrs. Arnold Copeland and Richard Smith were in Tecumseh for the wedding.

guild notes...

We're pretty proud of six Guild members who are offering a new service in behalf of the organization... that of rearranging the patient's flowers on Tuesdays, Thursdays, and Sundays. These flower beauticians are Mrs. Charles Bloch, Mrs. Irish Coleman, Mrs. Roy Bennett, Mrs. Herbert Paddeck, Miss Fran Miller and Mrs. Ralph McKee.

So happy to find new, helpful services and new and novel suggestions are more than welcome. Any ideas?

The new Charlevoix hospital post cards which were designed with an original pen and ink sketch by Irene Young are now available at the hospital, announced Mrs. Clark Coulter who is chairman of postcard sales. They are being sold for five cents apiece... and now is a good time to stock up and drop a line to friends from Charlevoix the Beautiful on a card featuring the hospital beautiful.

Lots of thank-yous this week... first to Mrs. William Ockrant, a summer resident, who is currently replacing Anita Pontius as a regular cart pusher. Next, for the books donated to the cart library section, thanks to Mrs. A. Boel Jr., Mrs. John Starnes and Mrs. Art Heilig.

Donations received recently were from Mrs. Anna Kampfer in honor of the August birthday of Mrs. L. E. Block. Thanks and congratulations, respectively. And from Mr. and Mrs. Gordon Freedman's donation in memory of Herman Lense.

A new kind of packaged candy has been ordered and will be available very soon. The reaction to the Coconut Crisp candies was terrific and our stock is practically depleted... the new order will be just as good, we promise... so keep it in mind for gifts and special treats to your own family and guests.

And last but not least of all by far, thank you to all the wonderful people who are volunteering and contributing to our wonderful and magnificent cause.

The island residents voted a \$53,000.00 bond issue for the construction of a new school in a special election last spring.

The examinations will be given in the locker room from 9 until 11 a. m. Wednesday. The first practice session has been scheduled for 7 a. m. Monday, Aug. 27. No equipment will be issued unless the cards which have been sent to all players are filled out, signed by parents and returned Wednesday when the players report for physical examinations.

Local Author's Newest Novel Is Published

The publication of William Ratigan's most recent novel, "The Adventures of Captain McCargo," was announced this week by Random House of New York, publishers of the Modern Library.

This is the fourth book and the second novel written by Mr. Ratigan, author of "Soo Canal" which was published two years ago. Other books by Mr. Ratigan are "Young Mr. Bog" and "Hillside" and "The Mighty Mile."

The newest publication, "The Adventures of Captain McCargo," is a picturesque saga of Captain Thunder Bay McCargo, Great Lakes skipper, lover and adventurer whose love of action and unbridled exploits is comparable to an "American Odyssey." The scenes of his adventures extended from Lake Superior to New Orleans and gave the reader an illuminating glimpse of a lusty young American in the great days of sail, when flying clouds of canvas bowed rakish hulls across the sweetwater seas in pursuit of the three pastimes that made life worth while for sailors: a girl, a glass and a song!

The author of this entertaining book is well known to residents of this area. He is William Ratigan, a native of the state who has resided in Charlevoix for the past 10 years and can be found almost daily in his workshop, the Dockside Press, on Belvidere ave.

A native of Detroit and a graduate of the University of Champaign, he has had a career almost as varied and venturesome as Captain McCargo's. Mr. Ratigan's career, however, has been in modern day communication, mostly radio, from Windsor to the west coast and return where he served in a variety of positions until forsaking it all for the quiet of northern Michigan and an opportunity to write about his beloved Great Lakes region.

He resides in Charlevoix, atop the very sand-dune bluff where King-Strang's Beaver Island Mormons and the local fishermen fought the Battle of Pine river more than a century ago.

His knowledge of the Great Lakes region is one of the outstanding things about not only his new book, "The Adventures of Captain McCargo," but of his earlier, "Soo Canal."

St. Mary's School To Be Dedicated Sunday At Special Ceremony

The Most Reverend Allen J. Babcock, Bishop of Grand Rapids, will be in Charlevoix Sunday to officiate at the dedication of the new St. Mary's school located on South Bridge st. at Robinson ave., the Rev. E. Francis Denay, pastor of St. Mary's church has announced.

The dedication, scheduled for 4 p. m., will begin with a procession from the rectory to the flagpole where the flag will be raised as the audience rings the National Anthem. Bishop Babcock will then bless the school after which the assembled parishioners and guests will gather at the church to hear Bishop Babcock deliver the dedicatory address. The event will be concluded with the Benediction of the Blessed Sacrament.

An open house from 12:30 until 3:30 p. m. so the public may tour the new building will precede the formal dedication program. A dinner honoring Bishop Babcock and the visiting clergy will follow the service in the church.

The new St. Mary's school has been constructed on the site of the former 53-year old two-story frame structure which was razed last year. The one-story fireproof building has four classrooms, an office, library, all-purpose room, which will be utilized as an auditorium and dining room, a completely-equipped kitchen, restrooms, a storage room and furnace room. The rooms are finished in pastel colors and the floor is covered with asbestos tile.

The 78 ft. by 126 ft. building was constructed of waylaid block, steel and brick veneer. It was built and equipped at the cost of approximately \$95,000.00 and financed by contributions and pledges.

It was constructed by Lake Construction Co. of Charlevoix. Browe Electric of Charlevoix had the electrical contract and Arms and Cole of Traverse City the heating, and plumbing and ventilating contract. A. O. Weeks of the Stuart-Pratt-Bulfinch and Sprau Co. of Kalamazoo was the architect. The interior decorating, the installation of kitchen equipment and the tile work was done by parishioners under the supervision of the Rev. Fr. Denay.

The new structure was started in June 1955 and completed recently.

While the school was under construction, classes were held in the nearby American Legion post home.

ODDS 'N' ENDS

By Fran Martin

How about the Tam-O-Shanter golf tournament? The revenue wasn't bad. Some fifty-thousand smackroos for Ted Kroll plus a contract for an equal amount. Too bad there aren't more like 'em. Never having been too interested in golf, we can't understand the appeal the sport has but there are plenty who've been bitten by the bug and who go on trying year after year. Must be quite a game.

What do you know about wild rice? We don't even know where it comes from... but we'd like to know more. And Dr. Walter Hoffman would like to know where you get the seed to plant some on some property he has so that he can have some food for the birds... the big ones like ducks and geese... If you know, how's about relaying the info to him.

And speaking of birds, the Red and Gun club has released more than a hundred pheasants on their property north of town off US 31. There's nothing in this world prettier than a cock pheasant with his ruffled neck. So if you see 'em, fer heavins sake, leave 'em alone. These fellows are trying to start the game birds in this area so give 'em a chance. Incidentally, we understand that a goodly number of the birds released south of Charlevoix last fall survived the winter and are showing up with little ones... batches, flocks, broods or whatever you call a family of birds.

Did you notice the block on State st. between Antrim and Mason sts.? If you haven't take a look. The first of five islands in the street have been removed; the courthouse block and Saturday was re-finished. And we'd like to go on record as saying we think the remaining four should come out but fast. To our way of thinking they've been hazards, especially in the winter time. And now that we have an idea what the streets are going to look like without 'em, we're all for the idea. See if you don't agree.

For awhile it sounded as tho' a crime wave was hitting the area as police calls came in, one right after the other, on the city's short-wave radio one day last week. But the streets and car numbers didn't sound right and after an-

other take everyone realized the calls were coming in from outside the area. But were they surprised when it was discovered that they originated in Butte, Helena and Billings, Mont. Quite a distance away. Just another fluke you run into now and then.

Know who we saw on the street the other day? Of course he was on crutches and looked a little battered. But the amazing thing is that he's in one piece. We mean Ray Hamilton, who came through that terrific explosion recently. If you saw the boat... or rather the wreckage, you'd wonder how anyone could possibly live through it. And here he is out and about again. Incidentally, the wreckage was hauled to the city dump... in case you wondered if it could be salvaged.

Don't know how you feel about vacant lots. But there's one in town we've always liked and thought it was a crime that it wasn't used for some good purpose. And now we are to see something constructed on this lot at Dixon and Michigan aves. We understand there's a whole acre of land there. (to us it's just a big lot). We also learned from what will probably be just the first of a long line of sidewalk "supers" that there's a big move going up. Of course, we'd had stories about it, but Saturday we had our first proof. A lot of workmen leveling the ground and taking out trees. In case you wondered why so many were taken out, we suppose a few had to be removed to make way for the building, but quite a number of them were not healthy trees and slowly dying, branch by branch. Until now, we haven't had anything to superintend but with this in our neighborhood, we'll join the long line of pseudosupers. So move over, fellas.

Not long ago we heard about one of those freak accidents which luckily don't happen often. A carton of milk somehow was thrown from a milk truck through the windshield of an approaching car. And how one quart of milk could be spread over such a large area is still the mysterious thing about the accident. The carton evidently broke as it went through the hole, filming everybody and everything in the car with milk. It was spread mighty thin but spread. And what a messy mess.

Did you know that many roses will bloom most of the summer... and do you know what a floribunda rose is? We do. 'Cause E. J. Hiller, who we find, is quite a rose fancier, told us all about them. He showed us some unbelievably large blossoms from his bushes in the most exquisite colors. He's one of those people with a green thumb and his roses prove the point. As do the colorful fall flowers which are making their first appearance on the south side of the Charlevoix Lumber Co.

News sure gets around these days. Roger Sweet, stationed in Germany with the Army, sent home a clipping found in the Army newspaper Stars and Stripes, about the need for a doctor on Beaver Island now that Dr. Harry Veil is leaving. He was most amazed to see the item and sent it along to Mrs. Sweet, the former Sue Miles. As we said, news sure gets around.

Did you happen to be listening to the radio early the other morning when some holiday happy disc (or should we say, redeucer) jockey was playing Christmas carols. Now we love Christmas carols but on the day after election, Aug. 8, we just didn't get it.

If you happen to see the man with the lantern, Diogenes, that is searching for the honest man, we've found him. Last week a letter addressed to F. J. Eschrick and Eschrick, former owners of the drug store now known as Schroeder and Hovey, was delivered to the latter store. It contained a money order for 72 cents in payment of a bill dated Nov. 1, 1938. The note which accompanied the money order said that the payee had just found the bill in a book. Who says there are no honest men in this world? Incidentally, the money order was turned over to William Fossenden, the "and Son" part of the former store, who now resides here.

During the same week, Schroeder and Hovey also received 50 cents enclosed in a note which read "This is to pay for the cokes I ordered at your soda fountain and walked out without paying for." A twinge of conscience no doubt brought about the payment of this account.

In the mail the past week a note on a card from Helen Rose Cline, a former resident, touring Europe. She is probably back in New York now after what she describes as a "wonderful trip with fine weather." From Mrs. Ruby Staley, vacationing in Canada, another note saying the place is beautiful but certainly cannot compare to Charlevoix.

From the Terry Rices who have been spending some time in Boulder, Colo., a message to the effect that Mr. R. is still waiting to hear from his draft board and that they're enjoying the beautiful west in the meantime. And from Ethel Staple, who's missing the summer in Charlevoix for the first time in years, a big hello to all her friends here. She's spending the summer in Birmingham, recuperating from a major op. "We're sure missin' your blues singing this summer, Ethel."

guild notes...

Sure... we'll love you whenever you do it... but RIGHT NOW is the time to become a member of the Charlevoix hospital Women's Guild while our drive is in full swing. Esther Hawley, chairman of the drive, reports the committee is out in earnest for new members of the crew and renewal of present memberships. Just a dollar entitles you to an active or inactive membership, whichever you prefer. There's lots of work to be done but if you are too busy, let your dollar work for you.

In case you haven't contacted, members working on the committee are Mrs. Hawley, Mrs. Gordon Freedman, Mrs. C. M. Bice, Fran Milner and Fran Martin. Reporters, Mrs. Sol Marcus, Mrs. Bernard Hassenbusch; Chicago Club, Mrs. J. H. King; Belvedere Club, Mrs. D. E. Williams and at Sequoia, Mrs. Vance.

An inventory is being taken of the Guild candy sales. Will anyone who has unsold tins or any money to turn in please do so. The new order is expected to arrive within a week or two and will be distributed immediately upon its arrival, as the demand has been great for these special sweet treats. Please report to Mrs. Freedman or Mrs. Donald Gilbert.

Mrs. William Butters recently obtained members of the Ways and Means Committee at a luncheon and business meeting at Butters' Sunset Lodge. Plans were discussed for projects to be presented at the regular monthly meeting.

The Guild is going to see what the latest is in nurse fashions. The premier showing is scheduled to be presented Thursday, August 23 during the Northland Midway show, a whoopee of entertainment being produced for the benefit of the Mt. McSaba Recreation Center. We'll bet a cooky from the next bake sale that the latest styled uniform will be a wow.

Regular Softball League Play Drawing To Close For Season

With the regular softball season drawing to a close, a full schedule of games will be played during the next week before the make-up games and play-offs for league championships get underway. Dean Davenport, softball manager, reports this week.

Tonight will find the Red Sox meeting the Dodgers at 6:45 p. m. and Carson-Klooster playing the City Merchants in the nightcap at 8:15 p. m.

On Friday Zephyr will play Dutcher's and the U. S. Coast Guard will take on Freedman's; Monday, Dodgers vs. Tigers and Carson-Klooster vs. Ellsworth; Tuesday, Dutcher's vs. Edwards and Freedman's vs. American Mold; Wednesday, Zephyr vs. Cadillac-Pontiac and the Pirates vs. the Red Sox.

In a game played last week Carson-Klooster edged Freedman's in a free-swinging battle 10-9. The victors scored nine runs in the first three frames and then hung on to win. The winning run was scored in the sixth when Quint Walker drove in Guy Swanson with a triple and then scored on an error. Ron Cunningham and John Swanson had three hits each for Freedman's. Walker had two hits for the winners. The victory moved Carson-Klooster into a first place tie with Freedman's.

However, Carson-Klooster was knocked from first place the following night by the U. S. Coast Guard who upset them 5-4 in nine innings. Bill Witt's single and a throwing error accounted for the winning run. Joe Etienne's homer scored two Carson-Klooster runs. He also had two singles. Witt not only had the four hits allowed by pitcher Bob Klooster.

American Mold gave the Ellsworth nine a close game before

they bowed 9-8 in nine innings. Boh Drenth's two-out single scored the winning run for Ellsworth. Tom Wieland had three hits including his second homer of the season, for the visitors. Steve Hayden doubled twice for the losers.

Freedman's fell on three City Merchants pitchers and scored 15 runs to win 15-5. Ron Cunningham had three hits including a homer. Dick Hardy also had three safeties. Tom Donaldson ad two singles for the losers.

Ellsworth defeated the Coast Guard 15-10 in a slug-fest. Bob Drenth and Bill VanLoos had three hits apiece and Jerry Davenport and Lenny Krupa had two each for the Coast Guard.

In the Class B league, Zephyr knocked Edwards out of first place with a 10-9 victory. Ray Schmitt led the winning attack with three hits. Dave Schuchard, Bob Engleman and Dick VanRaaphorst had two each for the losers.

In the Peanut league, the Dodgers defeated the Tigers 10-3 behind two homers, one each by Terry DeYoung and Joe Bascom. Ink Martin pitched the first no-hit game in the league, striking

Meet Your Michigan

A CITY DISAPPEARED: IN THE EARLY 1800'S A FLOURISHING COMMUNITY IN MICHIGAN WAS NAMED CLARK CITY. BY 1877 THE ENTIRE CITY HAD VANISHED. THE ONLY TRACE OF IT REMAINING NOW IS A CEMETERY, WHICH WAS REDISCOVERED LAST SUMMER ON THE WHITMAN FARM, 12 MILES NORTH OF MONTICELLO.

THE MARTENS ARE COMING: HIGHLY PRIZED FOR THEIR BEAUTIFUL FUR, THE SMALL "WEASEL-LIKE" MARTEN USED TO roam MICHIGAN'S UPPER PENINSULA BUT WERE TRAPPED INTO EXTINCTION. THIS YEAR THE CONSERVATION DEPARTMENT IS ATTEMPTING TO REPOPULATE MICHIGAN WITH THE ANIMAL. TWO PAIRS HAVE BEEN IMPORTED FROM CANADA AND RELEASED IN THE PORCUPINE MOUNTAIN AREA, AN IDEAL HABITAT FOR THEM.

MUNICIPAL CENTER ON STREETS: EDINBURGH'S MODERN NEW FOUR MILLION DOLLAR MUNICIPAL CENTER WILL ACTUALLY BE BUILT ON STREETS. THE SEVERAL BUILDINGS INCLUDE A CITY HALL, POLICE, JUDICIALS, COURTS, HEALTH CENTER AND AUDITORIUM. IT WILL BE LOCATED IN THE MIDDLE OF WHAT WAS ONCE A PRAIRIE. CONSIDERABLY 1,300 THINGS HAVE BEEN PLANNED TO SUPPORT THE BUILDINGS. THEY WILL COVER 6 BLOCKS OF TOWN, MICHIGAN.

NO ROOM FOR THESE NIGHT FLYERS: NO ROOM IS NEEDED BY MICHIGAN'S FLYING SQUIDDIES AS THEY FLY FROM TREE TO TREE AT NIGHT. THESE NIGHT FLYING SQUIDDIES ARE THE ONLY NOCTURNAL VARIETY OF SEVERAL SPECIES OF SQUIDDIES KNOWN TO MICHIGAN.

State St. Paving Completed After Island Removal

State st. in the block between Antrim and Mason streets has been opened to traffic following its completion after one of five islands in the street had been removed.

Charlevoix county road commission and city street crews joined Saturday in completing the project with the Hicks Co. of Alina spreading more than 100 tons of bituminous aggregate.

The street is now 52 ft. wide and later on will allow angle and parallel parking on the east side of the street.

When the city fathers planned the city of Charlevoix nearly a century ago, State st. was planned as the main street. However, the early settlers dictated differently and Bridge st., which was to mark the waterfront became the main thoroughfare.

The islands were built in the street somewhere between 1910 and 1915. However, since then automobiles came into being and in recent years they have not only become a traffic hazard but have made it difficult for city crews to clear the streets in winter time and have taken up much-needed parking space.

Kiwanians Will Be Coast Guard Guests On Monday Evening

Robert D. Shrier, Former Resident, Passes In East

Robert D. Shrier, 78, a former local resident, died July 24 in Washington, D. C. He had been in failing health for the past five years.

Funeral services were held in Washington, July 27.

A native of Canada, Mr. Shrier came here with his parents, the late Mr. and Mrs. Thomas Shrier as a child. He left here more than 50 years ago and for many years operated a grocery store and delicatessen in Washington.

He is survived by his wife, Mary; two daughters, Mrs. Audrey Steinmetz of St. Louis, Mo., and Mrs. Betty Macco of Washington; a son, also of Washington; and two sisters, Mrs. Nettie Fowler of Charlevoix and Mrs. Lelah Burney of Detroit. A sister, Mrs. Olive Atchison, and two sons, Quincy and Robert, preceded him in death.

'Statesmen' Open Argonne Session For Season Balance

The Statesmen of Chicago, a vocal and instrumental quartet, have opened at the Argonne for the remainder of the season, Bill Matzinger of the popular night-spot, has announced.

The recording artists opened Tuesday at the Argonne, arriving here from an engagement in Chicago.

In announcing the new band at the Argonne, Mr. Matzinger said the versatile group had been compared to the popular Four Aces.

The combo, which features both vocal as well as instrumental entertainment, will appear nightly from 8 p. m. to 2 a. m., Mr. Matzinger added.

In announcing the new arrangement, Sgt. Oscar Anderson head of the Gaylord post, said he hoped that the Charlevoix law enforcement officers would continue to give the state police the excellent cooperation they had given him and his men.

He commended the people of the county for their fine record on the highway and said that if it would be continued until Sept. 17, a record of one year without a fatality would and could be established.

He also praised Sheriff Glenn E. Rose for his cooperation with his office in promoting safety programs and showing of safety films in the schools and other places throughout the county.

Prepare School Lunches Ahead For The Freezer

Use your freezer to advantage: prepare school lunches the night before or even weeks in advance.

Wrap such luncheon foods as sandwiches, cookies and fruit separately in individual servings and store in the freezer until time to peek. Inches suggests Clare Brown, Charlevoix county home demonstration agent. To avoid mixing different flavors, package each item individually.

Food taken from the freezer for lunch box in the morning will be thawed by noon. Actually the food may taste better than food prepared and packed fresh that morning and kept in a warm locker for several hours.

Sandwich fillings suitable for freezing are meat, poultry and cheese spreads of all kinds, egg yolk mixtures, peanut butter and other nut pastes. Fillings that don't freeze well are those with raw vegetables, hard-cooked egg whites and fruit jellies.

Raw Vegetables—celery, carrots, cabbage and others—can be put in the lunch box in the morning. Lettuce or tomatoes, wrapped in wax paper and carried in the lunch box, can be added to the sandwich at lunch time.

The frozen foods in the box act as a refrigerator to keep the vegetables crisp, and cooling in the lunch box itself helps to keep foods cool and fresh-tasting.

Making sandwiches from frozen slices of bread is also suggested to save time and keep the fresh quality of bread. Bread is easier to spread when it's frozen than when soft or crumbly.

When the slices thaw, they have the characteristics of fresh bread. Because the best way to avoid staling of bread is to keep it frozen, many families purchase a supply for a week or two and hold it in freezers. Frozen, sliced loaves are especially convenient because the slices separate without thawing. However, freezing stale or partially stale bread will not restore its freshness.

Why not try waffled French toast for breakfast? Butter both sides of slices of slightly dry bread. Dip the bread in regular French toast batter, and bake the slices in your hot waffle iron until they are brown and crisp. Serve with usual accompaniments: syrup, jelly or honey.

Beside Still Waters

A strange practice is followed by a savage tribe in the Amazon valley. When on a long journey through the valley, they make a long pause now and then and wait in silence. When questioned about this queer performance, the natives explain that the quiet wait is for allowing their souls to catch up with their bodies.

We are jostled and hurried along so rapidly by events that our souls do get left far behind. Everyone needs a quiet time and a quiet place where he can wait until his slow-paced soul catches up with a hasty-madened body.

Our noisy, high-speed civilization makes occasional quietness more necessary than ever before in history. Once quietness was the rule and a loud noise was the exception. The "forest primeval", the vast expanses of wilderness and plain, the old-fashioned farm, the wide expanses of the fisherman's sea were places of relative stillness, and our forefathers lived in an environment conducive to long thought and soul-searching. In such a stillness their senses grew keen and, in spite of superstitions and fears of kinds unknown to us, they achieved an amazing measure of peace.

Recent surveys have shown that country people hear better than city dwellers. They don't have their hearing dimmed by the clamor, clang, and clatter of city streets. Phoebe Radcliffe's nation-wide survey showed that doctors and psychologists agree that constant noise not only weakens hearing but impairs digestion and upsets emotional balance. It brings on chronic fatigue. Noise increases accidents and raises the incidence of nervous breakdown. One physician declared that when the city opened a certain street to heavy traffic, his calls on that street doubled. When ever noise is found fatigue will turn up soon, for racket and tiredness are faithful

partners. Quietness and rest go together too, and they are good antidotes for the upset the clamor of the world brings on. The King James version of the Bible has the Psalmist singing of the Lord, "He leadeth me beside the still waters." Another translation of the Hebrew renders it "the waters of rest." The exact phrasing hardly matters here, for "still waters" are "waters of rest." Quietness, properly used, issues in peacefulness and strength.

In London, England, there is a little chapel that has no pulpit, no choir, and no worship service. It is called "The Church of Silence." The chapel was built by an Englishwoman who had suffered a profound sorrow. She was cruelly wounded by her tragedy and she could find no healing for her spirit. Noisy London brought no assuagement of her grief. Nowhere in England or the British Isles nor on the continent could she find help. Then one day her travels took her to Rome and she chanced to step into a little chapel to rest. It was a quiet, hidden place, and she was alone there. On the wall of the chapel an artist had painted a picture of One Man's heartache. There was a quiet majesty depicted there, a resignation, an acceptance of what had to come.

She found her hurts eased. The pain abated and sweetened. A slow healing began. Often she returned to that chapel of hushed repose and thought of the Sufferer and of a world of sufferers whose sorrows were as great as her own. There she waited and prayed and felt a deep peace and great strength seep silently into her fevered mind and heavy heart. Wishing for others the peace she had found, when she returned to London she built a little wayside chapel and had an artist paint upon its walls a picture of the sufferer, and the chapel was christened "The Church of Silence."

A place of quietness, whether an untroubled pool or a hushed chapel, is not necessarily a place of idleness. In fact, nothing is so busy with real accomplishment as the silences. Is there anything on earth quieter than a field in spring when the air is still and the sun is pouring down its golden beneficence upon sprouting seeds? Yet the world's daily bread is being manufactured there, modestly, unobtrusively, quietly.

Your quietness, like the earth's, can be productive of great good. It is in such stillness that you can hear "the still, small voices" of God and all things good, that never attempt to out-thunder the roar of the world.

"What Do You See?"

If you now regularly attend another church in our town, this notice is but a neighborly greeting and wish that you and your church may prosper. If you do not already have a church home, it is an invitation to attend Charlevoix's Congregational Church next Sunday.

Wheat Farmers In Area May Choose From Three Seeds

Wheat farmers in Charlevoix county can count themselves lucky that they have three excellent white winter wheat varieties to choose from for planting this fall, points out Ed Rebbman, Charlevoix county agricultural agent.

All three—Genesee, Cornell 595 and Yorkwin—are adapted to Charlevoix county and have consistently out-performed all other varieties, Rebbman says.

Stuart C. Hildebrand, extension farm crops specialist at Michigan State University, indicates that each of the varieties have advantages over the others.

Genesee yields slightly more than the other two, while Cornell 595 has the stiffest straw, and Yorkwin has the plumpest kernels. Both Genesee and Cornell 595 have excellent loose smut resistance and they are superior to Yorkwin in that trait.

A Canadian white wheat, Dawbul, being offered for sale in Charlevoix county has not proved superior to the top three Michigan wheats, according to Rebbman. He says that not enough tests have been run to determine its value under Michigan conditions.

And Dawbul shouldn't be worth any more per bushel than the varieties recommended for Michigan, he insists.

Seneca still is the best variety of soft red winter wheat for the Wolverine State, M. S. U. tests show. Over the past five years Seneca has outyielded the next best variety, Knox, by an average of three bushels per acre.

Sanitation standards for stored grain become more strict July 1. Inspection authorities will seize market grain not meeting the new regulations.

Charlevoix's Mayor James Hiller and Mrs. Hiller will join with mayors of more than 100 other Michigan cities participating in the opening ceremonies of Detroit's 1956 Riverama Civic Festival Friday.

Their day's schedule calls for attendance at a civic luncheon at noon, an inspection of the new Civic Center on the waterfront and the new City-County building. They will also view plans and models of the exhibits and convention hall, largest in the nation, now under construction.

Mayor and Mrs. Hiller will be guests of the management of S. S. Aquarama, the new ocean-type cruise ship. The party will be conducted on a tour of the ship.

Topping the event for the visiting mayors will be an evening

The festival will continue through Sept. 1 and will include the Silver Cup, Gold Cup and Harnsworth Trophy; racing outboards, dancing waters, the big boat show and many other colorful events.

Mrs. Hiller and their three daughters will remain in southern Michigan for a week's visit before they return to Charlevoix.

Fay Bainter Now Appearing In "Glass Menagerie"

Internationally acclaimed stage and screen star, Miss Kay Bainter, is appearing at the Cherry County Playhouse in Traverse City this week, through Sunday, August 19, in "The Glass Menagerie," a play by American playwright, Tennessee Williams. Winner of the Pulitzer Prize and the Drama Critics Circle Award, this play was the first of Mr. Williams' great trio of dramas which includes "A Streetcar Named Desire" and "Cat On A Hot Tin Roof." One of the most moving and poignant studies of family relationships ever to be presented on the American stage, "The Glass Menagerie" is a poetic and powerful picture of a mother's vain attempt to draw her daughter into reality.

Fay Bainter made her Broadway debut in "East Is West." Since that time, she has appeared in many Broadway productions, none of which have had runs of less than two and a half years at one time. Her last appearance on the "Great White Way" was in "Dodsworth" in 1938.

Having made over 100 motion pictures, among which may be included "Our Town," "Mrs. Wiggs of the Cabbage Patch," and "The President's Lady" with Susan Hayward, Miss Bainter won the Academy Award for her performance in "Jezebel," which starred Bette Davis. She recently appeared in the T. V. version of "Dodsworth." Miss Bainter's other T. V. credits include shows for "Kraft Theater," "The Robert Montgomery Show," "Studio One," "Ford Theater" and "The Arm-

Hilarious Comedy "Fifth Season" Now Featured At Petoskey Playhouse

One of Broadway's biggest hits in recent years, the hilarious "Fifth Season" is now playing at the Petoskey Playhouse.

The comedy is set in the show-room of a typical high-fashion dress manufacturing establishment in the midst of New York's fabulous 5th Avenue garment center and it tells of the business and personal adventures of a pair of "merchants of unhappiness," as one of the merchants describes his trade. "It's our job," he explains, "to make a woman miserable every time she looks at what she has hanging in her closet, and determine to go out and buy something new."

This play was originally written as a "vehicle," in other words, a starring role for the Yiddish Theaters' famed Menasha Skulnik. When the play opened in New York for a year's run in 1954, it was a personal triumph for Skulnik who played the lovable, laughable senior partner in the firm of Goodwin-Pincus. Pinky on the Playhouse stage this week will be played by the local professional group's fine character actor, Martin Garner. Mr. Garner has toured in Sidney Kingsley's "Detective Story" with William Bendix, and has been seen on Broadway in the ANTA production of Clifford Odets' "Night Music" with Rod Steiger and Joseph Kramm's Pulitzer prize winning "The Shrike" with Jose Ferrer and Judith Evelyn. Vidots have applauded his image on "Studio One," "Ford Theater,"

The "Fifth Season", which runs through this Saturday, August 18th at the Petoskey Playhouse derives its title from a remark of one of the partners, that the film is in the middle of the season that is an unwelcome addition to spring, summer, fall and winter, the slack season. Curtain time is 8:30 Monday through Friday, and 9:15 on Saturday.

Children's Favorite To Be Presented By Playhouse Juniors

The Junior Company of the Cherry County Playhouse will present a production of "The Pied Piper of Hamelin" by Madge Miller, at 11 a. m. on Friday, Aug. 17 and 24. The play is the fourth in a series of productions to be given by the Junior Players, directed by Mr. Dolph Sweet, a member of the resident company of actors. General admission is 85 cents.

"The Pied Piper of Hamelin" is the story of a village overrun by rats. The rats are lured away by a mysterious piper, but when the greedy townspeople refuse to pay his fee, the piper lures away the children of the town to a magic mountain in which they are entrapped. The only boy left in the village is a crippled boy, Dick, who cannot keep up with the other children. Dick eventually finds a way to rescue the children, and in doing so, finds his destiny in life.

News Round-up at Camp Charlevoix

The sixth week of camp started off with several of our teams going over to Camp Algonquin for a day of competition. Much to our surprise, as we had won over them a week previously, so soundly, they beat us just as bad at their camp. However, our boys enjoyed the trip and had fun in the competition. In the afternoon, Al Kristensen and Doug Graham took their campers down to Bell's Bay on Lake Michigan for an overnight. Bill Birkhill, John Deane, Robin Koebel, Cal Matthews, Steve Wardrop, Bruce Nyland, and Walt Rising made this trip. In the evening, we had an all camp night when once again the campers looked for the mug-wump, the finder having it on his side to start out a full week of this keen competition. A junior mug-wump was put into play for the junior section, and these small boys really had a great time running it, hiding it, finding it, and even hiding it so well that they lost it and the week ended with the junior mug wump being lost.

On Tuesday morning the three

day horse trip left camp and it was really a sight to see the 30 horses all lined up, with the big team pulling the hay-wagon with much of the gear. The boys were all excited as well they should be, as this is a trip reserved for the best riders in camp, and being chosen for it gives the boy the knowledge that he has done well in his riding this summer. The men on the ride were Jake Whitecrow, head cowboy, in charge, along with cowboys, Tom Kearney, Jack Tillman, Joe Hazell, Jim Rion, and Dave Keller. Dave Keller, Glen Miller and Jim Zick of the staff also went along. It made eight staff members along for twenty two boys, so the trip was well supervised. The campers on the trip were: Richard Croy, Rick Wilson, Mike Dardas, Kris Kile, Charles Lee, John McKerring, Don Ringsred, Steve Kerring, Hanny Carpenter, Tom Parsell, Dave Smallwood, Roger Witherell, Kim Goldberger, John Jacobs, Art Lennox, Tom Drummy, Larry Drummy, Bill Phillips, Phil Huber, George Frei, Bill Mack, Mark Wenner, Pat Finerty, Sturt Crampton, Andy Carrick,

Bill McKenzie, and Mike McCully. On Tuesday afternoon, cabin No. 18, under the leadership of John Stafford went on an overnight to Susan Lake. The boys in this cabin are: Jim Baird, Roger Perry, Stuart Billstein, Charles Monique, Mike Springer, Clark Thomas and Mark Wenner. They reported a fine trip and the boys did enjoy it a great deal.

On Wednesday, David Valsing and Phil Py took their boys to Belle's Bay, and the boys on this trip were: Ross Gill, Sandy Killins, Bill McInerney, Ken McLean, Billy Rowden, Chick Gorey and John Rotz. Each year we have an event which the campers love and it is "Capture the Counselor". A price is put on each man's head, and the side capturing the greatest amount of reward money wins points for its side. There were twelve men captured and the Greens came out with the greatest amount, this gave the Greens three points.

An overnight trip to Eastport was on the schedule on Thursday for Bill For's, Johnny McBride's, and Stan Storey's cabins. They had a great time and the campers going were: Jimmy Andrews, Mike Lipsie, David Runciman, Charlie Sullivan, Bobby Suterland, Harold Ansell, John Baldwin, Steve Bachle, John Baird, Tom Cookley, Dick Daley, Tommy Drummy, Teddy Jordan, Don Norris, and Jimmy Sprow.

Friday saw three more cabins leave camp for overnights, Bill Wright and Bud Campbell took their boys to Eastport for an overnight, while Bub Morse and Jim Rockwell took their boys to the same place for a two night out. The mugwump was run for the last time and buried for another year.

On Saturday night, three of our cabins, Bob Jewetts, Lynn Howells, and Ken Bernecker's, were hosts at a dance for twenty girls from Camp Chippewa Trail. The girls were met at the stables, and while one half of the group was on a short hay-ride, the other half was entertained by our cowboys who showed the visitors some rodeo events. The entire group walked down into camp and a very enjoyable dance was held in the clubhouse with punch and cookies being served. Some of the boys who seemed to really enjoy the dance were George Davis, Ted Lilly, Joe Napes, Joe Whinery, Joe DeCouncey, Dick Williams, Mike Finerty, and Curley Gravenood. While the dance was being held, the rest of the camp had its weekly skit night in the "Big-warm". Cabins 12, 13, 11 and the staff put on skits much to the amusement of the campers.

Jim Zick, our handicraft counselor, was the speaker at the Sunday morning chapel service which was held in the outdoor chapel. Roger Perry read the scripture and John Baxter read the prayer. Several parents were present to hear Jim's talk on "A Boy Grows Up". In the afternoon, the annual mile swim was held. One hundred twenty boys entered the water and 82 finished the swim. It is always a thrilling sight to see the canoes, row-boats, with men lining the course and then the many different waves of ten to fifteen swimmers taking to the water. Charles Lee, a senior camper in cabin 21 was the first to finish, followed by Jim Baird Gary Murfin, John Baird (nine year old brother of Jimmy) John Rose, and John McKerring. Several of our juniors

finished the swim, and we are very proud of these boys: Billy Birkhill, John Thrasher, Roger Witherell, Nelson Smith, David Power, John Deane, Tim Finerty, and John Rotz.

About noon on Sunday, the best canoes in camp left for a six day canoe trip in the Upper Peninsula, going down the Takquamenon river. Bob Burns, our canoe instructor, plus his father Mr. Robert Burns, also John Peirce, our camp doctor, and Alan Charleton of our swimming staff are accompanying these campers: David Hoste, Jan Gibboney, Davy Barnes, David Kellogg, Marston Price, David Meister, Jonathan Howard, and Robin Koebel, a boy from the junior section. Mrs. Smith (Ruby) drove the boys up to Newberry where they were to put in, and will pick them up again at the end of the week at Emerson.

The three sections combined for their vespers on Sunday night to hear Mr. Forrest Brown, a native of this Charlevoix area, tell his famous Paul Bunyan stories. The boys were held spell-bound by his tales, and are already asking for Mr. Brown to return.

Jake Whitecrow is starting his class in Indian dancing and from the 35 boys practicing for the final council fire, about fifteen will be chosen to perform. We do want to urge all the parents to attend this closing ceremony on Friday night, August 24th, as it is well worth your while to see this impressive ceremony, and is usually attended by over a thousand people.

More than half the tractor accidents on farms in Michigan this spring involved farmers who were 50 to 65 years old.

Opportunity for Aggressive Dealer

Allis-Chalmers is growing and expanding. We need a Dealer to sell and service our line of power farming equipment in the Charlevoix-Boyer City-East Jordan farming area. The complete AC line offers unequalled competitive performance and price advantage. Well accepted by farmers everywhere. Easy to sell when demonstrated. A basic business requiring reasonable capital to get started. Farm background desirable but not necessary. Perhaps the man we seek is presently farming. Maybe he is already in the farm equipment, car, feed or hardware business, etc. If you are interested, please write to A. F. Mork, Sales Manager, 1001 Lincolnway, LaPorte, Indiana and I will arrange to see you and explain the opportunities which exist.

EVER HAPPEN to you?
You drive about fifty miles on your vacation trip and suddenly think of something you forgot to do. Hopfully in most cases you don't have to turn back. Just stop at a convenient Public Telephone and set things right with a telephone call. And if you're going to arrive later or earlier than expected, Public Telephones make it easy for you to call ahead and tell your host. Outdoor phone booths are open 24 hours a day, every day of the year.

ACCORDING to old records, back in 1902 people were charged for the first 15 seconds of a Long Distance call, with an extra charge for each additional two seconds. Over the years the price of Long Distance calls has come down and down. After 6 P.M. or any time Sundays you can make a three-minute call clear across the country for about \$2. A three-minute call that far in 1915 (when transcontinental service began) would have cost you over \$20.

The tone comes from a small loud-speaker in the phone and is interrupted about fourteen times a second to give an attention-getting but pleasant "chirp-chirp" effect. Don't call and ask for one now because the "tone ringer," as it is called, is still in the testing stage and isn't available except in the trial area.

IF YOU OR SOMEONE you know plays a clarinet, listen to C two octaves above middle C. This is one of eight musical tones being tried out in a test in 300 homes near Chicago as a possible successor to the familiar telephone bell.

Charlevoix Day Campers Actively Enjoy Vacation Opportunities In Area

Having fun this summer? We, the members of the Charlevoix play camp are, with a full program of fishing, archery, softball, games and skills, overnight sleep-outs and cooking our own meals.

Our first overnight to Harbor Springs was filled with fun. It rained and we had to break camp and sleep in the hay-loft of a farmer's barn. That is, 28 of the boys did and two, who were allergic to hay, slept in the milk house.

Another weekend we camped at Whiting park on Lake Charlevoix. The lodge was filled with laughter and songs as we sat around the large fireplace.

The third overnight was spent on the Jordan river near East Jordan. Fifteen of the boys went fishing for trout but Warren Belding was the only fisherman to land one.

We have developed some fine archers this year while using the archery range on the Vernon Mathews farm, where, in addition to the range, we enjoy a beautiful view of the area.

Despite the weather, our swimming program has been good with a number of the younger boys learning to swim. Bill Mosier, our Red Cross swimming instructor, has sent in the names of the following boys who have earned swimming awards: Bobby Foster, Paul and Peter Fitzsimons, Tom Hawley, Jimmie Kraft, Bobby Moss, David Norton, Chipper Terrill, Butch Wagner and Danny Zemon.

The Novotny Rockets won the most recent relays. The team was composed of David Novotny, Pete Sharrow, Pete Fitzsimons, Doug Winnell and Bobby Kraft. Included in the relays are events planned to improve coordination, speed, strength, endurance and body balance.

We haven't done too well in the softball department for our team, the Pirates, are in last place but we love the game. We would

like to thank the city and the recreational director, Dean Davenport, for including us in the Peanut League.

The players and fans are still talking about the thrilling game we had with Bill Marne's Red Sox last week.

This past week camp members took the A. A. U. Junior Physical

Fitness tests. Members passing the tests will receive the Amateur Athletic certificate awarded by the Amateur Athletic Union of the United States.

James Wingo Pleads Guilty In Assault Case

James Wingo, 27, of Elmira pleaded guilty to a charge of felonious assault before Judge Charles L. Brown in circuit court here Monday following a knife attack on a former Boyne City police chief, Floyd Newville 39, in an all night restaurant in Boyne City early Saturday.

The case was referred to the probation department pending sentence at a later date. He was returned to the Charlevoix county jail after failing to furnish a \$3,000 bond set by Justice John Connolly in Justice court Saturday.

Wingo was arrested early Saturday after stabbing Newville in the abdomen when the latter tried to stop an argument between Wingo and Arthur Kujawski, 21, of Boyne City after Wingo had brushed against the latter, burning a hole in his jacket. Newville was reported in satisfactory condition at Little Traverse hospital Wednesday.

Wingo's brothers, Everett, 40 and Jack, 21, were charged with disturbing the peace in the restaurant after the stabbing incident, were fined \$25 each and ordered to pay costs of \$5.00 each in justice court.

This was the only criminal case to come before Judge Brown during the August term of court which opened Monday. Several civil cases were due to be presented when the Judge returned here Wednesday afternoon.

Michael Gallagher has returned home from a visit with relatives in Oxford and Detroit.

ODDS 'N' ENDS

By Fran Martin

Charlevoix, S. C., was the scene recently of the most unusual event of interest to Charlevoixians. One day last week Bob Ashdon, who is in charge of the Coast Guard installation at Sullivan's Island off Charleston, swore his son, Tony, who graduated from high school this year, into the Coast Guard service. Bob has been in the service since 1940 and now his only son is following in his footsteps.

You've heard us say that one of the interesting people you meet. Nearly 12 years ago we met and did a story on a young airman from New Zealand who was sent to the U. S. by his country to learn something or other about planes. He happened to come to Charlevoix at that time to visit Jay Boss whom he met in New Zealand when the latter was hospitalized after being injured aboard ship. He told us then that he loved this country and hoped some day to return. During the intervening years all of us who knew him had a note now and then, and between the lines we read of his hopes.

This month the hope became a reality and Saturday Dusty Smith returned to Charlevoix. It was quite a reunion with a former buddy of Jay's, Herb Graeter of Waco, Tex., joining in. It was as tho' everyone was trying to bring everyone else up to date on all the things that had transpired in 11½ years. And if you think words didn't fly, well, what do you think? It was one of the happiest of reunions and we wouldn't have missed it for the world.

With Gov. Adlai Stevenson again a presidential nominee on the Democratic ticket, interest in the days he spent here as a youngster are being renewed. And in answer to the many inquiries regarding his family's cottage on the Belvedere club, it was what is now known as the Leland cottage.

Are you registered to vote? We were never so amazed as we were recently when we went over the list of registered voters and found the names of so many people missing. There ought to be a law or something. Since we think it's a privilege to vote, we can't understand why some residents of this country are so lax about registering and voting. So how's about getting on the ball and signing your John or Jane Doe on the dotted line and become registered voters.

The biggest weekend of the year will be coming up week after next. Everybody and his brother and sister will be on the highway over the Labor Day

guild notes...

The Candy Committee reports that the new candy has arrived. It's a peanut crunch this time, like peanut brittle... and very delectable, so they say. It is available at the hospital and with the 'regulars' who have sold it before.

The Ways and Means Committee reports plans for a bake sale Friday, Aug. 31... at the former Kroger store location on Bridge street. The telephone committee will call for donations.

Thanks to Mrs. Herb Campbell for substituting for a flower committee member recently. This new flower service is working out very well, but we need a list of people to call on for substitutes, in case... The days for rearranging patients' bouquets are Tuesday, Thursday and Sundays.

Heap Big Thanks to Mrs. James Brakeman for her donation of four subscriptions to the library cart for suitable comic books... and also for her used children's books.

Results from the library cart have enabled the Guild to subscribe to three new and popular magazines to be used by the patients... they are Holiday, Ladies Home Journal and Saturday Evening Post.

Two memorial donations have been made recently. One in memory of Herman Leuser by Mr. and Mrs. James Whitney and one in memory of Metta Wallace Cooper by her neighbors.

Aug. 19—Mrs. Ellen Moble and infant daughter of East Jordan; Deborah Lynn Powell; Mrs. Lottie Reed and infant son of Alba.

Sheriff To Help Campaign Against "Litter Bugs"

Sheriff Glenn E. Rose has promised the full support of his organization in apprehending violators of the state law against littering our highways. Mrs. Harley Ochs, president of the Charlevoix Garden club has announced.

The law provides a fine up to \$100.00 plus costs of prosecution and default of payment can mean up to 90 days in jail.

The Federated Garden clubs of Michigan, the National Farm and Garden Association and the Garden Club of Michigan have joined forces in a statewide campaign to abolish the "litter bug", who mars the beauty of the highways and roadsides by throwing all kinds of trash out of automobiles.

The cost of cleaning up this unnecessary and unsightly mess would build several miles of new highways each year, Mrs. Ochs said in announcing the drive against the litter bug.

The garden clubs are appealing to every car owner to carry a litter bag in the car and stop throwing litter on the highways.

Annual Charlevoix County 4-H Achievement Day To Be Sept. 3

The Charlevoix county fall 4-H Achievement Day will again this year be held on Monday, Labor Day, September 3, according to Ed Rebmam, county agricultural agent. This 4-H Achievement Day will be held in connection with the annual Charlevoix county picnic at Whiting Park.

Plans for this Fall 4-H Achievement Day at Whiting Park were formulated at a meeting of 4-H leaders last week. These leaders

who were on the committee include Ray Fisher, East Jordan; Helen Campau, East Jordan; Frank Hayden, East Jordan; William Parsons, Charlevoix; and Mrs. Henry Ember, Boyne City. Clare Brown, home demonstration agent and the county agent also assisted in the plans.

This year's Fall 4-H Achievement Day will be much bigger than in the previous years. Both winter and summer 4-H club projects will be on exhibit. Assignments were made for various individuals to enter different projects. Ray Fisher will take care of livestock, Mrs. Henry Erber will be in charge of clothing, Sadie Liskum will enter the foods projects, Dick Smith will assist in the handicraft and electrical exhibits. Mrs. Richard Erber will be in charge of the knitting and crafts, and Clare Brown will take charge of other projects.

This 4-H show is being assisted financially by the Charlevoix county Board of Supervisors. At their regular meeting in April an appropriation was made to help pay some of the costs and to pay a small premium to the 4-H members for their exhibit. In addition to this, several merchants and organizations are donating some prizes for outstanding exhibits.

Everyone in Charlevoix county is invited to attend this county picnic and 4-H show. Bring your lunch with you when you come in the morning, watch the judging that is being carried out and stay for the program during the afternoon.

Opportunity for Aggressive Dealer

Allis-Chalmers is growing and expanding. We need a Dealer to sell and service our line of power farming equipment in the Charlevoix-Boyer City-East Jordan farming area. The complete AC line offers unequalled competitive performance and price advantage. Well accepted by farmers everywhere. Easy to sell when demonstrated. A basic business requiring reasonable capital to get started. Farm background desirable but not necessary. Perhaps the man we seek is presently farming. Maybe he is already in the farm equipment, car, feed or hardware business, etc. If you are interested, please write to A. F. Mork, Sales Manager, 1001 Lincolnway, LaPorte, Indiana and I will arrange to see you and explain the opportunities which exist.

Exchange Student Compares Life In Israel And U. S.

Moshe Margalit, an exchange student from Israel who spent a month at the Clayton Healey farm near East Jordan, was the guest speaker at a meeting of the Charlevoix County Farm Bureau Women's committee at the home of Mrs. William Korthase Jr., near Boyne City Thursday.

The student is 21 years old and is one of three students from Israel who came here to study farming.

He describes Israel as a new country about the size of the state of New Jersey. The population is mostly Jewish and the Hebrew language is the national language. His parents migrated from Poland to Israel 40 years ago.

He said that the people had migrated from 65 countries to Israel and that, because the majority of them were tradespeople and business people they were finding it difficult to make a living.

He said that Israel is a very dry country, having only from two to four inches of rainfall a year so irrigation is necessary to grow crops. The farms are very small and must be carefully cultivated to make them produce the necessary crops which include grain, vegetables and some fruits. Machinery is scarce but tractors are available. However, they are not widely used because they pack the earth and require more room than horses for cultivation.

The people live in small villages and go each day to the fields to work their lands. There are bands who invade the villages so the people live close together for protection.

Military service is compulsory. When the boys are 18 they are required to serve 2½ years and then must serve 40 days of each year until they reach the age of 50 years.

Children must attend school for eight years at the expense of the government. After that time each family must assume the cost of sending their children to secondary schools and universities.

Privately owned automobiles are scarce in Israel but buses and trains furnish good transportation. The many lakes and seemingly unlimited water supply as well as the cool climate impressed the young students who will spend some time in Eaton county and then go to Missouri for a short stay before returning home.

At the business meeting a report was made on the clothing project for the State Hospital at Traverse City which has been completed and the articles delivered to the hospital.

Public Schools To Open September 10

The Charlevoix public schools are scheduled to open Monday, Sept. 10, Supt. R. G. Bennett announced this week.

The first day will be devoted to teacher's conference with classes beginning at 9 a. m. Tuesday.

Award Winning "Tea and Sympathy" Current Attraction At Petoskey Playhouse

This week's attraction at the Petoskey Playhouse is Robert Anderson's drama critic's award winning "Tea and Sympathy."

On the Broadway scene for over two years, a successful road show and a soon-to-be-released motion picture concerns what is normal and what is abnormal in the lives of boys in a New England prep school.

This is the first year that "Tea and Sympathy" has been available for stock production. The Petoskey Playhouse is fortunate in being able to present it to Northern Michigan audiences.

"Tea and Sympathy" will be shown at the Playhouse through

Famous Star Appearing This Week At Cherry Playhouse

Miriam Hopkins, one of the screen's most famous stars and leading ladies, is appearing at the Cherry County Playhouse in Traverse City in Noel Coward's sparkling comedy, "Hay Fever", through Sunday August 26.

"Hay Fever", is the story of a weekend spent with the ultra-bohemian Bliss family. Judith, played by Miss Hopkins, is a retired actress who makes a crisis out of every scene; David, the father, is a novelist; Sorel, the daughter, and Simon, the son, are both handsome, and, ill-mannered. They live a free and hectic sort of life which, unfortunately, bewilders their weekend guests. Noel Coward had supposedly spent a weekend with Laurette Taylor and her family. After he returned to his own home, completely harassed, he wrote this hilarious comedy.

Miriam Hopkins appeared on

Broadway in Tennessee Williams' first Broadway play, "Battle of Angels". She became a screen star after appearing in one of Hollywood's first technicolor motion pictures, "Becky Sharp". Miss Hopkins' screen credits include "The Old Maid," with Bette Davis, "Peg O' My Heart," "Design For Living," with Gary Cooper and Frederick March, and the movie version of "The Children's Hour," called "These Three," with Merle Oberon and Joel McCrea. Besides teaching drama to such motion picture stars as Gary Cooper, she has appeared on all major network shows in the United States.

The Cherry County Playhouse is in Traverse City opposite the Park Place Hotel.

Interview Compares American Life With That In Balkan State

What is it like in Yugoslavia today?

Better than it was before the war (World War II) and probably better than it has ever been in the turbulent history of this Balkan state.

That is the answer given to the question by Ljubo Vlach, a native of the country who visited his homeland last fall.

"In Yugoslavia all large industries and the majority of the smaller industries and businesses are government owned and operated," he explained. "As compared to this country where anyone and everyone can go into business."

"Of course," he continued, "There is nothing to keep you from going into business but the taxes are so high on private industry and business that one would soon be forced into bankruptcy."

Born in Sutomiscia in the Croatian district of the country where he lived with his parents and four sisters until joining the Merchant Marine when he was only 13 years old, Mr. Vlach recalls how very poor the people in his country were before he left there the last time in 1941.

One had to work six months, for instance, to earn enough money to buy a new suit. There was never enough to eat and neither was there the food to be purchased, even if the people had the money.

Today there is more of everything... more jobs, better wages, more opportunities than there were before.

"People are allowed to travel about the country as they want and to obtain visas for travel abroad if they desire. Many of the people think of the United States as the land of plenty and have applied for admittance through the regular channels. However, immigration quotas are very small and it takes years to gain admittance to this country," he explained.

He added that as far as he observed there was freedom of worship throughout the country. He and his family are Roman Catholics he said, and they attended church regularly.

"Are the people of Yugoslavia Communists?"

His answer to that question was simply this: When you are hungry and someone feeds you, you accept a lot of things you might not otherwise condone.

Is Tito popular among the people of this Balkan state?

"Yes, particularly the youth of the country," Mr. Vlach said. "With the aid of the military, Tito came into power at a crucial time and has been able to bring some order out of the chaos which had existed in the country in the early 1940's, he added."

He went on to say that one has only to look back on the history of his country to understand why Tito's rise to power was possible.

Yugoslavia is a country which was created by treaty after World War I. It is composed of among others, Croatia, Serbia and six federated states including Macedonia. It was given its present name in 1929 and was a monarchy. There was much unrest in the country which followed the feudal plan it had known for centuries. In such a situation it was not difficult for the military to take over the government and oust the king. In its earlier history the country was under Austrian rule for more than a century.

Would he want to return to Yugoslavia to live? His answer was a quick "No". He went on to say that he is now an American citizen, that he served in the U. S. Army for 37 months during World War II and that he feels that this is his country.

Leaving school and joining the Merchant Marine when only a boy of 13 years, Hugo, as he is now called because everyone has trouble with his real name, was aboard a ship in New York when World War II started. He left the ship, remained in New York and eventually served in the army. His parents and four sisters remained in Yugoslavia. He returned in 1946 for a brief visit and made a second trip last fall. His father died five years ago and his mother now lives with his youngest sister who is 21 and whom he hopes someday to bring to this country. His mother, he said, does not wish to leave her native land.

Meanwhile, Hugo continues to follow his work as a waiter at the Charcoal Pit here and in Fort Lauderdale, Fla., and to help his family over the toughest spots.

Hugo is only one of a cosmopolitan group which staffs the Charcoal Pit here under the direction of Mr. and Mrs. James Kearns, who came here from Southampton, England. There are Charles Willard, the chef, and Willy Weckel, native of Germany, Carlo Rafale of Cuba along with Jewel Walters, Tony Morell, Jimmy Couse, Charles Wright, Ellen Fallon who come to Charlevoix from Florida and Helen Gerardin who comes from California. The latter are native Americans.

City Golf Receipts Pass 5,000 Mark

Revenue from the Charlevoix municipal golf course reached the \$5,396 mark this week, Keith Carey, course manager, revealed in a regular bi-weekly report to the city council.

A total of \$3,323.75 was realized from daily rates, \$144.50 from twilight rates and \$1,896 from season tickets. There is still \$69.00 to be collected on season tickets.

He also reported that the roof of the clubhouse had been tarred and all leaks sealed.

The Best Is Yet to Come

These proud princes of the forest, the ruffed grouse cocks, bear little resemblance to balls of animated fluff that tumbled and scurried about our forest floor but a few months ago. But they are the same creatures, now grown and utterly changed. At first imprisoned in a shell, then running on spindly legs, later attempting unsteady, faltering flight, and now reaching a regnant maturity, the ruffed grouse have moved at an uninterrupted pace toward maturity. From egg to ball of fuzz to gawky, awkward half-grown cockerels, they have been transformed. At any one stage they bore only slightest likeness to their earlier form.

Most things in nature grow as ruffed grouse do, toward completion from an incompleteness that is markedly dissimilar to their later character. A trout egg looks nothing like the newly-hatched parr, and one has to know his fish well to identify inch-long brook trout youngsters as belonging to the speckled trout tribe. An acorn looks nothing like an oak tree, nor does the slender sapling in the nakedness of winter appear destined to become a heavy-bodied oak. A tall, gangling teen-ager, Abe, hardly seemed fated to become President Lincoln, one of history's towering figures.

Our lives when lived at their best are a succession of qualitative changes. That energetic growth in size and accomplishment of days and years. The happiest person is one who anticipates with a venturesome spirit the next stage, awaiting him and in the meantime savoring the last grain of good from the present period. His childhood is lived with a radiant, optimistic fervor. His adolescence is enjoyed at its fullest. His adulthood is characterized by the serene, startling of emerging powers. His ripening years of adulthood are spent developing fruitfulness and a golden radiance that anticipates harvest. His old age revels in mellowness. A happy person lives and delights in all of life's seasons—springtime, summer, autumn, and winter—knowing that each season has its distinctive beauty and purpose. And he knows that beyond this life lies the adventure of another life to come, not spent in an eternity of monotonous strumming of a harp (which for most of us would make a hell of heaven), but in the con-

News Round-up at Camp Charlevoix

The seventh week of camp started off on Monday morning with the second group of 25 boys and 3 men going to Mackinac Island as their reward for being among the first 50 boys enrolled for the 1956 season. It was a glorious day and the boys enjoyed seeing the forts, and roaming around the island seeing all the historic places. They saw the new bridge going over the straits, and were greatly impressed.

On Tuesday, two more groups left camp. The sailing trip under the leadership of our three sailing instructors, Lynn Howell, John Colwell, and Armin Sahakin took off in a stiff breeze that took them to their first destination in record time. The boys picked for this trip were: Steve Erickson, Charles Morque, Steve Feinstone, Jonathan Schmidt, Mike Grass, Woody Opono, John Baxter, Bobby Suterland (the only junior on the trip) Arthur Blaul, Wes Murfin, Bob Tappan, John Rose, Gary Murfin, John Appel, Jimmy Cooper, Dick Williams and Joe DeCoursey. The fishing instructor took his long fishing trip down Michigan's famous Au Sable river, and with the help of Bud Campbell, Bob Jewett, the instructor had chosen Bill Neil, Tom Layne, Bob Mehring, Bob Kinsley, Stuart Billestein, and Bruce Nyland, the only junior on this trip. Not to be outdone by the older boys taking long trips, the cabin of the smallest boys in camp left in their counselor's, Carl Haak's station wagon, for a three day trip to the Sleeping Bear sand dunes down on Lake Michigan near Traverse City. They were a mighty excited group of boys when they left camp. These lucky boys were: Sandy Coakley, Jeff McLean, George Steinhart, David Tappan, John Chapin, and Greg Nyland.

On Wednesday afternoon we were hosts to the swimming team from the Belvedere club, and we were very proud of our boys as they took every event but one, and we enjoyed having the visitors here.

Thursday was a regular camp day. It seemed very quiet here with over sixty boys out on trips. Activities went along as usual and the boys in camp were busy working on accomplishments for their stars.

On Friday, cabins number 11 and 14, with Ken Berniecker and Alan Charlton went on an overnight down to Eastport on Lake Michigan.

Saturday evening was another skit night with several very funny skits being put on by cabins

5, 2, 7, 9, and 18. Boys like these Saturday night skit nights and those given this year have been exceptionally good.

Sunday morning the entire camp went into Charlevoix to attend the service at the Congregational church. Two huge busses from town, plus all the camp cars, plus several counselors took the boys in, and Rev. Harold Kohn gave a very inspiring sermon. The boys all dressed alike in white duck trousers, Charlevoix shirts and green sweaters and made a very impressive picture as they filed into the church. We hurried back to camp where the annual birthday party was awaiting the boys. Those having had birthdays during the camp season were seated at along table and each were given a small present. A large birthday cake lighted by many sparklers was brought into the dining room as the entire camp sang "Happy Birthday". The special entertainment was a quartette from Charlevoix known as "the Four Fakers" and the entire dining room was in stitches at some of their antics. It was a wonderful party and one of the highlights of the season.

Each year the Green-Grey competition is ended with the obstacle relay, an event taking in about 120 boys in events such as potato race, saddling a horse, cutting a leg in two, blowing a balloon until it breaks, shooting an arrow in the bulls eye, shooting a rifle for high score, paddling a canoe across the bay and back, making three foul shots at the basketball court, building a fire to boil water, and several more such events of skill. The whole camp was intense and excited as the Greys won the event and thus won the competition for the year.

Here we are in the last week of camp with Tuesday night being the Green-Grey banquet with the losers, the Greens putting on the entertainment and waiting on the tables. Thursday night is our final banquet, and Friday is our rodeo, and final council fire.

Saturday the campers leave for their homes in the various states, and the thirtieth year of Camp Charlevoix comes to a close. It has been a wonderful summer. Until next year, fare thee well.

Ever hear of the old sailing vessel, the Jennie Mullen? ... Neither did we but it seems there was such a ship once ... It was lost on Little Traverse Bay in Lake Michigan some time during the 1890's ... The skipper of the boat and, we assume, the owner at that time was Olaf T. Sandus ... and at the present time his son, Howard Sandus, who was a child at the time the ship was lost is searching for information regarding the boat ... If you know anything about it, how's about writing to him at Fulton ave near Melrose in Waukegan, Ill. ...

Special Mention is due a couple of organizations who are doing more than their part to keep Charlevoix beautiful ... One is the Garden club, whose plantings in the island on Mercer Blvd. are very attractive. ... And then there's the golf course ... We have an idea that Walt Henley had something to do with it for that course is his pride and joy ... anyway, he has planted lovely flowers at the intersection of Petoskey and Mercer blvd. ... and in addition he and his crew keep the golf course in tiptop shape ...

Did you listen to the football game Saturday night? ... Of course we mean the Detroit Lions and the Chicago Cards ... It was a money to say the least although the Lions lost by three points ... But it looks as tho' things are going to be better in the Lion camp so maybe we'll be seeing Detroit on the top again in football ... And the fact that the football season is on again makes us very happy 'cause there's nothing we like better than football ... With Coach Casey routing his players out at the awful hour of 7 a. m. we must get around to seeing our Rayders, who'll be opening their season a little more than two weeks from now ... But we won't be making it of the field at 7 a. m. ... that we're sure of 'cause if we did someone would be lending for the men in white and their strait jackets ... But before long they'll be practicing at a more reasonable hour ... We're real anxious to see this gang of freshmen who are reporting for the first time ... We're ready to bet right now they'll be the biggest team the Rayders have had in a long time ... In the meantime we're waiting with great interest to see who's going to be in the line-up of this year's team.

The slave market in the old days had nothing on the sale during the minstrel show the other night we're told. A real live auctioneer sold the services of a gunlet composed of Dr. Grate, Bob Lieberman, Reg Greenway, Bob Neff and Dr. Hoffmann ... and made quite a tidy sum for the ski program ... One of our grand summer visitors, Alvin Goldman, was the lucky bidder ... And we'll bet he could get his money back if he sold tickets to whatever he's going to have his 'thunkies' do ... How about it?

We've seen many sunsets over Lake Michigan but few could compare with the one Friday night when the huge ball of fire went down behind the whitecaps of Lake Michigan ... And as tho' one show wasn't enough, Mother Nature provided a double feature with an equally beautiful moonrise over Lake Charlevoix ... And the picture it made when the moon peeked through the dark clouds after it was quite high in the sky is something you can't describe ... And incidentally, have you noticed the bright planet which rises in the south east and makes its way across the sky ... A bright, bright star which is actually ... Is it Mars or Jupiter? ... We can't remember but it's awful pretty ...

We're a little late ... but better late than not at all ... so we'd like to add our congratulations to Bill Ratigan on the publication of his newest book, "The Adventures of Captain McCargo" ... by Random House, no less ... We've started our copy but haven't had time to sandwich it in but it's real exciting and we know you'll like it ... The locale is the Great Lakes ... quite a territory ... and one, along with the early lumbering days, which to our way of thinking, has been barely scratched by the writers of our day ...

And on top of that Mrs. Fredrika Shumway Smith (Mrs. Solomon A. to you) is having another of her books published this fall ... It's the story of the great holocaust that swept Chicago after Mrs. O'Leary's cow upset the lantern ... It's written for the

guild notes...

Don't forget the bake sale Friday ... save your self a lot of homework, gals and plan to stock up for the long holiday weekend. You will be solicited for your donations this week sometime. It will be held at the former Kroger store location.

The coconut and mint candies will be on sale at a candy booth during the bake sale, as well as the new peanut crunch brand. However, the supply on the former is limited so if you want to be sure to get some, better phone your order first to Mrs. Gordon Freedman or Mrs. Donald Gilbert.

A donation was made last week to the hospital in memory of Floyd Ikens by Mr. and Mrs. Albert Staiev.

younger fry but we know you'll love it ...

O yes ... speaking of writing ... there's a new book that's been published by the Michigan State University Press ... Corn and It's Early Fathers written by Henry A. Wallace former vice president and secretary of agriculture, and William L. Brown ... It is, as you might imagine from its title, the dramatic story of corn ... and the patient people who did so much to develop corn as we know it today ... Mentioned prominently in the book is our own Dr. Perry G. Holden who now lives in southern Michigan who made such an important contribution to the development of corn ... At the time the book was published earlier this summer, a grand story about Dr. Holden, who has contributed his memoirs to the MSU Corn Foundation and Mr. Wallace appeared in the Ingham County News at Mason ... We have heard often the story Dr. Holden tells of Mr. Wallace and the first time he met him ... when the latter was a young man judging corn at some place where Dr. Holden happened to be and what a young whippersnapper he thought he was ... Dr. Holden will soon be 90 and Mr. Wallace is no longer a young man so that now to be a long while ago ...

Happened to be glancing through a copy of the July Inside Michigan and there, looking out of its pages, was a former Charlevoixian, Vincent Madison, who is with the Detroit Edison Co. ... He had spoken at the second annual conference of the Adult Education Association at MSU ... His topic? Suggesting ways that a city can prepare for growth and money, without accompanying pains ... Our city fathers might have a confab with him sometime when he's vacationing in northern Michigan ... Maybe he could suggest something to Charlevoix that hasn't been tried ...

A reminder ... Christmas is less than four months away ... For you people who like to do your Christmas shopping early, you'd better get started or you'll never make it ... 'Cause four months from last Saturday the great day will be here ... Another reminder ... Are you registered to vote? ... You've got 'til October 8 to make it ... that is, to vote in the Nov. 6 election ... This is a mighty big year, politically speaking, so get it set ...

The time has come the Walrus said, to speak of other things ... such as saying goodbye to all our summer friends, or saying "It's been nice meeting you and we hope you'll be back next season" to new friends we've met for the first time ... It really hasn't seemed much like summer, weather-wise but it will soon be Sept. 1 and most of you will be leaving us ... We mean it sincerely ... We'll miss you ... A week from now our town will be pretty deserted with only a few old brave souls around ... The first week or two is the hardest 'cause we're always looking forward to meeting you around the next corner ... And finally we convince ourselves that you've gone home and we go back to "living alone and learning to like it" ... So 'til next season, have a good winter, we'll be thinking of you and praying that God walks with you ...

Hope Pardee, Robert Sarasin Wed In Double Ring Church Service

Hope Pardee, daughter of Mr. and Mrs. Joel Pardee, and Robert G. Sarasin, son of Mr. and Mrs. George F. Sarasin, exchanged their marriage vows in a quiet ceremony solemnized at the Community church of God on Saturday Aug. 18.

The Rev. George L. Majors officiated at the double ring service.

The bride chose a ballerina length gown of white lace and nylon net over taffeta for her wedding. It was fashioned with a fitted lace bodice, round neckline and bouffant skirt of nylon net. Her fingertip veil fell from a seedpearl tiara and she carried a bridal bouquet of red and white carnations centered with white gladioli.

Mrs. Clayton Sarasin, sister-in-law of the bridegroom, was her only attendant. She wore a pink ballerina length gown styled with a fitted bodice, square neckline and full skirt of nylon net over taffeta, a pink net stole and a matching pink floral headress. Her bouquet was of red and white carnations.

Clayton Sarasin assisted his brother as best man. A reception for the immediate families followed at the home of the bridegroom's parents. A tiered wedding cake topped with a miniature bride and groom centered the refreshment table which was decorated with arrangements of summer flowers.

The couple will make their home at 407 west Lincoln ave.

Dorothy Allers Weds Harry Evans In Kalamazoo Church Ceremony

The Hellenic Orthodox church in Kalamazoo was the scene recently of the wedding of Dorothy Hene Allers, daughter of Mr. and Mrs. Leroy Allers, and Harry P. Evans, son of Mr. and Mrs. Peter Evans of Kalamazoo.

The Rev. Peter Georgasakes officiated at the service which was attended by 175 guests. Baskets of yellow and white gladioli and palms decorated the church for the ceremony. Clyde Hineckley, organist, provided the nuptial music. The wedding was an event of Aug. 19.

The bride, given in marriage by her father, chose a gown of embroidered nylon net for her wedding.

Hamilton, county extension club chairman, on the Highway Safety classes held during the Homemakers Conference at Michigan State University in July and a monologue on home safety given by Mrs. Grant Hastings of Ellsworth.

Play-Off Games For League Titles Will Wind Up Softball Schedule

Play-off games for league titles highlight the softball schedule for the remainder of this week, Dean Davenport, softball director, said Wednesday in announcing the final games of the current season.

Tonight (Thursday) will find the first round winner, the Dodgers, meeting the second round victors, the Red Sox, for the peanut league championship play-off game scheduled for 8:30 p. m. The participants in the latter game were to be decided in games scheduled for Tuesday and Wednesday nights.

The second game for the Class A title will be played at Kipke field at 8:30 p. m. tomorrow night (Friday) with Carson-Klooster and the first round winners, meeting Freedman's Arterial, second round winners, in a best two out of three series. If a third game is necessary to determine the city championship, it will be played at 8:30 Saturday. The first game was to be played Wednesday night.

In Class A play, Freedman's wound up the second round by defeating the City Merchants by 8-3-3 just before the playoffs for the championship trophy.

In other games played during the week, American Mold upset City Merchants and the Coast Guard. In the first game City Merchants bowed to the Moldmen by a score of 15-11 after the latter tallied eight runs in the third inning. Only bright spot for the losers was the relief pitching of Del Terrill who rescued starter, Tom Donaldson. Jim Hootman was the winning pitcher.

The Moldmen used two seventh inning runs to edge the Coast Guard 4-3. Steve Hayden's single drove Hootman home with the winning run. Terry Chalker tripled for the losers.

The City Merchants dealt the Servicemen their second one-run defeat by squeezing out a 6-5 win. The game was another pitching duel between Dean Davenport

and Ed Culbertson with Davenport allowing three hits and Culbertson five. Pat Burke and Larry Peterson each doubled for the winning run in the sixth inning. Louis McKenzie had two Merchant hits. Culbertson collected two hits, one double, for the losers.

In the Class B league Cadillac-Pontiac beat Edwards 10-7. Dale Putman's homer was the big blow for the winners. Dick VanBaaren led the attack for Edwards.

Zephyr edged Cadillac-Pontiac 9-7 with the winning run coming in the sixth inning. Tom Lahes was the leading hitter for the winners with three safeties including a double. Joe Beaudoin had two Cadillac-Pontiac hits for the losers. Ernie Gablow had two safeties.

In the peanut league, the Dodgers beat the Tigers 9-3 as Stan Martin pitched his second no-hitter of the season. Homer Holmes had a Dodger homer. Corkey Curtis gave up six hits for the Tigers.

In a thriller the Red Sox edged the Pirates 7-6. The Pirates out-hit the winners with Butch Wagner and J. Smith each collecting three hits. Smith had a three-run homer. Dick Moss had two safeties for the Pirates. John Tuomela was the winning pitcher.

Scenic Trails Council Maps Program For Ensuing Year

The program of council and district activities in the Scenic Trails Boy Scout Council for the coming year was presented by Donald L. Begg, Scout Executive at the regular meeting of the Executive board held recently at Kalkaska.

Highlighting the plans for the year is the National Scout Jamboree to be held at Valley Forge, Pa., in July. Eighty Scouts and leaders from the 19 counties in-

cluded in the council are expected to attend. The program also includes a stepped-up training program for junior leaders and adult leaders. A permanent and regularly scheduled district board of review for Life and Eagle ranks will be established in all five districts of the council.

The program will also feature events which have been popular through the years such as the Klookdyke Derbies, monthly Roundtables, summer camp, Cub Day picnic, canoe trips and other Scout activities totaling 30 in all promoted by the Council during the year.

Another major item discussed was the proposed purchase of property for a new bathing beach at Camp Grotto. The executive board approved the proposed purchase of 27 to 30 acres of land which would add a 450 ft. bathing beach on Rennie Lake adjacent to the camp. The Council will contribute \$3,000 toward the purchase price of \$13,500 with the Traverse City Rotary club underwriting the remainder of the cost.

The Council's Policy manual which covers conditions under which personnel will be employed by the council was presented by Hugh Johnston of Traverse City, reporting for Bob Hilty, also of Traverse City. The report was accepted by the committee.

The appointment of John Batdorf as chairman of the 1957 Jamboree to fill a vacancy following the resignation of Merle McCullough of Traverse City was approved.

A report on the "Citizens Now" Conference for Explorer Scouts scheduled for the Christmas holidays and the report on the regional conference attended by members of the council recently were presented by Kent Nicholson of Traverse City. Dr. Earl Baker reported on the National Council meeting in Cincinnati. He stressed the "Onward for God and My Country" program. LOCAL AND AREA THEATRE PROGRAMS

Kirk, Pohlers Royal Flush To A Full House In "King Of Hearts"

The good ship "Merriment" docked once again this week at the Petoskey Playhouse pier, and all those who were there to meet her had themselves a fine, belly-laughing time. The cause for the confetti-throwing is a crackling, witty, sophisticated comedy entitled "King Of Hearts."

The play by Jean Kerr and Eleanor Brooke concerns a cartoonist, rich, urbane, unbearably egocentric, who brings into his life a young artist to "ghost" the strip for him and a small orphan to serve as a model for the cartoon's main character. When the "ghost" falls in love with the secretary-fiancee and the boy takes to bringing home assorted pets and to building fires in the living room the sparks begin to fly. To describe the outcome of the play is hardly fair; suffice to say, all's well. The script is so jammed with laughs the hilarity hardly ever has a chance to die down, and the performances are all nimble and beautifully equal to the demands of the lines, no mean feat in light comedy.

Wesley Kirk thrusts home a laugh-line with rapier-like elegance and makes the cartoonist a fascinating, excruciatingly funny fellow to watch. His is a poised, polished performance to remember. Richard Pohlers, as the stand-in artist, is equally at home with a throw-away or a brittle, incisive line and is perfect in a very funny role. Some of the play's best lines are his and he knows just how to handle them. Harriet Bigus is bright and beautiful as the secretary, and she, too, is no slouch when it comes to hitting home a knee-slapper. Michael Creede is tremendously appealing as the little boy with a penchant for chewing checkers, and Martin Garner is fine as the whisky-prone publisher. Wanda Henshaw and the others score heavily in their parts. Standout, too, is another young Thespian, Abbott McCarter.

College Credit Courses To Start Early Next Week

Of special interest to teachers in the Charlevoix county area is the announcement of college credit courses from Central Michigan college which are scheduled to begin early next month.

As part of the continuing Field Service program, classes are taught in residence centers away from Mt. Pleasant and may be used by teachers to meet state certification and college degree requirements.

Classes, meeting once a week for 16 weeks, carry residence credits from the college and will be taught by faculty members from Mt. Pleasant.

Registration for classes in the Charlevoix residence center has been scheduled for 7:30 p. m. Wednesday, Sept. 5 at the Charlevoix high school.

Classes to be offered include: English 204-308 (three hours); Children's Literature; Psychology 308 (three hours); Child Psychology and Personnel 300 (one hour); Analysis of Human Relations.

Adults outside of the teaching profession who qualify may also register for these courses. Further information may be obtained from Charles A. Robinson, Charlevoix county superintendent of schools or from the Director of Field Service at Central Michigan college.

More TV Power Scheduled For Cadillac Station

Cadillac, Michigan. — More power for Michigan's tallest television tower is scheduled for early September, it has been announced by general manager, Gene Ellerman, of station WWTW.

The station will be given radiating 316,000 watts, the highest power authorized for Channel 13, just as soon as new equipment now on hand is installed, Mr. Ellerman said.

At the same time, he revealed that WWTW is completing a new main studio, larger than the one now in use, and is modernizing studio control facilities.

The power increase will send the WWTW signal into 48 Michigan counties, offering the broadest coverage of any Michigan television station. The signal will be transmitted from WWTW's 1,287-foot tower, tallest in Michigan and the Midwest, and located at the highest point in the Lower Peninsula, 1,705 feet above sea level.

The power increase and the new studio facilities are being completed just in time to provide the best possible television service coincident with the start of a new fall programming, Mr. Ellerman declared. He reported that WWTW will carry a jam-packed schedule of CBS and ABC network shows, top-rated film presentations and new and better live studio shows for its central and northern Michigan viewing audience this fall and winter.

The new Channel 13 viewing area stretches from the Bay City-Saginaw and Grand Rapids-Muskegon areas in the south to the Straits of Mackinaw in the north, and from Lake Michigan practically to the shores of Lake Huron.

Latest industry estimated place the number of television homes in the new WWTW viewing area at 381,894.

Among the new programs scheduled for fall premieres on Channel 13, according to Mr. Ellerman, are Playhouse 90, the new hour-long Jackie Gleason show, Hey Jeannie, and the Herb Shriner show from CBS-TV. Adventures of Jim Bowie, Treasure Hunt, Wire Service and Ford Theater from ABC-TV and such high-quality films presentations as the Rosemary Clooney show, Highway Patrol and Man Called X.

Also returning will be many old favorites, including Ford Star Jubilee, Jack Benny, I Love Lucy, Red Skelton, Soldiers of Fortune, Frank Leehy Predicts, World of Fashion, Championship Bowling, Detroit Lions Football, Decem-Bride, The Arthur Godfrey show, Lineup, Person to Person, and others.

WWTW is owned by the Spartan Broadcasting Company subsidiary of the Sparks-Withington Company, Jackson, Michigan.

Famous American Star Playing Recent London Hit

One of the great names of the American stage, Mr. Edward Everett Horton, is starring in the Cherry County Playhouse's final production of this season. Mr. Horton opened at the Playhouse this week in "The White Sheep of The Family," by L. du Garde Peach and Ian Hay, a recent London hit.

Mr. Horton's name is practically synonymous with theater. His experience stretches back to the pre-movie days of the old stock company, a medium which probably has had no equal in the training of the actor. He has had not only a notable stage career but has made numerous famous films. Mr. Horton also made his mark in radio and, with the advent of television, his face has become familiar to millions of viewers. He has played every conceivable type of role—hero, villain, comedian, tragedian, and infatigable.

His original intention was to be a teacher, but a job in the chorus permanently interrupted his college career. When the movies acquired sound, Mr. Horton was in great demand, due to his ex-

tensive stage background. His acting in such films as "Top Hat," "Ruggles Of Red Gap," "Lost Horizon," "Gay Divorcee," "Here Comes Mr. Jordan," etc., earned him a position of unshakable prominence. Despite his constant movie assignments, however, Mr. Horton's interest in the stage never waned. During many of his years in Hollywood, he appeared nightly with the Wilkes stock company in Los Angeles. His passion for the theater, the mark of the true actor—played a large part in Mr. Horton's interest in summer stock, in which he became not only one of the most appreciated but also one of the best-loved of stars. Few summer theater goers will fail to remember "Springtime For Henry," which Edward Everett Horton performed more than 2,500 times. He was the first male star to have a festival—the Edward Everett Horton Festival, which ran four weeks in Kennebunkport, Maine. Last season he was enormously popular during his appearance at the Cherry County Playhouse in "Nina."

"The White Sheep Of The Family," Mr. Horton's latest interest, has one of the most original and amusing themes of recent years. A recent success in London, the play revolved around a family of conservative crooks, which is horrified when one of the daughters of the family decides to rebel against parental authority and go straight.

The Cherry County Playhouse is presenting "The White Sheep Of The Family," through Sept. 2, including a Thursday matinee. Prices start as low as \$1.25 and the top price is \$2.85. Seats may also be had for \$2.10. Reservations may be made at the Box Office (opposite the Park Place Hotel) or by phoning Traverse City 4046 or 4047. Don't miss this chance to see the last theater attraction of the season.

State Police Accepting Applications

Beginning with the time he enters training school, a new trooper receives \$151.99 every two weeks, with regular increases thereafter up to a maximum of \$22.00 in that rank. Promotions also bring substantial increases.

In addition the trooper gets \$3.00 a day for subsistence, paid vacations, paid sick leave, extra

Aurey Strohpaal New Secretary Of W. Mich. Tourist

He will fill the post of the late Chester C. Wells who died last week in Grand Rapids after several years in the position.

Snow Removal Is A Major Item In Area Road Budget

Snow removal was a major item in the Charlevoix county road commission budget during the past year, a report released by the road commission reveals.

During the first four months of this year, from Jan. 1 until April 30, it cost \$23,547.02 to keep 238.8 miles of county and township roads open to traffic. This includes the actual cost of snow removal which was \$21,469.44; erecting and dismantling

snow fence, \$1,432.07 and sanding, \$872.51 for an average of \$98.72 per mile.

In addition to this amount, a total of \$14,935.83 was spent during the first part of the winter, from October through Dec. 31, thus bringing the total cost of snow removal for the winter of 1955-56 to \$38,482.85. This figure does not include the cost of snow removal on state trunklines located in the county which is financed by the state highway department.

The cost of snow removal on county and township roads is shared equally by the road commission and the townships.

Barnard Grange Hall Moved

Volunteer workers of the Barnard Grange joined with the Browne Vincent Construction Co. of Traverse City to move the Grange hall to a new site recently.

The 60-year old structure was moved across the Barnard road to a new foundation built on a larger plot of ground. The decision to move the building was made when members approved an extensive remodeling program and the construction of a parking area. Because there was not sufficient area to expand and because the building stood on property which would be included in a roadway if the present road is improved, it was decided to build a new foundation and move it to property the Grange purchased some time ago for this purpose.

Improvements planned for this time include a new chimney, new siding and the painting of the roof. Interior improvements and the construction of an addition will be made at a later date.

Despite additional farm duties during the summer months, members have been busy making plans for several events.

AAA ROAD TESTS SHOW:

Blue Sunoco averages 7.67 more miles per dollar than 12 other premiums

On \$3.00 worth of Blue Sunoco, test cars were driven out of town till they ran dry. They couldn't get back on \$3.00 worth of any of the other premium gasolines tested. They never got home! Blue Sunoco averaged 23.0 miles farther!

These tests were conducted by the American Automobile Association in 6 cities under normal city-country driving conditions—using typical drivers in late model high-compression cars whose manufacturers recommend a premium gasoline.

Results of tests confirm, once again, the fact that Blue Sunoco is America's greatest gasoline value. Why not take advantage of it—get more miles for your gasoline dollar? Stop in at your neighborhood Sunoco dealer's today, and try a tankful of Blue Sunoco.

It's the gasoline that meets today's new higher premium octane standards and sells at regular gas price.

Northern Class 'C' Conference Preparing For Football Schedule

The 1956 Northern Michigan Class C football season officially opened Monday with six of the eight teams in the league reporting for practice.

The schedule for these teams will begin Sept. 14 when Charlevoix hosts Roger City. Boyne City meets St. Francis of Petoskey on the latter's field; Gaylord travels to Cheboygan; Mancelona entertains Kalkaska and Onaway plays at Harbor Springs in non-league meetings. On Sept. 15 St. Ignace will invade East Jordan.

The two remaining teams, Pellston and Grayling, will open their schedule a week later in league games.

With the start of the gridiron season, football coaches have turned from summer jobs to the football fields where they are concentrating on conditioning and fundamentals in preparation for hard practice sessions.

Two new football mentors have made their initial appearances in the loop while three new assistants, two of whom will become head basketball coaches, have joined the league for the first time.

They are Don Burnison of Gaylord and Arthur Thayer of Grayling who will head the football program in their respective schools and Jim Mongeau of Gaylord, Charles Paige of Harbor Springs and Arthur Goglin of East Jordan who will be assistants of the gridiron. Mongeau and Paige will take over as basketball coaches in November.

Mr. Burnison comes to northern Michigan from Eaton Rapids where he coached for five years. A graduate of Ohio University, he coached at New Haven and Watervliet before going to Eaton Rapids where he had an excellent record in a tough Class B league. At Gaylord he will also be assistant basketball coach. He came to the area in June and during the summer was employed at the dude ranch near Gaylord.

His assistant, Jim Mongeau, is a recent graduate of Central Michigan college. He is a native of Detroit where he was a letter winner in all sports at Cooley high school. He is also a veteran of two years in the U. S. Army.

Mr. Thayer comes to Grayling from Beaverton where he coached for one year. Before that he coached at Manistee. He is a graduate of the University of Michigan and a veteran of three years army service. He is presently attending classes at the University so will not begin football practice until Sept. 4. Bruce Smith, head basketball coach will be his assistant.

At Harbor Springs Hank Bruno, who was in charge of the city recreation program during the summer, has returned as football coach for the second year. He will be assisted by Charles

Paige, who will take over as basketball coach later in the school year. A native of Gibraltar, Michigan, he is a 1956 graduate of Michigan State Normal college.

At East Jordan Coach Gayle Saxton has turned to football after concluding his summer recreation program for the city. He will have as his assistant Arthur Goglin of Menominee, Wis., a 1956 graduate of Stout Institute in Wisconsin where he was a four-letter winner as lineman.

The dean of coaches in the northern Michigan coaches, Matt Jacobson of Mancelona, has concluded his duties as recreation director for the summer and has returned to his coaching duties after attending the football clinic at Northern Michigan college in Marquette. His assistant will again be Jake Schurmann, head basketball coach, who has been in charge of the driver training program in Mancelona during the summer.

Paul Pfahler of Boyne City, who headed the summer recreation program for the past two years, saw his football aspirations for the first time Saturday when they appeared for physical examinations. His assistant, Bob O'Neill, has returned for his second season in Boyne City after attending the summer session at Western Reserve in Cleveland.

Coach Don Carey spent the summer working with his father, Leo Carey, who is a painter and decorator. He is now back on the football field putting his players through their paces in preparation for the opening game Sept. 14. Terry Rice, who had expected to be called for army service, will return as his assistant after traveling most of the summer.

At Pellston the Hornets will report Sept. 4 for their first football practice session. Coach Ray Brown will be busy until then as manager of the Ramona Park Hotel. Pellston does not have an assistant coach at this time. Supt. S. A. McClutchee said he was still accepting applications for a basketball coach who would also be an assistant to coach Brown.

THOUGHTS AFIELD

by
Harold E. Kohn

No Storm Lasts Forever

Early morning was first misty, then cloudy, and finally, forgetful of our plans that necessitated warm sunshine, the drooping heavens dropped their heavy burden of wind-lashed rain upon the land. Winged land birds sought shelter beneath protective boughs, and water birds hastened home to the kindly cover of cattails and reeds. Creeping things retreated to hollow trees and logs, to root-lined holes in the earth, and to dense thickets that would give them asylum from the weather's wild ungoverned temper.

In the kitchen I overheard a conversation which, though facetious, was meaningful. A housewife, anxious to do her week's washing, looked hopefully at a hole in the clouds through which light from the hidden sun was pouring, and exclaimed, "Maybe it's going to clear up!" Her husband teasingly responded, "Well, it always has!"

Of course it always has. No storm lasts forever. Tired clouds

give up their load of moisture. Winds forget their rage and settle down to peaceful pursuits or hasten off to vent their vile moods elsewhere. The sun creeps suddenly from its hiding place and radiantly smiles upon a rain-drenched earth. Wild creatures crawl from their shelters. Men take down their umbrellas and doff their shining raincoats. Women hang out their week's washing. It is over. No storm lasts forever.

One loud colored gentleman known by his acquaintances as a person of singular serenity and happiness, arose one Sunday night at testimony meeting and declared, "Of all de verses in de Bible, de one dat helps me mostest is de one dat say, 'It came to pass.'" His minister challenged him, saying, "Bruther Jones, dat am no verse. Dat am a phrase. Standin' alone it means nothing, absitively nothing." But the ebony old saint, all aglow with the joy of his faith, insisted, "No verse in de whole Bible makes more sense

den dat one—"It came to pass. It didn't come to stay. 'It came to pass.' That does make sense. It makes for hope, too. The testings, trials, disappointments, discouragements, and storms of life do not come to stay. They come to pass."

The Psalmist with rare insight declared, "Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me." Had he a chance to emphasize his meaning as we sometimes do by underlining a word, he might well have underscored "through" as a key word. The valley of the shadow is not a fit place to wander in. There is no promise implied in the Twenty-Third Psalm that God will aimlessly ramble in the valley with us forever. He will walk through it with us, however, and accompany us on our way to "dwell in the house of the Lord forever." There is always something on the other side of the

valley He wants us to see, experience, and enjoy.

In the 1480's Portuguese sailors were feeling their way southward along the west coast of Africa, fervently hoping they would at last come to the tip of the continent so that they might turn northeastward and make their way by sea to India, where unimaginable wealth was reported to be had in trade. Finally an explorer named Diaz ventured farther than any sailor before him. He came to a large promontory jutting far out into the ocean, a place of angry winds, towering waves, and terrifying storms. Navigation was hazardous there, and soon Diaz turned back. When he reported his voyage to King John II, Diaz named that point of land "The Cape of Storms."

King John, a capable navigator in his own right, did not approve of Diaz' title for Africa's southernmost point of land. He

felt that when that promontory was passed there would lie ahead a clear sea route to India, so he renamed the point "The Cape of Good Hope." And a few years later, in 1498, another explorer, Vasco de Gama, proved the validity of King John's insight. Spurred on by Columbus' recent discovery in the New World, Vasco de Gama sailed around the Stormy Cape of Good Hope, steered northward beyond Zanzibar across the Indian Ocean, and reached India by sea. Ever after, "The Cape of Storms" has been known as "The Cape of Good Hope."

This life of ours is often stormy, but on the other side of the turbulence lies a vast continent of possibilities for richer living than we heretofore have known. This is true of our handling of fault-finders. Criticism is hard for some people to weather, and there are few tests of a person's inner quality so thorough

as how he accepts criticism. When censured ever so gently some people blow up. Others sulk and brood. Some are emotionally ruined. Many have produced no more than their first picture or their first musical composition or their first book because someone found fault in that initial effort. The victims have not considered that if the criticism was false, it could be ignored, and if it was valid, they ought to thank the critic for pointing out a defect that might have been overlooked and never corrected. Sail through the first few storms of resentment at the criticism that falls upon you and you will find beyond improved skills and enriched character made possible by the freshened insights you have gained of your own nature.

This is true of our violent griefs and bereavements. For a time they seem impossible to navigate. We feel sure we shall flounder and be wrecked. Then on the

other side of the promontory the winds soften, the waves subside, and we emerge upon calmer seas. Sorrow is still with us, but no longer is it tumultuous. Bitterness and resentment at what life has brought to us abates. A sweetness of memory and a quiet gratitude for those we have loved settles upon us.

When any kind of trouble comes, remember that the God who is in control of all things has so fashioned the universe that no storm can last forever.

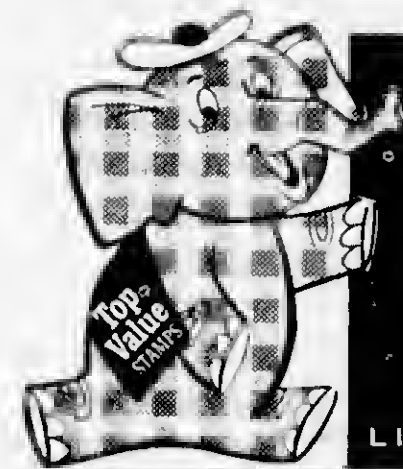

Why not try waffled French toast for breakfast? Butter both sides of slices of slightly dry bread. Dip the bread in regular French toast batter, and bake the slices in your hot waffle iron until they are brown and crisp. Serve with usual accompaniments syrup, jelly or honey.

A Michigan State farm economist estimates a fall high of \$14 to \$15 per hundredweight for hogs.

ODDS 'N ENDS

By Fran Martin

If you've been catching fish out in Lake Charlevoix that you couldn't identify, maybe they're under-sized wall-eyed pike that were planted last summer. . . . We understand that a number of the fish have been caught . . . and taken home . . . by fishermen who didn't recognize them for what they were . . . It seems they have to be 14 inches long to be legal size . . . So when in doubt, return them to their watery home . . . The plea comes to you at the request of the local Rod and Gun club which supervises the planting of the fish.

How'd you like that pooch Tommy Webb turned up with recently when he came to visit his grandmother, Mrs. Charles Novak? . . . It had the saddest looking mug we've ever seen any place other than one on a bloodhound . . . In fact, he looked as though he might be related to Cleo, of television fame . . . You see, it's a Bassett hound and the darndest lookin' animal we've seen in a long while . . . Seems Tommy selected him from among many 'cause he was so sad . . . We'd tell you his name but we can neither spell it or say it for it's one of the family, the Major Webbs, picked up when they were in French Morocco . . . We might say it's strictly Arabic to us . . . But he's still a mighty nice pooch . . .

There's a saying that you can't teach old dogs new tricks . . . But we have proof that that does not apply to people . . . We hear that Mr. Asahel Tillotson of Bay Shore, who'll soon be 87 years old this Fall, has taken to the air . . . His grandson, Don, was here from out Iowa-way recently and offered his grandfather a plane ride for the umpteenth time . . . and was he surprised when his offered ride was accepted . . . So, off they went, into the wild blue yonder . . . Quite an experience at that age, we'd say . . .

Met another of our fishin' friends recently . . . James Annis Sr. of Chicago . . . Seems he's another one of those guys who has the magic touch . . . catching fish when no one else even gets a nibble . . . and for you fellows

who go fishing to meditate, we've got news for you . . . Mr. A. says when you want to catch fish you must concentrate on the issue at hand, namely fishing, and not day dreaming about something else . . . Maybe that's why we can't catch fish . . . We can always think of a couple dozen other things . . . Just like we're not a good television viewer . . . We can always think of some comment to make on the picture or event or what have you . . . And we just don't like to keep quiet that long!

And in case you're interested in the schooner, the Jennie Mullen we mentioned last week, we've got all kinds of info about it . . . George Finucan told us that he once played on it as a kid when it tied up at the south shore of Round Lake where Jack Cross now holds forth . . . Pete Burns told me that the hull is one of those in the ship's graveyard at Oyster Bay and as a kid he used to play on its deck . . . And from Byron O. Smith of Grand Rapids comes this interesting bit of history . . . Seems the boat was purchased by his grandfather, the late Capt. Timothy D. Smith from Helene Sandus of Chicago on Sept. 22, 1894 . . . The ship was a two-masted schooner 117 ft. long of 206-29/100 tons . . . The bill of sale which Mr. Smith still has states that Mrs. Sandus was the sole owner of the boat at that time . . . Mr. Smith's father, the late Capt. Oscar J. Smith, sailed the Jennie Mullen for several years out of Pine Lake to Chicago, Milwaukee, and other ports carrying tan bark, lumber and other lumber products . . . When the lumber era died out, the schooner was put in temporary anchor in Oyster Bay but this proved to be permanent retirement . . . Mr. Smith recalls making trips aboard the schooner as a boy . . . Wouldn't it be fun to renovate the old sailing vessel.

A few weeks ago we sent out an inquiry regarding wild rice in behalf of Dr. Walter Hoffmann who's interested in planting some on some property north of town . . . We didn't find out exactly where to get the seed but we got information . . . Miss Anna Kempler who's here for the summer advised that he contact the Dept. of Agriculture in the state of Minnesota where the stuff grows . . . Seems she comes from the state and knew it was harvested there . . .

Last week came a note from Mrs. Harold (Mary Willis) Pomroy plus a clipping regarding the harvest of the rice . . . Seems it is harvested only by the Indians who live on reservations in the state . . . According to a clipping which appeared in the St. Paul Dispatch, the general wild-rice harvest was scheduled to begin Aug. 27 in water areas north of Chicago, Anoka, Sherburne, Benton Stearns, Douglas, Grant and Traverse counties . . . Only Indians and other residents of the reservation may harvest rice within the White Earth, Leech Lake, Net Lake, Vermillion, Grand Portage, Fond du Lac and Mille Lac reservations . . . So, if you know where those places are, you'll know where wild rice, that you see on the grocer's shelf, comes from . . . Mary promised us some when it appears on the market along with a re-

You probably know the nursery rhyme "Where, oh, where, has my little dog gone." . . . We'd like to do a parody and sing where, oh, where, has the summer gone . . . with the days so cold and the weather so moist . . . where, oh, where . . . September is with us and it's hard to believe that the summer we had anticipated so much is no more . . . Or should we say, never was . . . From now on we'll treasure each beautiful day because the wind will soon be howling and the snow flying . . . What are we saying!

After this week the majority of our summer visitors will be gone . . . and we hardly saw them . . . We often wonder if they appreciate what it's like for those of us who remain here . . . Until we become acclimated it's a pretty lonesome place . . . not seeing all of you around . . . And after a while we realize we won't see you around the next corner so we settle down to the business of living in a resort town until June . . . When, God willing, you'll all be back with us . . .

Youngsters here are being gathered in from the fields, the beaches and backyards where they've had things pretty much their way for the past three months and are being groomed and primed in preparation for the opening day of school Tuesday . . . or the kindergartners it will be a big day and for the mothers who are sending off their young ones to the classroom for the first time will come the realization that little Jack or Jan has flown the nest . . . is going out into the wide beautiful world to start the job of becoming educated . . . And to the old-timers, first graders on up, it's back to the old grind . . . Now we pity those teachers those first days 'till the kids get vacation out of their systems and settle down to classroom routine . . . And then there'll be assignments and football and parties and dancing and homecoming and Halloween and dates and Thanksgiving and basketball and before we know it Christmas will be here and the year will be gone . . . What are we doing wishing your lives away.

Carson-Klooster Softball Team Captures Class 'A' League Title

The Carson-Klooster softball team captured its third straight Class A league title last week by coming from behind to edge Freedman Artercraft 3-2 in the one-game play-off for the league championship.

Ted Potter pitched a tight one-hitter with Fritz Puff puff of Freedman's hitting the only safety for the losers.

Team Managers voted for a one-game play-off for the title when it was found that both teams were losing key players this week.

Freedman's jumped off to a 2-0 lead in the first two frames on two errors, a walk and a sacrifice bunt.

Carson-Klooster picked up a run in their half of the second inning when manager Don Carey singled sharply through the middle and went all the way around when the ball escaped the center fielder.

Then came the disastrous fourth inning when two costly errors by the pitcher put Carson-Klooster runners on first and second base. Terry Davis scored. Bud Klooster with a single and Kit Carson brought Ted Potter home with the winning run on another one bagger.

Freedman's had two base runners on in the sixth but lacked the punch to bring them home.

In Class B league championship game, Pontiac-Cadillac was coasting along with a 5-3 lead when Zephyr came up with three runs in the last of the seventh to cap the title by a score of 6-5.

Pitcher Bob Maxfield was moving along on a neat five-hitter when he lost his control and walked the first two Zephyr batters in the seventh. A strike-out eased some of the pressure before another walk loaded the bases. One run then scored on an infield out, a wild pitch scored the tying run and a passed ball allowed Ken Wojan to score from third to give Zephyr the game title. Wojan and Tom Lakies each had two hits for the victors. Dale Puunan and Maxfield led the losers with two safeties apiece.

In the Peanut league, the Red Sox edged the Dodger 9-7 for the title.

A four-run first inning sewed up the contest for the Sox. Three walks plus singles by Jim Ferguson, Jim Racignol and Jim Stewart produced the runs. However, the Dodgers had the bases loaded in the seventh but couldn't produce the hit necessary to tie the game.

Roger Towsley had a double and a single for the Dodgers.

In a ceremony preceding the Class A championship game between Carson-Klooster and Freedman's, the Peanut league champions were presented to the assembled crowd by Dean Davenport. Their manager, Bill Marme, then presented the players with certificates stating that they were

Charlevoix county dairy farmers can get an accurate culling and feeding guide for their herds for as low as 5 cents a cow per month.

This is possible through a low-cost record keeping system that gets underway in Charlevoix county Oct. 1, according to County Agricultural Agent Ed Reiman. The system is called the "weigh a day a month" plan and is being sponsored jointly by the Michigan Cooperative Extension Service and the U. S. Department of Agriculture.

For this low fee, the monthly milk production, total production to date and the yearly total production for both individual cows and the entire herd is calculated. The farmer weighs the milk from each cow in his herd, morning and night, one day a month and sends the recorded weights to

does not "want" and earnestly seek after self-improvement, more knowledge, more wisdom, improved character, better conditions in community and in the world at large has fallen into a pit of satisfaction that will imprison his finer sensibilities, halt his spiritual progress, and stunt his growth.

Everyone who aspires to be better and do better is "in want." He wants to change and to excel. While not seeking to out-do everyone else, he is trying to surpass his nearest, most difficult competitor—the self he was yesterday.

A man who boasts that he is a "finished" artist or a "finished" musician or a "finished" speaker has better reconsider. He may become in that—finished. If he thinks of himself as having reached all his goals and as having satisfied all his ambitions, he is now beyond improvement. It is done for.

Again, contentment may be misapplied into self-centered greed and selfishness, so that a person's life is devoted to clutching what he has and hanging on to it for dear life lest someone somehow get some of it away from him. America's most miserly and miserable millionaire died in 1915 in his home at Fifth avenue and 39th street in New York City. When quite young, he and his six sisters had inherited a vast family fortune. In order to keep all the money in the family the millionaire remained a bachelor all his life and succeeded in keeping five of the six girls virtual prisoners in the house so that they might not marry and risk spending some of the money on it—laws and other "outsiders." The old bachelor succeeded so well in teaching his sisters frugality that when the last one died in 1931, she left an estate amounting to more than one hundred million dollars. But so content was she merely to hold on to her wealth and stash it away that she never had a telephone, nor electricity, nor an automobile. She had but one dress, which she made herself, and she had worn it for twenty-five years! That woman could have been improved with a generous dash of discontent added to her nature.

Discontent with the lot of others has been a spur to splendid achievement in the area of social reform. Jane Addams had troubles enough for several women, having lost her mother when she was but two, then being attacked by typhoid fever, and soon after, developing tuberculosis which left her with a crooked back and with her head drawn painfully to one side. Throughout her youth she spent many months in hospitals in a plaster cast or a steel-framed jacket. But Jane Addams' physical difficulties were not what bothered her most. She was disturbed by the lot of the poor.

One Sunday afternoon Jane Addams went riding with her father through the streets of Foxport, Illinois. While passing through a slum section the frail girl pulled on her father's arm and said, "When I'm grown up, I want to live right next door to poor people, and then I can play in my yard." As she grew to maturity,

the Charlevoix county extension office. Arrangements will be made there for the necessary computations.

To show the value of culling low producing cows, Agent Reiman cites this example: Cows producing 6,500 pounds a year,

about the average for Michigan, returned \$125 over feed costs last year. A 20-cow herd would have returned \$2,500 above feed cost. On the other hand, the average cow in dairy herd improvement association testing returned about \$235 above feed cost.

THAT'S A FACT

FOR ALL WE KNOW, STARS WE "SEE" IN THE HEAVENS "DISAPPEARED CENTURIES AGO!" WHAT WE ACTUALLY SEE ARE PHOTONS OF LIGHT FROM THE STARS WHICH HAVE BEEN TRAVELING BACKWARD FOR HUNDREDS OF LIGHT YEARS AFTER THE HEAVENLY BODY CEASED TO EXIST!

A WORD...

...FROM SECRETARY OF THE TREASURY HUNTER: "THE CONTINUED SUCCESS OF THE U.S. IS THE SUM TOTAL OF ALL THESE INDIVIDUAL EFFORTS THAT MAKE OUR COUNTRY SUPERIOR TO ANYTHING KNOWN IN THE WORLD BEFORE! AND BEING U.S. SAVINGS BONDS CAN BE AN IMPORTANT PART OF THAT EFFORT!"

Jane Addams' discontent with the conditions surrounding slum children grew too. At last, with the help of a friend, she founded Chicago's famed Hull House, where she worked for nearly half a century and where her concern and care for hapless children won her world renown and a Nobel Prize. The motive for Jane Addams' monumental work was dissatisfaction with the lot of others.

Wanting a good thing is the first step toward getting it, and everyone should be wanting and seeking the highest good. One of the worst of things that a person can say is, "I shall not want."

Yet, "I shall not want" is a splendid utterance of faith, for while contentment can be perverted to ignoble uses, when made of the right stuff and properly employed, contentment is one of life's highest achievements. But how do you get it? If contentment, like cake, is a composite of many ingredients, what are the attitudes of which it is made?

Contentment includes freedom from shame and depressing guilt. No one can enjoy peace of mind whose life is plagued by a craving for secrecy and a chronic fear that others will discover what he has covertly done. Such feelings may be generalized so that one simply feels "no good" and of "no account," or they may be specific so that one can point to the hour and the place where the shameful act was performed, when a sacred trust was violated, when the lie was told, the money was embezzled, high standards were ignored, or a wild passion was indulged. Or the fears associated with one's sins may be related to the physical or moral consequences that are sure to be waiting a chance to pronounce a verdict. A person who pampers and gratifies his weakness for alcohol, temper tantrums, abnormal or unlawful sexuality, gossip, or sharp and shady business dealings will not find enduring peace of mind. Around every corner of his mind will lurk the dread of possible consequences of his deeds. For such a guilt-haunted mind there is only one satisfying answer, God's forgiveness and a clean life thereafter.

Contentment at its best is a consistency between belief and behavior, between our standards and our deeds.

Contentment is not provided by an expensive house but by a good home where mutual consideration and love dwell, as well as people. From such a home one

can go out in the morning with strength and return in the evening with happy anticipation. Contentment is composed of happy memories of things past, the enjoyment of things present, and the hope of good to come.

Contentment is made of a consciousness of the inexhaustible abundance of spiritual power around us upon which our spirits can endlessly draw. Just as when we live in the midst of a material sufficiency of food, drink, and shelter and good air we are not "in want," so the awareness of plentiful spiritual resources supplies contentment.

Contentment contains a liberal measure of gratitude for what is presently ours, right here and now. A young man slowly recovered consciousness on a hospital bed. His hands were gone. The white bandages on his arms covered stumps where fingers once had been. Harold Russell, a sergeant paratrooper in World War II, was now a cripple, a victim of a training camp accident. Yet this soldier who cared little just now whether he lived or died was to achieve happiness, marry his childhood sweetheart, achieve fame as an actor, write a best-selling book, and be an inspiration to thousands. All this in spite of—or possibly because of—having books where hand should be.

What was Harold Russell's secret of happiness? As he put it in his own words, "There is no easy formula for a happy living. Anyone who says he has one is either joking or lying. Even if I could, I have no intention or desire of putting forth any patented, neatly packaged recipe of my own. But there is one simple thought I should like to pass on if I may. It is no sure-fire prescription for happiness; it is not guaranteed to bring any bluebirds singing in your back yard. I offer it merely because I found it can help prevent much vain regret and self-defeat. It is not what you have lost, but what you have left that counts." There were two things he would not allow himself to want—his hands. Contentment is composed in part of looking with gratitude upon what we have rather than longing for the return of what we have lost or can never possess.

Possessing contentment is like owning a cake. You can't have the whole without having the parts. The only way contentment can be yours is by your having first the ingredients of which it is made.

First Day Enrollment Totals Are Announced

First day enrollment in the Charlevoix public schools this year was 868 students in the kindergarten through the twelfth grade or one less than on the same day last year, Supt. R. G. Bennett, announced Tuesday night.

At St. Mary's parochial school, however, the enrollment jumped from 85 in the second through the eighth grade to 111 in the first through the eighth grade this year.

School officials pointed out that these are only first day enrollment figures and will be more when the official enrollment for the year is taken three weeks from now.

Public Library On New Schedule Effective Monday

A new schedule for the Charlevoix public library was announced Tuesday night.

Effective Monday the library will be open only from 2 to 5 p. m. Monday through Friday.

The closing of the library on evenings and Saturdays was ordered by the Charlevoix Board of Education in an effort to curtail school expenses when the school, which finances the cost of operating the library, failed to receive enough millage to balance its budget for the year.

Miss Florance Milner, librarian, has been given additional classroom duties now that the library hours have been changed.

Most recent addition, she said, was a dress which once belonged to Mrs. Benjamin Harrison, first president general of the D. A. R., which is being restored for the collection.

At the business meeting which preceded the luncheon, state chairmen reported on their respective activities.

Members were also reminded that the week of Sept. 17-22 is National Constitution week and that Sept. 17 has been designated as National Constitution Day in the State of Michigan by Gov. G. Mennen Williams.

Among the 10 members of the Petoskey chapter who attended the meeting were Mrs. Earl A. Young, Mrs. Angeline L. Fochtman, Mrs. A. F. Coulter, Mrs. C. C. Coulter and Mrs. C. S. Webster.

Harry Ladd Honored

Harry W. Ladd pictured with the rain gauge which is equipped with a windshield for a more accurate record of precipitation. The equipment, supplied by the Weather Bureau, is located in his yard at 205 State st.

Every community has its unsung heroes... people who, do the everyday routine things that have to be done with no thought of compensation for their efforts.

Among these in Charlevoix who come under this heading is Harry W. Ladd, who has been commended by the U. S. Department of Commerce Weather Bureau for 10 years of service as a weather observer.

In a letter addressed to Mr. Ladd, Gilbert E. Stegall, supervising climatologist of the Weather Records Processing Center with headquarters at Kansas City, Mo., wrote: "On behalf of the Department of Commerce and the Chief of the Weather Bureau, it is our privilege to present you a token of appreciation for long and faithful service as Weather Observer. The enclosed emblem represents 10 years of unselfish weather service to your community state and nation."

"You have added valuable data to the store of climatological information by keeping records in all kinds of weather."

"We are grateful for your diligence over the years and it is a genuine pleasure for us to honor you."

As weather observer Mr. Ladd checks the precipitation at a given hour every day in the year and keeps a record not only of this but other unusual weather conditions such as high winds, fog, electrical storms, hail and, in the winter, the depth of the snow on the ground.

The information thus compiled is used on agriculture, industry, and by construction companies.

Charlevoix To Meet Rogers City Here In 1956 Season Opener

The Charlevoix Rayders, coached by Don Carey, will open their 1956 football season against a non-league rival, the Rogers City Hurons, at Kipke field at 8 p. m. Friday.

It will mark the Rayders initial appearance on the gridiron against a team which last year handed them their only defeat of the season, by a 13-0 score.

The Rayders are out to avenge that defeat this week after three weeks of practice during which Coach Carey has concentrated on conditioning and fundamentals with the past week devoted to drills and plays.

In commenting on the team, this week Coach Carey said that this year's candidates could be molded into a nice hall club when and if the players realize that it takes effort and hard work. "At times," he continued, "they have looked good, but at other times I have had my doubts about them."

On Wednesday he had not named his starting line-up but said that Ken Balch, a senior halfback, weighing 170 pounds, would be in the starting line-up along with Terry Davis, another regular fullback. Only other letterman available for the backfield will be Larry Ingalls (170) who is expected to start in the fullback slot or at tackle, depending on where he is needed.

Bob Mol at 140 pounds will probably do the signal-calling and Ron Anderson, a 145 pound halfback up from the Reserves, may start in the fullback position.

Balch and Davis, both regulars (Continued on page 10)

Announce Date To Obtain 1956 Deer Licenses

Deer hunters will be able to purchase licenses and obtain application forms for special season permits after Sept. 16, the Michigan Conservation Department has announced.

The applications, together with detailed information on special season regulations and areas, will be available after that date from license agents, Conservation district headquarters and other selected field officers.

Hunters who wish to obtain a permit for the any-deer season should purchase a regular deer license for the firearm season Nov. 15-30; fill out an application form for a permit, specifying the special area desired and include the number of the hunting license and mail the application form to the Conservation Department in Lansing before the application deadline, Oct. 10.

The application system will be the same for areas with a Dec. 1-2 special season and for the Lake-Newaygo county area and the Bois Blanc island special seasons Nov. 15-30.

Each hunter may submit only one application. However, a hunting party may have all its applications treated as a single application by submitting them in a single envelope with a request for such consideration. If there are more applications than permits in an area, a drawing will be held Oct. 20 to determine distribution of permits.

Successful applicants will be sent a "credentials" card which is the permit. Permits can be used only by the applicant and only in the area specified on the permit.

The unsuccessful applicant still will have a chance to obtain a permit for another area if quotas for all areas are not filled. The surplus permits for any area will be distributed on a first-come, first-serve basis.

ODDS 'N' ENDS

By Fran Martin

Every year about this time some of Mother Nature's children get out of hand. This year it's the forsythia, according to Mrs. Allen Campbell, who reports that one sprig of the lovely yellow shrub is in bloom. It could be that the warm days we had over the Labor Day weekend made the bush think that spring was coming a little early this year.

If the temperature keeps going down, we won't be having much of anything in the way of fall flowers 'cause they'll be nipped by Jack Frost. It was down to 12 early Saturday evening and no doubt was colder than that during the night. We had hopes that it would warm-up and we'd have some beautiful fall weather. Incidentally, there was hail in the rain that came down one day last week. We sought shelter, along with several others when the sky opened up. Bill Flynn, who happened to be one of those under the eyes of the Weatherman, offered this comment, "Our first snowfall!" There ought to be a law against people making remarks like that. The snow will fly soon enough. But first we want some Indian summer.

Autumn is football time and northern Michigan football fans will have a look at their favorite teams this weekend. Our own Baydewers will be taking on Rogers City, a Class B combo from the other side of the state, while other teams will be taking on non-loop opponents. It looks like a good season from where we sit. So how's about getting out and giving our Baydewers your support. There's nothing, but nothing, that's more fun than going to a high school football game. Give a try and you'll see what we mean.

Have you noticed that 'brighter than red' red hunting jacket Walt Henley's been trying out on the golf course recently? It is for hunting, we're told, but he's breaking it in by wearing it around the municipal golf course. "getting the feel of it," he says. Incidentally, it's the gift of a group of local golfers who wanted to show their appreciation of his fine work on the course so they got together and presented him with the jacket. A nice gesture on the part of a nice bunch of people in behalf of a nice guy.

The orchid of the week to a guy named Harry Ladd. We have a story on him and on the job he does for the Weather Bureau. It's a thankless kind of job that someone has to do and he's been doing it for 10 years. If there's one thing we hate it's routine. But he's someone who does the most routine of jobs without ever a word of complaint. So we think he deserves a lot of recognition.

Did you ever in your life see such beautiful cloud formations as we've been having lately? One time they're like huge halls of cotton and next they're tumbling across the sky and when the sun sets they take on a myriad of colors. A beautiful, beautiful sight. And at night a sliver of a moon harts among them. Or so it seems.

McBride - Roberts Marriage Vows Spoken In Double Ring Ceremony

Betty Jean McBride, daughter of Mr. and Mrs. Carl O. McBride, became the bride of Merlin D. Roberts, son of Mrs. Bertha Roberts and C. A. Roberts of Lake City, at an impressive candle-light ceremony solemnized at the First Methodist church Saturday evening.

The Rev. Cecil Scott of East Jordan read the double ring service in the presence of 300 guests. The altar was flanked by baskets of gladioli in autumn shades and lighted tapers in candelabra.

Preceding the ceremony Mrs. Doyle Warner sang "Through the Years" and "Because", accompanied by Mrs. Herbert H. Hamlin who also played a prelude of organ music and the wedding march.

The bride, given in marriage by her father, chose a gown of white nylon chiffon, tulle and satin for her wedding. The fitted bodice featured a scooped neckline and the bouffant skirt was of tiers of tulle over satin. She wore long white gauntlets and a fingertip veil which fell from a seedpearl crown. Her cascade bouquet was of sweetheart roses and feathered white carnations.

Sue McBride, as her sister's maid of honor, wore a gown of pink tulle and net over satin with a matching satin jacket and a headdress of pink net. Mary Roberts, sister of the bride, as bridesmaid, wore a similar gown and jacket in yellow. Their bouquets were asters in deep fall shades.

Carlyle Roberts assisted his brother as best man and another brother James Roberts of Mt. Pleasant, was groomsmen. Joseph Hamel of Detroit, nephew of the bridegroom, and C. Eugene McBride, brother of the bride, were ushers.

Mrs. McBride selected a blue crepe dress, navy accessories and a corsage of pink roses for her daughter's wedding. Mrs. Roberts, mother of the bridegroom, wore a navy linen suit, red accessories and a corsage of red roses.

A reception in the church parlors followed the ceremony. Doris McBride, Joan Roberts, Beverly Richardson and Elaine Peters assisted.

For traveling on their northern Michigan wedding trip, the bride wore a navy suit, white accessories and a corsage of white gladioli.

The bride is a senior at Central Michigan college in Mt. Pleasant where she is affiliated with the Delta Sigma Epsilon sorority and the Commerce club. Upon her return to college she will do practice teaching at the Midland high school and later will extern at the Plainwell high school. The bridegroom is attending the Michigan Veterans Vocational at Pine Lake near Dozier.

Dona McFarland, James Klooster Exchange Vows In Barnard Church

The Barnard Reformed church was the scene Saturday evening of the wedding of Dona McFarland, daughter of Mrs. William West and the late Franklin P. McFarland, and James Klooster, son of Mrs. Albert Klooster and the late Mr. Klooster.

The Rev. Wilson Rinker officiated at the double ring service before an altar decorated with baskets of gladioli in pastel shades for the candlelight ceremony.

Mrs. John L. Boss played a program of traditional music and the wedding marches and accompanied Mrs. Charles J. Pontius who sang "O Perfect Love" and "The Lord's Prayer."

Escorted to the altar by her brother-in-law, Franklin Boss, the bride chose a ballerina length gown of white lace and taffeta

for her wedding. It was fashioned with a bouffant skirt of net over taffeta and a lace bodice which buttoned to the waist in back with self-covered buttons and featured a jewel neckline and long tapered sleeves. Her fingertip veil fell from a seedpearl headdress and she carried an arrangement of sweetheart roses and feathered white carnations on a white bible.

Mrs. Howard G. Struthers of Petoskey was her twin sister's only attendant. She wore a ballerina length gown of soft green net over taffeta styled with a fitted bodice, bateau neckline and full skirt. Her headdress was of sweetheart roses and she carried a bouquet of pink carnations.

Immediately following the ceremony, a reception was held in the church dining room. John L. Boss was master of ceremonies.

Harry Ladd Honored By Weather Bureau

(Continued from page 1)
and utilities. For instance, the weather bureau advises that Elk Rapids is the most northerly point in the state where peaches may be grown successfully on a commercial basis. The information compiled throughout the years by observers throughout the area such as Mr. Ladd makes it possible for the weather bureau to make available such specific information regarding weather conditions anywhere in the country.

How did Mr. Ladd first become a weather observer?

He saw a plea by the Department of Commerce for an observer in this area in the Charlevoix Courier in August 1946. Being a community-minded person, he answered the plea and has been doing it ever since. "It's the kind of a thing that grows on you", Mr. Ladd relates. He went on to say that at first it was just a matter of keeping a record. "However, after a while you start keeping a record of temperatures and other information for your own personal file. I have found it very interesting."

To give you an idea of the information recorded by Mr. Ladd, the rainfall for the past five months, from April 1 through August 31, amounts to 12.85 inches, with a maximum of 3.23 inches recorded in July and a minimum of 1.74 in June. This compares to 3.39 inches during the same period in 1955 with a maximum of 2.55 in April last year and a minimum of .32 inches in July of the same year. When this information is recorded over a period of years, it becomes an easy task for the Weather Bureau to give an accurate weather picture on any area in the country.

Mr. Ladd now serves as a field advisor for the Michigan Employment Security Commission in the Charlevoix-Emmet-Cheboygan area. When he is not at home to check the rain gauge, Mrs. Ladd and their son, Jim, who are as interested in the project as he is, compile the records which are mailed to Lansing and then forwarded to the Weather Records Processing Center.

1956 Enrollment In Schools Announced

(Continued from page 1)
The first-day enrollment figures for the Charlevoix public schools for 1955 and 1956 follow:

Elementary School	1955	1956
Grade Kindergarten	74	80
First	67	75
Second	87	70

Fourth	77	58
Fifth	50	68
Sixth	70	63

Students at St. Mary's school are enjoying their new classrooms for the first time. The increased enrollment necessitated opening a third classroom which is being taught by Mrs. James Douma of Petoskey.

The enrollment in the school this year is the highest in recent years. Rev. Fr. E. F. Denay said Wednesday, in announcing the first day enrollment figures. While the new school was being built last year, classes were held at the American Legion post home. In an effort to alleviate the crowded conditions, first grade students were enrolled in the public school. This year those students plus those who are first graders are now attending St. Mary's.

The first day enrollment figures which are expected to increase in the next few weeks are as follows:

St. Mary's school	1955	1956
Grade First	18	—

Third	19	12
Fourth	11	9
Fifth	9	10
Sixth	11	10

Seven Northern 'C' Conference Teams Open Schedule This Week

Seven Northern Michigan Class C football teams will launch their 1956 football season this weekend against non-conference rivals.

Boysen City will take on the Petoskey St. Francis team at Petoskey at 3 p. m. Friday with Charlevoix hosting Rogers City, Gaylord traveling to Cheboygan and Mancelona entertaining Kalkaska at 8 p. m.

Three Saturday games are scheduled including the East Jordan-St. Ignace game at East Jordan at 2:30 p. m., the meeting between Itasca Springs and Onaway on the Rams field and Pellston at Cheboygan Catholic Central at 8 p. m., Saturday night.

Coach Paul Pfahler has named his tentative line-up for the game but one regular on whom he was counting as a signal caller will be missing. He is Doug Newell, who suffered a fractured left lower arm in practice last week.

The accident has necessitated moving regular end, John Judy, to the backfield to take over the quarter back duties. Another regular, Carl Chabon, at 175 pounds, will take over his duties as fullback with a letterman, Ron Hallock, at 155 pounds, playing left halfback.

Don Grundel, a junior transfer from a Florida school, is expected to start in the other halfback position. Ron Robbs and Harry Coffey may also see some action on defense.

In the line Rick Casper, a junior letterman, will replace Judy at end with Bob Christensen playing the other end position. Ed Barden, a regular and Jim Brad-

ley at 175 and 160, respectively, are expected to get the tackle assignment; while Bill Nulph (175) a regular, and George Shotelis, a 170 pound sophomore, will probably start as guards. Regular center Jim Camburn will assume his duties in the line.

At Mancelona Coach Matt Jacobson's tentative line-up against Kalkaska is expected to include either Ron Johnson (158) or Norm LaCroix (148) at the quarterback spot, Bob Johnson (154) and Ed Sutter (150) at the halfback positions and 178 pound John Phillips at fullback. In the line Dexter Bailey (162) and Dick Holstad (166), the latter a regular, are expected to get the nod for the end positions. As will Tom Munchback and Duane Hughey (167 and 174), tackles. Roger Burley (158) and Dave Alto (168), guards and Karl Erber (176) center. All are lettermen from last year's team.

Other who may see some action are Doug Molby, 162 pound junior, who may start at end, Bill Adler and Jim Butcher, backs and Larry Burtland, Jim Cook, Jack Hart, Tom Lytle, Gerald Ditrick and Bill Strindinger, linemen.

Coach Don Burnison of Gaylord has not picked his starting line-up but it is expected to include several regulars or lettermen from last year's squad. Among them will be Harry Wolf, 180 pound senior guard, Mike McKillop (150) who will play in the backfield or at end, Darwin Mason (150), another player who will play in either of the two positions.

Alan Alfording (185), Dean Bonther (150), Ed Penoyer (160) and Ken Garver (150), are seeking assignments at the end position.

At Pellston Coach Ray Brown has 23 candidates for the squad but limited practice sessions due to transportation problems, have created an obstacle.

Wayne Spray, a former guard, will be playing in the halfback position along with another line-man who has been converted to a back, Clark Marshall (185). Jim Robinson (190) will again play fullback and Basil Naganashe will call signals again this season.

Pat Cabinaw, a regular, and Jack Schmalzried, a letterman, both weighing 160 pounds, will hold down the end spots, Don Budzinski, 190 pound regular, and Gene O'Neill (185) or John Bonter (170) will play in the tackle spots with Nelson Marshall, a letterman, or Les Ball, both 170 pounds, playing right guard and Lee Archer or Jim Balinda, both 170 playing left guard. Don Malory (192) or Ed Miller, a transfer from Grand Blanc, will take over the center duties.

At Grayling where Coach Art Thayer's Vikings will not open their season until next week, four lettermen backs averaging 160 Ron Kellogg, Jim LaGrow, Aubrey Welch, halfbacks and Dick Moore, quarter back are among the 27 candidates for the squad.

Returning linemen are ends Bill Martin and Don Roberts, both 170; Bill Holzman, 190 pound tackle; Joe White, (195), tackle or guard and center; Wayne Ingalls (165). They are expected to form the nucleus of this year's line.

State's Local Banks Top Lender To Promote Michigan Farming

Michigan farmers met their credit needs during 1955 chiefly through loans from their local banks, according to Robert Bridge, President of the Charlevoix County State Bank. During the year the state's banks provided far more financial aid to farmers than any other lending agency, he pointed out.

Using figures from the 15th annual lending survey of the Agricultural Commission of the American Bankers association, Mr. Bridge noted that on Jan. 1, 1956, Michigan banks had loans outstanding to farmers totaling \$122,703,000 including both production and mortgage credit. This compares with \$47,520,000 held by Federal Land banks, second largest lender to Michigan farmers; \$15,242,000 held by insurance companies; \$8,536,000 by Production Credit associations; and \$18,621,000 by the Farmers Home Administration.

The total of farm credit outstanding in banks was made up of \$73,723,000 in production loans and \$48,980,000 in farm mortgages. In addition, banks in Michigan held \$8,964,000 in C. C. C. paper not included in the above total.

"The efforts of the state's banks to meet the increased needs for intermediate-term (one to five or more years) loans are reflected in the figures for both real estate and production loans outstanding," Mr. Bridge said. "It is estimated that about three-fourth of the farm real estate loans are for purposes normally associated with intermediate-length loans. This would include such projects as the purchase of new machinery, improvement of livestock herds, etc. Beyond that, a substantial portion of the production loans in banks at the beginning of 1956 carried a repayment period of longer than one year."

Mr. Bridge gave several reasons for the increasing importance of intermediate-term credit in financing Michigan farmers.

"First," he said, "farmers haven't had much income to repay their obligations during recent years as they had during the war and early postwar years. Second, farm capital requirements have increased to a very high level. Finally, changing habits of farmers' customers have caused a notable shift to different cropping programs. Each farmer who has made such adjustments employed new capital to do it."

"These investments made through the use of intermediate-term credit have greatly contributed to more efficient farm businesses in Michigan and to a higher standard of living for all Americans," Mr. Bridge stated.

Mr. Bridge reported that 394 of the 412 insured commercial banks in Michigan served agriculture by making farm loans during 1955.

Extension Group To Hold Dryer, Washer School

Planning to buy a washer or dryer or do you have questions about the laundry equipment you already own?

Then, Charlevoix county home demonstration agent, Clare Brown, suggests you attend the electric-automatic washer-dryer meeting to be held at the 4-H Building at the fair grounds in Petoskey on Tuesday, Sept. 18.

Eight of these meetings are being held throughout the state by the Cooperative Extension Service to provide up-to-date information to those consumers who are buying laundry equipment and to home demonstration agents and high school home economics teachers.

Open to all, the day-long program starts at 9 a. m. with coffee and doughnuts and a chance to visit equipment on display. From 9:30 to 11:30 home management specialists, Lucile Ketchum and Carol Morris, and agricultural specialists, Donald Brown and Robert Maddox from Michigan State University will discuss planning the laundry area, equipment selection, hot water supply, wiring and waste water disposal.

From 11:30 until noon, water conditioning equipment and quality water will be discussed by Margaret Dowdy, home economist with Dow Chemical Co., a leader in the utility and water conditioning field.

The afternoon program will include discussions on detergents, bleaches and package water conditioners. The M. S. U. specialists will also tell of the washing action of all machines and explain just how washers and dryers work. The last part of the program will include a panel of all speakers who will answer any questions from the audience.

All during the day's session, Clare says, the women will also have a chance to see a variety of machines which will be in operation.

The Charlevoix county women are planning a luncheon in the private dining room at the Arcadia at 12:15. All women interested in attending the luncheon, please phone JU 2-6232 for reservations.

Mrs. Sarah McNeil Honored With Party At Masonic Temple

Mrs. Sarah McNeil, pioneer resident of Boyne City and mother of Mrs. Charles Bellinger, was guest of honor at a party given Friday night at the Masonic Temple here on the occasion of her ninetieth birthday anniversary.

More than 200 friends and relatives gathered for the occasion. She was escorted to the seat of honor by Herbert B. Schofield who acted as master of ceremonies for the party which followed the theme "This is your life".

Her story started in Jones county, Iowa, in 1866. As the story was told many interesting incidents of her life were revealed. An old family friend, William Palmer of Oshkosh, Wis., whom she had not seen for nearly 50 years came for the party and is spending a week with friends in Charlevoix and East Jordan.

Refreshments were served from a beautifully appointed table centered with a birthday cake. Mrs. Angus L. Fochtman, Mrs. Ray Faulkner, Mrs. Neil Dorgan of Boyne City, Mrs. E. E. Wade and Mrs. George Bechtold of East Jordan, assisted by Irma and Marian Frost of Grand Ledge, presided at the refreshment table.

Guests were present from many northern Michigan communities as well as Cadillac, Grand Ledge and Dearborn.

Mrs. Lemcke VerWes, accompanied by Ann Gregory of Petoskey, are expected home this weekend from a two weeks vacation trip through the west which included a visit to New Jersey with the former's brother, George, and at Newport, R. I. with the latter's uncle and aunt, Mr. and Mrs. Frank Martin and Mr. and Mrs. Benjamin Gill, former local residents.

fled into the woods near Horton Bay after wrecking a stolen car when chased by Sheriff Rose. The latter's car was also damaged in the chase when he went into the ditch to avoid hitting a motorist who was backing onto the highway. Sheriff Rose said a farmer in the Horton Bay area saw two young men taking motor oil from a building on his farm and called the sheriff's office with a description of the their car. The car answered the description of one stolen near Kalkaska earlier in the week and Sheriff Rose went to the area where he sighted the car and gave chase.

Sheriff's officers joined with State Police troopers in the search for the pair which ended Sunday in the resort on Lake Charlevoix.

from last year's squad, are expected to furnish both the speed and the experience needed in the backfield. "I am depending on them to spark the offensive play and to back up the line on defense," Coach Carey said.

Norm Helms, a 170 pound letterman and end will hold down one side of the line with Steve LaBlance, a 170 pound sophomore or Joel Arvilla, a regular who weighs in at 185 pounds, getting the nod for the other end assignment. Arvilla may also be utilized at tackle where he played last season.

The tackle assignments are wide-open, Coach Carey said, with Barry Pishner and Ken Wojan, both weighing 200 pounds, Ted Mason at 155 and Scott Supersaw at 160 candidates for the opening game.

Phil Timmer, a letterman, at 180 pounds, Bob Geer (170) and Norm Cook (160) will be called to play the guard positions and Stan Harwood (160) or Rod Osterum (155) are expected to start

at center.

Ernie Gablow, a junior guard, will be ineligible to play this week but will probably be in the starting line-up after this week.

Coach Carey said that this game will give him an opportunity to see how the players are going to perform as well as an opportunity to correct errors and plug weak spots before the Rayders open their conference schedule against Harbor Springs next week.

Nobody ever gets anything for nothing, but a lot of people keep trying.

City Council Approves Removal Of Two More State St. Islands

The Charlevoix city council approved the removal of two more islands in State st., at its regular meeting Monday night.

The islands to be removed this fall if the city street department has the time will be those located between Park ave. and Clinton st. The first of the five islands was removed earlier this summer. This one was located between Mason and Antrim sts. The islands between Clinton and Mason sts. will be the only ones remaining when the project ap-

proved Monday night is completed.

The removal of parking meters effective Sept. 18 was also approved as was the purchase of an Aerifier, a piece of equipment which makes holes in the greens at the golf course thus allowing air and water to penetrate the soil more freely. The Aerifier will cost \$550.00 and will be used at the Municipal golf course.

A resolution asking that the Greyhound Bus line re-establish the Detroit bus route was approved. Copies will be mailed to the company and to the Michigan Public Service Commission. The bus which left her daily for Detroit via East Jordan, Ellsworth and other northern Michigan cities has been discontinued and passengers must now transfer at Traverse City.

Bills totaling \$13,795.95 were approved and ordered paid.

A proposed Christmas decorations contest to be sponsored by the Charlevoix Municipal Utilities was brought up for discussion by Hal M. Hill, City Superintendent. A prize of \$25.00 will be offered to residents of each of the three wards for the best decorated homes. The contest will be limited to the residential area only.

Decorations for the business district were also discussed. During the next few weeks city crews will work on the proposed new decorations which will be put up early in December.

Plan Homecoming Festivities For East Jordan Game

Plans for the annual Homecoming football game and related festivities were made at a meeting of the Charlevoix high school Pep club this week, Anne Radigan, president of the club, has announced.

The event will be held this year in connection with the Charlevoix-East Jordan game Sept. 28.

The Homecoming festivities will include the annual parade with prizes for the best floats offered by the Pep Club, the selection and coronation of the Homecoming Queen, the welcoming of the alumni climaxed by the football game and Homecoming ball.

Every high school class as well as other organizations are expected to enter floats in the parade.

Enthusiasm is running high as members of the Pep Club and Coach Don Carey's Raydors football squad prepare for the Homecoming event.

The Wilson Evangelistic party is conducting meetings at the Assembly of God church at 203 E. Upright ave., the Rev. T. B. Thudson, pastor of the church, has announced.

The meetings will continue through Sept. 30. The Wilsons have been in the ministry for many years. They pioneered a church in Chatham, Ont., and later were at the Berea Tabernacle in Detroit for 10 years. In addition they have conducted three preaching missions overseas in the British Isles and on the continent.

As an added feature of the services, Rev. Mr. Wilson portrays in oils a beautiful scene while Mrs. Wilson sings selections in keeping with the theme of the picture.

Among the many subjects that the Wilson party will preach is prophecy, the titles of which will be announced so members can be sure of hearing the message.

C. A. Robinson Speaker For Women's Group

Good schools make good communities. Charles A. Robinson, Charlevoix county superintendent of schools, told the members of the Charlevoix county Women's Committee of the Farm Bureau at a meeting held Friday at the home of Mrs. Hiram Brock.

Children are this country's most valuable asset for they are the leaders of the future, Mr. Robinson continued. It is important that they be given every opportunity for education and equality.

The Teacher's job is an important one for she has the children in the classroom during their most formative years.

He stressed the fact that the schools must keep pace with a changing society and that every child must be helped to obtain the greatest degree of education he is capable of acquiring thus aiding him in finding his particular place in the world.

Mr. Robinson listed driver training as one of the newest courses being offered in the schools and emphasized its importance. He also urged teachers to take advantage of the training schools in Mental Health offered today for it aids them in coping with class-

Mt. McSaubia Ski Group Will Hold Meeting Tonight

An important meeting of the Charlevoix Mt. McSaubia Recreation Corporation which is sponsoring the Mt. McSaubia ski run will be held at the Weathervane at 8 p. m. tonight (Thursday), Dr. L. E. Grate, president of the organization, has announced.

Everyone who is interested in Charlevoix and its future is urged to attend this meeting. You need not be a stockholder in the organization. The only requirement is an interest in Charlevoix and an interest in skiing either as an active participant or a spectator.

The turnout for the meeting Sunday night was very small, it was reported. At the meeting it was revealed that the organization has sufficient funds to install a ski tow but lacks funds for a shelter and operating expenses. These will be the major issues discussed at the meeting tonight.

If you are interested in Charlevoix, show that interest by attending the meeting tonight (Thursday) at the Weathervane.

Legion Auxiliary Makes Plans For Year's Activities

Plans for the ensuing year were made at the regular meeting of the American Legion Auxiliary held at Harbor Springs at 2 p. m. on Legion post home.

Members were urged to attend the district meeting for Legion and Auxiliary members to be held at Harbor Springs at 2 p. m. Sunday.

Mrs. J. Sidorowicz was hostess at the social hour which followed.

Humane Society Directors To Meet Area Officials

The board of directors of the Charlevoix county Humane Society will meet with county and city officials at the Charlevoix city hall Oct. 9 in an effort to obtain a coordinated program and financial support for the Society's small animal shelter at Boyne City.

The Society, a non-profit organization, has operated since 1934. They proposed to present a \$4,000 operational budget in the hopes that the Society can continue its work.

Memberships are now being sold at the cost of \$1.00 a year for adults and lesser sums for children. Memberships may be mailed to Mrs. Wesley L'Huillier, RR 3, Charlevoix.

At a recent meeting held in Boyne City the Society voted to allow the city of Boyne City to use its small animal shelter facilities until such time as the Society can again assume management of it.

Proposal To Raise Tax Limitation To Be Placed On Ballot

The Charlevoix county board of supervisors, at a special meeting held last week, voted 14 to 10 to place on the Nov. 6 ballot a proposition to raise the tax limitation up to three mills for a period not exceeding 20 years to finance a \$500,000 bond issue for an addition to Grandvue Hospital near East Jordan.

The bond issue was approved by tax payers in the Aug. 7 primary election by a vote of 1,429 to 1,337 but the proposed increase in the tax limitation on which all voters could vote, was turned down by 184 votes, 1,572 to 1,390.

The bonds cannot be issued without being backed by the necessary millage. For this reason the proposal will be placed on the ballot in the forthcoming general election.

The \$500,000 expansion program would add 60 beds to the present hospital which is county-owned and operated for aged people.

Probate Judge Floyd A. Supp circulated a petition to call a special meeting of the board of supervisors to vote on placing the millage proposal on the ballot in November. In the secret ballot cast at the meeting held last Wednesday night, 14 members approved placing the millage proposal on the ballot for another vote, 10 voted against returning it for a vote and one member was absent.

Survey Crew To Erect Tower At Mt. McSaubia

The U. S. Coast and Geodetic Survey crew has asked permission to erect a triangulation station on property owned by the city at Mt. McSaubia.

The point where the station will be erected is one of a network of thousands of similar points which are being placed from four to 10 miles apart throughout the United States, William N. Martin, Chief of the Survey party said. They form a basic framework for all the maps and boundary locations of the country.

Surveys of this nature have been made for over 100 years in all parts of the U. S. The work is undertaken at the request of federal, state and local agencies for their use in mapping in connection with engineering projects.

In order to determine the exact geographic position of a point, angles are measured at one station between several others usually several miles away. The work is done at night when atmospheric conditions are more favorable and more accurate instrumental observations are obtained. It is necessary to erect steel towers over the markers so that the surveyors can see from one station to another above the trees and houses. The steel towers are usually left standing about two weeks or until all work at the station is completed. It is dismantled and hauled to another station, leaving only the mark behind.

Permission was granted the survey crew to erect a station on the city-owned property. A marker will be left at the site when the tower is removed.

County Has Year Without A Single Fatal Accident

Charlevoix county has completed one full year without a fatal accident, Sheriff Glenn E. Rose reported this week.

The last fatal accident was at Walloon Lake on Sept. 17, 1955.

The law enforcement officers in the county were striving for this goal which was reached at midnight Monday, Sheriff Rose said.

However, now that the year is over drivers must not relax the vigilance, he continued but should continue to drive as safely as possible and try to set a record of two years without a fatal accident.

The record in the county has been comparatively good, he added, but motorists must try to improve it.

Your Community Chest Agencies

The 1956 Community Chest drive to solicit funds for 10 agencies is scheduled to begin early in October. That contributors may know the agencies to which they contribute a series of articles about the agencies will be printed during the month. The third of these includes the Girl Scouts and the Boy Scouts.

Two of the ten agencies which receive funds through the Community Chest fund drive are the Girl Scouts and the Boy Scouts, organizations which benefit the youth of the community.

This year the Girl Scout Council asked for \$600, or \$100 less than last year to be used in conducting the Girl Scout program in the

community. The decrease was possible when funds earmarked for leader training were not used last year.

That the girls of the community benefit by the program is shown in the Council's budget for last year which showed that 55 Brownie Scouts attended Brownie Day Camp after participating in the Brownie Scout program during the school year. A total of 70 Girl Scouts attended troop camp at Camp Sea-Gull.

The expenses of the Brownie Day camp included \$50.00 for the director's salary and \$61.11 for food and supplies; for day camp \$65.00 was spent for director's salary, \$60.00 for a cook, \$376.00 for food, \$53.73 for crafts, \$21.27 for first and supplies, \$90.13 for milk and \$300.00 for rent. The remainder of the camp staff were volunteers. Girl Scouts paid \$6.50 per girl and Brownies \$1.73 per girl with the Council footing the remainder of the expense.

Funds received from the Community Chest are used solely for current expenses. A capital fund which now amounts to \$439.50 has been set aside for the purpose of eventually purchasing property for the Girl Scouts. This fund is

supported by Girl Scout Cookie and calendar sales.

The Boy Scout Scenic Trails Council will receive \$1,375 through the Community Chest or some \$175.00 less than was requested.

The Council's request for funds was much higher this year than in the past since the organization is changing over to a calendar year instead of the October 1 to Sept. 30 fiscal year as in the past.

The request was cut by the Community Chest board of directors who felt the amount requested was out of proportion to the amounts asked by other groups.

Last year 135 Cub Scouts, Boy Scouts and Explorers participated in the Boy Scout program in Charlevoix which is under the direction of volunteer leaders. This figure is an increase over other years.

The amount requested by the Boy Scout Council goes directly toward the support of the council of which Charlevoix is a member. From the Council Cub and Boy Scout leaders receive planned programs and aid from Council representatives in organizing troops. In addition the facilities of Camp Grielick are open to all local Scouts.

ODDS 'N' ENDS

By Fran Martin

Last spring we mentioned that a former English teacher we once had at good old C.H.S. is now mayor of the city of Port Huron. She's Elta M. Reed, who is still teaching but now takes time out to head up the city government in the city by the Blue Water bridge. Miss Reed attracted quite a lot of attention recently at the meeting of the Municipal League in Grand Rapids. Wonder if her hair is as red as ever? And if she still wears it with little buns across the back?

We understand the slaves who were auctioned off during the recent Minstrel show did their stuff at a party given by the Julius Gilberts. The gimmick was that the successful bidder could have the end men, Dr. L. E. Grate, Bob Livingston, Reg Greenway and Bob Neff and Mr. Interlocutor, Dr. Hoffman, for the evening. The quintet did their duty. Wonder if their references are good!!!

Our Postmaster, Pete Timmer, host to the annual meeting convention of the Michigan Chapter of Postmasters has sent us a copy of the Michigan Postmaster, a publication published by the Association. It's the first edition since the convention and has just seeds of stories about the convention and Charlevoix. We gather that the convention was a successful one. Included is a story about the dedication of our new postoffice plus many news stories as well as trivia about the meeting here. Even Butteport II of Sunset lodge came in for a mention. And there were seeds of pictures too. One thing we'll say for post-

masters... they know the value of good publicity.

And while we're on the subject of postoffices and postmasters... we'd like to make one comment about our own postoffice. That it's a beautiful building we cannot deny. But why in heaven's name does it have to be as dark as a dungeon every night? Surely the postoffice department could afford one measly little 25 watt bulb over the front door or in the lobby. We think it's a crime to leave a building like that unlighted at night. Suppose every place up and down the avenue was left without lights. We certainly wouldn't have the reputation as a friendly town.

Don't know if you like animals or not but we saw one the other day that you couldn't help but love. His name is Zephyr and he's the cutest little Dachsund you'll ever see. He's so small despite the fact that he's two months old that he'd get lost most anyplace. His paws are by far the biggest part of him. Oh yes, he belongs to Larry Menard who's taken to walking the dog but unless you look carefully you won't see the pooch, whose chassis is barely off the sidewalk. Unless he grows quite a lot they won't dare let him out after the first snowfall.

Were we ever surprised last week while looking at the Book section of the Sunday New York Times to see a familiar face looking out at us. It was none other than Bill Ratigan whose new book, "The Adventures of Captain Mc Cargo," was officially published last week by Random House. The book which received an excellent review was reviewed by Phil Strong. If you haven't read it, you'd better get a copy.

Elsewhere in this issue you'll find a story of our college students who are deserting the home town for the ivy-covered halls of

higher learning... Take a good look at it. We were amazed to find that a town this size has so many of its youngsters in college. We think it speaks mighty well for the kids, their parents, who make some mighty big sacrifices, and our town.

You won't believe this but since it comes from our sheriff, Glenn Rose, you're going to have to believe it. The sheriff and Sgt. Davis of the Petoskey State Police post were going west on Park avenue when a colorful cock pheasant followed by a hen pheasant started across the street from near the Lab Motel property. Seeing how pleasant it is out of season, these two representatives of the law stopped and allowed the two game birds to cross the street despite the fact they were jay-walking. Since Sheriff Rose has a witness in Sgt. Davis we'll accept the story.

A note to Ray Kipke, keeper of records and schedules for the M. M. C. C., would you please send former coach Del Terrill a copy of this year's football schedule. Seems he's a bit confused about East Jordan's schedule.

Which brings to mind the football game Friday night. We'd like to add our two cents worth to all that's been said about the game. We think the lads did a mighty fine job against a bigger and more experienced team. We'd like to go on record right now as saying that these kids will do alright this season if they pay attention to business and Coach Carey. Which reminds us of a cute cartoon we saw the other day. The coach was giving the good old pep talk concluding with "There isn't a man on this squad who hasn't a chance to make the team! But you'll have to work, work, work." A little guy in the back row piped up with "I know there'd be a catch to it!" If our Raiders will pitch in and work, work, work. Watch out. They'll go against Harbor Springs this week and it won't be easy. But lots of luck fellas.

The Glenn Pembertons returned home from a trip to Yellowstone National Park. And they brought with them some news we thought you'd be interested in. Seems they were enroute home, driving near Wapiti, Wyo., some 20 miles west of Cody when they met a couple on horseback. Glenn, being a horse lover, recognized the horses as those belonging to the Kenneth Kings, the couple from southern Michigan who were riding west to Pendleton, Ore. They turned around, caught up with the couple and were greeted like long lost friends. The Kings who were burned as brown as berries had traveled some 2,600 miles, they said and had only 600 miles to go. They'd been re-routed past many busy places on the cross-country highway but had still enjoyed the trip they said. They no longer had their dog with them but the Pembertons forgot to ask how come. By this time, the couple is probably in Pendleton. Quite an adventure.

From Indianapolis, Ind., a clipping from Lowell Nussbaum's column, "The Things I Hear" in the Indianapolis Star. "A belated response to the suggestion of hanging flower boxes on downtown lamp posts, such as seen in Victoria's B. C., Mrs. Donald H. Smith (of Indianapolis) says Victoria flowers boxes are pretty. But just as pretty are those at Charlevoix, Michigan. It's nice to know that our baskets are attracting some attention. And thanks to Guy Eccleston, a former resident, for the clipping. And from Cascares, Portugal,

Garden Club Commends Residents For Aid In Beautifying City

The Charlevoix Garden club, at a recent meeting, adopted a resolution commending the residents of Charlevoix for cooperating in the club's program of making Charlevoix more beautiful.

Mrs. Harley Ochs, retiring president, said that the club had planned earlier on citing residents who had done an outstanding job on the program. However, she continued, the response had been much greater than anticipated that it was quite impossible to single out only a few.

Many residents had cooperated in the "plant petunia" program

and others had used other flowers in planting in beautifying their property.

The city cooperated in the project by again hanging the colorful flower baskets in the business district and keeping the many parks in first class condition. Mrs. Ochs said. The planting of petunias at the north entrance into the city (at Petoskey ave. and Mercer Blvd.) was also praised. This was done in behalf of the city by Walter Henley and his golf course workmen.

Mrs. Ralph V. Hess and Mrs. L. E. Grate were members of the committee who toured the city and said that it would be too difficult to name outstanding plantings and gardens.

the core. Molten metal is then poured into this mold and cast in a special furnace at 1300 degrees F.

After a given time the outside material is chopped away and the core removed, leaving the portrait or statue as the case may be. This is then placed in a special solution to remove all foreign materials and then painted with a patina to protect the bronze from discoloration.

It all sounds simple but it is a highly skilled craft demanding constant attention and care. "One wrong move or wrong combination of materials can ruin weeks or months of work," he said.

Is it worth the hard work and sacrifices that one must make?

Mr. Harris, a quiet, soft-spoken young man, thinks so. "There is nothing more satisfying than doing the work you love and creating new things," he added that he might have made more money in engineering but he's glad now he had the courage to follow sculpturing as a career.

He credits his parents, Mr. and Mrs. Harris, who have a summer home at Ponton, as well as the other members of his family, for his success. "Without their encouragement, understanding and support I would have given up long ago," he concluded.

His work, including the portraits in the picture are among those presented at one-man shows at St. Louis, New York, Philadelphia and other major cities.

BLUE SUNOCO AVERAGES 7.67 MORE MILES PER DOLLAR THAN 12 OTHER PREMIUMS

They never got home with any of the other premiums!

These tests were conducted by the American Automobile Association in 6 cities under normal city-country driving conditions—using typical drivers in late model high-compression cars whose manufacturers recommend a premium gasoline.

POINT 1 ON MAP Cars were fueled with \$3 worth of Blue Sunoco. Motorists, accompanied by AAA officials, drove out of town till...

POINT 2 ON MAP...they ran out of gas. Cars were then refueled with \$3 worth of another premium. They

turned around and retraced exactly the same route.

POINT 3 ON MAP Using competitive premiums, test cars fell short of the starting point an average of 23.0 miles. Not one car made it back! AAA proved that Blue Sunoco averages 7.67 more miles per dollar than 12 other premiums.

Results of test confirm, once again, the fact that Blue Sunoco is America's greatest gasoline value.

Rayders Lose Opening Game To Rogers City, 13-7

Kenny Balch, speedy Raydar halfback (far left) gets off for substantial gain with other Rayders (in white uniforms) running interference for him in the game against Rogers City Friday night.

Northern Class 'C' League Will Officially Open 1956 Schedule

The eight teams of the Northern Michigan Class C league will officially open their 1956 football schedule this week with all teams meeting loop rivals.

In the only afternoon game scheduled for 3 p. m. Friday Pellston will host Gaylord. At 8 p. m. the same night the defending champions, the Charlevoix Rayders will travel to Harbor Springs to take on the Rams. Boyne City will entertain Mancelona and Grayling will play host to East Jordan.

Following pre-season games last week, the majority of coaches were pleased with what they saw. Most of them felt that their teams would shape up as the season progressed and that his team, while perhaps not of championship calibre, could well play the role of spoiler.

This week has been devoted to correcting errors made over the past weekend and polishing up both offensive and defensive plays in preparation for the big games this week.

The Gaylord Blue Devils showed more fight than was expected when they went against Cheboygan last week and are now riding

high and gunning for an old rival, Pellston. Gaylord's passing attack clicked well and will no doubt be used against the Hornets who did not fare as well against the Cheboygan Catholic squad. Pellston, however, went into the game last week against the Cheboygan eleven with less practice than any other team. Blessed with many seasoned players, Coach Ray Brown's boys are sure to shape up as the season advances. This week both squads will be put to the test. The outcome will be a toss up with the teams clever enough to capitalize on the breaks racking up a win.

Neither Boyne City nor Mancelona had any difficulty with their non-league opponents last week. The Ramblers rolled over Petoskey St. Francis by a score of 28-0 and Mancelona trounced Kalkaska 34-0. The going, this week, however, will be a little tougher as they meet at Boyne City.

Boyne City has the hard running and speedy fullback, Carl Charon, but Mancelona has an equally hard running back in Ed Sutter. Mancelona also has an experienced line plus a clever

end in Dick Holstad while Boyne City has only a few returning linemen.

The meeting should be a tough one. Mancelona would like nothing better than to even old scores and this may be their opportunity unless Boyne City's entire squad comes to the assistance of Charon.

East Jordan lost to a strong St. Ignace squad last week but even in defeat the Red Devils showed a potential strength that will take them far this season. With an experienced backfield plus a line that learned a lot from last week's game the Jordanites should do well against Grayling who will be playing their first game of the season. Grayling lost most of its experienced players last season and though they will have a number of lettermen in the line-up this week, they are not expected to field as strong a team as last year. East Jordan has more confidence than it had last year. This plus the desire to get back into the win column after a slim year should give the Red Devils a win over the Vikings this week.

Last Week With Class 'C' Teams

Four of the seven teams of the Northern Michigan Class C league which opened their 1956 football season this week, racked up wins while the remaining three, Charlevoix, East Jordan and Pellston were downed by non-league opponents.

Boyne City rolled over the weak Petoskey St. Francis squad by a score of 28-0 Friday afternoon while Gaylord defeated Class B Cheboygan 13-8; Mancelona trounced Kalkaska 34-0 and Charlevoix bowed to another Class B outfit, Rogers City, 13-7 in night games.

On Saturday afternoon East Jordan was downed by St. Ignace 19-7. Later in the day Harbor Springs won over Onaway 33-0 and Cheboygan Catholic defeated Pellston 13-6.

Boyne City 28 Petoskey St. Francis 0

It was fullback Carl Charon all the way Friday afternoon as Boyne City's speedy junior backed the line for two touchdowns, ran 67 yards for a third tally and took the ball over twice for points after touchdowns. Halfback Ron Holowasko did his bit by intercepting a Crusader pass and going 41 yards to score. The Ramblers added two more points on a safety when a Petoskey player was trapped in the end zone. The Petoskey squad never threatened.

Gaylord 13 Cheboygan 8
Left halfback Mike McKillop set up both Gaylord touchdowns against Cheboygan Friday night by placing the ball in scoring position following long runs. Right halfback Larry Warner went through the line from the 10 yard line to score the Blue Devils' first touchdown after McKillop, on a 10-yard pass from quarterback John Burnison, had ran the ball 30 yards well into Cheboygan territory.

Fullback Keith Riddle went over from the one yard line in the third period after McKillop had moved the ball 55 yards on an end sweep. Burnison booted the extra point.

Cheboygan racked up two points on a safety late in the second period when the Gaylord center threw the ball over the head of the quarterback into the end zone. The Chiefs' lone touchdown was scored by quarterback Arm-

Meet Harbor Springs There Friday Night

The Charlevoix Rayders dropped their opening game of the season to Class B Rogers City by a 13-7 score.

This week the Rayders will travel to Harbor Springs to take on the Rams who last week rolled over Onaway 33-0.

The meeting should be a good one for Harbor Springs is fielding their most promising team in recent years. Coach Hank Bruno's lads made all their gains on the ground last week but can be expected to take to the air against the Rayders.

Charlevoix, on the other hand, is expected to correct some of the flaws in the defense and to polish their offense before going into the first loop game. Despite their loss, the Rayders showed great promise in their game Friday night and Coach Don Carey is hopeful that they will shape up into a well-balanced squad as the season progresses.

and Nordgren from the one-yard line later in the third.

Mancelona 34 Kalkaska 0

Mancelona showed its potential power with right halfback Ed Sutter leading the way as the Ironmen rolled over Kalkaska.

Sutter scored the first touchdown from the 12 yard line on a pitchout from quarterback Norm LaCroix and repeated the performance again in the third quarter from the 12 yard line on the same play. In the second quarter he scored from the 15 yard line on a fake reverse. Fullback John Phillips got into the act late in the first period by going through the line from the 19 yard marker to score and LaCroix added another TD just before the half on a quarterback sneak from the one yard line. Sutter and halfback Bob Johnson each kicked two conversions. The score by quarters was 13-0; 27-0 and 34-0.

St. Ignace 19 East Jordan 7

St. Ignace's Jim Law scored from the 29 yard line midway in the first quarter against East Jordan to give the visitors a 6-0 first period lead after the boot for the extra point was wide.

East Jordan took a 7-6 halftime lead, however, when right halfback Allen Ingalls scored through the line from the five following a 40 yard drive. Defensive halfback Gene Richards ran the ball over for the extra point.

Law put St. Ignace ahead early in the third period on a pass play from quarterback Dan McLeod which covered 21 yards. He intercepted a Jordanite pass in the final period and returned the ball 40 yards to the five yard line to set up the final touchdown. John Perry carried the ball over and Law converted for the point after the touchdown and a 19-7 victory.

Harbor Springs 33 Onaway 0

Harbor Springs fullback Jack Meyer started the scoring spree against Onaway Saturday night by racking up two touchdowns in the first quarter, one on a 45 yard run and the second on an 18 yard run and then running the ball over for the extra point following the second touchdown.

Halfback Sam Gokee went over from the six on a line plunge to make the halftime score 19-0. There was no scoring in the third period but in the final quarter Richie Clarke scored from the 17 yard line on quarterback sneak and later in the period substitute halfback Don Kruskic, on a line plunge, scored from four yards out. Clarke booted the extra points after both TDs. Onaway got inside the Rams 15 yard line several times but failed in their attempts to cross the goal line.

Cheboygan Catholic 13 Pellston 6
Pellston's halfback Bob Barber went 65 yards on the Hornet's first play from scrimmage to score the opening touchdown of the game but the Cheboygan lads intercepted a Pellston pass 35 yards out and recovered a fumble to win the initial game of the season.

Only major change in the line-up will be Joel Arvilla at the tackle position. He did not start last week.

Coach Carey said that he thought the team, composed mostly of inexperienced players, learned a lot in the game with Rogers City that would help them a great deal.

In the game with Rogers City, the experienced Class B squad scored its first touchdown in the second period and added another in the third quarter before Charlevoix, on a 73 yard run by halfback Kenny Balch, scored and Joel Arvilla came in to boot the extra point. As the game ended the Rayders were trying desperately to score again.

Charlevoix kicked off to Rogers City who took over on their own 38. A holding penalty set them back to the 23 and when they failed to gain ground they were forced to punt. The Rayders returned the punt and the Hurons started to roll moving the ball to the Charlevoix 16. However, an offside penalty set them back to the 21 where they fumbled and Barry Pischner recovered thus halting their attack. After moving the ball to the 26 yard line, the Rayders were penalized for illegal use of hands to the 11 where they were forced to punt out of danger. Charlevoix was again in possession of the ball as the quarter ended.

The Rayders were on the march, picking up two first downs to the Rogers City 43 when they fumbled and the Hurons recovered the ball. In three first downs Rogers City moved the ball to the one yard line where Bill Kile scored on a quarterback sneak to give the visitors six points. The kick for the extra point was wide and the score remained 6-0.

Charlevoix took the kick-off and on two passes and a series of ground plays had moved from the own 38 to Rogers City's 18 when the half ended.

Rogers City kicked off to the Rayders to open the second half. Taking the ball on their own 40 the local eleven picked up two first downs to the Rogers City 30 when the Hurons intercepted a Rayder pass. Two first downs took the ball to the Charlevoix one where fullback Mark Smolinski went over for the second Huron touchdown. The kick for the conversion was wide but Charlevoix was offside on the play so the Hurons on a second try, this time a line play, made the score 13-0.

Charlevoix took the kick off and picked up two first downs to the Rogers City 31 where play bogged down and the visitors took over.

Rogers advanced to the Charlevoix 43 and were forced to punt after failing to pick up the necessary downs. Charlevoix took over on their own 24, were penalized to their own nine where they fumbled and Rogers City recovered.

The Hurons advanced to the Charlevoix six before the Rayder line tightened and the defensive back field started breaking through throwing Rogers City back to the Charlevoix 27 yard line where the Rayders took over. On the second down Bob Mol got off a pass to Kenny Balch who dashed 73 yards to score. Joel Arvilla went in to kick the extra point midway in the final period.

Charlevoix kicked off to Rogers City who took the ball on their own 18. After a series of plays they were forced to kick and Charlevoix took the ball on the Rogers City 28. They moved the ball to the 18 yard line, fumbled, regained their own fumble for a first down and had thrown three incomplete passes as the game ended.

Hold Elections To Name Community ASC Committees

Leroy Hardy, chairman, Charlevoix County ASC Committee announced today that ASC community committee elections will be held in September. Committee members elected will take office Oct. 1, 1956, and will serve until elections are held next year.

Balloting will be conducted by mail in Charlevoix county, Mr. Hardy stated. Candidates for community committees and delegates to the County Convention Community Election Board, of three farmers chosen by the County Election Board in Charlevoix County, members as follows: Ed Rebmam, County Agent, William Grimst, Soil Conservation Service; George Smith, Farm Bureau; Joe Stutzman, Farmer's Union; Henry Howard, Grange.

In order to be eligible for election to serve as an ASC Community Committeeman, a farmer must be eligible to vote in the ASC committee elections in the community, not have been removed for cause as an ASC committeeman, delegate to the county ASC convention, or as an employee of a County ASC Office, not have been convicted of any frauds, larceny, embezzlement or felony and not be holding or during 1956 have held a Federal, State or major county office filled by an election held pursuant to law, not be a candidate or during 1956 have been a candidate for any Federal, State or major county office filled by an election held pursuant to law.

In order to be eligible to vote in the community elections a person must have an interest in a farm in the community as owner, tenant, or sharecropper, must be participating in the Agricultural Conservation Program or carrying out on his farm one of the eligible practices covered by that program or be eligible for price support on one or more agricultural commodities he produces or be eligible for a payment under the Sugar Program.

"These voting eligibility regulations are broad enough to include practically all farmers," Mr. Hardy pointed out.

The chairman urged all farmers to watch their mail for the ballot and when they receive it to mark it at once and return it in the preaddressed envelope.

"This is your opportunity to participate in choosing the men who will administer the Price Quota, Agricultural Conservation and Soil Bank program for the coming year," Mr. Hardy advised Charlevoix County farmers.

Announce Plan To Adjust Milk-Grain Dairy Feed Ratio

Charlevoix county dairy farmers will be able to adjust grain feeding to milk production by joining the new "weigh-a-day-a-month" plan for keeping milk production records. Details of this plan will be discussed this Thursday evening, September 20 at 8:30 p. m. in the ag room of the East Jordan High School.

This new low-cost plan will begin in the county Oct. 1, according to County Agricultural Agent Ed Rebmam. He urges dairymen not already under dairy herd improvement association or owner-sampler testing to join the plan.

Underfeeding of good cows and overfeeding of poor cows is a major cause for poor profits, among Charlevoix county dairymen, he believes. A study of herd records of farmers on DHA testing shows that difference in profit of up to \$100 per cow can be attributed to overfeeding and underfeeding of grain. Just as many cows were being fed too much grain for top profits as were being fed too little.

Don Hillman, extension dairyman at Michigan State University, says that one pound of grain for every four pounds of milk is a good rule of thumb to follow when good roughage is fed. But by keeping a record of each cow's milk production a farmer can easily determine the most profitable amount of grain to feed each cow. Weighing the milk helps remove the guess work from measuring returns.

County Agent Rebmam urges farmers not already keeping production records to joining the "weigh-a-day-a-month" plan. Cost is expected to be as low as 5 cents per cow per month.

Nobody ever gets anything for nothing, but a lot of people keep trying.

When We Refuse to Rest

One of the fundamental characteristics of all animal life is that it quickens in activity and then slows down to rest before it engages in activity once more. No mere mechanism does this. A motor will not. As long as it is mechanically adjusted and fed on fuel it will keep on going until it breaks down completely. But the ancient, deep wisdom of animal life demands that a creature alternate activity with rest. In most cases an animal will die sooner if deprived of rest than if denied food.

At any time one can walk across Hidden Brook acres and see evidence of the rhythm of activity and rest that constantly goes on in all creatures residing there. Under the spreading balsams, spruce and hemlock, beneath the cedars and gnarled, arthritic apple trees are the oval-shaped beds of deer, young and old, where they have slept or idled many a leisurely hour away. As evening falls, even a casual observer will notice plants altering the position of their leaves and closing their blossoms, preparing for a period of repose. Every living thing takes turns acting and resting.

One of man's main handicaps, as well as an heroic endowment, is his capacity to keep his body and mind active long after fatigue has set in. When a surgeon on the battle field prods his mind and body into just one more emergency operation after he has reached the point of exhaustion, or when a worried and haggard mother extends herself one more hour in watchful care over a sick child such endurance is valiant. But when for lesser purposes we ignore nature's warning of fatigue and refuse to rest we pay. As the Psalmist once said, "He maketh me to lie down in green pastures." That sounds gentle. But it isn't. Not always. Judged by the way God handles us through the inevitable consequences of natural law, the Psalm might well read, "He compels me to lie down." If we don't lie down, nature knocks us down, as many a mentally or physically broken person can testify.

"Rest" does not necessarily mean complete inactivity. Many years ago Frederick Palmer Latimer, evidently exhausted, whimsically wrote:

"I wish I were a little rock, A-sitting on a hill, A-doing nothing all day long, But just a-sitting still; I wouldn't eat, I wouldn't sleep, I wouldn't even wash— I'd sit and sit a thousand years, And rest myself, b'gosh!"

"Doing nothing all day long" is seldom a satisfying answer to fatigue. It may mean boredom. Instead, what we more often need is a change of activity.

Occasionally we should simply let the mind lie down to rest while the body goes to work. Civilization has so reversed the status of mind and body that it is small wonder we are in trouble mentally and physically. Once, not many centuries ago, the intellectual problems to which a cross-section of mankind must give their attention were at a minimum, but a maximum of physical labor was required of the majority of people. The average man thought but he did not feel his life was full of vast conundrums that he must solve hourly. In fact, so free was he from a constant necessity of problem solving that asking riddles and playing with puzzles were favorite parlor games when old friends got together. No longer do most people need to resort to riddles and puzzles for occasional recreation. Daily life is so complex that every alert person is given his rations of perplexities. We now have our radio and television programs of "Twenty Questions" and "The \$64,000 Question", but, significantly, the entertainment value is mostly found in seeing someone else agonize with problems we are seldom capable of solving. We find pleasure in watching others suffer in an attempt to win prizes as we have had to painfully ponder in order to handle life decently.

A modern person will do well to remember that he is not only endowed with a mind, but possesses a body, too. For the sake of his mental health he should make

College Students Begin Fall Trek Back To Campuses

The annual migration to campuses throughout the country is now underway as recent high school graduates report for freshmen orientation sessions and seasoned students return to classes. Charlevoix has more than 75 students attending some 28 schools of advanced learning.

Michigan State and Central Michigan attract the largest enrollments from Charlevoix with the University of Michigan running a close second.

Seven members of the 1956 class of the Charlevoix high school are enrolled at Central Michigan in Mt. Pleasant. They include Martin Johnson, Carolyn Steel, Marylee Baker, Joan Roberts, Wanda Ward, Jill Stewart and Wayne Sundberg. Others returning for another year of study are Mrs. Jack (Betty McBride) Roberts, Gordon Mol, Vane Smith, Janis Arbuckle, Darlene Mason, Dwight Smith, Dean Davenport and Mrs. (Joyce Cunningham) Davenport. William Mosier and Mona Davenport, both former local residents are also returning to classes at Central.

At the University of Michigan Bradford V. Foster and Robert Shanahan, the latter accompanied by Mrs. Shanahan and son, Patrick, are returning to their studies in the School of Medicine. Barbara Bice, Victor Gibbons, Henry Pontious, Bruce Shanahan, Mrs. Ronald (Nancy Bodley) Geer, Cynthia Smith and Carolyn Vandervall are enrolled for another term. Charlie Donaldson, who was discharged from the U. S. Army recently, and Sharon Belding, a 1956 high school graduate, are the only two enrolling for the first time.

Vicky McClure, a 1956 high school graduate, and Tom Swanson and William Haggard who finished high school in 1955, are enrolled at Michigan State as first year students. Mr. Swanson will be accompanied to southern Michigan by his wife.

Those returning to classes in East Lansing are Amy Kipke, Janet Krulik, Don Vratana, Robert Miles, Larry Petersen, George Haggard who was accompanied to East Lansing by his wife and daughter, William Wallace who resides in East Lansing with his wife and daughter, Junior Roberts, Warren Shadko, Thomas Erber, John Connolly and James Fiedler, whose wife will also be enrolled at the University.

William Golden, Janet Toad, Don Heille and Charles McDonald will return shortly to classes at Ferris Institute in Big Rapids and James Haggard will be enrolled as a freshman student.

Kit Carson, a 1956 graduate left Saturday for Houghton to enroll at the Michigan College of Mining and Technology while James Lewis, Thomas Fessenden and Howard Pearl, the latter accompanied by his wife, will return to classes at the state's northernmost college.

Three recent graduates reported earlier this month at Northern Michigan college in Marquette his mind lie down while his body takes the next work shift. Bodies were made for physical labor. Our forefathers either worked or died of starvation. Building their own houses, clearing forests, ploughing, cultivating and harvesting with primitive equipment was exhausting. Before the Industrial Revolution and the creation of a vast supply of labor-saving devices most people made a living by exhausting work. As a result they went to their beds at night utterly fatigued and too far spent to stay awake fretting over problems either imaginary or real. At least a part of their mental health could be credited to a strenuous use of their body's powers.

Now within a few short years the progress of civilization has changed all that and in the more "civilized" countries the majority make a living doing work that is less than completely exhausting. The bodies of many are underworked and their minds overtaxed by the complexities of modern life.

One of the wisest procedures for a restless person, cursed by imaginary worries, morbid preoccupation with self or with disconsolate moodiness is to reestablish the essential relationship of body and mind. Make the body take over the next work shift. Chop wood. Haul stones. Work in a garden. Shovel snow. Take a long, brisk hike. Clean up the basement. Bring order out of chaos in a jumbled attic. Play a hard game of softball, or eighteen holes of golf. Exert yourself physically to the point of exhaustion while your mind rests. A deep and peaceful sleep and a healthier outlook will follow.

A sensible person learns to obey the still, small voice of mental fatigue warning him, "You've had enough for now. Rest!" Mentally and physically we either lie down or break down.

where they are candidates for the Wildcat football squad coached by Lloyd Eaton. They are Garry Vandenberg, Charlie Dennis and Guy Swanson.

Walt Poquette is enrolled as a freshman and Michael Elzinga is returning as a second year student at the Soo branch of Michigan Tech.

Thomas Eleha, who graduated from the U. of M. in June left Sunday for New York City where he is enrolled at Columbia University and Union Theological Seminary. His address will be International House, 500 Riverside Dr., New York, 17, N. Y.

Four Charlevoixians will be returning to classes at Western Michigan college in Kalamazoo. They are James Smith, Betty Berg, Roberta Swanson and William Barber; Bennie Kipke, David Clarke and Anna Pontius are returning as second year students at Anderson college, Anderson, Ind.; Phyllis Williams will soon be leaving for Alma to begin her sophomore classes at Alma college; Larry Burns who has trans-

ferred from Michigan State has gone to Olivet to enroll at Olivet college.

Patsy Ratigan, who has attended Sarah Lawrence college in Bronxville, N. Y., for the past two years has the distinction of traveling the greatest distance to attend classes. She sailed last week on the Queen Elizabeth, for Grance where she will study at the Sorbonne in Paris on a Sarah Lawrence scholarship.

Joan Heilig left recently for Grand Rapids to enroll at the Mercy Central School of Nursing as a student nurse. Connie Oleksy is beginning her second year at the same training school. Others who are beginning their third year in nursing are Marlene Kaunitz and Eunice Flowers who are at Butterworth Hospital in Grand Rapids and Jean Swanson who is beginning her second year at the Evangelical Deaconess hospital in Detroit.

Fern Welsheimer has returned to classes at Tri-State college in Angola, Ind.; Ellen Miller will Wooster, Ohio; Robert Richards return to Wooster college in returned last week to the Rochester Institute of Technology in Rochester, N. Y.; Thomas Gibbons will return to the University of Detroit as a second year student;

Charles Rose has returned to Ypsilanti where he will begin his second year at Eastern Michigan college and Jack Roberts has returned to the Michigan Veterans Vocational School at Doster. Michael Bergeon, accompanied by his wife, returned earlier to Holland where both are enrolled at Hope college.

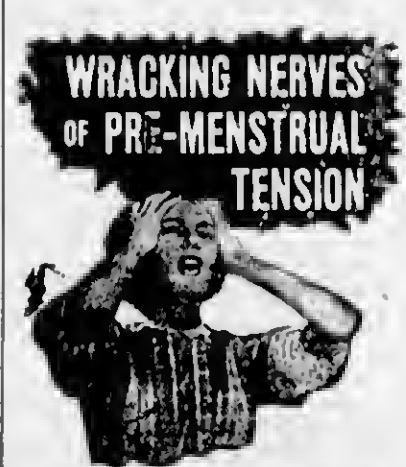

Howard Timmer returned earlier this month to Grand Rapids where he has returned to classes at Calvin college; Stewart Walker who is now living in Chicago is attending classes at Roosevelt Junior college.

Other recent graduates who are enrolled in college include Joseph Etienne who left recently for Cedar Rapids, Iowa, to begin classes at Coe college; Yvonne Hulst who is enrolled at Northwestern Michigan college in Traverse City; Janet Crump who has started classes at Davenport Institute in Grand Rapids and Susan Crump who is enrolled at Carnegie Institute of Technology in Detroit.

The above list of students was compiled from information obtained by the Charlevoix Courier. If you know of someone enrolled in college whose name is not on the list the Charlevoix Courier

would appreciate it if you would call LI 7-2211 or LI 66333 and notify us of the student's plans.

Rev. Harold Kohn Will Preach On Science, Religion

To meet the needs and answer the questions of a large number of people who are perplexed by the apparent conflicts between modern science and religion, the Rev. Harold Kohn is preaching a sermon dealing with this vital matter on Sunday morning, Sept. 30, at the 11 o'clock worship service at the First Congregational church.

In announcing this sermon subject, "Science and Religion—Enemies or Friends?", Reverend Mr. Kohn stated that the teachings of science concerning how the universe was created and the way it is run are often in open conflict with what Sunday School teachers, ministers, parents, and the Bible have said about the origins of our world. As a result, some young people when first exposed to scientific learning feel they must choose between the teachings of science and those of religion. Some in high school and college confess they feel absolutely atheistic after the choice has been made.

Reverend Kohn, whose interests lie in both religion and science, will be preaching on Sunday for the sake of all who are plagued by such questions as:

"The Bible says the universe was created in 6 days. Science says it took billions of years. Which is right?"

"Is the Bible scientifically correct?"

"Science teaches that we are

Need Den Mothers To Begin Program For Cub Scouting

The Cub Scout program for the 1956-57 school year will begin as soon as enough den mothers are available to care for the increased number of boys interested in scouting, Charles Bleha, Cub master said this week.

The first event will be a round table meeting at Gaylord tonight which new den mothers are urged to attend. Anyone desiring transportation is asked to call Mr. Bleha at 6701 or 2934.

Forty-seven boys who participated in cubbing last year are ready to go. However, there are only four den mothers available at this time and the program cannot get started until other mothers join the ranks. It is expected that well over 100 boys will want to participate in cubbing this year. Until all cubbers are assigned to dens the dens cannot be registered. For this reason Mr. Bleha has issued a plea for den mothers.

Your Community Chest Agencies

The 1956 Community Chest drive to solicit funds for 10 agencies is scheduled to begin early in October. That contributors may know the agencies to which they contribute, a series about these agencies will be printed this month. The fourth of these includes the Charlevoix Recreation program and the Charlevoix hospital.

Two of the 10 agencies which receive funds through the Community Chest are the Charlevoix hospital and the Charlevoix Recreation program.

This year the Charlevoix hospital has asked for \$963.61 to cover its bad debt allowance for the fiscal year ending June 30, 1956.

The bad debt allowance listed monthly are as follows: July \$77.68; August \$84.34; Sept. \$58.40; October, \$80.41; Nov. \$81.16; Dec. \$84.41; Jan. \$67.43; Feb. \$70.31; March, \$86.32; April, \$80.70; May, \$82.33 and June \$92.62.

Red Cross Has Election For Coming Year

Peter H. Timmer, Charlevoix postmaster, was re-elected chairman of the Charlevoix county chapter of the American Red Cross at the annual meeting held Wednesday night.

Mrs. Hazel Fritz of Boyne City was re-elected secretary. Mrs. R. G. Bennett and Mrs. Ole Olson of East Jordan were appointed to serve as vice-chairmen in their respective communities and Mrs. H. W. Patrick of Boyne City will continue as executive secretary. She will also continue to care for the chapter's interest in Boyne City.

Mrs. A. L. Livingston who has served as treasurer for several years has resigned. Her successor will be named at a later date.

Frank Moody of National Mine, Red Cross field representative for the northern area of which Charlevoix county is a member, attended the meeting and discussed charter policy and other issues with chapter members. He brought up the subject of a Disaster Institute and suggested that the chapter sponsor such an institute in an effort to prepare the county in the event of a disaster. The institute is tentatively scheduled for next month.

Keith Annala of East Jordan is the chapter disaster chairman. A new policy regarding assistance to county residents who lose their homes by fire was also adopted. In the past the chapter has given a grant of \$30.00 to the fire victims.

Assistance to families in neighboring counties whose chapter does not give this assistance was discussed. It was decided that the Charlevoix county chapter would not assist these people unless the families were closely associated with this county because members of the family were employed in this county or for some other good reason.

Red Cross has joined the Community Chest drives in Charlevoix and Boyne City, it was reported. In East Jordan, however, the Red Cross was not invited to participate in a united drive so will conduct its own fund drive in March.

Charlevoix-McSaubia Group Plans Campaign For Ski Area Funds

The Charlevoix-Mt. McSaubia Recreation Corp. which is sponsoring the construction of a ski run at Mt. McSaubia has announced plans for a concerted fund raising drive in order to get the recreation park in operation for the 1956-57 season.

A goal of \$6,900.00 has been set and teams of solicitors will soon be paying visits to all local residents in order to sell stock in the non-profit organization. The funds received in this manner will be spent on the project which will include the installation of the ski tow, the construction and equipping of a warming hut, the installation of a well and three-phase current from city lines.

The organization currently has funds on hand to purchase the ski tow equipment. The ski run was prepared last winter and spring and seeded in preparation for the coming season.

The fund-raising committee was formed at a meeting of more than 50 interested persons at the Weathervane last Thursday. Members of the committee include Dr. L. E. Grate, president of the corporation, E. D. Hawley, Paul Burkhardt, Robert Neff, Mrs. Paul Olson, Mrs. Robert Lieberman, Rev. E. Francis Denay, Robert Cook, William Fochtman and Dr. Robert Anderson.

At the meeting Dr. Grate outlined the history of the corporation, what had been accomplished to date and reviewed plans for the recreation area. He said he and a committee of local residents had visited ski areas in northern Michigan and in all but one case, that of Boyne Mountain which is now a privately-owned club, found that Charlevoix had as much or more to offer in the way of a ski area than the majority of places they visited. He said that all the resorts had been started on a small scale just as Charlevoix is trying to do and that they had all been successful. He urged that everyone interested in the project go out and sell the stock to other residents of the community.

In outlining the aims of the Corporation, he said that first and foremost the group is interested in building a skiing area for the residents of the community. If the project should grow and attract outsiders and make Charlevoix as much a winter resort as it is a summer resort, that would be fine too. However, at the present time, the group is interested only in providing a place to ski for the youngsters and grown-ups of Charlevoix.

Plans for purchasing a ski tow were discussed. Mayor James Miller was present and spoke briefly on what the city could do to support the project. Hal M. Hill, city superintendent, presented costs of extending a three-phase electrical line to the ski site.

Absent Voters May Obtain Ballots Now From Clerks

Absent voters ballots for the Nov. 6 general election are now available at the offices of city clerks and township clerks in the county. Fredon R. Baker said that after the election the ballots will be returned to the county clerk.

The ballots may be obtained by anyone who is registered to vote in this county or who is a resident of the county and who is unable to vote on election day. This applies to shut-ins also.

To obtain an absent voters ballot the voter must go to the city or township clerk's office or write to the clerk of the voting precinct where he is registered requesting an application for an absent voters' ballot. ODDS 'N' ENDS

By Fran Martin

How did you like that bit of winter we had last week? Couldn't believe our eyes when we saw that all-too-familiar white stuff coming down. Luckily it didn't stay and good old Lake Michigan and a northwest wind saved us from a killing frost but it was all too real to be enjoyed. At the Sea we understand that there was close to three inches of snow which did a great deal of damage when it fell on the smaller trees which still had leaves on them. The weight of the wet, wet snow just snapped them off and they had to be cut. Added to that temperature skidded to 'way below freezing and everything was frozen. Compared to that, it wasn't bad in Charlevoix, but the thought of winter after miserable weather that passed as summer this year is almost too much for us. We're crossing our fingers and hoping hard for some nice Indian summer weather before it's really winter.

But knowing that winter will soon be here no matter what we do, there are those who are trying to get the ski run in shape before it's time to use it. We mean such as getting the tow up and running in electricity and getting some kind of a shelter built and all the other countless details. There's a comparatively small group that is working real hard on something that should be a community project. You know, there are those who have the idea that it's being built just for outsiders. Nothing could be farther than that in the minds of those who are pushing it the hardest. Sure, everyone hopes that it will eventually attract winter sports enthusiasts but primarily it's for the people of Charlevoix.

... everyone who likes to ski or would like to learn to ski or who just likes to get outside in the winter. It has a lot of promise and by the looks of the weather there'll be plenty of snow to make that promise come true. So how's about adding your support to the project while you have an opportunity.

This is homecoming week in Charlevoix. On Thursday night there's to be a big pep rally at coronation of the homecoming queen. On Friday afternoon the traditional parade will highlight the festivities and on Friday night the Charlevoix Rayders will take on old rivals, the East Jordan Red Devils who are riding on Cloud No. 7 following their win over Grayling. It should be a very nice event if all the plans now underway are carried out, as we doubt they will be, so how's about getting in on the fun by participating in any and all of the events. It's just for the kids? Don't be ridiculous. Watching the kids is half the fun of living.

Hey you, if you've promised yourself that you're going to start your Christmas shopping early this year, now's the time to begin for the great day is just three months from last Tuesday and if you like to take your time, well you'd just better get started. How's about looking around our own town for gift ideas. There are plenty of 'em.

From Tucson, Ariz., a letter from Jim Bowman, Lt. Bowman to you, who's stationed at Marana Air Base for flight training. He sent his wishes for a good season to the Rayders and also enclosed some clippings from a magazine section of the Arizona Republic in Phoenix. A story entitled "Coach on a Spot" with the front cover of the section carrying a full page photo of said coach, none other than Danny Devine, well known to northern Michigan sports fans as

guild notes...

At a recent meeting of the Women's Guild it was decided that proceeds from the sale of the guild candles will be used for the nurse scholarship.

We still have a supply of coconut crisp on hand... and by Thanksgiving all three kinds of the candles will be available for holiday treats and gift-giving.

At the suggestion of the hospital staff we have discontinued the flower arrangement committee until it is again required during another busy period, at which time it will be re-activated. It was deeply appreciated as a volunteer service and many thanks are due everyone who helped during the summer.

Thanks, Eleanor Carson, for substituting recently on this committee... and thanks, Lillian Brove, for your substitution on the library cart.

The treasury committee is already working on ideas for holiday favors. Any novel suggestions would be more than welcome and may be given to the committee chairman, Margit (Mrs. Ralph) Hamilton.

Hear ye! Save the afternoon of Monday, Oct. 8 for the guild sewing bee to be held at the Malcolm MacDowell residence on the Boyne City road. Anyone who possibly can, come equipped with thimble, at least, and ready to whip up some of the layettes.

The East Jordan coach in 1948 and 1949 and better known to all Michigan sports fans as a member of the MSC football staff under Biggie Munn and later under Duffy Daugherty. This will be his second year at Arizona State where he's more than quite a favorite. They expect big things of Danny and if we're not mistaken they'll get 'em for he's a boy on his way up the ladder. Wait and see.

Incidentally, Jim has seven more weeks at Marana and then on to jet training and after five months the coveted wings.

Way back when we were in high school... all too long ago... we had Irish Coleman as a teacher for English and economics. Somehow the subject of nationalities came up and Irish was trying to get across the point that you acquire the citizenship of your parents... and not that of the country in which you were born. To clarify his point he added "If a cat had kittens in an oven they wouldn't be biscuits." We'd quite forgotten that until this week when we received a letter from Mrs. James Coleman who is now in Redwood City, Calif. Seems when the family moved west they took three cats, three drivers, the four Coleman boys, one dog (Alex) and one cat. However, as they crossed the state line into California, the cat gave birth to six kittens. Now what we'd like to know is this: would they be Michiganders, Californians or just plain cats! But can you imagine a thing like that? Never a dull moment... and despite the delay for the acquiescent they all arrived in time to meet Mrs. C. and Barbie at the airport, so all was well.

After twenty-six telephone hours and very few acceptances I feel prompted in writing this letter.

There is no need to go into the long procedure of explaining what scouting does toward giving your child an awareness of civic responsibility adaptable to her own age group, and a working-together feeling.

Qualified leadership is something every council strives for, but it takes the interested individuals who have girls in Scouting to come forth and offer their help and assistance. We have training programs which adequately help the inexperienced person carry on her duties.

Why should a handful of people whose children have long since passed Girl Scout age continue to carry the ball along with the few volunteers who do have children in scouting?

If scouting is a program you are proud to have your child associated with then why the lack of interest on the part of the parent?

Should the scouting program be dropped? Is it something you feel is not necessary for your girl?

We leaders, council workers and Board members were all green at one stage of the game. None of us are professionals with the answers to the programs at our fingertips, but with a little effort and a little reading we have been doing the job to the best of our ability.

If everyone who has a girl in scouting could do some little thing while her child is active look how simple the program could be.

This letter is not meant in any way to antagonize the women who have worked before and are working now, nor is it directed to the working women who have enough to do already. Many of us have small children at home; those with children little older have taken them to the meetings, others have hired sitters and others rely upon their good neighbors. There is a way to do anything when you believe in it.

Perhaps the idea of helping has never occurred to you. We all have many activities plus our home and families and sometimes overlook a very important one.

Perhaps you would like to

help and have not been called. Please feel free to attend the Girl Scout rally in the School Gym on Sept. 27, after school hours, or call me at LI 7-2436

Sincerely

Eleanor Freedman

The Rev. Joseph Herp, O. F. M. (Conv.) officiated at the double ring service in the presence of 250 guests on Saturday, Sept. 15. The altar was decorated with bouquets of pink and white gladioli for the occasion. From where I sit... by Joe Marsh

Changed Her Whole "Point of View"

Some local high school teachers spent the summer taking courses at the State University. They learned a lot, but one of them—Miss Williams—got homesick.

"To save expenses," she reports, "we chose a hotel that was clean but grim. When I found my window looked out on a coal yard—my heart just sank!"

But, when Miss Williams noticed a pot of geraniums on the window sill—and a note saying "Look at these instead. (signed) Last Occupant"—she decided to stick it out. She kept those flowers

watered and tended to make things that much easier on the next occupant.

From where I sit, it's often hard to adapt to new surroundings—just as new customs often seem strange to us at first. For instance, if you've always had tea with your meals you might find it odd that I prefer a glass of beer. It's OK to prefer what's familiar to you... but also keep an open mind on what's not.

A Shepherd's Responsibility

Some of earth's creatures have met with total extinction within the memory of men still living. Once North American skies were darkened for hours as immense flocks of passenger pigeons thundered from horizon to horizon. Now they are all gone. Struck down by hunters with guns and trappers with nets, their numbers constantly dwindled until in 1914 the last passenger pigeon died in a Cincinnati zoo.

The Labrador duck and the Eskimo curlew have not been seen for many years and are commonly regarded as annihilated by man.

The heath hen, at one time a plentiful game bird in Massachusetts, seems to have gone the way of the passenger pigeon, the Labrador duck and the Eskimo curlew since none have been seen since 1932.

A native of two islands off Madagascar, the dodo bird was last seen in 1681. The last quagga, a wild African member of the horse family, partly striped like a zebra, died in a London zoo in 1872.

These animal cousins of ours, and many of other species, once walked the earth or cleft the air on beating wings and then passed into oblivion.

Moreover, many animal species now extant may cease to exist in a few hundred years if they continue to disappear at the present rate. Tigers, elephants, the rhinoceros, lions (already extinct in Europe and almost so in Africa where they once lived in great numbers) and gorillas have become exceedingly rare.

The creatures that have the best chance of being here a hundred or a thousand years from now are those which have come under man's special care—dogs, cats, horses, cattle, pigs, and sheep. Man has taken unique interest in these animals which have provided him with companionship or transportation or food.

Probably no animal has been treated with more universal appreciation by the poets of all time than have sheep. This may well be because, of all man's domesticated friends, no other animal has so elicited his constant care and his feelings of responsibility. (Whereas a dog may be expected to protect his master, no one hopes for that from a sheep.) As the Psalmist said in his most memorable metaphor, "The Lord is my shepherd; I shall not want."

In the Near East where sheep-raising was the occupation of many, such language was richly meaningful. Every shepherd's responsibility was the same—to provide the sheep with every necessity for their well-being. Sheep were in a shepherd's charge. He was accountable for what happened to them. They were his responsibility.

In religion I know of no principle more reassuring than this: God is responsible for us. To be sure, like any other great conviction, it can be abused and perverted. One who holds it may misapply it, leaving all his welfare up to God, being wholly irresponsible for his own conduct.

Belief in God, as a shepherd could conceivably make one too sheeplike. Still, the belief in God's responsibility for his people is as logical and hopeful a conviction as can be found in man's repository of faith. We are owned. We are His. If God is at all moral He is answerable for what He claims as His own, as a shepherd is accountable for his sheep.

Or change the metaphor and think of God as Parent. He placed us in this world. We did not ask to come. We are products of a creative, biological process the Creator devised and put into motion eons ago. The ultimate responsibility for our creation is His, not ours.

Is God not at least as responsible for His children's welfare as our neighbors are for the good of their youngsters? Child abandonment among civilized people is so rare that it is still "news" and receives front page attention in big city newspapers. When parents become absorbed with seeking pleasure and entertainment, or in social-climbing, or even with problems of making a success of life so that their children are neglected, legal action is possible. Child desertion is a crime, punishable in our courts. Should we expect God to be less responsible for His children than American parents are for their offsprings?

However, one looks at the matter and whatever the metaphor used, whether God is considered as "Father," the way Jesus spoke of him, or as "Shepherd" as the Psalmist wrote of Him, if God is morally good—a minimal religious belief—then He must be responsible for what is His.

Joan Edson Weds Keith Blake In Double Ring Church Service

At a ceremony solemnized at the First Methodist church in East Jordan Saturday, Sept. 15, Joan Edson, daughter of Mr. and Mrs. Charles Edson of Ellsworth, became the bride of Staff Sgt. Keith Blake, son of Mr. and Mrs. Simon Blake of Bellaire.

The Rev. Cecil Scott officiated at the double ring service before an altar decorated with autumn flowers and lighted tapers.

Laurie Reis, at the organ, played the traditional wedding marches and accompanied the soloist, Mrs. Richard Derynzy of Flint, aunt of the bridegroom.

Given in marriage by her father, the bride chose a gown of white French imported rose lace and satin for her wedding. It was fashioned with a fitted bodice which featured a net yoke, Peter Pan collar of lace and long tapered sleeves. The full skirt of lace over stain fell into pleated ruffles. Her fingered veil fell from a lace cap trimmed with seed pearls and sequins and she carried a cascade bouquet of white pompanos centered with yellow roses.

Mrs. O. M. Peterson of Lansing attended her sister as matron of honor. She wore a half-length gown of yellow net over tulle, fashioned with a strapless bodice worn with a matching net stole and bouffant skirt.

Mrs. John Wynsma of Grand Rapids and Mrs. Geneva Woodman of Lansing, sisters of the bride, were bridesmaids and wore gowns of pink and orchid, respectively, styled like the honor attendant.

Their bouquets were of pink and white carnations and they wore wreaths of white-frenched carnations in their hair.

Gerilyn of Lansing, niece of the bride, as flower girl wore a blue nylon gown and carried a bouquet of rosebuds. Ronald Edson of Dearborn, nephew of the bride, was ring bearer.

Donald Edson Sr. of Dearborn, brother of the bride, was best man and groomsmen were two other brothers of the bride, Harold Edson of Alba and Ethan Edson of Ellsworth. Ushers were Donald Ritt of Bellaire, cousin of the bridegroom, and Doyle Edson of Gaylord, brother of the bride.

Mrs. Edson selected a midnight blue gown trimmed in a rose shade and black and white accessories for her daughter's wedding. Mrs. Blake, mother of

the bridegroom, wore an old rose lace gown and rose and navy accessories. Their corsages were of white carnations. A reception followed at the Masonic Temple in East Jordan. Following a northern Michigan wedding trip the couple will reside at 31 Washington st. in Mt. Clemens near Selfridge Airforce Base where the bridegroom is stationed.

For Sale — One Brooklyn Bridge — Cheap

NO ONE could get us to fall for that famous old Brooklyn Bridge swindle! But we might be duped into deals that are far worse. Fast talking, smooth operating shysters are still trying to swindle the American public.

Take our nation's natural resources for example. You and I and over 165 million other U.S. citizens own these natural resources. But special interest groups are bent on making a big profit from our property. They are spending huge sums of money on expensive national advertising and using all manner of high powered influence to convince the public that the government should not develop these resources and that power from existing Federal dams should be sold and distributed by profiteering power companies.

The "Preference Principle" in government

power contracts is our only protection against this power sale swindle. Without "Preference" it would be virtually impossible for people served by small non-profit public bodies such as municipalities and rural electric co-ops to gain any of the benefits of Federally generated power. It would be seized at the bus bar by the vast so-called "Private Power" industry which is already getting over five times as much Federal power as rural electric co-ops.

But "Preference" is being attacked and we need men in Congress who will beat down these attacks. Before you go to the polls this November make sure your candidate represents your views on "Preference" and other power issues. Remind him that WE DON'T LIKE BEING SWINDLED!

Northern Class 'C' Schedule Will Fall Into High Gear This Week

The Northern Michigan Class C football schedule will swing into high gear this week with Boyne City traveling to Gaylord to meet the Blue Devils, Harbor Springs invading Grayling, Pellston playing at Mancelona and Charlevoix hosting East Jordan in a homecoming game.

The game at Gaylord will mark the meeting of two of the three undefeated teams in the loop, Boyne City and Gaylord. East Jordan is the third undefeated team. Last week the Ramblers got past a powerful Mancelona eleven by a one-point margin, 7-6, while Gaylord romped over a weaker Pellston squad by a score of 25-6.

Pacing the Blue Devils attack was Mike McKillop, a hard-running halfback and John Burnison, son of Coach Don Burnison, whose passing and signal calling were among the highlights of the game. Boyne City, on the other hand, has fullback Carl Caron and a line that held up well under the pounding of the Mancelona Ironmen. Gaylord is off to one of its best seasons in recent years but it will take more than the Blue

Devils have shown thus far to defeat the Ramblers.

Last week the determined Harbor Springs Rams held Charlevoix to a 6-6 tie and in doing this, showed more scrap than in recent years. This week the Rams will take on the Grayling Vikings who were snowed under last week by East Jordan by a score of 28-0. If the Rams play the same type of ball as they did against the Rayders last week, they should have no trouble with the Vikings who showed little against the Red Devils. However, it must be remembered that the East Jordan meeting was the Vikings' first game of the season.

Coach Matt Jacobson's Mancelona Ironmen served notice last week that they were going to be hard to stop when they held the Boyne City Ramblers to one touchdown. Composed of a heavy line and an aggressive backfield that seemed to do everything well, they should have no trouble with the Pellston Hornets who folded before the attack of the Gaylord eleven last week. Pellston could

be tough but Mancelona is expected to come through with an offense that will stop the Hornets and give the Ironmen plenty of scoring opportunities.

The Charlevoix Rayders who failed to crack the Rams defense last week will find tough going against the East Jordan eleven this week and will have to fight every play of the game if they want to make this homecoming a happy one for Rayder fans.

Last Week With Class 'C' Teams

Boyne City edged past Mancelona 7-6; East Jordan rolled over Grayling 28-0; Gaylord downed Pellston 25-6 and the defending champions, the Charlevoix Rayders played Harbor Springs to a 6-6 tie as the Northern Michigan Class C league opened its loop schedule Friday.

Boyne City 7 Mancelona 6
The first quarter was the decisive one in the meeting between Boyne City and Mancelona Friday night with both teams scoring their only touchdowns early in the game.

The Ramblers scored first midway in the initial period on a 14-yard run by half back Ron Holowasko after a drive which started on the Boyne City 45 put the ball in scoring position. Fullback Carl Caron went through the line to score the extra point which proved to be the deciding point in the game.

Late in the same period Mancelona fullback John Phillips broke through the line to go 75 yards for a touchdown. The kick was low and wide and the quarter ended 7-6.

Boyne City threatened again in the third quarter when a Mancelona player knocked the ball from Holowasko's hands on the 15.

Mancelona was on the 1 1/2 yard line in the final period when center Jim Camburn broke up a jump pass on the fourth down. The Ramblers had the ball on their own 40 as the game ended.

Gaylord 25 Pellston 6
Gaylord showed unexpected strength against the Pellston Hornets as the Blue Devils scored three touchdowns in the first period to put the game on ice.

Quarterback John Burnison intercepted a Pellston pass early in the game to set up the first Gaylord touchdown which was scored by halfback Mike McKillop on a 28 yard run on a hand-off from Burnison. Gaylord's attempt from Burnison. Gaylord attempt for a point was stopped.

Fullback Keith Riddle went over from the five to score Gaylord's second touchdown and Burnison added the extra point on a kick.

Later in the period, Gaylord recovered a Pellston fumble on their own 30 and on the second play from scrimmage, McKillop went the distance to make the score 19-0.

Hornet fullback Jim Robinson went over from the one-yard line in the second period to give Pellston its only touchdown.

The third quarter was scoreless. In the final period, however, with Burnison returning to the line-up after being shaken up, the tricky quarterback pitched a 12 yard toss to end Darwin Mason to place the ball in scoring position on the one-yard line. On the next play McKillop went over for the touchdown and the game.

East Jordan 28-Grayling 0
Four touchdowns, a safety and two points after touchdown run over by Jack Ingalls gave East Jordan a win over the Grayling Vikings.

The Grayling line showed little resistance to the Red Devils, who scored three touchdowns in the

Rayders Will Meet East Jordan Friday

The Charlevoix Rayders, the Northern Michigan Class C defending champions, played the Harbor Springs Rams to a 6-6 tie at the Ottawa Indian Stadium Friday night to open their 1956 league season.

A Rayder fumble recovered by Harbor Springs gave the Rams their only scoring opportunity. Charlevoix scored later in the second period to tie the score.

This week the Rayders will host the East Jordan Red Devils in a homecoming game at Kipke field. The Red Devils, making a comeback after a slim season in 1955, are fresh from a 28-0 win over Grayling and aiming to finish high in the standings this season. The Jordanites are fielding a team which boasts a big line and a fairly strong backfield which can be expected to give the Rayders lots of trouble. Charlevoix, on the other hand, has a backfield which displays plenty of initiative but a line which leaves much to be desired. This week Coach Don Carey is concentrating on both offensive and defensive plays in an effort to plug some of the holes in the forward wall.

East Jordan could be a tough opponent and the Rayders are going to have to tighten their ranks if they are to stay in the win column this week.

In the game at Harbor Springs Friday, Charlevoix kicked off to the Rams who picked up two first downs and advanced to the Rayders, in turn went to the Rams 48 but had to punt when their attack bogged down. Harbor Springs took the punt on their own 35 and returned it to the 41 where the offensive drive started. Advancing to the Rayders 37 they lost the ball on downs, pushed to 47 before collecting a clipping penalty which set them back 15 yards as the quarter ended.

second period and added a fourth in the final period.

Larry Woodcock went over from the one on a quarterback sneak to open the Jordanites' scoring spree. Midway in the period he blocked a Viking punt on East Jordan's 40, took the ball on the bounce and went 60 yards to score. Halfback Gareth Thompson went over from the eight yard line late in the second period and Ingalls carried the ball over for the extra point to give East Jordan a 19-0 halftime advantage.

The third quarter was scoreless but early in the final period Ray Walker trapped a Viking in the end zone for a safety and two points. Full back Glenn Kowalski went over from the one yard line late in the period for the final tally, with Ingalls making the score 28-0 with a point after touchdown.

Harbor Springs kicked off to the Rayders to open the second half. Charlevoix moved the ball on a series of ground plays from their own 43 to the Harbor 16 but failed to advance when the Rams line held and Harbor took over. However, their offensive attack was cut short and they punted out of danger after the Rayder line held. Charlevoix took the punt on their own 44 but after three tries the Rayders punted. Harbor Springs was on the march and had returned the ball from their own seven to the Charlevoix 39 as the third quarter ended.

As the last period got underway the Charlevoix defense tightened and Harbor Springs was forced to punt. Charlevoix took the ball on their own 23 and returned it to their own 40 but had to punt when the Rams line held. After moving the ball from their own 22 to the 40 yard line, the Rams booted to Rayders who marched from their own 44 to the Rams 30 where Harbor Springs recovered a Charlevoix fumble. In a desperate attempt to grasp a victory, Harbor Springs took to the air and had pitched three in complete passes as the game ended.

Charlevoix's High School Band Completes Organization For '56

The Charlevoix high school band has completed its organization for the 1956-57 school year and is busily engaged in the varied activities connected with the new school year. C. A. Odmark, director of the group, has an-

nounced. With school in session less than a month, the band has already appeared at two home football games and played two parades plus the school pep meeting held each week.

The band will make its third appearance of the season at the Charlevoix-Grayling football game at Kipke field tomorrow night presenting a half-time show saluting the forthcoming Community Chest drive. This show, incidentally, is being presented with only three field rehearsals, one of which is an extra rehearsal called because of the M. E. A. convention in Traverse City which closed the schools Thursday and Friday, Mr. Odmark said.

Other difficulties encountered have been in the high percentage of football players and cheerleaders who are not available to the band during the season. Of the 59 members of the band, only 44 were able to participate in the homecoming festivities last weekend.

City Council Sets Date For Street Hearing

October 29 was set as the date for a hearing on the closing of a section of Aprilm st. on the south side of Round Lake after Robert Schlemmer appeared before the city council Monday night to ask that the street at that point be abandoned and closed.

Mr. Schlemmer who owns the property on the lake front adjacent to the street, asked that the property be vacated because it has not been developed as a street for the public. The property is located east of the west line projecting north to Round Lake at Lot 6 Block 19 of the Newman addition. Mr. Schlemmer is improving the property on the water front and has asked that the street which comes to a dead end on his property be abandoned so that it would be included in the improvement project.

A resolution setting the minimum rate of \$1.00 per month for all long term electric users was adopted by the council. A long term user is defined as a one who is billed for six consecutive meter readings. Under the new ruling these users must pay a minimum of \$1.00 per month whether the meter is read or not during the remaining six months of the year.

The council authorized the city superintendent to set the cost of current for hot water heaters as follows: 1 1/2 cents per kilowatt hour on tanks of 52 gallons or larger and 2 1/2 cents on tanks less than 52 gallons.

Charlevoix City Band Resumes Winter Schedule Of Rehearsals

The Charlevoix City band has resumed its winter schedule of rehearsals following its annual business meeting recently. C. A. Odmark, director of the group, has announced.

John Kroken was re-elected president of the band. Other officers who were re-named were:

vice president, Will Bellinger; secretary, Albert Novotny; treasurer, Pat Maron and June Guild, recording secretary to keep records of rehearsal attendance.

Rehearsals for the coming year have been switched to 7:30 p. m. to 9 p. m. Wednesday. A group of advanced high school players have been invited to participate in the band activities and a balanced band of about 35 members is in prospect, Mr. Odmark said.

It is hoped that with a stable personnel, the group can spend its weekly rehearsals reading through music not used in the summer concert season plus rehearsing new music which will be prepared for next summer's series.

Adult members of the band are: Connie Paul, flute; Will Bellinger, Mrs. Roger Sweet, James Bears, clarinets; June Guild, saxophone; Ilo Helms, John Kroken, Clarence Peters, cornets; Tip Riley, horn; Bob Gill, baritone; Pat Moran and Jack Stebe, trombones; Albert Novotny, Claude Fairman and Armand Peters, percussion.

The band reviewed its recent concert season during which 10 regular and one special concert were presented, eight under the direction of Mr. Odmark, the regular director, and three under the leadership of Max Smith of Petoskey who took over the band during Mr. Odmark's absence.

A total of 110 compositions were scheduled during the season with only a few of them repeated throughout the summer. The band members, all giving of their time and talent, without remuneration, are hopeful that next season's concerts will be as well presented as they have been in the past.

Any adult who would like to join the band should contact any of the band officers or Mr. Odmark to see if any vacancy exists. Rehearsals are held weekly from 7:30 to 9 p. m. Wednesday in the high school band room.

A report on the unit's activities for the past year revealed that \$1,000 was contributed to the Kresge Foundation at the University of Michigan for research.

Cancer patients were given service through loans and supplies.

Through the education program sponsored by the unit more than 800 persons in 15 groups saw education films shown in the county; cancer literature was studied by students in the four high schools and students in East Jordan and Charlevoix participated in contests; subscriptions to the magazine, CA, were sent to 10 doctors in the county and copies of Dr. Cameron's book, "The Truth About Cancer" were given to the public libraries in Charlevoix, East Jordan and Boyne City.

A work bee will be held at Mt. McSaubia beginning at 10:30 a. m. Sunday, Dr. L. E. Grate, president of the Charlevoix-Mt. McSaubia Recreation corporation, has announced.

Workers are asked to bring shovels, post-hole diggers and pails for a general work session during which seed will be spread, post holes will be dug and other chores done. Workers are badly needed and everyone who can spare some time is urged to join the work bee.

At a meeting of the fund-raising committee Tuesday night, it was reported that an additional \$1,500 had been raised during the past week bringing the total on hand to the \$3,000 mark. The committee will continue their fund-raising project until the necessary funds are obtained.

The purchase of a gasoline engine for the ski tow is being discussed and plans for the pouring of the concrete slab for the warming house are being made.

Work is progressing on the project in an effort to get in operating order for the coming winter but additional workers are needed, Dr. Grate said, in urging that local residents get behind the program.

Your Community Chest Agencies

The 1956 Community Chest drive to solicit funds for 10 agencies is scheduled to begin shortly. That contributors may better know the agencies to which they contribute, a series about these agencies has been printed in recent weeks. The fifth and last of these include the Michigan United Fund which solicits funds for 13 state and 18 national agencies.

The Michigan United Fund has requested \$1,329.00 in the Charlevoix area or 30 per cent of the county request of \$3,601.00.

The request is based on the county's population which would mean a contribution of .1123 cents

per person in the county.

This request is slightly higher than the 1955-56 request of \$1,577.00. The increase is due mainly to the increased amount earmarked for the Michigan Heart Association which is greatly enlarging its education program in an effort to bring to the public more information on how to stop the great killer, heart disease.

Without realizing it, contributors to the Michigan United Fund are giving to such worth while state agencies as the Arthritis and Rheumatism Foundation, Cerebral Palsy Association, Epilepsy Center, Hearing Association, Heart Association, Leader Dogs for the Blind, Mental Health Society, Nursing League, Retard-

ed Children, Sister Kenny Foundation and Welfare League.

The United Service Organization, more familiarly known as the USO, is the national organization which receives the largest grant, receiving \$887.00 of the \$1,154 raised in the county for here and abroad entertainment national organizations. This organization furnishes USO centers for men stationed around the world with the armed services.

Other organizations which receive token amounts from contributions in the county are groups which specialize in helping others through rehabilitation, through direct aid such as National Travelers Aid Association or through education.

ODDS 'N' ENDS

By Fran Martin

Well, we had a few days of it anyway... Indian summer, we mean... And it made a beautiful setting for the homecoming festivities which everyone enjoyed so much... and for the first time in a couple of years you didn't freeze to death and drown at a football game... Let's hope that this month will bring us many such days... and then, just maybe, we won't mind the winter so much...

And how did you like the race for the National League pennant?... Along with a few million other people we'd like to go into mourning because the Milwaukee Braves just couldn't make it... With the Cardinals playing over their heads Saturday night, the Braves lost the big one in the 12th inning and when Brooklyn won Sunday... that was all boys... We may not be a great baseball fan for 11 months of the year but this is the time of year when we're as rabid as the next one... And oh, how we wanted someone but an eastern team to win this year... Now we'll have to sit tight until next year and in the meantime, hope that Yanks and the Bums clobber each other so both will be out of the running in '57... Got any better ideas?

But after this week we can stash away the baseball talk until next year and concentrate on that game of games, football... With Michigan and State flexing their muscles in such a satisfying manner last Saturday and with all the other big favorites looking pretty fair it looks like a mighty fine season from where we're sitting... And if Saturday's games aren't enough, there are the

pro games where anything short of murder is legal... and where you play ball or else... And don't forget that big Bob Carey's back with the Rams...

Our congratulations to all those people, big and little, who worked so hard to make the homecoming a success... Bigger and better than ever, the parade was topped with the greatest display ideas you can imagine... The winning float decorated by the juniors was the big stark sitting on the chimney with a football replacing the baby in the traditional carrier... and carrying the message... "We're expecting... a victory"... And the Rayders made the whole thing complete by bringing us just that... Most amazing were the clever ideas carried out by the underclassmen... The freshmen entry "The spider (Who else but Charlevoix) with East Jordan playing the role of the helpless fly... with huge fishnet as the spider web... And the seventh graders who took third place decked out as a bunch of man-eating cannibals with poor Tony Duerr playing the part of the victim (East Jordan, of course)... Incidently, the lamp black they used was something to remove and about a dozen kids we know had that scrubbed look for only one reason... their mothers had to scrub them, but good, to get the black off... But it was worth it 'cause they won third... All that plus the big pep rally when our Queen Judy was crowned... And then they ask: What do you do in Charlevoix when it isn't summer...

We'd like to relay our best wishes to a grand, grand person for a happy birthday... Come October 12, he'll be 91 years old... Of course you know we mean our good friend, Dr. Perry G. Holden... known as the founder of modern agriculture and about whom was written recently: "Few persons in the history of agriculture have contributed as much to the progress of

Births recorded at the Charlevoix hospital recently include:

farm as Dr. Holden... We feel most fortunate for having been given an opportunity to know this great but humble man.

And while we're on the subject of anniversaries, we'd like to say "happy anniversary" to the Pearl Johnsons who will observe their 54th wedding anniversary Thursday... A family dinner this weekend will mark the formal observance of the occasion by the couple...

Are you one of those people who date on new cars? If you are you're in for a lot of surprises during the next few months as the 1957 models receive their first appearances... We had a preview of a couple of them over the weekend and to our way of thinking there are some radical changes in the body styling...

And after learning all the cars, you'll have to start all over again...

Noticed there were quite a few boats out on Round Lake Saturday afternoon... a cold blast out of the north... We understand that quite a few good catches of perch were brought in and that by this weekend the perch run should be going great guns...

How anyone has the patience and the fortitude to sit out there and catch fish in this weather, we'll never know... All we know is that we like the results of such excursions... namely, the perch...

The Boy Scout and Girl Scout programs are now getting underway for the current school year... If you've been flirting with the idea of helping, why not start right now... You'll have a grand time getting to know the kids and helping them in their many projects... We just wish we were in a position where we could take on a troop or a den... It's most rewarding so why don't you give it a try... You'll never be sorry, that we know...

The First Methodist church was the scene recently of the wedding of Charlene Jill Cross, daughter of Mr. and Mrs. John H. Cross, and Edgar Allen Culbertson, son of Mr. and Mrs. Weldon R. Culbertson of Ferndale.

The Rev. Lloyd M. Schlopp officiated at the double ring service in the presence of 250 guests on Saturday, Sept. 22. Baskets of white gladioli and lighted tapers in candleholders decorated the altar for the service.

The bride, given in marriage by her father, wore a waltz length gown of lace and tulle for her wedding. It was fashioned with a scoop neckline, long sleeves, long fitted bodice of lace and bouffant tulle skirt. A seedpearl tiara secured her fingertip veil and she carried a bouquet of sweetheart roses.

Carol Cross was her sister's maid of honor. She wore a ballroom length gown of apricot velvet styled with a scoop neckline, short sleeves, fitted bodice and full skirt and matching velvet headband and face veil. Nancy Wallace as bridesmaid wore a gown identical to the honor attendant's in forest green with a matching velvet headband and veil. Both carried bouquets of gold gladioli.

Debra White, cousin of the bride, was flower girl. She wore a white lace dress and white floral headband and carried a basket of pink geraniums. Stewart E. Coleman Jr. was ringbearer.

Ray Culbertson of Ferndale assisted his brother as best man and John H. Cross Jr., brother of the bride, was groomsmen. Ushers were James C. Alger and Paul N. Stephan of Buffalo, N. Y.

Mrs. Cross selected a blue lace gown, black accessories and a corsage of red roses for her daughter's wedding. Mrs. Culbertson mother of the bridegroom, wore a raspberry lace gown, black accessories and a corsage of white roses.

Immediately following the ceremony, a reception was held at Harmony Hall. Arrangements of autumn flowers decorated the rooms.

For traveling on their wedding

The bride is a graduate of the Charlevoix high school. The bridegroom attended Lincoln high school in Ferndale and is a veteran of four years service in the U. S. Coast Guard.

You Are Being Followed

Outdoor living affords abundant opportunity to reflect upon the many urges that prompt a creature's behavior and to observe the satisfactions wild things seek and find.

Herring gulls weave and dip and skate in fancy figures across the sky. Then, floating low near the rocky beach, they suddenly plunge into the tossing waters for minnows. Though finny creatures scatter as the birds' dark shadows deepen over them, and though they dart with lightning speed for safety among the stones, seldom does a gull arise without a fish twisting in his beak. For the gull's urgent cravings there are in nature some answering satisfactions. The gull has wings for flying and an urge to use them. The air is nature's answer to the gull's need. Or, conversely, there was air here before gulls existed, and a gull's wings are fitted for responding to the air. A herring gull is a fish-hungry bird. But there would be no fish-hunger if there were in all creation no such things as fish. A gull's yearnings and nature's fulfillment are fitted to each other.

Along the shores of Lake Charlevoix and nearby Lake Michigan deer tracks are plentiful. Even amidst the hard rocks an observant eye can detect the disturbance of rock dust and pebbles where whitetails have stepped at early dawn or twilight to quench their thirst. Would it be possible for deer to long for water if there had never been such a thing as water created? No, water was here before deer, and a deer's desire to drink is in response to the water that preceded the coming of the whitetail.

We human beings are born with desires as were our winged and hoofed brethren, and for every desire there exists a satisfaction. Food exists for matching a youngster's hunger. Mates are available to answer the longing of a maturing person for love-expression and for a home. We have yearning to reach a perfection that is not possible in this world. Then another world must await us, where what is imperfect may be perfected and where what is undeveloped and unfinished can be completed.

This principle of a creature's urge being met by creation's response is applicable to our attitudes toward the future and our regrets over failures of the past. When we arise in the morning we hope that goodness and mercy will await us along the path of hours that spread ahead. When we are young we look with great expectations upon a life gloriously stretched before us. When we

reach maturity and are making momentous decisions about our life's work or concerning the choice of a mate or the establishment of a home, and when we have passed the noontime of life and are journeying toward sunset, or when sunset has come and we are looking toward a new day—we anticipate the adventures before us with a hope that goodness and mercy will attend us. (Few want exact justice. Of all the public prayers I have heard uttered, and they have been innumerable, never yet have I heard anyone petition the Almighty, "Lord, give us what we deserve." Would any of us dare to make such a request?) This longing for a great kindness is possible because that kindness exists and antedated man's need, just as gull wings and deer thirst are possible because of air and water which were here before bird and mammal. Our yearning for a God of mercy is possible because God is merciful and meets us on our blundering, stumbling way with compassion and understanding and answers our penitence with forgiveness.

You look back over your days and imagine your path strewn with dark deeds, blackened memories, ugly failures, charmed and ashen hopes? You are dogged by your past and haunted by the feeling of being followed by an inescapable record? Well, in a sense your fears are based upon reality. What we do does follow us as do our tracks along a sandy shore. But something else follows us too—the understanding and forgiveness of a good God. How else could we hope for Divine compassion and clemency if they had no actual being? What a fraudulent world this would be if we were supplied with a craving for a forgiveness that did not exist!

You look back over your past with a fervent wish it could be covered with kindly forgiveness? Then believe that it is so. You could not have the desire for Divine goodness and mercy if there were no answer for your craving. As the Psalmist put it, "Surely goodness and mercy shall follow me all the days of my life."

You, too, are being followed.

Girl Scout Rally Gets '56 Program Off To Good Start

One hundred and twelve Girl and Brownie Scouts rallied to the call of scouting at a meeting held at the Congregational church Thursday afternoon.

The rally opened with the singing of several Girl Scout songs under the direction of Carol Belfy and Eileen Arnold with Cynthia Curtis playing the accompaniment. Janice Burr's led the singing of the song "Lolly Opo", a new song learned at camp last June.

Mrs. Lester Smith, president of the Charlevoix Girl Scouts and Council, welcomed the girls and made several announcements regarding scouting. She said that both Girl Scout and Brownie books can be sold at half price and that anyone wishing the books may contact Mrs. James Gallagher. There is also a demand for used Scout and Brownie uniforms.

After the introduction of new leaders, the members of Troop 6 were awarded Senior Scout pins in recognition of their work as program guides. Swimming cards were awarded to those who had passed beginner's swimmers and advanced swimmers' test at camp.

At the conclusion of the general session, Scouts adjourned to meet in individual troops and to discuss meeting plans and dates.

Council Sets Date For Street Hearing

(Continued from page 1) tinuance of the Charlevoix to Detroit bus route was read. Mr. Foster stated that the line was a money-losing proposition except during the summer months when the company planned to operate it.

It was also reported that Charles Scott, who owns property at the end of Sherman st., had given the city permission to cross the property with the proposed 10 in trunk water main. Bills totaling \$28,926.50 were approved and ordered paid. Of this amount \$10,000 was earmarked as a payment and \$487.50 as interest on the bonds for the 1000 kw Rathburn-Jones diesel engine at the municipal light plant.

There's nothing that someone cannot make a little worse and a little cheaper.

Phyllis Roberts Reports On Tour Of Spain And Portugal

Phyllis Roberts who is serving with the government in French Morocco, North Africa, recently enjoyed a tour of Spain and Portugal. In a letter to her mother, Mrs. Berna Roberts, she sent the following account of the trip.

"I had a great trip to Spain and Portugal, two very beautiful countries. We left Cazes Airport in Casablanca and flew to Tangier where we stopped briefly. While there we got our money changed as we could get a better exchange rate than in Spain.

"Then we flew to Gibraltar which is really just a big rock. The runway there was so very short that the pilot had the landing wheels almost touching the water before we landed and you could feel him applying the brakes. We climbed to the top of the rock and looked it over one afternoon and then had to climb down a mile of steep stairs. We took a tour and went through the caves of see the apes. (There is a tradition that when the apes leave Gibraltar, the British will leave so they are well cared for, protected and allowed to roam freely.)

"We drove around to a Spanish fishing village on the other side, visited a very old Spanish church, saw a camp of French and

Spanish refugees who had fled from Morocco and went through an old Moorish castle. Took a few pictures at Gibraltar including some of Scotch Highlander soldiers who look so cute in their little plaid skirts.

"We left Gibraltar by ferry boat for Cigeceiras, Spain. On the ferry we met an American couple who lived in Seville and they asked us to ride with them. They had their Spanish maid and an American contractor with them. It was a very nice drive and we saw a lot of Spanish countryside. The Spanish are friendly and waved to us along the way. We arrived in Seville a little dusty and tired.

"The next day we toured Seville. We saw a cathedral, the third largest in Europe. There are statues of four kings holding the remains of Columbus. It had many beautiful things in it... clothing made of gold, lovely altars and many things from Spanish history. In the afternoon we took a horse and carriage tour which was very interesting. We saw many pretty parks, gardens and Spanish homes. Our guide could speak no English but he was good with the sign language. One Spanish lady invited us to look at her home.

"One of the girls who used to work with us is now in Seville. She invited us to dinner. After returning to the hotel we went on a night tour via horse and buggy and found it very pleasant.

"The next day we left by Iberian (Spanish) Airlines for Madrid. They have shaky planes, if I ever saw any. Looked behind me on takeoff and saw one fellow crossing himself. Gave me a funny feeling. We were glad to land in Madrid.

"I loved Madrid but didn't get to see a bull fight... one thing we missed all along the way. We toured the city, went through the Palace including the rooms occupied by General Franco when he is there. They have a beautiful university there... beautiful buildings and grounds. We also saw the 'Flea Circus' where they really sell all kinds of junk. It reminded me of the medinas in Morocco. They really have a good museum there... spent four hours in the art galleries and then didn't have time to look at all the paintings by old masters.

"We left Madrid via TWA. seemed good to be on American Airlines for a change. Had real American coffee. European coffee is so thick and black it makes your hair stand on end... and Moroccan coffee is even more so! "At the airport we met two charming and gracious nuns from New Jersey and had dinner with them. They were going to visit

"Our Lady of Fatima" Shrine. They had come from Barcelona via Iberian Airlines and agreed with us on the condition of the planes. They unfortunately had been caught in a storm and the plane had bounced around a great deal.

"We found Lisbon to be a beautiful, clean city. We took the day tour there. They have a lovely winter garden there which grows all year long. Saw fuschias that looked like small trees. However, the most beautiful gardens we saw were the palace gardens in Madrid... there must be acres as we walked and walked and walked! The night tour of Lisbon was quite gay and fun.

"We spent one day at the Shrine at Fatima... about a 200 mile tour. Went through two very interesting monasteries on the way and stopped in a most interesting fishing village, where they catch a lot of sardines. The fishermen all wear bright plaid pants and are most colorful. The shrine of Fatima is very simple but at the same time impressive. People come there by the thousands.

"We visited the church of the Exorcists in Lisbon. Many old Portuguese explorers as well as royalty are entombed as well as also went through the museum of old coaches... the only one of its kind. Royal coaches from all

the European countries are found there... some very elaborate. "We flew back via Portuguese Airlines and spent the next weekend in Tes, the imperial city of Morocco."

Here
Today!

came the magic that made possible so wonderfully different a Ford. In the toughest on-the-road tests ever given to a car, this "Inner Ford" demonstrated that a '57 Ford rides you sweet and low... that it takes the bumps without a bobble, the curves without the pitch... and, that in power, it "takes nothing from nobody!" Nothing on wheels hurries, handles or holds up like a Ford!

A new kind of FORD with the mark of tomorrow

You're in for a thrill when you see this new knock-out named Ford! But save your superlatives till you drive it! That's where the fun really starts.

It's fun just knowing that others who see you wish they were you. For you're commanding the longest, lowest, heaviest, biggest car ever to sport such a low price tag. There's head room to spare for a new fall bonnet... stretch-out space for a "Daddy Longlegs."

You'll find that the tough and ready new "Inner Ford" is built to take the roughest road you'll care to travel. New outboard rear springs and ball-joint front suspension let Ford take the turns without the tilt. New swept-back control arms help take bounce out of bumps.

Best of all, Ford's library-like quiet is built in. And the new "Inner Ford" is why. For never be-

fore in Ford's field has there been a body with so much extra bracing so firmly anchored to its foundation. And you can choose from three big Silver Anniversary V-8's with up to 245 horsepower. There's also a new Mileage Maker Six with 144 horsepower, the most modern Six in the industry.

You can pick your Ford tailored to your desires and your budget, too! Choose from nine Fairlane or Fairlane 500 models or from five Custom or Custom 300 models. Or take your pick from Ford's five longer, lower, new station wagons. Whichever model you select, you'll get a car that's been re-invented from the wheels up!

So there's the new kind of Ford. Big! Gracious! Spacious! A luxury car true—but one that any new-car buyer can easily afford. Come in! See what wonder-cars you can buy now at low Ford prices.

The Fairlane Fords for '57, like the Fairlane 500 models, have no equal... no counterpart, in the low-price field.

Northern Class 'C' Teams Will Be Active Thursday and Friday

Action in the Northern Michigan Class C league this week will find Harbor Springs playing at East Jordan and Pellston hosting Boyne City in afternoon games scheduled for 3 p. m. and Mancelona playing at Gaylord and Charlevoix entertaining Grayling in evening games.

After last week's games when Harbor Springs, Boyne City, Mancelona and Charlevoix shut out their loop opponents by decisive scores, there is little doubt of the results of this week's games when the same teams may be expected to rack up victories.

Mancelona is definitely one of the stronger teams in the league, despite their loss to Boyne City to open the league schedule. This week they will travel to Gaylord to take on the Blue Devils whom the Boyne City eleven whipped last week. The Ironmen can be expected to come out of the game with a victory.

Last Week With Class 'C' Teams

While their opponents were held scoreless, Boyne City, Charlevoix, Harbor Springs and Mancelona ran up lopsided scores over league opponents in games played Friday night.

Boyne City won over Gaylord 34-0. Charlevoix defeated East Jordan 32-0. Harbor Springs trounced Grayling 40-0, and Mancelona dumped Pellston 25-0. As the result of Friday's games Boyne City remains the only undefeated team in the league. Charlevoix and Harbor Springs are tied for second with a win and a tie game each, East Jordan, Gaylord and Mancelona with a one win and one loss record are in third place with Grayling and Pellston hold down the cellar position with two losses to date.

Boyne City 34 Gaylord 0

Halfback Ron Holowasko, top scorer for Boyne City in their game with Gaylord, scoring once in the first quarter on a 15 yard run around end and twice in the second quarter, the first on a double reverse for 20 yards and the second on an 8 yard run. Fullback Carl Charon scored the extra points on line plunges.

Charon pitched a 38 yard pass from the 40 yard line to quarter back John Juday on the two yard line to open the second half. Juday stepped over from the two, and Charon ran the ball over for the extra point to make the score 28-0 as the period ended. Charon added the final tally in the last quarter when he went inside tackle for 10 yards to score. The boot for the conversion was missed.

Harbor Springs 40 Grayling 0. The Harbor Springs Rams had no trouble with the Vikings as Jack Meyer scored from the 10 yard line early in the game after the Rams had intercepted a Viking pass. Later in the period Meyer went over from the 15 following a 60 yard drive to place the ball in scoring position. Quarterback Rishie Clarke dropped-kicked the extra point following Meyer's first TD.

Early in the second period Harbor Springs punted to the Vikings. The ball popped out of the arms of the Grayling receiver into the hands of Ram's guard Pete Graham who went 30 yards to score. Later in the period halfback Ed Mathews went through the line for 30 yards to score and Clarke added the conversion point with a drop-kick to make the score 26-0 at halftime.

Rayders Will Meet Grayling Here Friday

The Charlevoix Rayders rolled over the East Jordan Red Devils by a score of 32-0 Friday night to bring the annual homecoming festivities to a successful conclusion.

The victory gave the Rayders their first outright win of the current season. Earlier they had played a 6-6 tie game with Harbor Springs.

This week Coach Don Carey's lads will host the Grayling Vikings coached by Art Thayer. The Crawford county squad has been soundly trounced by two league rivals so far this season. In their opening game they were defeated 28-0 by East Jordan and last week lost to Harbor Springs 40-0.

If the Charlevoix Rayders continue to improve as much this week as they did the week between the Harbor Springs and East Jordan games, they should keep in the win column.

In the game Friday night, the play of the line was greatly improved over earlier games and the team showed promise of becoming a good defensive squad. The offensive play was also improved with halfbacks Kenny Balch and Terry Davis racking up substantial gains, with other members of the backfield doing their share of ball totting.

Charlevoix and East Jordan each earned two first downs in the first quarter of the game. East Jordan recovered a Rayder fumble midway in the period and both teams found it necessary to punt several times after failing to gain extra downs. Late in the period, Charlevoix took a Red Devil punt on their own 41 and Balch broke away for a 41 yard run to place the ball on the East Jordan 18 as the period ended.

As the second quarter opened Davis picked up four yards to the 14 and on the next play went over to score to give the Rayders a 6-0 lead. Joel Arvilla booted the conversion and Charlevoix went ahead with less than two minutes of the period gone. Charlevoix kicked off to East Jordan who took the ball on their own 28, moved it to the 38 and were set back to the 23 on a major penalty (illegal use of hands). After failing to gain lost ground and pick up a first down, the visitors were forced to punt with Charlevoix taking the ball at midfield. After failing to pick

up downs, Balch punted to East Jordan who took the ball on their own 15, and then fumbled the ball with Charlevoix recovering. Balch picked up two yards with Davis scoring from the 13 on the next play. The kick for the extra point was blocked and Charlevoix went ahead 13-0.

East Jordan took the kick, picked up a first down and punted when they failed to make necessary yardage. Two plays later the Jordanites recovered a Rayder fumble on East Jordan's 39 and made their way to the Charlevoix 22 as the half ended with Charlevoix ahead 13-0.

The Rayders kicked off to the visitors to open the second half. East Jordan, however, had to punt on fourth down when the Rayder line held and Charlevoix took the ball at midfield to start a march which took them to the 13 and included a 28 yard run by Balch. Two plays later Davis scored his third touchdown. The score remained 19-0 when the boot for the extra point was low. East Jordan took the kick on their own 32 and made their longest drive of the game, marching to the Charlevoix 14 where they lost the ball to the Rayders when they failed to pick up a first down. With Balch and Davis taking turns at totting the ball, Charlevoix picked up two first downs and had possession of the ball on their own 45 as the period ended.

The Rayders picked up a first down to the East Jordan 42 and picked up seven more yards to the 45 before being set back to the 37 on second down. On the next play, however, Balch broke away to score after romping 37 yards. The boot for the extra point was wide.

The Jordanites took the kick off and were gaining ground fast when a high pass from center gave Charlevoix possession of the ball on the Red Devil 33. Three plays later the Rayders were penalized 15 yards to their own 48 and had to punt out of danger. East Jordan took the punt on their own 20, picked up a first down and were on the 46 yard line when Charlevoix broke through the East Jordan line, trapping the ball handler on the Jordanite 32. His pass was blocked and ricocheted into the arms of Rayders guard Kenny Wojan, who went 32 yards to score. Arvilla booted the conversion and the Rayders went ahead 32-0. East Jordan had taken the kick-off and had picked up 21 yards to the Charlevoix 47 as the game ended.

Coach Carey had substituted freely in the last quarter as most of the squad got into action.

Assembly Of God Church Will Be Host To Missionaries Convention

The Assembly of God church will be host to a three-day Missionaries convention beginning next Thursday, the Rev. T. B. Thodeson, pastor of the church, has announced.

Speaking at the event which will be held at the church Thursday, Friday and Sunday will be Mrs. Netie Juergensen, a missionary to Japan, Mal W. Blakeney, missionary to India, Balthasar T. Baro, formerly missionary to China and Germany and more recently Egypt and Raymond and Katherine Zents, missionaries to Africa.

Mrs. Juergensen and her husband went to Japan as missionar-

ies in 1928. They were stationed at Nagoya where Mr. Juergensen died in 1938. A year later she returned to this country, remaining here until 1950 when she returned to Japan with her daughter. She is now on furlough and will return to Japan to establish Assemblies of God work in other cities.

Mr. Blakeney, who will speak on the progress of missions in India, is the son of missionary parents and was reared in India. After receiving his education in India and this country, he went to North India where he and his wife have been carrying on missionary work. He will feature the film "Brands from the Burning" to emphasize his talk.

Mr. Baird a missionary to China and more recently in Germany where he was sent in 1950, will speak on his work in these countries and in Egypt where he has served since 1953.

Mr. and Mrs. Zents, who have spent many years in Africa, will present two films, "Africa Presents a Challenge" and "I was an African Princess," an outstanding film portraying a Mossiland Prince.

The meetings at which these missionaries will tell the thrilling stories of their work in foreign missions will be held at the Assembly of God church at 8 p.m.

Homecoming Is A Success As Weather Aids

Clear skies and perfect Indian summer weather formed a setting for the third annual homecoming at the Charlevoix high school last week.

On Thursday evening a crowd of several hundred students and town people gathered at Kipke field for the coronation of Judy Cunningham as homecoming queen. Harry E. Bingham, high school principal, officiated at the ceremony. James Flynn was master of ceremonies at the program which preceded the coronation. Members of Queen Judy's court who were introduced were DeAnn Gencit, Angela Schroeder, Carol Duerr and Deanna Left.

The program followed a parade

Thursday and Friday evenings and at 11 a. m. and 8 p. m. Sunday. The Rev. Mr. Thodeson has extended an invitation to the public to attend the missionary convention.

and snake dance from the high school to the field and a bonfire outside the field. The Charlevoix high school band led the parade and played several numbers during the program.

On Friday afternoon the high school band directed by C. A. Odmark was at the head of the homecoming parade from the school through the business district. All junior and senior classes as well as other high school organizations had entered floats in the parade. First prize went to the junior class float which depicted a huge stork on a chimney holding a football instead of a baby with the legend "We're Expecting a Victory". Second place went to the freshman class for its "Sunder and the Fly" entry and the seventh grade won third prize with its "Stu 'em Up" theme, a group of cannibals stirring up a helpless victim in the pot.

Judges were Mrs. Ralph McKee, Mrs. Terry Rice and Randal Crump. Prizes were given by the Pep club.

The Charlevoix Rayders added the final touch to the festivities by defeating East Jordan 32-0.

At halftime the winning floats were paraded about the field and Queen Judy 'dubbed' Terry

County Extension Project Leaders To Meet Oct. 11

Selection of curtains and draperies will be discussed at the next meeting of project leaders and other interested members of the Charlevoix County Home Demonstration Groups. Arrangements for the meeting have been made by Clare Brown, home demonstration agent.

The project leaders will meet Oct. 11 in Boyne City. The lesson will be in charge of Jessie Marion, extension specialist in home furnishing from Michigan State University.

New window styles call for new curtain and drapery styles. New fabrics and fixtures will make entirely new window treatments possible. Made-over curtains and draperies mounted on

David and Kenny Balch Co-captains of the 1956 Rayders squad.

Later a large crowd attended the homecoming dance at the high school gymnasium. The dance was sponsored by the junior class.

properly placed fixtures will make old window treatments look new and modern. Windows are growing larger, hence night and air must be controlled by the window treatment. Privacy must be preserved, problem views disguised and problem windows transformed by proper curtaining.

Everyone knows the import-

ance of selecting a fabric of the right color, pattern and texture, but we often fail to realize the importance of fitting curtains properly. Careful consideration of length and width spells the difference between curtain success and failure.

Butters Sunset Lodge Is Destroyed By Fire

In the worst fire Charlevoix has experienced in the past 25 years, Butters Sunset lodge owned by Mr. and Mrs. William T. Butters and located at 205 Michigan ave., was completely destroyed by fire of unknown origin early Saturday evening.

The loss which included furnishings and the couple's personal belongings was estimated at \$95,000. The loss was partially covered by insurance.

In little more than half an hour from the time the fire was discovered at 7:35 p. m., the beautiful furnished and well-kept three story resort hotel had been reduced to a heap of smoldering debris by the flames which were whipped by winds of 40 miles an hour off Lake Michigan, a half block away. The lodge, located 1 1/2 blocks from the business district, housed 16 guest rooms, a guest lounge, a coffee shop, a fourth floor which was furnished and the couple's apartment.

The \$95,000.00 fire which completely destroyed Butters Sunset lodge Saturday night is pictured midway in the spectacular blaze as the top floors were consumed and sections of the west wall caved in. Taken from the lake side, the lower left section of the picture shows the apartment of Mr. and Mrs. W. T. Butters who were away from the lodge at the time the blaze was discovered.

Charlevoix firemen were joined by the Charlevoix Coast Guard which furnished both men and equipment and the Petoskey and East Jordan fire departments which sent their trucks and firemen to man the equipment. Firemen were also recruited by Fire Chief John Curtis from among the spectators in fighting the spectacular blaze which threatened the entire north side residential district.

Origin of the fire is not known but the fire is believed to have started only a short time after Mr. and Mrs. Butters left the house about 7 p. m. Mrs. Butters had gone to the movie in Petoskey and Mr. Butters to the Rod and Gun club. Mrs. Charles Hampton who lives at 103 W. Announce More Work Bees At McSaubia Area

Charlevoix's new recreation area, the winter sports park at Mt. McSaubia with its ski run, is shaping up well after a work bee over the past weekend. Dr. L. E. Grate, president of the Charlevoix-Mt. McSaubia Recreation Corp. said Wednesday.

In an effort to have the project completed for this season, other work bees have been planned with the first scheduled for this weekend.

Plans have been completed for the warming house which will be roughly 22 by 36 feet and will include a fireplace, restrooms and lounge as well as other facilities. The footings for the building will be poured this weekend. Any craftsmen, carpenters, plumbers, electricians, masons and others who wish to contribute their talents and time in the construction of the shelter are asked to contact Dr. Grate, Robert Lieberman, Robert Neff, Frank Boss or King Saunders.

Other work to be done this weekend will include the raking of seed on the ski slope, clearing of brush, removal of stumps, setting poles for the ski tow.

Six poles were set last weekend, another early this week, the run was seeded and raked, a beginner's slope has been cut in, engines for the tow rope for the tow and other equipment has been ordered.

In issuing a plea for workmen, Dr. Grate said that "if we are to get the ski area, the tow and warming house in shape for this season, we must depend on volunteer labor for we do not have sufficient funds to hire the work done. If you can do anything to help we would appreciate your joining the corps of workmen who are combining their efforts to bring this project to a successful conclusion. . . that is, having the area in operation this season."

Stock in the corporation is still available and all other contributions may be made to any of the members listed above. Or if you would like to contribute your time and efforts, you may join the work bee this weekend.

The Charlevoix county board of supervisors, in session at the courthouse here since Monday, have made several appropriations and adopted a resolution to change the name of a forest area in the county this fall; Fenton R. Bulow, county clerk said Wednesday.

The body must make additional appropriations, set county officers' salaries, adopt a budget for 1957 and apportion taxes before adjourning later this week.

Appropriations made thus far include \$10,106.25 to the district health department, based on the figure of 75 cents per capita on the county's population of 13,475; \$4,400 to the county agricultural agent, an increase of \$100 over last year; \$150, bee inspection; an amount not to exceed \$350.00 for the annual 4-H fall achievement day at Whiting Park during the Labor Day picnic. Last year a \$500.00 appropriation was made and only \$177.00 used; \$981.90, Child Guidance Clinic; same as last year; \$800.00, Veteran Affairs, same as 1955; A \$200.00 appropriation made last year to the Soldiers and Sailors Relief was omitted from the budget this year when no request for funds was submitted.

The board adopted a resolution to change the name of that section of the Pigeon River forest located in Charlevoix and Antrim counties to the Jordan River forest.

The board adjourned early Wednesday so members could attend the open house at the new Charlevoix Road Commission building in Boyne City and visit the Grandview hospital where they were guests at a dinner Wednesday evening.

Corps Of Solicitors Ready For Campaign To Raise \$7,650.00

Charlevoix's 1956 Community Chest drive to raise \$7,650.00 for 10 agencies will be launched this morning (Thursday) as a corps of volunteer solicitors start ringing doorbells in the city's residential districts, William Fochtman, fund campaign chairman, has announced.

In announcing the drive Mr. Fochtman urged that everyone be prepared to greet the volunteers when they call at the homes in the city and to have contributions ready. "If this drive is to be a success, everyone must give some thought to his contribution and give as generously as possible in order that 10 most worthwhile organizations can carry on their work."

Workers gathered at the city hall Wednesday evening to receive their materials and last minute instructions from Mr. Fochtman and Robert Lieberman, chairman of the Community Chest board.

The business and industrial drive opened last week under the direction of H. B. Schofield.

Area captains named this week by Mr. Fochtman to head the drive in their respective areas are: Mrs. Robert McCall, Mrs. Robert Livingston, Mrs. Versal Seymour, Mrs. Henry Ingalls, Mrs. Charles Winnell, Mrs. Clifton Sunberg and Mrs. George Lusk. Mrs. Ted Bergmann will be in charge of the drive in Charlevoix township and Archie LaFreniere will head up the drive on Beaver Island. Other township captains will be named later Mr. Fochtman said.

In planning their contribution to the Community Chest drive, residents are asked to keep in mind that by contributing to a united drive, such as the Community Chest drive, they are giving to 10 different organizations. If each agency conducted its own drive, it would mean that you would have someone at your door soliciting a contribution at least once a month. In a united drive you give to all 10 agencies in a lump sum. Keep this in mind when you figure the amount of your contribution.

Community Chest agencies include the Boy Scouts, Girl Scouts, Red Cross, Charlevoix hospital, Salvation Army, United Fund which includes 31 agencies, City Recreation, Retarded Children's school, Community nurse and emergency fund.

ODDS 'N' ENDS

By Fran Martin

We're told that the migration of wild ducks and geese means the advent of winter... If that's true then chums, get those storm windows up, the fuel supply in and the red flannels out... for early Friday morning we were awakened by a flock of honking birds... We couldn't believe our ears at first because who ever heard of birds going south this early in the month... but it was all too true... So don't say we didn't warn you...

However, the beautiful, if windy, weather we've been having belies this prophecy... but don't forget the weather can change in the flick of an eyelash these days... so enjoy it while you may for the snow will soon be flying...

But in the meantime there's the World Series... After Milwaukee lost out we swore we wouldn't listen but of course we have... And being a National League fan we're plugging for the bums... Time will tell...

And weren't you surprised when you saw a familiar face looking out of the cover of Time magazine last week... that of

we do get around...

Lots of mail this week... From Sydney, Australia, a card from John LaBlanc who spent five days there when his ship, the Henderson, stopped there while on a cruise... "The Beautiful Country, wonderful friendly people" were his comments on the place... He also sent his best hello to everyone back here...

Also from the Pacific a long letter from Ray Sanford, aboard the Traten who's so thrilled that he's due to come home from duty in the Far East that he's telling the whole world about it... The letter came from Yokosuka, Japan... and he was due to sail Oct. 5 for Long Beach, Calif., arriving Oct. 21... and then on to shore duty in Bremerton, Wash... He sure joined the navy and saw the world, just like the poster says... such places as Kobe, Kure, Yokosuka and Sasebo, Hong Kong and Pearl Harbor... And he too sends his best to everyone at home...

And from Santa Barbara, Calif., a note from Mrs. Frank Glassford who went there recently with her daughter, Mary Jean, to live... Her son, Dave, who is stationed aboard the Wisconsin in the east made the trip west with them and flew back to New York to join the ship... these navy men sure get around...

Speaking of wildlife, we can't help but wonder how the Bill Matzingers did on their trip to the wilds of Canada... They were to accompany the Sr. Seelys of Central Lake on a fishing trip in the northwoods... Neither are exactly the outdoor type, and we're wondering what they'd do if they met up with a black bear... or some other wild animal...

There's a football game this weekend... or hadn't you heard? Our Rayders go to Boyne to meet the Ramblers... to try for the third time in as many years to upset the Ramblers' apple cart... For the past two years, our boys have literally snatched a league title from them and that's exactly what they hope to do this week... They'll have to win... can't settle for a tie game... So lots of luck to Coach Carey and his boys... We have every confidence in you.

In a recent issue of the Magazine of Books, a Sunday feature of the Chicago Tribune, was a lengthy squib by book editor, Fanny Butcher, about our own author, William Ratigan and his Dockside Press on Belvedere ave... Of course, it mentions the three books he has had published... including the newest one, "The Adventures of Captain McCargo"... And the city didn't miss out either for right in the first paragraph Charlevoix the Beautiful is mentioned... Thanks to Mrs. Louis Orlovski Sr. who loaned us her copy of the clipping and who called it to our attention... It was sent to her, incidentally, by a relative in Iowa so

Patricia Murray And Cassie Russell Exchange Vows In Church Service

The Community Church of God was the scene Saturday evening of the wedding of Patricia Louise Murray, daughter of Mr. and Mrs. Clarence Murray, and L. Cassie Russell, son of Mr. and Mrs. Elzie Russell of Mancelona.

The Rev. George L. Majors officiated at the double ring service in the presence of 200 guests. Baskets of pink and white gladioli, palms and lighted tapers in candelabra formed a setting for the ceremony.

Mrs. Charles Pontius sang "I Love You Truly," "O Promise Me" and "The Lord's Prayer," accompanied by the organist, Donna Durand, who also played a program of traditional music and the wedding marches.

Escorted to the altar by her father, the bride chose a waltz length gown of white Chantilly lace over satin. It was fashioned with a fitted bodice, scooped neckline, mandarin collar, long sleeves and bouffant skirt which featured a scalloped edge insert of pleated nylon from the waist to the hemline. Her fingertip veil fell from a seeppearl tiara and she wore a pearl necklace, a gift of the bridegroom. Her bridal bouquet was of white fringed carnations and red roses.

Mrs. Bruce Barber as matron of honor wore a gown of pink Chantilly lace and net. It was styled with a fitted strapless bodice of nylon net and lace, bouffant waltz-length skirt and worn with a matching lace coat and pink

tiara. Her bouquet was of pink carnations and white net.

Elaine Cummings of Royal Oak, cousin of the bride, and Mrs. Robert Best of Ellsworth were bridesmaids. They wore gowns similar to the honor attendant's of mint green nylon net and braided lace and worn with matching stoles. Their bouquets were of pink carnations and mint green net.

Harold Russell of Mancelona assisted his brother as best man and groomsmen were William Cantrell, brother-in-law of the bridegroom, and Elzie Russell Jr., brother of the bridegroom, both of Mancelona. Ushers were Mr. Barber, brother-in-law of the bride and Ted Simon of Bellaire, brother-in-law of the bridegroom.

Mrs. Murray selected a blue crepe gown and navy and pink accessories for her daughter's wedding. Mrs. Russell, mother of the bridegroom, wore a light grey crepe and matching accessories. Each had a corsage of pink gladioli.

A four tiered wedding cake topped with a miniature bride and groom and flanked by arrangements of autumn flowers, centered the bride's table at the reception at Fellowship hall. Fluted pink and white streamers and a large white wedding bell decorated the gift table. Mrs. Ingma Pontius, Mrs. Sam Campbell, Mrs. John Frattick and Mrs. Archie Ward assisted.

For traveling on a brief wedding trip to northern Michigan,

the bride wore a sheath dress of orchid and cream floral print on polished cotton and a linen coat of purple linen lined with the same material as the dress and matching accessories. On their return, they will reside at the Bird's Nest.

The bride is a 1951 graduate of the Charlevoix high school and is now a nurse's aid at the Charlevoix hospital. The bridegroom is a 1951 graduate of Mancelona high school and a veteran of two years' service in the U. S. Army, one year of which was spent in Germany. He is presently employed at Freedman Aircraft.

From where I sit... by Joe Marsh

Happy Swap

More and more farmers—who badly need hired help sometimes, but can't afford a full-time hand—are making deals with young town workers and the employers they work for.

For instance, young Hap Hooper now lives rent-free on Easy Roberts' farm. In return he works about 100 days a year for Easy—for a farmhand's pay.

The rest of the year Hap works for his "regular" boss... Buzz Ellis, the electrician. Buzz just speeds up his business when Hap's on hand—slows it down

when he isn't—and, like Easy, pockets healthy savings in wages.

From where I sit, it's great how people with different backgrounds—and different viewpoints—can co-operate. How about more of us trying that? I live in a town—maybe you're a farmer. I'm partial to a good glass of beer—you may prefer coffee or milk. But we can make things pleasant by ignoring differences and giving each other a "hand."

Great Lakes and Little Puddles

Lake Michigan, scrubbing and rinsing the beaches of Charlevoix, and having more than thirteen hundred miles of shoreline, often reminds me of the blessings of God. These great blue waters flow into big bays, deep harbors and shallow pools depending upon the capacity each receptacle provides for that part of the lake that comes its way. About midway across the lake and directly opposite Green Bay lies a great pocket, nine hundred and twenty-three feet deep, that bears millions of tons of the great lake's bounty. But, then again, I have walked along a lonely beach where sandbars trapped shallow puddles of Lake Michigan water and found pools no more than an inch or two in depth. Both receptacles contain a part of Lake Michigan and each according to its own capacity.

Teachers and preachers of religion sometimes talk of God's blessings as being given arbitrarily to one person and being withheld from others. God is made to appear like a parent with a large family who has some pets among them and other children toward whom he is unloving or indifferent. When the Heavenly Father is flush with blessings he unloads them on his favorites and denies them to those he dislikes. The religious aims of those who hold such a belief is to curry God's favor so that they will become his pets and be showered with blessings, too.

Someone that doesn't make sense to me. Such thinking results from making God after our own image. We are sometimes partial with our children, loving the one most who seems to love us best. Therefore, we imagine God shows similar favors. We may treat our children according to our whims and fluctuating feelings rather than according to their needs. We then suspect God

of having our weakness, too. Supposing, however, God is less like a biased and partial parent and more like the Great Lakes he has fashioned. His goodness flows plentifully into the deep places and meagerly into the shallows. There are people who are like Round Lake, connected with the greater waters of Lake Michigan by a deep channel and having a capacity to float big burdens of cargo. Into such lives immense good can run because they are deep. Others are not receptive. They have no room. They are shallow and superficial. The good they lack is not withheld by God's will but because of their own want of depth.

If we want more goodness within us we shall need to have our capacity enlarged, just as some years ago government engineers deepened Charlevoix's harbor and as some of the world's great seaports are dredged so that cargo-carrying vessels can come and go. One of China's chief ports, Shanghai, is located almost twenty miles from the sea up the Whangpoo River. A slow and sluggish stream, the Whangpoo winds lazily down from the vast plains of the interior and, as it nears the sea, the river slows up, still more and dumps its burden of mud and silt along the bottom of its channel. In a short time the river channel would fill with silt, making navigation impossible, if it were not for the dredging vessels that constantly suck the debris from the river bottom, dump it into huge barges and carry it out to sea. Dredges keep the Whangpoo deep enough so that Shanghai can receive ocean-going vessels at her docks and carry on commerce with the world.

Our minds are somewhat like the Whangpoo River. Deposits of muddy ideas are constantly being dropped there by our exposure to the world. From newspapers and magazines, radio and television, cheap and sordid books and careless neighborhood gossip, from haranguing politicians and the indiscriminate chatter of acquaintances our minds are filled with scandalous stories of crime, vulgarity, graft, scheming, indelicacy, chicanery, selfishness and pettiness until no cargo of good from God or man can get through. The good, the true and the beautiful must stand at anchor somewhere offshore and wait until a thorough dredging has taken place. Only then can we have commerce with a better world. Instead of begging, "Lord send more blessings" we might better ask, "Lord, enlarge my capacity."

Ellsworth Spotlight

(Continued from Page 6)
excerpts from Anna's letters this past year and also showed slides of India mission work, put out by the Reformed church Book store in Holland.

Vocal Selections by Mrs. Alfred Hockema and Mrs. Gertrude Vandenberg, and Mrs. Nellie Ruging and Mrs. Grant Hastings, composed the program. Mrs. Herman Van Stedum gave the devotions. Mrs. Gertrude Doctor the offertory prayer and Mrs. Sebe Vander Hilde, the closing prayer. Mrs. John Timmer and Mrs. Nick Brock presided at the coffee and tea service, during the social hour which followed.

Will You Cooperate?

Persons calling the Ellsworth fire department (LU 8-2100) are urged not to hang up their receiver until the seven firemen connected with that number have had ample time to answer. When the person dialing hangs up the receiver the connection is broken and firemen who have not answered are delayed in finding the location of the fire.

President Florence Stucker presided, her staff includes: Madeline Taylor, 1st vice president; Margaret Shooks, 2nd vice president; Maud Patterson, secretary; Jean Rood, treasurer; Hazel Tillotson, sgt. at arms; Irma Reibel, chaplain; Hazel Edson and Mary Lou Elzinga, historians.

radio and TV. Laura Wilson; flowers, Maud Patterson; delegate to fall conference in Saginaw, Madeline Taylor.

Tall Tales

Iowa and Illinois may be famous for tall corn—but northern Michigan rates on the sunflower, (with apologies to Kansas!). The 100' by 60' plot on the John Timmer property in Ellsworth will be ample proof with its 1,500 plants with an average height of 13 ft. The sunflower heads average 16 inches in diameter.

Seeds from the sunflower are used as food for birds, animals and in some European countries the dried stalks are used for fuel and the seeds as nuts.

The Timmer started sunflower raising as a means of feeding the birds that flock all winter to their bird feeding station outside the kitchen window.

The problem now is, to store and dry so many heads when they ripen.

IT HAPPENED ON... BEAVER ISLAND

By Loy Malloy

We have been having real Indian Summer weather here for the past week or so. It has been ideal weather for the hunters but their take hasn't been too big because of so much foliage. They have seen quite a few birds but aren't able to get too many of them.

Charles and Walter McCauley arrived here Friday to take their mother and brother to Pontiac to live for the winter.

Mr. and Mrs. Walter Lyons of Chicago are spending a few days at their cottage here.

Mr. and Mrs. Greg Nutty and Mr. and Mrs. Judd spent a few days at the Carroll cottage at the south end.

George Donat and Charles Gallagher were business callers on the mainland during the past week.

Lloyd McDonough, supervisor for St. James township, attended the supervisors' meeting in Charlevoix this week.

Jerry McFenire and Kenny McDonough spent a few days on the mainland during the past week.

The Dominican Sisters attended the teachers' convention on October 4 and 5.

Mr. and Mrs. Ray Cull and family have gone to Bay City to make their home, at least for the present time. They were accompanied by Donald Cole and Roland Cull. Roland expects to find employment there also.

Mr. and Mrs. Ben Benz and friends are spending a few days at McDonough's cabins.

Mr. and Mrs. Emil Olsen and Mr. and Mrs. Johnson from Grand Rapids spent a week recently at the Olsen cottage at Lake Goussereeth.

The perch have been biting good here in the harbor.

Jack Connaghan has returned home after being in the Marine hospital in Detroit for some time.

Beaver Lodge has been quite busy with bird hunters for the past couple of weeks.

Grace Palmer left Sunday for Detroit and Farmington to visit friends and relatives.

Mr. and Mrs. Warren Townsend Sr. are spending a few days at their cottage here.

Roland O'Donnell returned to Detroit after spending some time visiting his parents, Mr. and Mrs. Frank O'Donnell.

Donald McCafferty is spending a few days with his parents, Mr. and Mrs. Francis Mooney, before leaving for the U. S. Army.

Rayders Defeat Grayling Vikings By 52-6 Score

Share Second Place With Harbor Springs

The Charlevoix Rayders rolled over the Grayling Vikings by a score of 52-6 at Kipke field Friday night as Coach Don Carey played his entire bench of 28 players.

This week the Rayders will travel to Boyne City to take on the first place Ramblers, only team in the league with a perfect record of three wins in league play. Charlevoix is tied with Harbor Springs for second place with a tie and two wins. The Rayders and the Ramblers, however, have not shared a common opponent to date.

Rambler wins have been over Mancelona (7-6), Gaylord (34-0) and Pellston (52-0) while Charlevoix's have been over East Jordan (32-0) and Grayling (52-6). They also have a 6-6 tie with Harbor Springs.

For the past two seasons the Rayders have literally snatched league title from the Ramblers who have not won a conference championship since 1944.

This year will be the year for the Rayders if Coach Paul Mahler's lads have their way. Paced by fullback Carl Charon who has scored 39 of his team's 92 points in loop play and speedy halfback Ron Holowasko, the Rayders will be strengthened by the return of Doug Newville to the line-up. Newville suffered an arm injury before the regular season started and was replaced by John Judy at the quarterback position. His presence will add much needed depth to the backfield on both offense and defense.

Charlevoix, the underdog in the annual grudge game, has shaped up fairly well in recent weeks and should give the title-bound Ramblers a good game.

If it follows the pattern set in other years, the victor will be the team which can take advantage of the breaks.

In the game with Grayling last week, the Rayders had racked up two touchdowns before the game was five minutes old and Coach Carey started substituting. Before the period was over another touchdown had been added by Ron Anderson, second string halfback. Fullback Larry Ingalls and halfback Kenny Balch had scored the first two TD's and Joel Arvella had kicked the extra points to make the score 20-0.

The Rayders added two in the second and fourth periods and one in the third for the lop-sided win.

Grayling kicked off to Charlevoix to open the game and in five plays had the ball on the Viking 21 where Ingalls took it over to score. Arvella booted the conversion.

Charlevoix kicked off to the

Vikings who took the ball on the 23 yard line. On the next play Grayling recovered their own fumble on the 13. After a five yard penalty for taking too much time in the huddle, Grayling tried to punt out of danger. The punt, however, went almost straight up and Charlevoix took over on the eight yard line. Balch scored on the next play and Arvella added the extra point on a kick to make the score 14-0.

The Vikings took the Rayder kickoff and on the first play from scrimmage fumbled with Charlevoix recovering on the Grayling 33. Three plays later substitute halfback Ron Anderson scored from the 19. The try for the extra point was short and the score remained 20-0.

Rayder second-stringers had possession of the ball as the second quarter opened and punted to Grayling when they failed to pick up necessary downs. Grayling took the punt on their own 13, lost ground to the 2½ yard line where they were forced to punt. Another short punt gave the Rayders the ball on the 11 where quarterback Bobby Mol passed to Balch for the touchdown. The try for the extra point was not good.

Grayling took the kickoff on their own 21 and pushed to the Rayder 35 where they fumbled and Charlevoix recovered. Two plays later halfback Terry Davis scored from the 17. Arvella booted the conversion and the score was 33-0.

Early in the third period another recovered fumble by Charlevoix, this time on the 44 set up a scoring play with Mol scoring from the eight two plays later. The pass for the extra point was incomplete.

Late in the period Grayling recovered a Charlevoix fumble on the Viking eight yard line. On

The entire Charlevoix Rayder squad got into the game with Grayling Friday night, as the local eleven defeated the Vikings 52-6. Rodney Ostrum (11), sophomore back, is pictured getting away for a substantial gain another Rayder second-stringer stop the Viking defense. Ron Anderson (44), Rayder halfback, is pictured going into action against a Viking threat to Ostrum.

Attention in the Northern Michigan Class C league will be focused on the Charlevoix-Boyne City game this week as action in the loop goes into its fourth week.

Other games being played Friday will find Mancelona playing

at East Jordan at 3 p. m. with Gaylord traveling to Grayling and Pellston playing at Harbor Springs at 8 p. m. Friday.

The Rayders-Rambler meeting will also be played at 8 p. m. at Boyne City.

The game at Boyne City may well be the battle for the title because if the Ramblers can get by the Rayders, they may well acquire their first title since 1944.

Charlevoix, however, has halted the Ramblers' march for two straight years and will be out to repeat their performance Friday.

In other action, Gaylord will be trying to get back on the victory train when they meet Grayling this week on the Vikings' field. The latter is sharing last place with Pellston with three losses to their credit. After suffering a lop-sided defeat at the hands of East Jordan (26-0), Harbor Springs (40-0) and Charlevoix (52-6), it is unlikely that Grayling will come back this week and Gaylord should have clear sailing. A win would give them a two and two record.

Harbor Springs, currently tied with Charlevoix with two wins and a tie should have no trouble with the Pellston Hornets who never acquired a sting this season although they are loaded with veteran players. A win by Harbor and a loss by Charlevoix would give the Rams undisputed possession of second place, a standing they have not had in many years.

Mancelona with two wins and one loss is expected to add another victory this week when they move into East Jordan for an afternoon game Friday. The game will start at 3 p. m.

Charlevoix at Boyne City 8 p. m.

the first play of the final period Bill Martin pitched a short pass to end Chuck Garland who went 92 yards to score Grayling's first touchdown of the current season. The attempt for the extra point was not good.

Charlevoix added another touchdown when Davis took the kickoff on his own 35 and went the distance to score. Arvella ran the ball over for the extra point and Charlevoix went ahead 46-0.

Later in the period Ingalls batted down a Grayling pass on the Rayder 11. In five plays the Rayders moved the ball to the 45 where Davis took it for the final tally.

Charlevoix was in possession of the ball as the game ended after Stan Harwood had intercepted a Grayling pass.

Last Week With Class 'C' Teams

Favored teams emerged victors in the Northern Michigan Class C games played Friday.

In afternoon games Boyne City rolled over Pellston 52-0 and Harbor Springs defeated East Jordan 14-0 while in games under the lights Mancelona won over Gaylord 20-6 and Charlevoix trounced Grayling 52-6.

As a result of the games Boyne City is firmly entrenched in first place with three wins in league play. Charlevoix and Harbor Springs who played a tie game to open the season are tied for second with two wins and a tie. Mancelona with two wins and a loss is in third place. East Jordan and Gaylord with one win in three starts are tied for fourth place and Grayling and Pellston are in last place with three losses.

Boyne City 52 Pellston 0
In the game at Pellston fullback Carl Charon scored four touchdowns and Ron Holowasko, Harry Colley, Bob Christiansen and Steve Williams scored one each as the Ramblers trampled the Hornets.

Early in the game Charon scored from the three on a line plunge and added the extra point on a similar play. Pellston took the kick-off but failed to pick up necessary downs and the Ramblers took over. Following a drive Holowasko scored from the eight and Charon went through the line to score the extra point.

On the first play from scrimmage following the kick-off, Holowasko intercepted a Pellston pass on the Boyne City 45 and went to the 12 where Charon took it over for the third TD of the game. This time Charon booted the extra point to give Boyne City a 21-0 first quarter lead.

Fire Marshall Warns About Grandvue Risk

If Grandvue hospital happened to catch fire today 15 or 20 people would burn to death.

This startling information was given by State Fire Marshall Arnold C. Renner at the annual dinner at Grandvue hospital for the Charlevoix county board of supervisors, the county welfare commission and several invited guests Wednesday night.

Mr. Renner went on to say that he doubted that if the building, a two-story frame structure which is presently housing 42 patients, were to catch fire you could get half the patients out.

He commended the board of supervisors for having done "everything we asked them to do. But you cannot make a fireproof building out of this firetrap."

"You can install a sprinkler in the place which will have to be done if a new building is not approved but you cannot make it fireproof. However," he continued, "you have done a good job with this old shack."

The supervisors were told that the present building will never pass the new state of Michigan fire code; and the fire marshal said he would never pass it on inspection after the new code becomes effective.

"You'll just have to close it up," he concluded.

John Gambotto, chief auditor, State Department of Social Welfare, in discussing the defect of the proposed which would have permitted the financing of a new Grandvue hospital, said he felt that there was not a good enough job done to put the proposal across to the people in the recent primary election.

The proposal to issue bonds to finance the cost of constructing and equipping a medical facility for the aged was approved but the proposal to levy three mills up to 20 years to pay off the bonds was defeated by 184 votes.

Mr. Gambotto warned his listeners that the situation with the old people in the county is going (Continued on page 7)

Rayder Reserves, Mancelona Play To Scoreless Tie

Charlevoix's Little Rayders played the Mancelona Reserves to a scoreless tie at Kipke field Tuesday night.

The local eleven threatened twice, in the second and fourth periods, making their way to the six inch line in the second quarter. They lacked the punch, however, to carry the ball into pay dirt.

Missing from the line-up was fullback Tom Lakies who suffered a fractured hand in the game with Boyne City last week.

Community Chest Fund Campaign Contributions Coming In Slowly

Contributions to the 1956 Community Chest fund drive are coming in slowly, William Fochtman, fund campaign chairman said Wednesday in reporting that less than five percent of this year's goal of \$7,650 had been contributed at the end of the first week of the drive.

"It is our obligation to obtain funds for 10 agencies from which the residents of the area obtain countless services, everyone must cooperate by contributing as generously as possible to this united drive," Mr. Fochtman continued while urging everyone to dig deep if we are to bring the drive to a successful conclusion.

Volunteer solicitors are now canvassing the Charlevoix area to solicit funds for the Boy Scouts, Girl Scouts, Red Cross, Community Nurse, City Recreation, United Fund which includes 31 state and national agencies, Retarded Children's school, Salvation Army, Charlevoix hospital and the emergency fund.

During the past week Mr. Fochtman has named the following area chairmen: William Hair, Mrs. Bruce Bartlett, Mrs. Earl Krohl, Mrs. James Martin, and Mrs. William Ager. A few remain to be named.

"When you are considering the amount of your contribution, to the united Community Chest drive now underway, keep in mind that by participating in the current drive, you are giving to what would be 10 separate drives if these 10 agencies had not joined in one drive and give accordingly," Mr. Fochtman reminded the residents of the area, in urging that they cooperate in the present drive.

He will succeed Fred W. Willis who will retire from office at the end of the year.

Other newly elected officers are: first vice-president, A. L. Livingston; second vice-president, Robert Richards; board of directors, E. J. Edwards, Kit Carson, Vernon Mathews, Dr. Robert G. Martin, E. D. Hawley, Frank Bird and R. G. Bennett.

Frank Bird, general chairman of the White Elephant sale held last week reported that the sale had grossed \$1,414.20 with several other contributions yet to be received. This is the most successful sale ever sponsored by the group. Proceeds will go to the Youth Center fund. Mr. Bird thanked the members for their splendid cooperation in making the sale a success.

Tentative plans were made for the annual Halloween party for the youngsters of the community. Serving on the committee will be Dr. Martin, Arnold Wadas, H. B. Schofield, Mr. Hamilton and C. B. McGinnis.

Program for the Monday dinner meeting was a movie "Men of Gloucester," a story of the fishing industry.

Work Progressing At McSaubas; Call Issued For More Capital

The development of the McSaubas ski area is progressing well in preparation for the 1956-57 winter season, Dr. L. E. Grate, president of Charlevoix-McSaubas Recreation Corp., reported this week.

ODDS 'N' ENDS

By Fran Martin

How did you like that heavenly Indian summer weather we had over the weekend . . . We could take a couple months of that and not quibble at all . . . Kids were out in shorts and swimming suits and oldsters were soaking up that last bit of warmth from the sun . . . But for those ambitious souls who had storm windows on it was torture 'cause you couldn't cool the house off . . . Of course, it wasn't much of a problem for long because, as per usual, the rains came Sunday afternoon . . .

but despite the rain, there was a beautiful sunset so maybe we'll have a few more days like that . . . Each one becomes more precious than the last because we know there so few left . . .

We ran across this 'jewel' the other day . . . Perhaps when the white stuff comes floating down you can think of this and perhaps feel a little more kindly toward it . . . Some poetic soul describes snowflakes as rain in ermine . . . Bet he never had to shovel the stuff or wade through it . . .

Getting back to the weather, did you notice how many people it brought to town . . . or at least, we assumed that it had something to do with all the out of town people who were around over the weekend . . . A major part of them came to fish, we under-

stand, but the fish didn't cooperate very well and remained in the big lake or made a quick trip through to Lake Charlevoix without a stopover in Round Lake . . . But even if they didn't catch their limit they should have been happy just to be outside on a day like that . . .

By the way, we didn't get any fish from Canada for all the Bill Matzingers got was back . . . from the wilds of northern Ontario . . . And here we were . . . all set for some of those beautiful trout we're always hearing about . . .

I saw something last week I hope never to see again if I live to be a million . . . a 22 room house reduced in less than an hour to nothing but a pile of black rubble . . . I saw the result of years of hard work go up in flames the likes of which I have never seen before and I've seen quite a few fires . . .

Like many people on the north side I had the experience of knowing that if the firemen were unsuccessful in their attempts to halt the spread of the fire, it would sweep through the entire area . . .

I saw people who didn't know you or me fight fires as tho' the homes were their own because it is their job to fight fires . . . For once, I saw spectators under control, perhaps because of the awfulness of it all, going to the aid of the firemen only when they were asked . . . And I saw these same volunteers working like veteran fire-fighters under the command of the men who had the know-how . . .

Like a lot of other people on the north side, I have a roof over my head, today thanks to these same people . . . our fire departments of Petoskey and East Jordan which came post-haste when called . . . It's good to know we have such people around . . .

To my way of thinking, it is all these people I've mentioned that make Charlevoix the place it is . . . the only place in the world in which I ever want to live . . .

We're going to have some wild rice at our house one of these days . . . thanks to Mrs. Harold Pomeroy of South St. Paul, Minn., who saw our story about it last summer and who lived up to her promise to send some . . . Don't know what we thought it would look like but we were surprised to see the black unappetizing-looking stuff . . . But everyone tells us we'll like it so we're looking forward to a treat . . .

Had a little excitement down at the bridge the other day . . . One of the painters from the State Highway Dept., who is here with the bridge-painting crew had a cold, wet experience . . . It happened on one of those cold, windy days when he was wearing umpire shirts and trousers and a heavy pair of shoes . . . As he was maneuvering a row boat under the bridge, it capsized throwing him into the water . . . Hampered by all the heavy clothing he couldn't swim, so he clung to the boat which was caught in the heavy current . . . Fast action on the part of Capt. Mark Cross, skipper of the Emerald Isle which was about to leave, saved the day and the painter, who by this time was getting a little weary, wet and cold . . . From somewhere Mark got a rowboat and rowed like mad to the rescue . . . The painter evidently spread the word about the water 'cause we haven't heard of anyone else taking a swim out of season . . .

But our bridge is going to be mighty pretty when they finish . . . After a coat of aluminum paint, it's going to look shiny and new . . . like it did when it was opened in 1919 . . . How time flies . . . just doesn't seem that long ago . . .

It's that time of year again . . . Community Chest time . . . when volunteer workers are ringing doorbells soliciting contributions for 10, repeat 10 agencies . . . which means that instead of 10 solicitors you are being visited by only one . . . So how about making your contribution just 10 times as large . . . What is the size of your contribution supposed to be? . . . a day's wages which

isn't so much to ask, really . . . Not when you consider what you are getting for your money . . . So if you haven't made a contribution or if you'd like to increase the size of your donation, take this into consideration . . . and give . . . give as generously as you can . . . You won't ever be sorry.

The bird season in southern Michigan opens this weekend and just lots of people we know will be off to the woods in search of the elusive pheasant and other game birds . . . Now we don't know much about birds except that they're good to eat but we hope everyone fills his license . . . But for heaven sakes be careful and look before you shoot . . . We think you're all real nice people and we'd hate to have to do a story on a hunting accident with you as the principal character . . .

Don't forget it's time to start planning these overseas gift parcels for our servicemen stationed around the world . . . Give some thought to these packages and don't send anything that won't travel well and withstand temperatures of all kinds . . . You know your serviceman better than anyone so make a list of his likes and then select the thing from the list that will travel . . . There's nothing, but nothing, more disheartening to someone than to receive a parcel of something that's spoiled or crumbled . . . One thing we'd like to suggest in the way of a gift is batch of snapshots of familiar scenes and people he might know . . . You know, family, favorite relatives or friends . . . You might even send along one of a family pet . . . We'll bet there's nothing he would like more . . .

School Building Bonds

Sealed bids for the purchase of general obligation bonds to be issued by Beaver Island Community School, Charlevoix County, Michigan, of the par value of Twenty-Three Thousand Dollars (\$23,000.00), will be received by the undersigned at the High School Building, St. James Village, Beaver Island, Michigan, in said School District, until 8:00 o'clock, p. m., Eastern Standard Time, on the 25th day of October, 1956, at which time and place said bids will be publicly opened and read.

Said bonds will be dated November 1, 1956, will be coupon bonds in the denomination of One Thousand Dollars (\$1,000.00) each, will be numbered consecutively in direct order of maturity from one (1) to twenty three (23), both inclusive, will bear interest from their date at a rate or rates not exceeding four per cent (4%) per annum, expressed in multiples of 1/4 of 1%. Said interest will be payable on the first day of January, 1957, and semi-annually thereafter on the first day of July and January in each year. The interest rate for each coupon period on any one bond shall be at one rate only. Accrued interest to date of delivery of such bonds shall be paid by the purchaser at time of delivery.

Said bonds will mature serially Two Thousand Dollars (\$2,000.00)

on the first day of July in each of the years 1957 to 1963, both inclusive, and Three Thousand Dollars (\$3,000.00) on the first day of July in each of the years 1964, 1965 and 1966.

Both principal and interest will be payable at a bank or trust company to be designated by the purchaser of the bonds.

Bonds numbered one (1) to ten (10), inclusive, maturing in the years 1957 to 1961, both inclusive, shall not be subject to redemption prior to maturity.

Bonds numbered eleven (11) to twenty-three (23), inclusive, may be redeemed prior to maturity at the option of the School District in inverse numerical order on any interest payment date on or after July 1, 1961, at par and accrued interest to the date fixed for redemption, plus a premium for each bond so redeemed as follows:

\$7.50 on each bond called for redemption prior to July 1, 1963; \$5.00 on each bond called for redemption on or after July 1, 1963, but prior to July 1, 1965.

No premium on bonds called for redemption on or after July 1, 1965.

Notice of redemption shall be given to the holder of the bonds to be redeemed by publication of such notice not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds.

For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from

November 1, 1956, to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the School District. Each bidder shall state in his bid the interest cost to the School District, computed in the manner above specified. No proposal for the purchase of less than all the bonds or at a price less than 100% of the par value will be considered.

The said bonds are payable from ad valorem taxes subject to such limitation upon said taxing power as may result from the provisions of Section 21, Article X of the Michigan Constitution and the Michigan Property Tax Limitation Act.

A certified or cashier's check in an amount of \$460.00, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the School District, must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, Attorneys, Penobscot Building, Detroit, Michigan, which opinion will be furnished, without expense to the purchaser of the bonds prior to the delivery thereof, approving the legality of the bonds. The purchaser shall furnish bonds ready for execution at his expense. Bonds will be delivered without expense to the purchaser at a place to be designated by the purchaser.

Inquiries with respect to the details of the issue should be addressed to Miller, Canfield, Paddock and Stone, 525 Hollister Building, Lansing 8, Michigan, Attorneys for the School District.

The right is reserved to reject any and all bids.

Envelopes containing the bids should be plainly marked "Proposals for Bonds".

From where I sit... by Joe Marsh

Barnyard "WHOOdonit"

The Barn Owl Controversy still rages in our town. One group claims owls should be protected because they eat vermin. The other faction holds that these little howlers also eat chickens... and should be shot.

Now Pops Parker claims both parties are right. All owls clean up vermin. Some owls also clean out an occasional hen yard.

The way to spot a bad owl, according to Pops, is to put up a 10-foot pole in the chicken run with a No. 2 trap on it. A marauding bird generally perches to

look over the situation before he strikes, giving you your evidence, and the culprit!

From where I sit, I doubt if this will end the owl argument. People have different opinions on the subject—just as they have different opinions about whether beer, tea or what-have-you makes the best thirst quencher. Examine the facts and make up your own mind, I say... and be thankful we live where that's possible.

Hurts That Help

Under the ancient and gnarled apple trees at Hidden Brook the ground is covered with rosy fruit. To this feast come ruffed grouse and rabbits, red squirrels and fox and whitetailed deer, and numberless creatures we seldom think of as apple eaters. (Few observers would rank the red fox as an apple lover. Yet in the fall from ten to twenty-five percent of a fox's diet consists of apples.)

We have often wondered why the trees or these wild acres produce such an abundance of fruit. They are never sprayed with insecticides. No one trims nor prunes them. We once said, "They receive no care." But on further thought we have concluded that in spite of man's indifference or negligence, the wild orchard at Hidden Brook has been cared for after all. Chickadees, nut-hatches, and brown creepers are effective insecticides, and pruning and trimming go on constantly without the assistance of man. Pruning as a method of removal of dead or living plant parts for the benefit of those that remain is not a modern invention nor the product of an agriculturalist's mind. Long before man sought to improve the fruitfulness of vine and bush and tree by pruning, the Great Gardener of the universe used such natural tools as shade and wind, ice and snow, and over loads of fruit to limit the growth of certain parts of a plant, or to break off excess branches, or to

destroy parts that had begun to decay. When an orchardist works among his trees with saw and pruning shears he but imitates nature.

When early New England farmers "peppered" old fruit trees at close range with shotgun blasts in the belief that "a barren apple doth grow better fruit if torn by blow," they were copying nature's tactics, impersonating the wind and hail and sleet which from the beginning of time had increased the fruitfulness of trees by hurting them. Wounds can stimulate a tree to produce. If a plant had a vice, it would scream in protest and contempt at its gardener for pruning it, robbing it of its shoots and twigs and limbs. Yet it is such pruning that makes the plant more fruitful.

We human, naturally complain when a trouble comes our way. No normal person enjoys getting hurt. But if we have the insight to see it, trouble and fruitfulness belong to each other. The author of the Twenty-Third Psalm exclaimed, "Thou preparest a table before me in the presence of mine enemies." He was aware that good could come to him in spite of his antagonists—the things that would hurt him. But the prunings of nature teach us a still more splendid lesson. We know we receive good not only in spite of but because of the things that hurt us.

If we have it so, trouble will prune us and make us more fruitful.

to get worse, not better for people are living longer. He said counties and states everywhere are building medical facilities for their aged people because they recognize the fact that people are living longer.

In Charlevoix county the number of people over 65 years of age is far above the state average. There are 1,600 people in the county over 65 or 12 per cent of the county's population. The state average is seven per cent.

The state welfare official declared "We are not talking about a hospital here. We are talking about a medical facility which will in no way run competition to any hospital."

Sometimes old people are put in state mental institutions because there is no room for them elsewhere.

"State hospitals," Mr. Gambotto said, "are no place for the old and mentally confused people."

He went on to say that old people can spend from \$4,000 to \$5,000 in a general hospital in six weeks.

I was pointed out that if the taxpayers of Charlevoix county vote the millage issue in the Nov. 6 election, the county's old folk needing care will be placed in general hospitals and taxpayers will "really pay for that."

Another issue which came in for discussion was the actual

Announce Date of Annual Exams For Naval Officers Reserve Corps

The 11th annual national competitive examination for the Navy's Reserve Officer Training Corps will be given to interested high school seniors on Dec. 8, Vice Admiral J. A. Hollway Jr., Chief of Naval Personnel, has announced.

Application forms are now available and must be received before Nov. 17.

Designed to supplement the officer output of the Naval Academy, the NROTC program makes it possible for a young man to

earn a commission while studying in the civilian college of his choice which has an NROTC unit. All tuition, fees and books are furnished by the Navy and the student receives an annual retainer of \$600 for four years. During the summer the student goes on training cruises as a midshipman. After completing the four year college course, he is commissioned in the Regular Navy or Marine Corps and goes on active duty with the Navy's far-flung fleets. For those who apply and qualify, immediate assignment to flight training will open new careers in naval aviation.

High school seniors and graduates between the ages of 17 and 21 may apply for the NROTC aptitude test. Those who make a qualifying score will be given a rigid physical exam early in 1957. From the pool of qualified young men remaining in competition, approximately 2,000 will be selected to begin their naval careers next September.

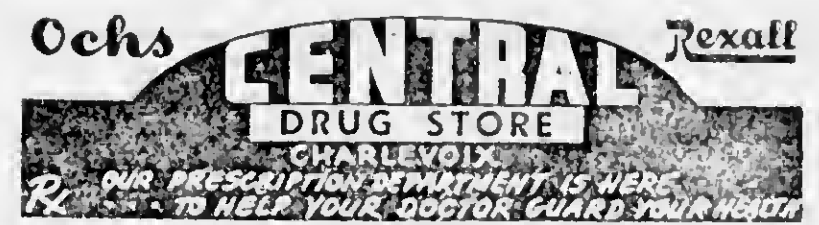

Application forms are available at all high schools, college Navy Recruiting Stations or from the Chief of Naval Personnel, Washington, 25, D. C.

The program is also open to enlisted men on active duty with the Navy and Marines. Separate quotas are established for applicants within these services.

Extension Group Leaders To Study Simplification

Charlevoix county Home Economics Extension group leaders will meet to study methods of work simplification. "Take It Easy In The Kitchen", is the subject

of the lesson which is designed to help home-makers save time and energy on the job. The leader training meeting will be held Thursday, Oct. 25 in the basement of the Charlevoix city hall. The meeting will begin at 10 a. m. Lucile Ketchum and Carol Morris, extension specialists in home management of Michigan State University, will present the lesson. For a number of years industry

has applied methods of work simplification, which have yielded greater output for less time and energy spent by the worker. More recently farmers have been employing labor saving methods of farming and caring for livestock. The homemakers have watched with interest the results in industry and on the farm. The homemaker too can save much time and energy and make her job more interesting by a study of it and how she can improve it. Such study and development of improvement will take much of the drudgery out of household tasks and add a challenge to the worker for improvement of the method.

Charlevoix Loses To Boyne City By 38-12 Score

Win Gives Ramblers Firmer Hold On First

The Charlevoix Rayders suffered their worst defeat on the football field in many years Friday night when the Boyne City Ramblers rolled over the defending champions by a score of 38-12.

The defeat marked the first time in 12 years that the Ramblers had won over Charlevoix who with East Jordan has dominated the football scene for 12 years. In 1954 and '55 the Ramblers were on the brink of a title when the Rayders dumped them. This year's decisive victory for the Rambler evened those scores.

The victory for Boyne City gave them a firmer hold on first place and placed them one game nearer a title. As a result of their loss the Rayders were dropped to the lowest spot in league standings that they have known in many years.

This week the Rayders will travel to Pellston to take on the Hornets who are currently sharing the cellar position with Grayling with no wins in four starts. Pellston, which has shown little thus far shouldn't give the Rayders too hard a time although the Pellston eleven has always been up for a game with Charlevoix in the past. The Rayders must win the remainder of their games if they are to finish the season in the top half of the league.

A Boyne City Friday night it was Carl Charon, junior fullback, all the way as the speedy runner scored four touchdowns and two conversions to lead the Ramblers to victory.

Boyne City kicked off to open the game but the Rayders were forced to punt early in the period and Boyne City took over. On the first play from scrimmage Charon went 22 yards to score but a Boyne City penalty cancelled out the TD. On the next series of plays, however, Charon went over from the one and then added the extra point on a line plunge to put Boyne City ahead 7-0.

Charon kicked off, Charlevoix failed to pick up the necessary downs and punted to the Ramblers who then moved the ball to the Charlevoix three where the Ramblers fumbled and Charlevoix recovered to halt the drive.

With Larry Ingalls, Kenny Balch and Terry Davis totting the ball the Rayders moved the ball to the Boyne City 47 in three plays as the quarter ended.

In six plays plus a 15 yard penalty on the Ramblers for interfering with a pass receiver Charlevoix moved to the Rambler 11 where Davis went over to make the score 7-6. The attempt for the extra point failed.

Balch Kicked off with the Ramblers returning the ball to their own 48. Three plays later Charon romped 44 yards to make the score 13-6. After the Rayders failed to move the ball, Balch punted and Boyne City took over on its own 20 after the ball had gone into the end zone. This time Charon went 55 yards to score after the Ramblers had moved the ball to their 45. Charon plunged through the line for the extra point and the half ended 20-6.

Charlevoix was in possession of the ball after recovering a Boyne fumble on the 38 as the half ended.

Late in the third period Gary Cook took a pass from John Juday in a play that covered 43 yards to give the Ramblers a 26-6 advantage.

Boyne City intercepted a Rayder pass on the Charlevoix 49 to set up their next touchdown which was scored by Ron Holowinski who went over from the one.

Charlevoix failed to move the ball and punted out of bounds on the Boyne City 34. On the first play from scrimmage Charon went the distance to score again and put Boyne City ahead 38-6.

This time the Rayders took the ball on their own 33 and marched to the Boyne City 14 yard line where Ingalls went over to score the Rayders' second TD. The attempt for the extra point failed and the final score remained 38-12.

Last Week With Class 'C' Teams

Standings in the Northern Michigan Class C league were reshuffled following Friday's games in which Boyne City defeated Charlevoix 38-12; Harbor Springs dumped Pellston 42-6; Gaylord downed Grayling 45-0 and Mancelona won over East Jordan 12-0.

As a result of the games Boyne City retains its league lead with four wins; Harbor Springs assumes undisturbed possession of second place with three wins and a tie; Mancelona moved into third place with three wins and a loss; Charlevoix with two wins, a tie and one loss dropped to fourth place; Gaylord with a two and two record is now in fifth; East Jordan is next with one win in four starts and Grayling and Pellston remain in the cellar with four losses.

Harbor Springs 42 Pellston 6. The Harbor Springs Rams continued their winning ways Friday against Pellston as left halfback Ed Mathews scored from the 35 on a pass from quarterback Richie Clarke and from the 45 after intercepting a Pellston pass; Jack Meyer scored from the 18 and later from seven yards out; Clarke scored on a 30 yard run and again from the eight, kicked five extra points and passed to end Gary Conleton for the sixth. The half-time score was 35-0.

Mancelona 12 East Jordan 0. After a scoreless first half in which Mancelona threatened only once, fullback John Phillips scored from the two yard line to put the Ironmen ahead early in the third period. In the fourth period quarterback Bob Johnson got off a 35 yard pass to Phillips who took it in the end zone to give Mancelona a two-touchdown victory.

Mancelona's march was halted in the first period when the Ironmen fumbled on the East Jordan five with the Red Devils recovering.

Gaylord 45 Grayling 0. The Gaylord Blue Devils racked up their second win of the season when they rolled over Grayling.

Halfback Larry Warner scored three times for the Devils, quarterback John Burnison scored once, boosted an extra point and passed to end Jim Jenkins for another. Dick Riddle went over from the 11 and Darwin Mason and Terry

This week in the Northern Michigan Class C league will find the league leading Boyne City Ramblers hosting Harbor Springs; East Jordan playing at Gaylord and Mancelona entertaining Grayling in games scheduled for 8 p. m. Friday.

In the only afternoon game Charlevoix will play at Pellston at 3 p. m.

As things look now, Harbor Springs is the only team remaining which might be an obstacle in Boyne City's championship march. The Rams are in second place one half game behind the Ramblers.

Couch intercepted passes in the final period to add the final touchdowns.

Warner's first tally came in the first period when he scored from the 11. Burnison scored from the two later in the period to make the quarter score 12-0 after both extra points were missed.

Riddle went over from the 10 to make the half-time score 18-0.

In the second half intercepted passes accounted for all four touchdowns. Warner scored from the five after the Blue Devils had intercepted a Viking pass on the 49 and returned it to scoring position. Later in the period he scored from the four after a pass on the 42 and romped the distance for the TD with Terry

an impressive record of victories over Grayling (40-0), East Jordan (14-0) and Pellston (42-6) with one tie, a 6-6 game with Charlevoix.

Boyne City on the other hand, has soundly defeated Charlevoix (38-12), Pellston (52-0), Gaylord (34-0) and edged past Mancelona (7-6).

The game could be a close one if the Ramblers should let down but it is doubtful if this will happen when their first title in 12 years is in view. It is doubtful, also, if the Rams have the power to stop Carl Charon. Unless the impossible happens, Boyne City should go all the way.

The Gaylord-East Jordan game should be a close one. Gaylord in fifth place with a two and two record will be battling to hold its present standing while East Jordan will be trying to get back on the victory trail. Coach Don Burnison's lads will have the edge but the Red Devils could upset their plans if they put their hearts to it.

Mancelona, with three wins, is expected to remain on the credit side of the ledger this week when they meet Grayling, which has yet to offer a threat to any of its opponents. Paced by fullback John Phillips, the Ironmen should retain their present standing without too much effort on their part for the Vikings have lacked the drive expected of them earlier in the season.

Elliot McLean New Resort Group Publicity Head

Elliot G. McLean, chief photographer for the Battle Creek Enquirer and News, has been appointed director of publicity for the Western Michigan Tourist and Resort Association, it was announced last week.

He will take over his duties next Monday to fill the vacancy in the tourist organization staff created when Aurey Strohpaul was named secretary-manager after the death Aug. 16 of Chester C. Wells, the executive for the past nine years.

Official Tells Results If Grandvue Is Closed

If the present Grandvue hospital is closed Jan. 1 because it will not meet the minimum requirements of the office of the State Fire Marshall, as Arnold C. Renner, State Fire Marshall, has told the Charlevoix county board of supervisors, state aid to the eligible residents of the institution will be discontinued and the cost of caring for these people will become the responsibility of the taxpayers of Charlevoix county.

This information was given by John Cambotto, administrative assistant of the Department of Welfare which grants up to \$90 a month for each person eligible for

old age assistance, aid to the blind and to the disabled if he is receiving medical or nursing care. To receive the sum, however, the unit in which these people are cared for must be approved by the State Health Department and the State Fire Marshall before the State Welfare Department can approve the unit as a medical care facility and thus allow the \$90.00 grant to the county for the care of the patients. Grandvue hospital has received tentative approval pending the outcome of the November election.

Among the questions asked regarding the care of the senior citizens of the county is why they cannot be cared for in private homes. At present there are 42 patients at Grandvue hospital. Even if all of them were ambulatory patients, that is, could be up and around and care for their needs, where would you find that many people who would be willing to take old and infirm people into their homes?

The majority of patients now at Grandvue hospital, however, are patients who are chronically ill and need nursing care. You will find no one qualified, equipped or even willing to care for these patients in their homes.

Why, then, can't they be cared for in a general hospital? In the first place, the cost would be exorbitant and secondly, there is already a shortage of hospital beds for acutely ill people and general hospitals are reluctant to accept long-term patients who are not acutely ill.

As has been stated before, this is not a temporary situation which will be remedied in a few months or even years. As Mr. Gambotto said earlier, people live longer.

But we must also face the fact that they die longer. Previously in most cases when an old person contacted pneumonia, they were taken to a hospital and in a few days died. Now with the wonder drugs, the mortality rate has been greatly decreased and the old person is released weaker and more infirmed. The care of the terminal cancer case that can no longer be cared for in the home is increasing.

With the increase in life expectancy comes an increase, too, in chronic illnesses. Old age, ill health and financial difficulties go hand in hand with a majority of old people. The trial of heavy heart responses caused by ill health and prolonged illness has in many cases wiped out savings which many aged persons had laid aside for a more gracious living in later years.

In the Aug. 7 election, the taxpayers of this county approved a \$500,000 bond issue which would permit the construction of a medical care facility for the chronically ill and aged persons. This was approved by a vote of 1,420 to 1,337.

The second proposition to levy three mills to retire the bond issue, however, was defeated by a margin of 184 votes, or 1,574 to 1,390.

In some cases it is believed that there were voters who misunderstood the second proposition, for why should people who had already approved the proposed bond issue, vote against the millage proposal which would furnish the revenue to retire the bonds.

The proposed medical facility will not cost \$500,000. At present the estimated cost of a 60-bed facility would be approximately \$376,000.00. Then why the larger figure? There are two reasons. First, the actual cost may be a little more than the estimated cost at this time and there must be revenue available to complete it once it is started for an unfinished building is as good as no building. Secondly it is easier to sell the bonds if the purchasers feel that there will always be funds available to retire the debt.

The second proposition, that regarding the millage to retire the revenue bonds, will be brought to the voters again in the Nov. 6 election when they will be asked for three mills for a period not to exceed 20 years. The three mills based on the county's equalized valuation today would retire the debt long before that time. This again, is to assure the purchaser of the bonds that sufficient funds are available. However, as the

W. E. 'Spike' Goss To Retire

The veteran Michigan Bell repairman who has resided in Charlevoix since 1922 will be honored at a retirement dinner at the Argonne tonight (Thursday). fellow employees.

Mr. Goss first joined a telephone company line crew at Traverse City April 6, 1915. In less than a year, however, he found himself in uniform and six months later was on his way to France with a signal corps company composed of telephone and telegraph men. After 18 months in Europe with the A.E.F., he returned to Traverse City and to a job with an independent telephone company, The Citizen company. A short time later he joined the Michigan Bell Co. and on April 22, 1922, came to Charlevoix as a repairman. In Nov. 1929 when the L. O. A. Snideron retired, he took over as head of the repair department and came to represent the company in Charlevoix. He is presently exchange repairman here.

His most memorable experience while with the company was a "big storm" in 1922 just before he came to Charlevoix, he relates. "The storm," he said, "was the

ODDS 'N' ENDS

By Fran Martin

Saw an old friend of Charlevoix the other day on his way through town... we mean Aurey Strehpaul who was recently named secretary-manager of the West Michigan Resort and Tourist Ass'n. ... Talk about a memory... that guy has one like of which we've rarely seen... he can remember names and places and details about things to rival the best politicians... But he remembers these things because he has such a keen interest in everything and everybody... we in this section of Michigan are lucky to have such a grand guy plugging for us...

Next week is Hallowe'en and all those little creatures... kids dressed up in all kinds of costumes will be out—trickin' and treatin'... We don't know who has the most fun... the kids who are out on the town or the people who doorbells they ring... But regardless, it's a wonderful time for everyone... And you motorists be careful because these little tykes are not used to the ways of the night and might not see you... Therefore it is your duty to look out for them...

This year a select group of fifth and sixth grade youngsters will go tricking and treating for a purpose... that purpose is to collect funds to send this country's surplus foods to the less fortunate around the world... So when

these youngsters with their special orange arm bands and canisters knock on your door, make a contribution to this worthwhile cause sponsored by our churches...

One dollar will send more than 100 pounds of our surplus products overseas... and for these hungry people, your contribution may mean the difference between life and death...

Those youngsters are offering a service to our community by participating in the SOS program... Another group of our young citizens will offer a community service on election day, Nov. 6... They are too young to vote but they're offering their services so you can... We're talking about the Girl Scouts... three troops of them who are old enough will serve as baby-sitters between 4 and 8 p. m. on election day so you will have no excuse for not casting your vote... There's a story elsewhere in this week's Courier which tells you how to go about calling these girls... Read it and give them an opportunity to serve you...

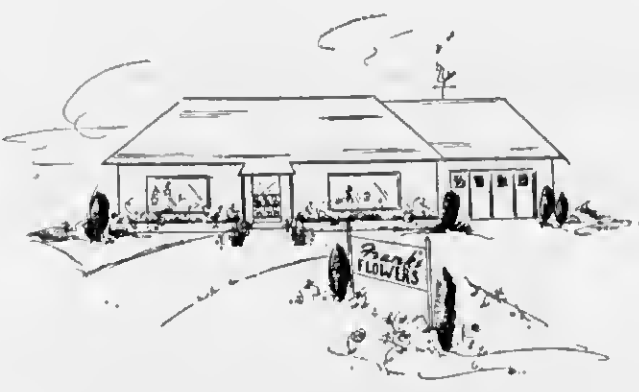

Our Hayders had a close call last week... We can't believe that they were that bad... we have diagnosed the condition as a severe case of over-confidence... We hope that it shook them out of their lethargy and that they'll come up with a couple more wins this season... They've got a couple trophies coming up so how's about it fellas?... Lots of luck...

Our congratulations and best wishes to a fellow we all know who is completing some 40 years with the telephone company... we've been seeing him around for a good part of that time... We mean W. E., better known as

Speechless - - -

And hasn't it been wonderful and did you ever see so much of it at one time... Of course, we mean our Indian summer... As this is being written Sunday, we've had 10 days of it... Sure there were a couple of little showers spattered among the sunny days but one hardly noticed them...

If winter comes tomorrow... it won't seem half bad because of these last few days... But golly, wouldn't it be wonderful if it lasted 'til the day before Christmas... Why that date?... We've got to have a white Christmas... We insist on it but it doesn't have to be two feet of white stuff... we'll settle for just enough to cover the ground... if it will hold off 'til two months from now... But that won't do exactly because two months from today is Christmas... So don't forget to start on the Christmas list if you don't; it will be here before you know it...

Fall-Boss Marriage Vows Are Spoken In Double Ring Service

Pauline T. Fall of Jackson, daughter of Mrs. Fred W. Fall of Traverse City and the late Rev. Fall, became the bride of Dean S. Boss, son of Mr. and Mrs. John E. Boss, at a double ring service solemnized at the Community Church of God Friday evening.

The Rev. Meredith Fall of Howell, brother of the bride, assisted by the Rev. George L. Majors, officiated at the ceremony in the presence of more than 200 guests. Baskets of white gladioli, ferns and lighted tapers in candelabra formed the setting for the service. Lighted tapers in single candleholders tied with satin bows marked the pews.

Stanley Susan of Milwaukee, brother-in-law of the bride, sang "I Love You Truly", "Because" and "The Lord's Prayer", accompanied at the organ by Mrs. Meredith Fall of Howell, who also played the traditional wedding marches.

Given in marriage by her brother, the Rev. Mr. Fall, the bride chose a gown of white satin for her wedding. It was fashioned along simple lines with a fitted bodice, mandarin collar, long tapered sleeves and a full skirt distinguished by a lace peplum. A lace covered helmet encrusted

Legion Auxiliary Makes Plans For Gifts To Veterans

Plans to send 22 gifts to the gift shop at Fort Custer for the use of veterans hospitalized there were made at the regular meeting of the American Legion Auxiliary held recently at the home of Mrs. William Flynn. Her mother, Mrs. Mary Dixon, was co-hostess.

Each year the local auxiliary is asked to contribute gifts, warping, ribbons, seals and gift cards to the hospital gift shop. Hospitalized veterans then select gifts for their families from the shop without charge. This year the local group has been asked to send gifts for 12 women or adult girls, eight men or adult boys and two children's gifts. Anyone wishing to contribute a gift may call Mrs. Leo Allard, president of the Auxiliary.

The group also voted to contribute \$5.00 to the Community Chest fund drive.

Plans were made for a special meeting to be held Oct. 29 at the home of Mrs. Luther Hannah. The group also voted to contribute a gown of grey, white and rose crepe and black accessories for her daughter's wedding. Mrs. Boss, mother of the bridegroom, wore a gray and white figured dress and rose accessories. Their corsages were of pink and white carnations.

Immediately following the ceremony, a reception was held at Fellowship hall. Mrs. Carson Fall of Pontiac and Mrs. John Essenberg assisted by Delora Richardson, Mrs. Ingma Pontious and Mrs. John Timmer presided at the refreshment tables.

Following a two-weeks wedding trip to Florida, the couple will be at home at 3500 S. Deering Rd., Jackson, Michigan after Nov. 5. For traveling the bride selected an American beauty, knit suit and gray accessories.

A graduate of Asbury college, the bride is employed by the Michigan Children's Aid Society in Jackson. The bridegroom, a graduate of the Charlevoix high school, was discharged from the U. S. Army earlier this month after serving two years, 18 months of which were spent in France.

Wedding guests were present from Ohio, Minnesota, Wisconsin and several southern Michigan cities.

Area Reservists Are Receiving Selective Service Questionnaires

Many Standby Reservists of the Armed Forces in this community are receiving questionnaires for the first time from Selective Service to be used by local draft boards in determining their availability for military duty in time of national emergency. Roman A. Dubas of East Jordan, chairman of the Charlevoix county draft board, said this week.

Selective Service is now charged by Congress with responsibility of screening the nation's entire Standby Reserve, he explained. The new law is designed so that each Reservist will be called to active duty only after local draft boards have given full consideration to the effect that his entry

on active duty would have on the national health, safety or interest.

On the basis of questionnaires returned by Standby Reservists, each Reservist will be placed in one of three categories. These are: I-R (available), II-R (deferred for essential civilian occupation) and III-R (deferred by reason of extreme hardship and privation to dependents).

Each Standby Reservist has the usual right of appeal from the local board determination. He is also required to keep his local board informed of any change of address and changes in occupation and dependency status.

Men and women who are transferred to Standby Reserve status by any of the Armed Forces are now reported to the Selective Service System for jurisdiction over their availability for recall to active duty. Approximately 4,500 Michigan Reservists have already been screened to the Standby Reserve. This number is expected to increase rapidly as the Armed Forces screen out Ready Reservists who have completed their obligated service.

The new program will keep the Standby Reservist advised of his emergency recall status, and the Armed Forces will have a constant inventory of the availability of Standby Reserve personnel.

Never before in history has anything

built by man traveled so far in so short a time

—by land or sea!

An announcement of decisive importance to anyone about to buy a new automobile

The most exhaustive endurance test ever given an automobile has just been completed by two stock '57 Fords—identical in every respect with cars now being offered by Ford Dealers.

Under the supervision of the United States Auto Club and the Federation Internationale de Automobile, each of these two '57 Fords traveled 50,000 miles in less than 20 days. Ford No. 1 averaged 108.16 mph for the entire run... Ford No. 2, over 107 mph. These averages include time for all pit stops.

In all, the '57 Ford smashed 458 national and international records.

This test was run on the Bonneville Salt Flats in Utah... it was the longest left turn in history.

A car, like a man, is known by its deeds, not words.

That is why, we at Ford, despite our confidence in our '57 cars, let their deeds of accomplishment speak for themselves.

Therefore, we engaged an independent engineering organization to test our '57 cars more thoroughly than any other cars have ever been tested before—in this country or abroad.

We provided them with '57 Fords—cars identical with the ones offered by Ford Dealers. The rest we left up to them.

Here is what they did:

They took these cars to the Salt Flats at Bonneville, Utah.

Here, twelve of the world's greatest drivers took over.

In relays they drove these cars night and day for a distance greater than twice around the world... a distance equal

to 5 years of normal driving.

Not in all history has a man-built machine traveled so far in so short a time—by land or sea!

But this was not a test of speed—but of endurance of the "Inner Ford." A trial to take the measure of Thunderbird Y-block V-8 power without qualification of any kind. A test of running gear—of brakes, of materials in body and chassis. Of steering and roadability, yes, and comfort, too!

A test, indeed, such as no other cars have ever undergone, let alone successfully concluded.

Surely they have told you, in decisive terms, that they are worth more when you buy... and when you sell!

Your Ford Dealer will gladly place at your disposal the new kind of Ford that means a new kind of value for your car—buying dollar—the greatest the world has ever seen.

Quarter Million Paychecks!

Besides performing its basic job of serving the transportation needs of Michigan's farmers, industrialists, businessmen and general consumers, our Motor Transport Industry plays a most important part in providing employment for a major percentage of Michigan's breadwinners — a quarter of a million, as a matter of fact.

Yes, Michigan's trucks are responsible for one out of every ten Wolverine paychecks — and the total of all these paychecks amounts to well over one billion dollars annually!

That's a lot of money — and it provides those on trucking's payroll with an enormous purchasing power that benefits every phase of Michigan's economy.

Motor transport's paychecks are substantial and they buy lots of food, clothing, appliances, cars and other products whose sales mean paychecks for others.

So, you see... Michigan's motor transport industry not only serves all other business activities — it is one of the most important customers for the products of all these other businesses.

W. E. 'Spike' Goss To Retire Oct. 31

(Continued from page 1)
worst one we had ever seen. It took down every line in the area. It took the linemen five days to get even an emergency line from Traverse City to Cadillac and during that time the area was completely isolated. Even after the line was through out only emergency calls were accepted.

Today, he added, you seldom see this sort of thing for the lines are lighter, the equipment is better and there just aren't as many severe sleet storms.

Mr. Goss is especially proud of the fact that in his 36 years with the Company he had never had a serious accident, either while working on the lines or as a driver. In the 27 years Michigan Bell has sponsored a safety program, he has a perfect record and two years ago, at the end of 25 years, was presented with a gold watch as a reward for his safety record. When you consider that he drives a company truck from 10 to 15,000 miles a year, this is quite a record.

How does he feel about retiring? "It's wonderful and I have looked forward to this day. However, Michigan Bell has been good to me and I have enjoyed working for the company. I have made many good friends and I will hate to leave them," he added.

Despite the fact that the years have been busy ones, Mr. Goss took time to serve as third ward alderman for 10 years and Commander of the Charlevoix Post No. 1153, Veterans of Foreign Wars and the Leslie T. Shapton post No. 226, American Legion.

A native of Watford, Ont., a small community near Sarnia, he came to Bellaire with his parents at the age of five years. In 1919 he was married to the former Lelia Race, a teacher whom he had met at Rapid City before World War I and married at Traverse City in 1919.

Attending the retirement dinner honoring Mr. Goss, will be Mrs. Goss and their five sons, Robert, the only one of the quintet who has followed in his father's footsteps as a Michigan Bell employee, Gerald, a lineman for the R. E. A., Shelby and William, all of Charlevoix, and Tom of Sarnia.

Charlevoix County Democrats Hold Several Meetings

On Saturday night more than 70 Charlevoix county Democrats met at the V. F. W. Post home in Bayne City for a county rally.

THOUGHTS AFIELD

Why Must We Die?

The hunting season has returned to Michigan. With bow and arrow creeping nimrods now seek out the whitetail deer, and the kill is beginning to mount steadily. Sudden death will be multiplied among the deer tribe when, in a few weeks, high-powered guns are carried into the north woods and their shocking blasts ring through the great green wilderness.

Ruffed grouse, fox squirrels, snowshoe hares and cottontail rabbits, all manner of ducks and geese and countless other creatures will fall to the hunters' deadly aim, and an occasional sportsman will drop to another's fatal carelessness.

Whether killed by arrow, high-powered bullet or shotgun blast, or overlooked by hunters, or missed by an inaccurate gunner, all animals die, and most in a violent way. Few animals live out their time. A deer might be expected to live from eighteen to twenty-five years. A bear's life span is from twenty to thirty years. A crow's longevity is from twenty-five to thirty years. A red fox has a life expectancy of close to ten years and a whitefooted mouse from three to five years. A snowshoe hare and a fox squirrel could hope to attain the ripe age of ten years and a toad thirty. A speckled trout or a black bass or a perch might possibly reach the age of fifteen. But, unless kept in captivity and given unusual protection and care, very few

creatures will live out their life expectancy. They will die before their time. Some will be killed and devoured by fellow animals. Others will meet with accidents such as drowning, burning and falling. Some will starve because of a seasonal vanishing of food. An extremely small proportion will suffer a microbial death (Not many will perish because of parasites, since it is as disadvantageous to a parasite to kill its host as it would be for a man to burn down his own house, dispossess his garden, shoot his grocer and kill his employer. A parasite's host is all of these to the parasite.) In a state of nature few creatures reach the end of their tether before they are cut down, and suddenly.

If nothing else takes a creature's life, there will be a slow but sure mounting of wear and tear on essential organs. Worn and torn organs enfeeble their possessors and at last make life impossible for them. Death is the price of having bodies with working and wearing parts. It is best for all creation that the earth is not cluttered with enfeebled, worn out machines that cannot be put aside. So death has been provided bodies that have served their purposes. Most naturalists have concluded that death is a necessity for life that is here for the sake of the welfare of all species. Worn out organisms should make way for new and vital ones.

Not only for the animal and

PROCLAMATION

WHEREAS, Flowers speak the universal language of joy, sympathy, love, and understanding in our lives, and, WHEREAS, Flowers with their color and beauty bring inspiration and serenity so important in this unsettled world, and,

WHEREAS, Through the beauty, spiritual significance, and appreciation of flowers, mankind is able to recognize the Divine working of a supreme Being, and to have confidence in the tomorrow like now buds springing into beautiful bloom, and

WHEREAS, The society of American Florists, a non-profit organization chartered by Special Act of Congress in 1901, representing the florists of America, has founded National Flower Week as a week in which to pay special tribute to the beauty and happiness flowers and plants bring to the people of this nation, and,

WHEREAS, The industry constantly strives to produce more magnificent flowers and plants, by fostering research and experimentation for everyone's enjoyment.

NOW THEREFORE, I, E. James Hiller, Mayor of the City of Charlevoix do hereby proclaim the Week of October 28 to November 4, 1956, as NATIONAL FLOWER WEEK in this City of Charlevoix, and do invite our citizens to pay special tribute during the week to the beauty of flowers in brightening our daily lives.

Dated at Charlevoix, Michigan, this 25th day of October.

Lt. Gov. Philip Hart To Visit St. James

Lt. Gov. Philip Hart and Mrs. Hart will make a trip to Beaver Island Saturday, Archie Murphy, Charlevoix county Democratic chairman, has announced.

The couple is scheduled to land at the island at 10:30 a. m.

vegetable kingdoms in general, but for mankind in particular death is necessary. An ancient legend tells how man accused the Angel of Death of injustice and cruelty. Often, said man, Death was sennet in her operations. A baby might be taken and a blasphemer was spared. The saint was snatched away and the sinner was allowed to live. Death was stung and hurt by these harsh charges and, sulking, deserted the earth.

A few years passed and not one earthborn creature died. Then a great mourning arose from the earth, heightening into cries of anguish. For some the burden of years had become unbearably heavy. Others were ill of incurable ailments and great pain, and they had no hope of sweet release. The human race gathered in little tortured knots in their various places of worship and implored the Angel of Death to return and take up her work once more. Death responded, and all creation sighed in grateful relief. Existence would be intolerable without death and far less meaningful.

Death removes present generations so that other generations might come. You are alive today and there is enough space for you and food for you because others moved on, leaving room. And, at last, you will make room for another, and so will I.

Death equalizes all mankind. While some will be famous and others unknown, some rich and others poor, some successful and others unfortunate, all alike will die. Death is the perfect democracy, without class or rank.

Death puts a boundary, a horizon, around life, making life more definite and measurable, more precious. Death gives us a "quitting time," as do office hours, an hour to work toward, when labors will cease.

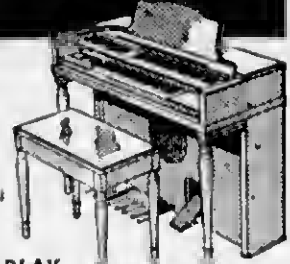

Death assists us in establishing a set of values. When death passes by it changes the price tags we have put on things. Some things we have thought priceless, like a huge cash balance in the bank or high social status, death marks down. Some things we might have disregarded as trinkets, such as fellowship and appreciation and sincere praise death marks up.

Death transplants us from earth's thin soil where the nutrients are insufficient for the soul's full flowering to a land where we may complete our growth toward perfection.

Death, like birth, is a vital part of the Scheme of Things, part of God's plan for His creation. And if it is part of God's Plan, it is good.

If you find life is empty, try putting something into it.

Here! New Task-Force 57 Chevrolet Trucks!

Performance-proved in a history-making test on the ALCAN Highway to Alaska

The Alcan Highway is the road where trucks grow old before their time. The road where gravel endlessly sledgehammers the life out of trucks. Where a fog of superfine dust chokes engines, and vicious ruts subject chassis to months of wear in a few hundred miles.

Six new '57 Chevrolet trucks, heavily loaded with cargo, roared north from Dawson Creek, B.C., through 1,520 miles of mountains and mire, rain and hail to Fairbanks, Alaska. Running around the clock, they made this tortuous trip—normally a 72-hour run—in less than 45 hours. As a special test during the run, two of the trucks went the entire distance without once having their engines stopped! Come in and see how well these new Alcan champs measure up to your job.

FIRST WITH THE MOST MODERN FEATURES!

New 283-cubic-inch Taskmaster V8 is standard in Series 5000, 7000 and 8000, optional in Series 6000 at extra cost. Horsepower ranges up to 210 in Chevrolet's complete line-up of modern V8 and 6 truck engines.

Revolutionary Powermatic Transmission—exclusive with Chevrolet trucks! This six-speed automatic, designed specifically for heavy-duty hauling, is an extra-cost option in Series 5000 and 6000 and all heavy-duty truck models. Hydra-Matic is offered in 3000 and 4000 Series models at extra cost.

L.C.F. models outdate C.O.E. trucks in every way; yet offer all the traditional C.O.E. advantages.

Heavyweight Champs with Triple-Torque tandem are rated at 32,000 lbs. GVW, 50,000 lbs. GCW. Special features include built-in 3-speed power divider.

Jess Smiths To Observe Golden Wedding Anniversary Saturday

Mr. and Mrs. Jess Smith, lifelong residents of northern Michigan, will observe their golden wedding anniversary Saturday.

A family dinner at their home at 211 E. Garfield ave., will mark the event.

Mr. and Mrs. Smith were married at Elk Rapids Oct. 27, 1906, and have always resided in this community.

Mr. Smith was mail messenger for 35 years until retiring in 1951. He recalled how times have changed from the early days when he transported mail to and from the local postoffice to the railroad station with a horse-drawn wagon or sleigh, depending on the season of the year. In those days there were as many as six trains a day every day throughout the year. Today there is only one train,

necessitating only two trips to the station.

Horses have always played an important role in Mr. Smith's life. Until recent he has always trained and raced harness race horses. As he said "Next to my wife, O love horses best". He often became so attached to the horses that he kept them as pets after their racing days were over. Though Mr. Smith trained the horses on his own training track near his home, he never drove them in the races, leaving that job to his brother, Edgar, because, as he said, he did not consider himself a good driver.

Because of his interest in fairs where he raced his horses, he served as president of the Charlevoix county Fair board for 16 years before the fair was discontinued

Rayders Defeat Pellston 14-12 In Final Minutes

Charlevoix In Third Place Tie With Harbor

The Charlevoix Rayders, with a 14-12 win over Pellston Friday afternoon, moved into a third place tie with Harbor Springs after edging past a determined Hornet squad in the final minute of play.

With time running out, halfback Kenny Balch scored from the one-foot line to give the Rayders the victory. Halfback Terry Davis ran the ball over for the extra point.

This week the Rayders will take on the fourth place Gaylord Blue Devils at Kipke field.

Unless the Rayders snap out of the doldrums they may find themselves on the short end of the score this week when they take on the Blue Devils who have played excellent ball on occasion and who defeated Pellston 25-6 in the opening game of the season.

Pellston took the Charlevoix kickoff and was in possession of the ball on their own 40 as the period ended.

The Rayders, in four plays, moved to the 12 where Balch broke through to score. Larry Ingalls ran the ball over for the conversion and Charlevoix went ahead 7-6.

Pellston threatened again late in the period but were halted by the clock when time ran out after a pass from Basil Naganashe on the 20 to end Pat Cabinaw on the three.

The third quarter was scoreless although Charlevoix's Kenny Balch went 55 yards to score only to have it called back because of an offside. On the next play, Charlevoix fumbled and Pellston recovered to set up the final Hornet touchdown.

Pellston lost seven yards on the opening play of the final quarter but Naganashe on the 27 pitched a pass to Cabinaw who was alone in the end zone to put the Hornets ahead 12-7 after the attempt for the extra point was stopped.

Charlevoix fumbled after taking the Pellston kickoff and the Hornets recovered at mid-field. Their drive was halted, however, when they lost the ball to Charlevoix on downs on the Rayder 15.

On their final drive the Rayders moved the ball to the Pellston 30 and then to the six and on the next play to the one with a minute left in the game. The Hornets held them for three downs before Balch, with 10 seconds remaining broke through to score.

Charlevoix Will Play Gaylord Blue Devils Here Friday Night

With Boyne City virtually assured of the 1956 Northern Michigan Class C football title, attention has turned to the other teams of the league who will be battling it out for better places in the standings as the current season nears its close.

This week will find Mancelona hosting Harbor Springs; Pellston traveling to Grayling; and Charlevoix entertaining Gaylord in games scheduled for 8 p. m. Friday. The league leading Boyne City eleven will journey to East Jordan for a game at 3 p. m. Friday.

When Harbor Springs invades Mancelona this week, the Rams will be trying for a win which would push them into second place behind the Boyne City Ramblers. They are presently tied for third place with Charlevoix with a record of four wins, a tie (with Charlevoix) and one defeat at the hands of the Ramblers. Harbor Springs has not finished this high in league standings in years so Coach Hank Bruno's lads will be playing for keeps with so much at stake.

Mancelona, now in second place with one loss to Boyne City in six games, will have other ideas however, for the Ironmen have not had an opportunity for several years to finish so high in the standings.

Giving the Ironmen an edge in Johnny Phillips who has scored 70 of his team's 97 points to date. This includes the five touchdowns he scored against Grayling last week. In addition, Mancelona boasts a clever quarterback in Ronny Johnson who has gotten off a number of passes which have resulted in touchdowns or in conversions.

Mason for the extra point. Later in the period Burnison passed 15 yards to Mason who then went 35 yards to score and put Gaylord ahead 13-0.

The second period was scoreless but in the third quarter fullback Glenn Kowalski went 10 yards to make the score 13-6.

With time running out, Kowalski scored from the one yard line after a 15 yard penalty for pass interference put the ball on the one. Quarterback Larry Woodcock ran the ball over to tie the score with only 30 seconds remaining.

Mancelona 34 Grayling 6 At Mancelona it was fullback Johnny Phillips who scored all five touchdowns.

The first game early in the game when Phillips got off for a 44 yard run to score with Ed Sutter booting the conversion.

Grayling's only touchdown came early in the second period after the Vikings took the kickoff to march the ball to the one where John Garland went over to score.

Later in the period Phillips scored from the nine to make the halftime score 13-6.

Grayling kicked off to open the second half with the Ironmen taking the ball and working it to the Grayling 25 where Phillips took it over to score. Quarterback Ron Johnson passed to end Dexter Bailey for the conversion point. Phillips added another TD on a pass play by Johnson which covered 60 yards. Johnson passed to Bailey for the extra point.

In the final period Phillips scored from the 21 with Johnson hitting Norm LaCroix with a pass for the extra point.

Tuesday's Election Gives Voters Last Word

Community Chest Fund Is Near 90 Per Cent Of Goal

The 1956 Community Chest fund campaign is within \$1,004 of its goal of \$7,650, William Fochtman, fund chairman, said Wednesday.

A total of \$6,646.01, or approximately 87 per cent of the goal, had been deposited in the Community Chest account with only a few areas still unreported.

"The last \$1,000 is going to be the hardest to raise," Mr. Fochtman said Wednesday in urging all collectors to check their list, make their call-backs and contact anyone who was missed in the initial drive.

"We must make out quota this year," Mr. Fochtman continued, "for the surplus from last year has already been applied to this year's budget which was well over \$8,000. From now on, every dollar will count so make sure that everyone has been approached and asked to contribute."

Contributions to date include: industry, \$1,689.50; business, \$1,931; residential, \$1,212.36; summer residents, \$1,152.50; townships, \$529.15; school, \$122; organizations, \$33.

The united drive solicits funds for 10 agencies including the Boy Scouts, Girl Scouts, Charlevoix hospital, Red Cross, United Fund, Retarded Children's school, Community Nurse, Salvation Army, City Recreation and Emergency Fund.

Weather Favors Continued Work At Mt. McSaubia

The weather man has cooperated with the Charlevoix-Mt. McSaubia Recreation Corp. in making it possible to continue work on the winter recreation area at Mt. McSaubia in preparation for the forthcoming winter season.

Dr. L. E. Grate, president of the organization reports.

Night work bees are being held now that electricity has been made available. Workmen are badly needed and anyone having time to give is asked to join the nightly work crews.

"This weather cannot last forever," Dr. Grate said, "so we must do as much as possible right now."

The timbers for the ceiling of the shelter have arrived and are now being sanded and stained so they can be put in place within the next few days.

Work on the massive fireplace has been started. Drew Young who is doing the work plans to work at the job this weekend.

"We are working against time because snow could fly any day now so if you plan to help, won't you do it now," Dr. Grate concluded.

New Swept-Wing Dodge Cars Now Shown At Brown's

Lower, longer and wider with far-reaching advances for smoother, quieter performance, the 1957 Swept-Wing Dodge passenger cars made their first appearance in dealer showrooms this week.

In Charlevoix the new Dodge made its first appearance at Brown Motors today.

Dynamic new principles of auto design with exciting new application of materials have been combined to produce an advanced design 1957 Dodge with "entirely new riding characteristics, virtually free of vibration, noise and road shock."

The same autodynamic principles responsible for achieving this new driving sensation in the 1957 Dodge also made possible many of the car's swept-wing styling advances.

Army Ask More Local Interest In Reserve Unit

Lack of participation in the local Army Reserve Unit, 320th Ordnance Co. (FS), may cause the proposed Training Center to be moved to another community where better participation might be expected, according to word received in Charlevoix this week.

In an effort to stimulate local participation, the Army Reserve will have a representative available in the present facilities at 305 Potoskey ave., Thursday Friday and Saturday of this week. The Army Reserve representative will answer any and all questions young men in the area might have relative to the Reserve Forces Act of 1955.

The Army Reserve representative will be available during the hours of 3 to 5:30 p. m. and again from 7 to 9:30 p. m. Thursday and Friday and from 10 a. m. to 3:30 p. m. Saturday.

Any parent who might desire information regarding a son's future may feel free to stop at the facility for information.

Dr. Frank Lutton To Assume Duties On Beaver Island

Beaver Island — Dr. Frank E. Lutton of St. Johns, who has been appointed island physician by Dr. Albert E. Heustis, state health commissioner, is expected to arrive here today to assume his duties.

Dr. Lutton will succeed Dr. Harry Vail who had practiced on the island since 1952. He returned to the mainland Sept. 1 to resume private practice.

Dr. Lutton, who received his M. D. degree in 1901 from the Michigan college of Medicine and Surgery in Detroit comes to the Island from St. Johns where he has practiced for the past 39 years. He is former chief of staff of Clinton Memorial hospital in St. Johns and is an emeritus member of the Michigan State Medical Society. He practiced in Huron county for 10 years and in Maple Rapids for six years before going to St. Johns in 1917.

On the island, which is located in northern Lake Michigan 35 miles northwest of Charlevoix, Dr. Lutton will care for the island's 300 permanent residents as well as the community's large summer population.

The Michigan legislature appropriates each year an amount between \$6,493 and \$7,642 toward the salary of the resident physician. In addition the island doctor can keep all fees he collects. The post is under state civil service and is filled by appointment by the state health commissioner.

Dr. Lutton was among 25 physicians who applied for the post.

School Plans Open House To Observe Education Week

National Education week, Nov. 12-19, will be observed in the Charlevoix public schools at an "Open House" scheduled for Wednesday, Nov. 14, Supt. R. G. Bennett announced this week.

Dr. E. C. Beck, chief of the English department at Central Michigan college, will be the guest speaker at the meeting.

The P. T. A. will hold an election of officers in conjunction with the open house.

A room visitation between 7 and 8:15 p. m. will be followed by a program in the high school auditorium.

Future of Aged At Stake

Voters Must Decide Tuesday On Grandvue Hospital Proposal

The fate of the proposed residential hospital facility for the aged of Charlevoix county will be decided by you, the qualified voters, when you go to the polls Tuesday.

At that time you will be asked to vote on a proposal to raise the tax limitation in the County by three mills to provide revenue to retire the \$500,000 bond issue which would be used to build and equip the proposed residential hospital facility for the aged. The bond issue to finance an addition to the present Grandvue hospital was approved in the primary election. The millage proposal, which will be presented again next Tuesday, was turned down by only 184 votes.

In dollars and cents, the three mills would cost you only \$3.00 per year, or the price of 1 1/2 cartons of cigarettes, on every \$1,000 of the county equalized valuation of your property. The three-mill levy would be necessary only as long as it would take to retire the bonds for the building which will cost less than \$400,000. As has been explained earlier, it is necessary to bond for a larger sum in order to insure the sale of the bonds and to protect the purchasers.

Arnold C. Renner, chief of the state Fire Marshall division, has stated that the present Grandvue hospital will be closed Jan. 1 if the millage proposal which would allow the construction of a one-story fireproof building is not approved.

In a recent conversation, Mr. Renner referred to the Oct. 6 fire in Charlevoix when a three story resort hotel was completely consumed in a blaze which was whipped by winds of 40 miles an hour in less than an hour the building was nothing but a heap of debris. He said that the same thing could happen at Grandvue hospital, only at Grandvue there would be the lives of some 42 old people, patients in the hospital plus the lives of attendants at stake.

He said, "I do not want to be drastic but when human lives are involved I have no choice but to withdraw approval not only of Grandvue hospital but all other such buildings where the aged and infirm are housed."

John Gambotto, administrative assistant of the Department of Social Welfare, has warned the commission and the board of supervisors that when the State Fire Marshall withdraws approval of Grandvue Hospital, the State Department of Social Welfare has no alternative but to discontinue its payments of \$90.00 per month toward the care of eligible residents housed in the present Grandvue Hospital.

This means but one thing: the county taxpayers must then foot the bill for the care of these sen-

Registration Of Voters In County Jumps Since April

Charlevoix county now has a total of 7,412 registered voters or 510 more than were reported in April, according to figures released this week by Fenton R. Bulow, county clerk. In April there were 6,902 voters.

Major increase was in the city of Charlevoix where 172 voters have registered since last spring. East Jordan has 120 new registrants.

The city of Boyne City, however has 82 less than last spring. A spokesman for the city said he felt that this was due to the fact that many former residents have moved to the adjacent townships which showed a sizable gain. Peaine township on Beaver Island is the only other precinct to show a loss. This township lost nine.

Other voting precincts and their gains follow: Bay, 30; Boyne Valley, 35; Chandler, three; Charlevoix township 20; Evangeline, 29; Eveline 57; Hudson, 14; Hayes eight; Marion, 19; Melrose, 22; Norwood eight; St. James, four; South Arm, 55 and Wilson five.

Ryder Reserves Tie Potoskey 6-6 In Final Game

Charlevoix's little Ryders played the Potoskey Reserves to a 6-6 tie Tuesday afternoon to complete their season with a record of two ties, one win and two losses.

In the game Tuesday, all the scoring was done in the first half with the visitors scoring in the first quarter and the local eleven going over midway in the second period. In the last half neither team threatened.

Billie Bob Woodruff was the ball carrier for Potoskey; going to the goal line where he fumbled. Potoskey guard Roger Howard fell on the ball in the end zone to give Potoskey a touch-down. The ball was bobbled and the attempted run for the conversion was no good.

Charlevoix's scoring opportunity came in the second period when halfback Steve Wells, on a 40-yard run-around, end put the ball on the two where Kenny Case took it over on a quarterback sneak. The attempted run for the extra point was stopped at the line of scrimmage.

Council Denies Petition To Close East Antrim St.

A request to vacate the east end of Antrim st. on the south side of Round Lake was turned down at a special hearing held during the regular meeting of the city council Monday night.

The request, made by Robert Schleman, failed to get the two-thirds vote necessary for adoption.

In other action the council approved the recommendation of the insurance committee to increase the insurance on city-owned buildings and their contents by \$71,900. Until the present time the city had \$888,400 insurance on 31 different buildings.

The council also voted to renew fleet insurance held by the Hamlin Insurance Co. They also voted to increase the Body Injury section from \$25-50,000 to \$50-100,000, and to place extended coverage insurance on the city's fire equipment.

Norman D. Ance, Lawrence Feindt and Hugh Mayne were named to the election commission. It was also decided to compensate election inspectors at the rate of \$1.00 per hour. For the first time the city will have two shifts of election inspectors with one serving from 7 a. m. to 8 p. m. and the second, or accounting board, taking over when the polls close. This action was taken in an effort to facilitate the job of counting election results.

Bills totaling \$12,997.44 were approved and ordered paid.

ODDS 'N' ENDS

By Fran Martin

How about that MSU-Illinois game Saturday? . . . And how about the halftime show at our own game Friday night? . . . Pretty clever, that high school band and their director, C. A. Odmark. . . With the erupting volcano. . . Odie was heard to say after the game. . . it's too bad we don't have a few more games to plan halftime shows for. . . HMMM.

Who has more fun than kids? . . . Especially Cub Scouts who visit the Kinross Airforce base where they were treated like visiting generals. . . From what we hear it was a wonderful trip and everyone at the base had as much fun as the kids. . . Sure hope arrangements can be made for all Cub and Boy Scouts to visit the base sometime soon. . .

This unusual weather has presented a couple of surprising things. . . Last week our city super, Hal Hyl, picked up Con-tralia. . . On the short wave radio which is supposed to do nothing but keep him in touch with the surrounding area. . . Having worked in a nearby town he had quite a galvest with the operator in the west who must have been thrown for a loss when he heard that southern accent coming from Michigan. . . Later on Ralph Hamilton of county road commission which is also equipped with shortwave, picked up Fresno, Calif., a station that they seem to catch quite often this time of year. . .

Our football season will end this week. . . If our Rayders come up with the win we'll end up in second place behind Boyne who has a terrific team. . . We'd like to wish our little ole Rayders and their coach, Don Carey, the best of everything. . . Just be your fightin' selves and you'll so alright. . .

Can you believe it? . . . After today (Nov. 1) there will be only 60 days remaining in 1956. . . Where have they gone? . . . And if there are only 60 days 'til the New Year, you only have 54 'til Christmas and that includes only 40 shopping days counting today which is just about gone. . . Better get on the ball. . .

And speaking of days remaining. . . you have only four days after today to make up your mind about the Nov. 6 presidential election. . . There are many important issues on the ballot so give everyone some thought before putting your "X" on the ballot come Tuesday. . . Today there are bloody riot in Poland and Hungary as the people of these two countries fight the right that is yours. . . See that you show your appreciation of these privileges by going to the polls Tuesday. . . And in case you're going to be out of town or think you can't make it, you have till 2 p. m. Saturday to apply for an absent voter's ballot. . . So if you don't vote, it's pure neglect on your part. . .

Among issues on the ballot will be the one regarding the millage proposal to build and equip a hospital facility for the aged in Charlevoix county. . .

It's National Flower Week

It's surprising what a plant or bouquet of flowers will do to brighten the days of a shut-in. . . happy to know some one thinks of them. It will give you a good feeling too. Try it!

winter so were we surprised when our cat, Sukki, flushed several in our backyard Sunday morning. . . Maybe they'd had word about the weather we were going to have so stayed around to enjoy it. . . Usually we see them gathering for their trip south but so far this year that hadn't happened until Sunday. . . It could hardly be called a flock but maybe they were just making plans for the trip. . . We hope they don't stay around for the winter or they'll freeze to death. . .

In the mail this week a card from Williamsburg, Va., . . . from Ken and Ruby Smith and their two youngsters, Rusty and Julie, who were touring the state. . . They're getting in a little sight-seeing after their big summer at Camp Charlevoix. . . From Munich, Germany, a note from Mrs. Sid Hayman, the former Darlene Coatta, who with her young son, Todd, flew over via chartered TWA plane to join her husband. . . She sent her best to everyone back here and added. . . "I studied about Germany in school but never thought I'd have a chance to see it. . . Really gives me a thrill". . . And from Paris, France that same sentiment is conveyed in a card from another Charlevoix-ian who is studying there, Patsy Ratigan. . . who writes that she has to pinch herself every now and then to make sure she's not dreaming especially when she sees the Eiffel Tower or walks down the Champs-Elysees or some other equally famous place. . . She's there, you remember, as a scholarship student from Sarah Lawrence college. . . is going to school, attending the opera, seats of concerts and really getting to know the country by living there. . . Flowers are wonderful hobby. . . but so exacting. . . we have every admiration for anyone who has a 'green thumb' and the patience to raise them. . .

TO THE EDITOR:

The statements in the October 18 issue of the Courier concerning the proposed Grandview hospital are somewhat contradictory if not confusing. The article states that the "facility for aged persons" (so-called) to divert the thinking of it as a hospital) pro-

hably will cost less than \$500,000. When the voters authorize a definite amount, it is only in rare cases that any concerted efforts are made to economize.

The article later states that the bond issue should be paid out in 13 years. The amount to be levied is 3 mills on the county assessed valuation or \$60,000 whichever comes first. A simple calculation of 13 times \$60,000 shows the total levy to amount to \$780,000. This is approximately the cost of a \$500,000 bond issue with the interest charges added.

The voters in the Charlevoix School District might well weigh the fact that accordingly with the assessment of the district they will pay one-third of the amount levied for the above facility. Some future not too distant day we may have to face a bond issue for a new high school. Can property taxation carry the burden of both?

Senior Class Play 'Our Miss Brooks' To Be Given Nov. 9

The trials and tribulations of "Our Miss Brooks" will be related in a three act comedy to be presented by the senior class of the Charlevoix high school at the high school auditorium at 8 p. m. Thursday, Nov. 9.

The play with its cast of 17 characters is directed by Mrs. Louis Courtade, assisted by Mrs. Robert G. Martin, Donna Guild is student director and Marilyn Neff prompter.

The play tells the story of a young English teacher, our Miss Brooks (Carol Duerr) who, despite the fact that she is in trouble for passing over the daughter of the board president, Ronda (DeAnn Genett) and given a prize to a talented nobody, Jane (Judy Cunningham), is dreaming of plans for a vacation. She has travel folders which she discusses with the athletic coach (Terry Davis), who reveals a surprising knowledge of good vacation spots and owns a sailboat. Miss Brooks thinks perhaps he is the man for her.

She is also thanking heaven that she won't have to battle with the coach this year for use of the gymnasium for play practice because someone else is directing the play. Then the blow falls. The play is thrust upon her at the last minute and since it requires a lot of boys, a royal battle develops between Miss Brooks and the coach.

The star athlete, Ted (Jim Flynn) wins the leading boy's role and Miss Brooks gets into more trouble when she gives the feminine lead to Jane rather than Ronda who is determined to have the part.

The school principal (Phillip Timmer) is in a frenzy of worry over the possible repercussions of Miss Brooks' decision. The way it develops, he didn't underestimate the repercussions as her anxious maneuvering gets Jane and Ted into further difficulties and one complication builds on another with Miss Brooks' private and public problems becoming hopelessly entangled. The final blow comes when she hides the basketballs in her closet so the team can't use the gymnasium.

The play, for all its humor, is so true to life-school life that everyone is sure to love it.

Other characters in the play are teachers played by Joyce Nielsen and Deanna Left and students played by Kate Fessenden, Beth Lewis, Suzanne Grate, Sue Gill, Pat Bulow, JoAnn Brady, Joel Arvilla and Ed Belfy. Ronda's mother is played by Nancy Wallace.

for citizens. Multiply the number of patients now at Grandvue, (42) by \$90.00 per month and you can readily see what this will mean to you as a taxpayer.

It is estimated that the cost of retiring the debt incurred by the sale of bonds to build the proposed new facility will be \$60,000 per year. For the cost of caring for these patients at the expense of the taxpayers if the state withdraws its approval and support, 75 per cent or \$45,360, could be paid on the annual debt and the county would have a modern, fireproof building to show for its money.

People get the most kick out of life who do the least kicking.

To the Voters of Charlevoix County

The cost of living is rising and everything costs more today than it did four years ago.

But does it seem possible that the cost of operating the Charlevoix county sheriff's department should jump from \$10,419.48 in 1953 to \$16,411.83 for the first nine months of 1956?

Perhaps it doesn't seem possible but here are the figures obtained from the office of the county clerk last week to prove that it has:

Salary and cost of operating the sheriff's department under Sheriff Floyd Ikens: 1953, \$10,419.58 and 1954, \$12,832.85; Cost of prisoners' meals, 1953, \$1,860 and 1954, \$2,417.40.

Salary and cost of operating the sheriff's department under Sheriff Glenn Rose: 1955, \$17,952.85 and first nine months of 1956, \$16,411.83; Cost of prisoners' meals, 1955 \$2,667.00 and first nine months of 1956, \$4,655.40.

Figure it out for your self and then follow the dictates of your conscience when you cast your vote for sheriff in the Nov. 6 election.

IT HAPPENED ON . . . BEAVER ISLAND

By Loy Malloy

Mrs. Philip Hart, wife of Lt. Governor Hart, Prentess M. Brown Jr., Democratic candidate for congress, Alvin (Cotton) Morrow candidate for sheriff and Archie Murphy, Charlevoix county chairman of the Democratic committee, were callers on the Island Saturday and spoke to the people of the Island at the

of Mr. and Mrs. Dan P. Boyle and Mr. and Mrs. James O'Donnell of St. James.

Parish hall. Henry Allen of Ann Arbor spent a few days on the Island during the past week. Mr. and Mrs. Pete Rennie and family spent the weekend at their cottage here.

Eugene Mooney spent the past two weeks visiting his parents, Mr. and Mrs. Francis Mooney. Thelma Schmidt returned home after spending about two weeks visiting on the mainland.

The Island has a resident doctor once again. Dr. Frank Luton will begin his practice here about Nov. 1. He comes here from St. Johns, Mich. He has purchased Henry Allen's home. It took a big load off the minds of the Island people to learn that we would once again have a resident physician.

Mrs. William Schmidt is on the mainland for a physical check-up.

Ransom Brame and family are spending a few days at the Dr. Sorenson cottage.

A great many of the Island residents were quite concerned about catching a cat that bit Paul LaFreniere last week. The cat stayed in hiding for about 24 hours before it was caught. Then it had to be put to sleep and shipped to Lansing to have some tests taken to see if it had rabies. Paul is ok now.

George Donat has taken a trip to Peru, Ind., to get his wife, who has been there for the past couple of months.

Mr. and Mrs. A. J. Ray are spending a few days at their cottage here.

guild notes...

Mrs. James Brakeman, a loyal summer resident of Charlevoix, isn't one to forget our cause even on a short weekend trip. She recently donated several books and new novels for the library cart, as well as puzzle books for the children... our sincerest thanks...

A contribution was made recently by a group of friends of Mrs. Mast of Whitehall, a former Charlevoix hospital nurse, in memory of her husband, Mr. Mast.

Donations have been made in memory of Mr. Jurgens, Ormond, Fla., father of Mrs. C. M. Bleck, who passed away recently, by Fran Milner and Fran Martin.

The Guild has three new kinds of vacuum packed candies on sale in addition to the 'regulars'. Make a note of it for holiday gift-giving... and remember, each box sold helps that much more toward the nurse scholarship which is being sponsored by these sales.

There is a new specialty pack for mailing which features a variety of three cans, all different or all alike, (hope we got that into straight) which will be the perfect answer to some of your gift problems.

The mailing packs and single cans are available at the hospital,

by calling Mrs. Gordon Freedman or Mrs. Donald Gilbert or at the other regularly listed places.

It's the original noise that counts; most people are merely echoes.

You Voted for PEACE ... AND GOT IT!

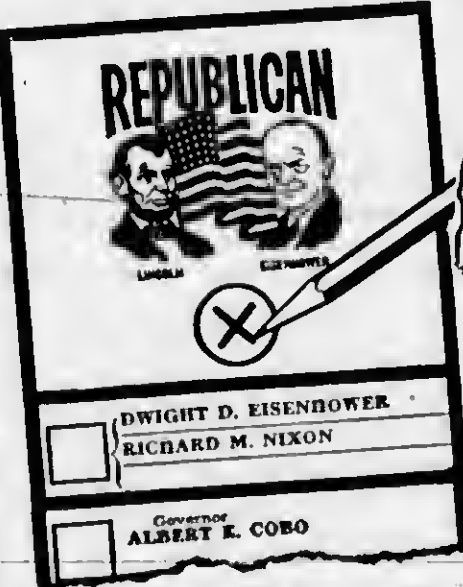

Now Your Vote Is Needed To Protect It!

● President Eisenhower brought us peace. Ike brought us prosperity, too, without having American boys dying on foreign soil to pay for it! You can put your trust in President Eisenhower.

● But, can you trust the future of your children, your home, your job, your country to the Democratic Party that is advocating weakening of our defense? Can you? You be the judge on November 6th at the polls!

● Every man and woman in Michigan should read this editorial from the Detroit Free Press (October 23) before voting:

BACK IKE WITH MICHIGAN'S BEST

Excerpt from editorial in The Detroit Free Press, Oct. 23, 1956.

"By injecting his own ideas and preferences, Premier Bulganin (of Russia) took sides in the campaign. He currently endorsed Adlai Stevenson's position on the issue, if he did not endorse Mr. Stevenson. But any American is entitled to the opinion that he did.

"The President's reply to Bulganin was an equally well-deserved rebuke to Mr. Stevenson.

"The latter invited Russian interest by raising, in the heat of a political campaign, an issue which is so closely related to the defense of this country that it has no proper place in politics.

"Bulganin took advantage of the opening which Mr. Stevenson provided him; it was as improper as if the Communist leader had offered his advice to the Democratic aspirant about any other phase of United States defense policy, including the size of the Air Force.

"It can hardly be thought that Bulganin's preferences in regard to H-bomb tests would not conform to Russia's interest.

"What Bulganin said in his letter, in effect, was that he would prefer to do business with Mr. Stevenson on the bomb issue, rather than with President Eisenhower.

"The implication of this should not be lost on the American voter. Twice before, at Yalta and Potsdam, the Russians dealt with heads of Democratic Administrations on matters which shaped the course of history to the Red's advantage. They have not done so well with the Eisenhower Administration. It is understandable that the Kremlin would be happier dealing again with Democrats in charge of our foreign policy."

Announce Sale Of Several Lots On Loeb Farms

The sale of a number of lots on
Evergreen Point on the former
Loeb Farms has been announced
by Wayne Belding of Belding
Real Estate.

Lots have been purchased by
W. C. Schade and H. L. Kistler,
man of Muncie, Ind., Dayton Mudd
of Milwaukee, Wis., Roy S. Rankin
and Leslie M. Craig of Birmingham,
Michigan. The latter has a
home under construction and Mr.
Schade and Mr. Mudd have en-
gaged architects to develop plans
for cottages to be constructed on
the property.

The cottages to be constructed
are actually permanent homes,
Mr. Belding said.

There are 11 lots remaining in
the Evergreen Point development.
Harold R. Sobie of Grand Rapids
who last year purchased prop-
erty in the area has recently
added to his property and now
has 70 acres in his parcel. Other
smaller parcels located west of
Evergreen Point on Lake Char-
levoix have also been sold.

Another subdivision located
near Sequanota is also being de-
veloped, Mr. Belding said. A par-
cel which includes 1,000 ft. of
Lake frontage has been sold to
Robert Wilson of Hudson, Ohio.
James Miller of Pleasant Ridge
has also purchased another par-
cel and has started a develop-
ment of permanent homes.

These subdivisions, when de-
veloped, will mean up to 70 or
80 new homes in the Charlevoix
area. Homes that will be an
asset to the community and which
will mean additional families. In
fact, Mr. Belding concluded, it
will mean another little com-
munity in the Charlevoix area.

WHY YOU SHOULD RE-ELECT VICTOR A. KNOX TO CONGRESS - 11th CONGRESSIONAL DISTRICT

EXPERIENCED

In dealing with legislative matters, Vic Knox's twenty years of legislative experience and his growing seniority in Congress mean accomplishment and results for the people of the 11th Congressional District.

ABLE

To deal effectively with the issues confronting the farmer, the worker, and the businessman because of his own farming and business experience, Vic Knox's ability to effectively represent the economic interests of the 11th District was not developed overnight.

HONEST

and diligent attention to the duties of his office has earned Knox a deserved reputation for integrity and knowledge. Vic Knox's established reputation in Congress has made him a man whose advice is sought on important National issues. Knox's persuasive influence in Washington is reflected in constructive forward-looking legislation and in effective Federal administration for the 11th District.

KNOX'S RECORD DESERVES YOUR SUPPORT

KNOX HAS a proven record of working for forward-looking legislation that benefits the farmer and deals effectively and squarely with farm issues by stabilizing farm costs and improving farm prices • a proven record that clearly demonstrates his constructive interest in the welfare and progress of labor • a proven record of creating small business incentives and improving the business opportunities in the 11th District • a proven record of support for better schools, increased old age benefits, and improved veterans rights.

HERE IS THE KNOX RECORD

FOR ALL AMERICANS

- **PEACE** - Supported President Eisenhower's program to bring peace to the world and achieve a strong military defense to deter the Communists from creating another Korea.
- **TAX BENEFITS** - As member of the tax-writing Committee on Ways and Means helped write legislation assuring 10% income tax cut and lower excise taxes on consumer purchases. Knox participated in the greatest tax reduction program in the history of our Nation (\$7.4 Billion). Knox was author of legislation (H.R. 5559) giving farmers relief from the Federal tax on farm gasoline.
- **SOCIAL SECURITY** - Was instrumental in developing improvements in social security program to give coverage to additional 10 million persons, to increase benefits, and to permit higher earnings without loss of benefits • worked to give small farmers special coverage benefits in reporting income.
- **SCHOOLS** - Worked in support of legislation to strengthen school facilities. The Democrat Party voted to kill school legislation in 1956.
- **PUBLIC WORKS** - Helped to overcome 20 years of Democrat opposition to the St. Lawrence Seaway. Supported the Eisenhower Highway Development Program. Obtained millions of dollars for rivers and harbors development and for post office facilities in the 11th District.

FOR FARMERS

- **DAIRY PRICES** - Fought for legislation to give the same price support to dairy products as given to the basic crops - corn, cotton, peanuts, rice and wheat. Successfully worked for Republican administrative action to increase dairy support on manufactured milk and on butterfat when Democrat Congress voted to discriminate against dairy farmers.
- **FARM CREDIT** - Worked for and supported liberalized loan programs under the Farmers' Home and Farm Credit Administrations to make farm credit fairly available to all farmers.
- **CONSERVATION AND DISASTER LOANS** - Participated in the development of legislation to liberalize loan procedures in case of farm disaster and for conservation purposes.
- **SMALL FARMERS** - Successfully worked for a bill for low income farmers to develop programs for increased farm efficiency, greater job opportunities, and better farm living.
- **FARM RESEARCH** - Supported appropriation of Federal funds for research to find expanded uses of agriculture products and to devise more efficient farming techniques.
- **SCHOOL MILK PROGRAM** - Helped develop \$25,000,000 school milk program to constructively use dairy surpluses to promote the health of our future citizens.

FOR LABOR

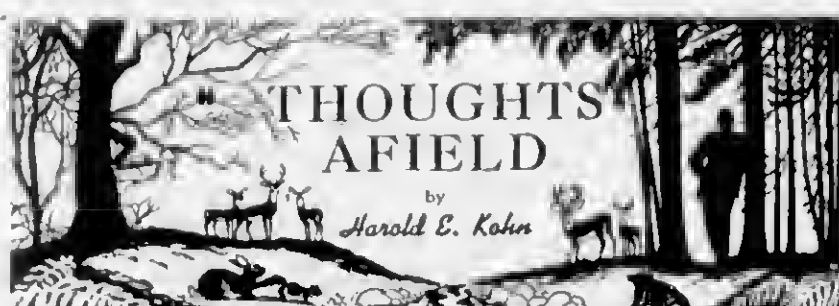

- **Taft HARTLEY** - Supported liberalization and improvement of the Taft Hartley Law to protect the rights of organized labor and the individual worker.
- **JOBS AND WAGES** - Supported Republican program for prosperity that has created more jobs (66.8 million) and highest wages in our history (14% higher take home pay since January 1953) with a cost of living that has been stabilized (less than 3% increase under IKE compared to an increase of 50% under Truman). Supported higher pay and improved retirement for Federal workers.
- **WORKERS BENEFITS** - As member of the Committee on Ways and Means helped with legislation expanding unemployment compensation program to an additional 3.6 million. Supported liberalization of railroad retirement act.

FOR BUSINESS

- **SMALL BUSINESS** - Supported the establishment of the Small Business Administration which already has made over \$360 loans totaling \$227 million for small business development.
- **GOVERNMENT COMPETITION** - Worked to get government out of competition with business thereby saving taxpayers from \$40 billion costs under Truman and returned business to private enterprise.
- **GOVERNMENT PROCUREMENT** - As a member of the House Committee on Government Operations worked to develop simplified procurement procedures to assist small business in obtaining a larger share of government contracts.

VOTE FOR EFFICIENCY AND EXPERIENCE! VOTE FOR VICTOR A. KNOX!

This political advertisement paid for by the Knox for Congress Committee, James H. Fyvie and Arthur K. Rouse, Co-Chairmen.

"The Older You Grow--"

Every tree on the verdant acres of Hidden Brook performs a service. Some trees offer shade to the stream, sheltering it from the sun's fierce rays, keeping the brook cool to a trout's liking. Some proffer shelter to four-footed creatures and volunteers as nesting places for birds. All stand as guardians of the soil, conservers of ground water and serving as natural windbreaks. Many provide wood for our fireplace and lumber for occasional carpentry, fruit and nuts that tickle the palate, and all present a feast of fascination and beauty for the eyes and mind.

But the trees that delight my interest most are the old trees, the gnarled and knotty-jointed trees, the trees with great scars where limbs have been amputated by knifing winds and trees that have been hollowed by insect invaders and fungus infections. Old warrior trees that have fought sabre slash of wind, fusillade of sleet, bombardment of hail and insidious attack of insect hordes are like aged veterans of wars fought long ago. They have stories to tell. And the history of their battles is written upon their wrinkled skins.

See that great hollow in a venerable maple on the west side of our pasture? In a struggle with wind some decades ago the maple lost a limb, mercilessly ripped from its trunk. To the ragged stump insects came, drilling deep into tender tissues. Fungus spores, carried by breezes, found lodging where insect damage had been done. Fungus infection grew and spread, softening cell walls, breaking down the wood which slowly crumbled away. As injury mounted small holes developed into one big one, until now the hollow can accommodate a fat, full-grown raccoon seeking shelter from dreaching rain. Like elsewhere and everywhere in nature, purpose is present in that old maple. The tree illustrates the economy of creation, with everything having meaning, all things being in some way useful. Even the gaping wound of an ancient and infirm tree has a place in the Scheme of things.

Old age, wherever found, has its peculiar fascinations. Among trees the young are apt to be much alike, undifferentiated. But age makes for differences. Many of our Hidden Brook saplings could not be told apart, but there are no two old trees there that are alike. Every aged tree is a different work of art, depicting what time and weather, the blessings of sunshine and rain and the ravages of enemies have done to it. The older a tree grows the more character it shows.

What the aging process does for trees, it does for people. Babies in the hospital nursery look much alike. Little placards are placed above their heads and beaded bracelets are fitted to their wrists with their names on them in an attempt to tell them apart. That would not be quite so necessary a year from now, and not necessary at all thirty years from now, for time will fix its own identification tags upon them. The older they grow the more they will differ from each other.

Aging is a process of becoming characterized. In old age we are likely to be much what we are at thirty, but more so—more anxious or poised, more selfish or more outgoing, more inconsiderate or more gracious. Just as a maple does not change to a poplar or a spruce as it ages, but becomes more and more like a maple, so a person is prone to become more and more like himself.

Age, in trees and man, does not end usefulness. Even the infirmities of trees, such as their yawning holes, are used by raccoons and squirrels, by owls and chickadees for shelter from the elements. Old age has pressed upon many a human oldster some advantage in quietness and isolation from life's busy whirl that youth cannot offer, and this simpler untroubled character of old age sometimes offers opportunity for unusual creativity. When Clara Barton was sixty-one she founded the American Red Cross and remained its president for twenty-two years more. When she was eighty-four she established the National First Aid Association and actively led it until she was ninety-one.

Verdi was eighty when he composed "Falstaff" and eighty-five when he wrote his "Ave Maria". Titian painted his memorable picture, "Battle of Lepanto", when he was ninety-eight. Gladstone was prime minister of Great Britain at eighty-three and fought the greatest battle of his political career for the home rule bill. At seventy-four years of age Emmanuel Kant wrote his finest philosophical work and Alfred Lord Tennyson at eighty penned his unforgettable "Crossing the

Bar". George Bernard Shaw retained his superb wit until past ninety, and Justice Holmes at ninety was still writing brilliant judicial opinions.

Age has its own peculiar serenities, among which is the satisfaction of not going here and there, thither and yon. As J. B. Priestly remarked in his "Delight," when we are young not to have an invitation to a party, an excursion, or the game is to suffer humiliation, and to have an invitation and not be able to go is a curse. But in old age it is a pleasure not to go. The mad rush of life is over.

Nevertheless, old age can be a time of unusual mental activity; it need not be an occasion for mental retirement. With the fever of life's hustle and bustle over there can be time for the purposeful employment of curiosity. There is time now for learning, for playing Sherlock Holmes with some line of study, intent upon tracing its every detail.

In many old and wise civilizations a high premium is placed upon the mature judgment of the aged whose minds have ripened with the passing years. In China when one person makes an official call upon another the first question asked is, "What is your glorious age?" If the answer is only twenty-five or thirty-five, the first person tries to comfort and cheer the other by assuring him that he may yet become old. Respect grows in proportion to age, and if a man is over fifty those who converse with him do so with a high degree of humility and esteem. In China people eagerly anticipate their fifty-first birthday when they will be treated with greater consideration, amounting to homage.

In the Lacedaemonian Constitution of ancient Greece, citizens under sixty were regarded as too immature to be deliberators in the Senate. The people would not trust the judgment of mere youngsters of fifty-nine!

To the discriminating eye each hour and every day, each season and every stage of life has its own beauty and its own purposes.

The old tree and the old person are as much a part of God's plan as are the young.

Charles Robinson Attends National School Convention

Charles A. Robinson, Charlevoix county superintendent of schools, returned Saturday from Atlanta, Ga., where he attended the 11th annual convention of the National Association of County and Rural Area School Superintendents.

Enroute Mr. Robinson stopped, accompanied by Mrs. Robinson and son, Gordon, drove through the Smokey Mountains in Tennessee and North Carolina and returned home via Chattanooga, Tenn. and the historic Lincoln county in Kentucky.

Enroute Mr. Robinson stopped in various small towns and at farm homes to talk with the southern people on such subjects as politics, education and integration. It was interesting to note that the high school graduates at Hodginsville, Ky., Lincoln's birthplace, have been integrated for the first time. There seems to be a general expression that the most serious opposition to integration comes from the least educated white population.

Rayders Go Into Second Place; Defeat Gaylord 19-6

Need Mancelona Win To Hold Position

The Charlevoix Rayders came up with their fourth victory of the current season Friday night when they defeated Gaylord 19-6 at Kipke field.

After a scoreless first quarter in which Charlevoix muffed a scoring opportunity, the Rayders scored early in the second period to hold a 7-0 halftime lead. In the third period they racked up two more touchdowns, one on a 55 yard punt return by halfback Terry Davis. Gaylord's only tally came in the last three minutes of play.

This week the Rayders, who moved into second place tie with Harbor Springs after the Rams had dumped Mancelona from second place, will travel to Mancelona to take on the Ironmen.

If the Rayders want to finish in second place behind Boyne City to whom they have lost the loop, title, they will have to come up with a win over a hard-playing opponent who has jinxed the local eleven, in the past. With so much at stake, both teams are expected to be up for the game. If the Rayder line can stop Ironman fullback Johnny Phillips and come up with a pass defense against halfback Ron Johnson, they could finish in second place but it will take a lot of determination, team spirit and good football to halt Mancelona.

In the game Friday night, Gaylord kicked off to Charlevoix with the extra point over on their own 35.

In a series of plays Charlevoix took the ball to the Gaylord three but lacked the punch to carry it over and Gaylord took over on their own three.

Two plays later, a penalty put the ball on the one and Gaylord was forced to punt on fourth down.

In three plays which included a 15 yard pass from quarterback Bob Mol to fullback Larry Ingalls, Charlevoix had the ball on the Gaylord six when the period ended.

On the third play of the second quarter, Mol went over from the three on a quarterback sneak to put the Rayders ahead 6-0. Halfback Terry Davis went over for the extra point and Charlevoix led 7-0.

Exchanges of punts after failing to pick up yardage marked the remainder of the period with Gaylord in possession at mid-field as the half ended.

Charlevoix kicked off to Gaylord to open the second half but on the first play from scrimmage,

Davis intercepted a Blue Devil pass on the Rayder 44 and again the Rayders were on the march. They penetrated to the Gaylord 14 where the drive bogged down and the Blue Devils took over.

Gaylord was forced to punt from their own 21. Davis took the punt and went 55 yards on the return to score Charlevoix's second touchdown. The attempt to score the extra point over was unsuccessful and Charlevoix led 14-0.

Again Charlevoix kicked off to Gaylord after signaling for a fair catch, the Gaylord player fumbled and Kenny Wojan fell on the ball on the Gaylord 26.

A 10 yard run by halfback Kenny Balch moved the ball to the 16, a pass from Mol to Ingalls put it on the five, a line plunge by Davis moved it to the three where Balch took it over to put the Rayders ahead 19-0 after they failed to run the extra point over.

After taking the kickoff, Gaylord moved to the Charlevoix three but the Rayder line held and the local eleven took over. With less than three minutes remaining, Charlevoix punted from the 20 but the kick was blocked and Gaylord took over on the Rayder 18. Three plays later quarterback John Burnison got off a 10-yard pass to halfback Mike McKillop in the end zone to give the Blue Devils six points after the run for the conversion point was halted.

Charlevoix was in possession of the ball when the game ended three plays later.

Last Week With Class 'C' Teams

Boyne City continued its winning ways Friday afternoon with a 22-0 victory over East Jordan to move one step closer to its title since 1944.

Harbor Springs dumped Mancelona 12-0 to move into second place tie with Charlevoix who defeated Gaylord 19-6. Mancelona was dropped from second to third place in league standings. Pellston moved out of the loop cellar with a 37-0 win over Grayling.

Boyne City 32 East Jordan 7

Fullback Carl Charon took over the scoring duties in the first half of the Boyne City-East Jordan game, scoring three touchdowns and halfback Ron Holowasko did his bit in the second half, going over for two TDs to assure the Ramblers at least a share in the 1956 league title.

Charon scored on a 55 yard run in the first period, went 15 yards in the second period and just before the half took a 15 yard pass from quarterback John Juday to give Boyne City a 19-0 halftime lead after Holowasko had run the ball over for the extra point following the second touchdown.

Charon left the game early in the second half after suffering a wrist injury. Holowasko scored from the five early in the third period and again in the last quarter. Jim Bradley booted the extra point after the first TD and the kick for the extra point was wide on the final one.

East Jordan's only scoring opportunity came late in the third period when quarterback Larry Woodcock got off a 20 yard pass to right end Ray Walker who took the ball in the end zone and then gave East Jordan seven points by booting the extra point.

Charon returned to the game in the final period. Harbor Springs 12 Mancelona 6 Harbor Springs and Mancelona played a scoreless first quarter before John Phillips, Ironmen fullback, broke through tackle and went 35 yards to score. The kick for the extra point was blocked and the Ironmen led 6-0 at halftime.

The Rams bounced back in the second period, however. After taking the kickoff they marched to the four yard line where halfback Eddie Mathews went over to tie the score when the boot for the conversion was blocked.

With two minutes remaining in the game, quarterback Richie Clarke got off a 23 yard pass to rightend Ace Allerding who went two yards to score. The attempted run for the extra point was stopped short of the goal line as time ran out.

Pellston 37 Grayling 6

Pellston moved out of the league cellar by rolling over Grayling 37-6 Friday night after capitalizing on a number of fumbles.

The first Hornet touchdown came on the second play of the game when Pellston tackle Bob O'Neill picked up a Viking fumble and went 30 yards to score. On the first play of the second period halfback Bob Barber scored from the 28 and later in the period halfback Clark Marshall went over from the four to give Pellston an 18-0 advantage after the attempts to score the conversions were stopped.

Barber scored from the three with fullback Jim Robinson plunging over for the conversion early in the second half. In the same period Robinson scored

Breaking through the Gaylord defense at Kipke field here Friday night, halfback Kenny Balch picks up yardage which resulted in one of three touchdowns scored against the Blue Devils. The victory gave the Rayders a record of four wins, one tie and one loss with one game remaining to be played. Charlevoix will play at Mancelona Friday night to conclude the 1956 season.

Loop Teams Out To Better Positions In Final Games

The four North Michigan Grayling, Class C football season will be concluded this weekend with Boyne City still but owned the league champion and other teams in the loop battling it out for better place in conference standings.

Charlevoix and Harbor Springs will be defending their recently acquired second place standings when they meet Mancelona and Gaylord, respectively, Friday night. The Rayders will travel to Mancelona to take on the Ironmen and the Rams will play at Gaylord. In a third night game, Boyne City will host last place

Grayling. In the only afternoon game, fifth place East Jordan will move north to play sixth place Pellston.

Like Charlevoix, the Harbor Springs Rams will have to win this weekend to end the season in second place. After defeating a strong Mancelona squad last week, the Rams shouldn't have too much trouble with the Gaylord Blue Devils whom the Rayders defeated 19-6 last week. Gaylord has some speedy backs who manage sizable gains if they manage to get away. If Harbor Springs' line will hold, they should come up with a victory to finish higher in league standings than they have in years.

With Grayling the only game remaining on their current schedule Boyne City should complete the season with a perfect record and their first football championship since 1944. Grayling failed to show much against the Pellston Hornets who racked up their first win of the season last week when they defeated the Vikings 37-6.

East Jordan has a record of one win (over Grayling) and a tie with Gaylord one over Grayling last week by a score of 37-6. East Jordan defeated the same team 28-0 earlier in the season. If comparative scores mean anything the game could be close. Perhaps the anticipated power of Pellston is coming to light as the season ends. This might be for they held Charlevoix to a 14-12 victory the week before. If this is the case, East Jordan will have to play their best ball or end up close to the league cellar, a position they have not known in many years.

1957 Dodge Lancer Hardtop Five Inches Lower

THE 1957 SWEPT-WING DODGE, lower and longer, has the most exclusive styling and engineering improvements in history. Height of the two-door Lancer hardtop models like the Custom Royal Lancer sedan have been reduced by five full inches so that the new Dodge stands barely five feet high. Rear fenders sweep upward and backward to keynote the car's new styling, accenting a sport car appearance that is also a mark of the Dodge name.

Annual College Day Program To Be Held Tuesday

Charlevoix high school juniors and seniors are among those from nine area high schools who have been invited to attend the annual Petoskey area college day program in the Petoskey high school gymnasium from 9 a. m. to 4 p. m. Tuesday, A. D. Shankland, of Petoskey, chairman of the program, has announced.

Because it is inconvenient and expensive for prospective college students to visit several college campuses to select one they would like to attend, representatives of the many colleges and universities in the states have been invited to visit with the student on college day.

Twenty-six institutions have been invited to send representatives to speak with the students. Among them are Adrian college, Albion college, Alma college, Aquinas college, Central Michigan college, Cook County School of Nursing, Davenport Institute, Ferris Institute, General Motors Institute, Hillsdale college, Hope college, Kalamazoo college, Kendall School of Design, Mercy School of Nursing, Michigan college of Mining and Technology, Michigan State University, Muskegon School of Business, Northwestern School of Commerce, Northwestern Michigan college,

Episcopal Councilmen's Association To Hold Annual Meeting In Grand Rapids

The Episcopal Churchmen's Association of the Diocese of Western Michigan will hold its annual dinner meeting and election of Diocesan board members at the Manger Hotel in Grand Rapids Friday Nov. 2.

The Rt. Rev. Harry Sherbourne Kennedy, Episcopal Bishop of Honolulu, will be the featured speaker at the dinner meeting to which the women of the diocese have been invited.

The Rt. Rev. Dudley B. McNeil, Bishop of the Diocese of West-

Olivet college, University of Michigan, Wayne State University, Western Michigan college, Eastern Michigan college, Northern Michigan college and the University of Detroit.

In announcing the program, Mr. Shankland indicated that the program will be much more valuable to the individual students if they have some well thought out questions prepared to ask the college representatives. Parents of students in the Petoskey area are urged to attend the conference and find answers to any questions they might have.

Students who have been invited to participate are the juniors and seniors from Petoskey, Petoskey St. Francis, Pellston, Alanson, Harbor Springs, East Jordan, Boyne City, Boyne Falls and Charlevoix high schools.

Fastest "News Service" in Town!

Had a frantic wire from Washington yesterday—saying that the local Congressman was making a surprise visit and a short speech. Could I get the word around fast?

No time for a special edition of the *Clarion*, so I turned to the fastest "news service" in town... Windy Taylor. He spent an hour mobilizing his Lodge and Court House cronies—all pretty fair talkers—and the rest is history. Biggest turnout ever.

As a newspaperman, I hate to admit it—but facts are facts. The Windys of this world aren't only quicker news spreaders

than our paper... they've even got better circulation.

From where I sit, some of us would rather talk than eat, while others are close-mouthed... just as some of us like coffee and others prefer a glass of beer. There's a lot to be said for both attitudes. But if you go in for gab—don't talk against someone just because you don't happen to agree with him on some question of personal choice. Use your own "good censorship."

Ellandah Lambert Proves Honesty By Returning Money

Little Ellandah Lambert is only four but she knows about honesty.

Recently she found a sizeable sum of money near the postoffice. When she got home she gave it to her parents, the Paul Lamberts. They were leaving town, however, within a short time and until they returned this week and saw the "Lost" advertisement in the Charlevoix Courier, did not know to whom the money belonged.

Tuesday Ellandah and her father brought the money, nearly \$100.00 in cash, to the Courier office.

Ellandah was given the amount designated as a reward by George Delno of San Diego, Calif., who lost the money a short time before leaving for his home in the west.

And when Ellandah gave the bookkeeper, Mrs. Elmer Gibson, the money she asked if she would send along with it a religious tract she had. "So he will know we are Christian people," she explained. As though Mr. Delano, or anyone else for that matter, would need proof of that fact.

New 1957 Buick Goes On Display At Perry Sales

Buick has introduced a new line of cars for 1957 packed with more engineering and styling changes than any previous model in Buick history.

The new line features all-new roomier bodies, boldly designed in smart new "dream car" styling, new and more powerful V-8 engines and a completely new chassis with improved ride and handling.

Plan Class In Lip Reading For Local Adults

The Continuing Education Department of the Charlevoix public schools has extended an invitation to all persons who have hearing problems, either because of less hearing ability or working conditions that create sound problems to participate in the proposed lip-reading class now being organized.

Purpose of the class is to increase hearing through lip reading. Max Novak, head of the Continuing Education department, said.

M. Bethel Clifford, field service consultant of the Michigan Association for Better Hearing will be in Charlevoix Monday and Tuesday to consult with persons who have been referred to the school but will attend a meeting at the Charlevoix high school homecoming room at 7:30 p. m. Tuesday to organize the lip reading class.

The lip reading program, Mr. Novak explained, is designed to aid in the efficiency of a person in his regular work, to open the doors to more happy, satisfying living and as a safety measure in industry where machines create noise that makes communication difficult.

In addition to providing lip-reading instruction which is so necessary, classes will offer the opportunity for general information on hearing problems, group therapy, adjustment to the use of a hearing aid and social adjustment.

Mrs. E. P. Lemble of Petoskey, who has taught a similar class in Petoskey for several years, will teach the lip-reading class here.

Interested persons are invited to call the school, LI 7-8583, for additional information regarding the class or to attend the organizational meeting at the homecoming room at 7:30 p. m. Tuesday.

Gun Club Rifle Range Limited To Members Use

Members of the Charlevoix Rod and Gun club were advised at their regular meeting Thursday evening that their insurance policies do not cover non-members use of the rifle and pistol ranges.

This limitation makes it necessary for the club to prohibit the use of the facilities by non-members, advises Gordon Moeller, club president. He adds, however, that persons desiring to use club facilities need only to apply for membership in the organization.

ODDS 'N ENDS

By Fran Martin

With weather such as we've been having, it's hard to believe that the deer hunting season for the boys with the big guns opens next Thursday. While the rest of us are hoping that this will last right up 'til two days before Christmas the hunters and there's quite an army of them, are hoping that it will snow... not too much but enough to make it good tracking weather and cold enough to keep the camp deer in... Unless we have a drastic change... which is always possible in northern Michigan this time of the year... we're afraid that they're going to be disappointed... Or is that wishful thinking on our part? Anyway, if some of your family is leaving for hunting camp this weekend give us a buzz and tell us about it... And to those of you who will be hunting in this general area... if you fill your license on opening day... will you call us too... either 2211 or 6633... We'd like to know about it for next week's edition... Lots of luck to all of you and for heavens sake, look before you shoot...

November and December are known as the black months... Why? Because there is so little daylight... in fact, right now there's not any more than nine hours of daylight each day... and the days will be getting shorter and even when it's noon it won't be too bright... So be careful when you're driving... It's so easy to hit someone at dusk... or early in the morning when so many of you are driving to work... Be ever so much more alert and careful... we certainly don't want any casualties because of carelessness...

Strawberry shortcake in November? Why not... That's what the Herman Thierrys at Ironton and the Stanley Bangers no doubt had from the berries they picked in their gardens over the weekend... The latter also found raspberries on their bushes... Now do you believe us when we tell you we've been having Injun summer?

Our apologies... It was Mrs. Clara Mascho who observed her ninety-sixth birthday anniversary last month... and who was the recipient of a box of candy sent by Mrs. Effie Francisco's stepson R. E. Siphon of Keco, Calif.

Charlevoix sure hit the big time when our railroad station served as a background for one of the new cars... Couldn't believe it was true 'til Herb Scholtz came rushing up with the picture to prove it...

And speaking of Dodge cars, did you know that Lawrence Welk has a real fan at the Charlevoix hospital? She's Mrs. Elmer Rood who received a very nice personal letter and an autographed picture from the man who plays the champagne music.

We know other people who receive letters from important

people too... Ken Forbes, who's been service officer for the American Legion for ever so long, received a letter from the White House commending him for his work in behalf of the veterans...

This you'll never believe... and neither did the fellow who told us about it... But it seems the high school kids always ask the merchants if they can write on their windows when publicizing games. The merchants usually comply with the request but those who ask never come back to clean the windows... That's is, not 'til last week and the fellow hasn't recovered yet... from the shock, that is...

We know it's hard to get the Christmas spirit this time of year, but if you don't catch a little of it sometime during the next week that serviceman of yours is going to be mighty blue... come Christmas... Nov. 15 is the deadline for mailing overseas parcels to our service men... So how's about it... Better get going but fast...

And speaking of Christmas, the V. F. W. Auxiliary is planning to send Christmas cards to all Charlevoix servicemen so won't you give your serviceman's address to our office gal, Mrs. Elmer Gibson or some other member of the thoughtful organization...

Did you notice a familiar face last Tuesday when you were watching the program "It Could Be You" from California? In case you haven't figured out yet who it was, no doubt it was Mrs. Fred W. Young, the former Roberta Seymour of this city, who participated in the show as a member of her club... Seems some 40 of 'em made the trip via bus from San Clemente to take part in the show... Quite a few of our local residents saw the show and her...

Who has more fun than kids... particularly on Halloween when everyone went trickin' and treatin'... We had just scads of little ones... and a few bigger ones... come by... wearing some of the cutest and funniest and craziest get-ups you'll ever see... And it sure was fun seeing them and giving them their treats... And if they had tummys aches the next day, certainly it wasn't surprising... And how about those two adults who took advantage of the kids night out and went tricking and treating out Ironton-way... scaring the life out of everyone... And did the youngsters and teachers... and all the adults have fun at the parade when all the little ones marched to the theater behind the band... And the movie was good too... and the treat... Thanks to the Kiwanis club...

Seems our neighbors, the Novak twins, Charles and Carl, were having haircuts recently when Ken Cellner started giving them a pretty hard time... He asked where their dad was and they answered "At school"... Ken's next question was "Isn't he a little old to be going to school?" "Yes but he's in the last grade"... Guess that kinda stopped Ken short...

Magnet for many visitors to Washington, D. C., is the classic Thomas Jefferson memorial on the tidal basin. The heroic statue of the striding Jefferson is clothed in a greatcoat—a likeness of the coat that was given to him by Gen. Thaddeus Kosciuszko, the Polish patriot of the American Revolution.

The United States treasury will receive more than \$100,000,000 this year for grazing and timber rights in national forests.

7 tonight (Thursday) and you'll see some pictures of Beaver Island taken over the weekend... In them you'll see some Charlevoix jans, Gordon Neff and his Weimaraner and Chum White and his Brittany spaniel... along with several fellows from Boyne City... We understand that they'll be movies of the island, the perch fishing there as well as bird hunting... Sounds real super so don't forget to take a look-see at 7 p. m. tonight.

And if you doubt the weather we've been having, here's more proof that it's most unusual... Mrs. Harold Bedford has an Easter lily in bloom... one she's received for Easter and planted outside... And Mrs. Fred Tyler reports picking a pint of beautiful raspberries in her garden Monday... and seeing goldfinches, which ordinarily winter in the Carolinas, still feeding near her house... And we've been hearing robins chirping all over the place... Ah, what weather... We wouldn't want you to turn green with envy but did we have something good recently... pleasant... the first we'd even seen for nearly 10 years when our old boss, Moon Steinhurst, used to go hunting down in the Thumb area... This bird came from there too and was given to us by Bill Butters who spent several days in eastern Michigan early in the season.

Set Deadline For Oversea Packages

Thursday, Nov. 15, is the deadline for mailing Christmas parcels to servicemen stationed overseas, Peter H. Timmer, Charlevoix postmaster warned this week.

Max Novak
General Insurance
LI 7-2865

"If your service man is not to be disappointed when the holidays arrive late next month, you must mail parcels as soon as possible," Mr. Timmer said.

He explained that they were taken by regular parcel post to either coast and then carried by overseas destinations. He also warned that the parcels should be packed and wrapped care fully if they are to stand the trip to overseas postoffices. He also urged parents and friends not to send transport or military ship to perishables or cakes, cookies and candies that might be crushed in transit.

Neff's Smorgasbord On The Docket

"Circle the date of December 9 on your calendar and reserve it for a special occasion," Bob Neff of the Charlevoix-Mt. McSaubia Recreation Corp. asked the residents of the area this week.

The special event will be a real Swedish smorgasbord for the benefit of the ski club.

The date has been set and the site of the all-afternoon event will be announced shortly.

Bob Neff is general chairman of the dinner. He will be assisted by other members of the corporation as well as other residents of Charlevoix who show an inclination to assist.

New 1957 Sedan de Ville

The completely new styling of the 1957 Cadillac is apparent in this Sedan de Ville, the four-door hardtop introduced this year. The over-all car is lower with the hood and rear deck below the fender line and a restyled Cadillac tail fin, some what remindful of the Eldorado fin, has been adapted. The 1957 Cadillac will be on display Monday at the Uhrick Pontiac-Cadillac show rooms.

Pianist Vera Franceschi Will Present Concert Monday Night

Vera Franceschi, the young pianist who has been hailed as "America's Ambassador of Music," will appear at the Petoskey high school auditorium at 8:30 p. m. Monday under the auspices of the Northern Michigan Community Concert Association.

The concert is the first of a series of four to be presented during the winter months under the sponsorship of the concert Association.

The lovely Miss Franceschi began her current series of concerts in North America after returning from her tenth tour of Europe where she again played with symphony orchestras in Paris, Zurich, Lugano, Naples and Pal-

ermo and in recital and on television in Rome.

This kind of global musical activity, however, is not all that has made San Francisco-born Vera Franceschi's career highly international in quality. At the age of 13 she became the youngest graduate in the history of the Santa Cecilia Conservatory in Rome.

A year later she played the Mozart Concerto in D Minor at LaScala in Milan under the direction of Alberto Erede. After receiving a degree from the Manhattan School of Music in New York, she returned to Rome on a Fulbright Scholarship to become the first pianist to earn the Doctor of Music Degree from the Academy of Santa Cecilia. A protégé of Pierre Monteux, she has studied with many eminent musicians.

She has recorded for several companies and recently signed an exclusive contract with Westminster.

Admission to the concert which begins at 8:30 p. m. will be by membership in the Northern Michigan Concert Association only.

Installation Of Ski Tow To Get Underway Here Over The Weekend

Work will be started on the installation of the ski tow at the Mt. McSaba ski area this weekend. Dr. L. E. Grate, president of the sponsoring organization, the Charlevoix-Mt. McSaba Recreation Corp., has announced.

The engine will be hauled to its resting place at the top of the mountain, the rope for the tow will be put in place and other work on the project started. Workmen are still needed and anyone having a few hours to donate is asked to give it now when it's needed the most.

The timbers for the warming house were put in place and the shelter roofed by the Hunt Roofing Co., which did the work at cost. Glass for the windows, which was donated by Floyd Brown, is here and will be installed shortly.

The job of stoning in the fireplace will be continued this weekend by Drew Young who is contributing his time.

The septic tank was donated and installed by William Skornia of the Northland Septic Tank Co. of Advance. The job of drilling the well has also been completed.

The corporation is presently awaiting further contributions, pledges and sale of stock in order to obtain funds so work on the project can be continued in preparation for the skiing season. Pledges or contribution may be made or stock purchased from Robert Neff, Robert Lieberman, William Fochtman or other corporation officers.

Tentative plans for a benefit smorgasbord in mid-December have also been announced.

Charlevoix Shut-Out By Mancelona In Final Game

Rayders Drop To Fourth In Conference Standing

The Charlevoix Rayders dropped their final game of the season to Mancelona by a score of 20-0 Friday night to finish in fourth place with a record of four wins, one tie and two losses.

The victory moved the Ironmen into third place one-half game behind Harbor Springs with a record of five wins and two losses.

In the game at Mancelona, the Ironmen were in control of the situation all the way with the Rayders threatening only once late in the game.

The Ironmen took the opening kickoff in a series of nine plays moved the ball into scoring position. They scored again midway in the second quarter and again early in the final period.

Charlevoix kicked off to the Mancelona Ironmen who took over on their own 31. In a series of eight plays during which they picked up four first downs they moved the ball to the three where halfback Ed Sutter went over to put the Ironmen ahead 6-0. Fullback Johnny Phillips added the conversion point on a line plunge and Mancelona led 7-0.

Charlevoix took the Mancelona kickoff on the eight and with Kenny Balch and Terry Davis carrying the ball moved to the Mancelona 47. Two plays later Mancelona recovered a Rayder fumble to halt the drive. The Charlevoix line held, however, and Mancelona punted out of bounds on the Rayder 16. Charlevoix failed to gain ground and punted to Mancelona on the Rayder 48.

Again the Charlevoix line held and the Ironmen punted to the Rayder four. On a series of six plays Charlevoix moved to their own 32 where the drive bogged down and they again punted with Mancelona taking the ball on their own 45.

On three plays they picked up eight yards and on fourth down, faked to punt but the play saw Phillips go to the 11. Five plays later Sutter scored again, this time from the one yard line. Mancelona tried to run the ball over but a major penalty was called and they were set back to the 15 yard line. Their second attempt was halted when the pass was knocked down and the half ended with Mancelona ahead 13-0.

The third quarter was scoreless with neither team threatening. The period was marked with penalties with Mancelona collecting two major penalties for 30 yards and Charlevoix 25 yards on one major penalty and two

Last Week With Class 'C' Teams

Boyne City set a new scoring record in the Northern Michigan Class C league Friday night by rolling up 80 points over the hapless Grayling Vikings in the final game of the current football season.

The win gave Boyne City a perfect record for the season and the 1956 Northern Michigan Class C title.

In other games Harbor Springs defeated Gaylord 27-14 to take over second place in league standings; Mancelona dumped Charlevoix 20-0 to move into third place; and East Jordan won over Pellston 12-7. As the season ended Charlevoix was dropped to fourth place; East Jordan and Gaylord were tied for fifth; Pellston was in sixth and Grayling in the league cellar.

Boyne City 80 Grayling 0
At Boyne City fullback Carl Charon brought his scoring total for the year to 151 points by scoring four touchdowns, one of them on a fluke play. In addition he passed to end Bob Christiansen for a conversion.

On the last touchdown of the game, which featured 12 in all by the Ramblers for a record of one every four minutes, Charon, had kicked off to Grayling following a touchdown. A Grayling player took the ball and immediately returned the kick which Charon took at mid field and romped 50 yards to score. Ed Barden ran the ball over for the extra point.

Charon also scored on runs of 12, 23 and 32 yards; Ron Holowasko went over from the 10 and then added two conversion runs; Ron Hobbs scored from the 16; ends Bill Kirby and Bob Christiansen took passes from second string quarterback, Pat Bryan to score a TD apiece; Doug Newville went over from the eight; Rick Casper on a 20 yard pass play from quarterback John Juday; Bill Nulph from the 39; and Harry Colley from the three. Scoring extra points were Juday on a quarterback sneak, Ed Barden (2), Jim Camburn and Jim Bradley.

Harbor Springs 27 Gaylord 14
At Gaylord the Harbor Springs Rams scored four touchdowns before the Blue Devils broke loose and closed the gap to 27-14.

Halfback Ed Mathews scored from three yards out following a 90 yard march to give the Rams a 7-0 advantage after quarterback Richie Clarke had kicked the extra point.

In the second period fullback Jack Meyer scored from the five after taking a pitchout from Clarke who failed to convert. Running back Bill Juilleret picked up a Gaylord fumble on the 30 and scored midway in the third period with Clarke making the score 20-0. Early in the fourth period Harbor Springs recovered a Gaylord fumble on the Blue Devils 30. Several plays later Mathews scored from the three and Clarke booted the conversion to put the game on ice for the Rams.

Late in the final period Gaylord took to the air to move the ball to the 15 from where halfback Mike McKillop scored. Fullback Dick Riddle ran the extra point over. Later in the period Riddle scored from the three. Quarterback John Burnison ran the ball over for the extra point as the game ended.

Many Ram gains were credited to Don Lauer who was shifted from center to the end position for the game.

East Jordan 12 Pellston 7
The Jordanites missed several scoring opportunities early in the game with Pellston before halfback Gene Richards on the seven passed to Ray Walker for the TD. The boot for the extra point was blocked as the first period ended.

The second period was scoreless but in the third quarter Larry Woodcock went over from the one on a quarterback sneak after Glen Kowalski and Gareth Thompson, on four plays, had put the ball in scoring position. Pellston's lone scoring opportunity came late in the game after Bob Barber on a series of ground plays and a pass from quarterback Basil Nagmashe to end Pat Camburn had put the ball in scoring position. Clarke Marshall scored from the six and Barber went over for the extra point.

Class 'C' League Coaches List Players Lost For 1957 Season

Sixty-five of the more than 200 young athletes in the Northern Michigan Class C conference concluded their high school football careers this week when they turned in their football uniforms and spiked shoes.

All but one of the number will be graduated in June. The remaining one, Bob Lee of Gaylord, will be ineligible next fall because of the age limit for high school athletes.

Mancelona will be the hardest hit by graduation, with eight regulars among its 10 seniors. Charlevoix is next with seven regulars. Pellston will lose six including five regulars. Although Boyne City will lose 15 players, the figure includes only five regulars plus five who substituted regularly and five more who saw limited action. Pellston will graduate six including five regulars and one player who was lost to the team most of the season because of an injury. Harbor Springs' eight seniors include four regulars and Grayling will lose two regulars.

THOUGHTS AFIELD

Harold E. Kohn

Through the Valley

There are two kinds of help that God offers us. One is supplementary help. It comes from without. It is added to us in time of need, a Divine Plus. We find it when we pray and a Power not of our own comes to us. It is like, when thirsty, we turn a water faucet and refreshment from some distant reservoir reaches us, or, to use Tennyson's expression, "like opening a sluice between the great ocean and our little channels, when the sea gathers itself together and flows in at full tide."

Another sort of aid God has given us is built-in. It is a part of our nature. Instead of offering it to us only in a moment of crisis, God has supplied it as part of our spiritual being, just as muscle, heart, lungs, and brain are portions of our physical nature. What we need to do with this second kind of help is to exercise it, like muscle, until it grows strong.

Persistence appears to be such a built-in quality, a kind of ready-made Divine assistance that the Creator has given to nearly all forms of life. Animal psychologists have found it in animals of all sizes from the biggest mammals to the microscopic one-celled amoeba. When specimens are being studied they are confronted with obstacles, then watched to see whether or not they can overcome them. It has been discovered that almost any animal, from gigantic elephant to the minute, microscopic, single-celled amoeba will keep on trying until it somehow manages to get past the obstruction.

Ants are famed for their persistence. They will move burdens over, under and around all manner of obstacles. One observer watched an ant strenuously dragging a dead grasshopper along a rugged path. He weighed the bodies of both and found that the ant was pulling a burden sixty times its own weight. That would be the equivalent of a two-hundred-pound man dragging a load of six tons. On another occasion an observer noticed an Australian ant supporting a pair of gloves while suspended by its feet. The gloves were more than eleven hundred times the ant's weight. To perform a comparable feat a two-hundred-pound man would have to support a load of one hundred and ten tons in his teeth while hanging by his toes!

Birds are determined creatures. Some years ago all the eggs except one were removed from a flicker's nest, to see if the female would replace the eggs stolen. Each day the bird watcher returned

to the nest and repeated the theft, taking all the eggs but one to see how long the flicker would continue laying replacements. The answer: the perplexed but persistent bird laid seventy-one eggs in the seventy-three days of the experiment.

A famed ornithologist, Dr. Arthur A. Allen of Cornell University, observed a mother wren feeding her nest of fledglings. Between sunrise and sunset of one day the wren fed her young 1,217 times. And the next morning the routine would have to begin all over again. Being a mother wren demands indomitable endurance.

Heroism is one part fearlessness and ninety-nine parts persistence of the kind wild creatures possess. Courage more often than not is the resolution to keep on going for just a little bit longer. It is having a Power with us and within us that will make it unnecessary to quit while in some valley of despair, the Power that will see us all the way through a discouraging experience. As the Psalmist phrased it so meaningfully, "Yea though I walk through the valley of the shadow of death, I will fear no evil, for Thou art with me." One way God makes his power known is through His built-in gift of persistence.

One of the best boxers in ring history was "Gentleman Jim" Corbett, a genius in the art of self-defense. When after an amazing career Corbett wrote his autobiography, he pointed out that every fighter has basically the same equipment—two fists, two arms, two legs, one body and one head. The kinds of blows it is possible to use are limited, not more than twenty altogether. What, then, makes one man a champion and another a dud? Jim Corbett answered that the secret is: "Fight one more round."

Said "Gentleman Jim", "When your feet are so tired you have to shuffle back to the center of the ring—fight one more round."

"When your arms are so tired that you can hardly lift your hands to come on guard—fight one more round."

"When your nose is bleeding and your eyes are black and you are so tired you wish your opponent would crack you on the jaw and put you to sleep—fight one more round—remembering that the man who always fights one more round is never whipped."

The quitter does not win. The winner never quits. Thomas Edison, who contributed so much to our knowledge and

ed. Someone asked him how he could accomplish so much without becoming weary. After a moment's thought Roosevelt answered, "You're looking at a man who spent two years trying to learn how to wiggle his big toe again."

Persistence is the stuff all heroic achievements are made of. Persistence is George Washington's army, ill-clothed, ill-fed, suffering the cruelties of a harsh winter at Valley Forge, yet drilling daily under the directions of the German drill-master, Von Steuben, hoping for better days and holding out for just one more day at a time.

Persistence in military affairs is what makes for victories. As Adolf Hitler one time said, the outcome of World War II would depend upon which side cracked first. And so it turned out; Hitler's hordes cracked first! The forces of freedom had the power to hold out awhile longer.

Persistence is behind the character, responsibility, honor and courage of the early American pioneers spreading westward. Their record is written in stone where white-topped wagon trains wore deep ruts in solid rock as they were drawn by oxen, horses, and men over seemingly insurmountable ridges and eased down perilous precipices. When oxen and horses died, men pulled the wagons. When wagons broke down, new ones were built, or the wayfarers went on afoot, persevering, plodding toward the Pacific.

Dry, hot Death Valley experience occur in religion, when it appears as if one's spiritual life is about to perish. Then the chief answer to the problem is to keep on going persistently until one is through the valley. Prayer is like that. When first begun it is an exciting, almost always uplifting and empowering experience. Then, soon or late, the time will come when prayer is shadowed by habit so that it seems mechanical, or darkened by moods of doubt so that it seems futile, or clouded by feeling of unworthiness so that it seems hypocritical. Then a person must decide whether he will give up prayer altogether or keep on praying, regardless of his mood, until he gets through the valley. For praying is one of the great arts, like playing the violin. A Fritz Kreisler will have his definite hours of practice that will brook no interruptions nor postponements. When his music sings from the concert stage it sounds so relaxed and at ease, so effortless, that a listener could not guess the long and painful hours of practice that had to be endured before Kreisler's skill had reached its present pitch. Kreisler practiced when he wished to and when he resented the necessity, when it excited him and when it bored him, when it was easy and when it was sheer drudgery. But practice he did, unremittingly, persistently. So, anyone who would learn to pray must persevere and keep going until he emerges from the valley of

Three students from Charlevoix are enrolled at the Sault branch of Michigan Tech this year. They are Michael Elzinga, sophomore major in chemical engineering; Jerry Foster, freshman in mechanical engineering and Walter Poquette, freshman in civil engineering.

Elzinga and Poquette are holders of the Michigan high school apathy or reluctance or habit or foul mood and climbs once more to the heights of spiritual satisfaction.

Do you pray for God's help? It will surely come, but don't look for it to arrive like a bolt of lightning or mout of the distant blue sky. Much of His help is within you, built-in, in the power to persist in doing what you ought, for just a little longer, until you are "through the valley" of difficulty.

Killer whales, among the fiercest of all sea creatures, actually are dolphins. They hunt in packs, swallowing small seals and porpoises whole. Although these bloodthirsty marauders grow to only 30 feet they will attack and kill large whales, the National Geographic Society says.

Educators Advocate Better Service For Rural Communities

The 11th national conference of County and Rural Area Superintendents held in Atlanta, Ga., recently dedicated its deliberations to a program entitled "Educational Organization and Services for America's Children". During the four-day conference the assembled educators sought to explore, develop, strengthen and improve the organization and services of county and intermediate school administrative units in order that people of rural and suburban communities may have adequate educational opportunities.

In the closing session of the

conference, Shirley Cooper, association secretary, American Association of School Administrators, summed up the educational picture in a talk on "A Look to the Future", stating "that any look to the future of any phase of education in this country must be taken with consideration to a few basic facts."

"The job will be bigger. There will be more children, more teachers, buildings, equipment—more of everything needed in the operation of schools," Mr. Cooper continued. "Education will cost more, much more. There will be more teachers and more to learn. The

stakes are higher than ever before that understanding, reason and command of technical skills will be more important to individuals, to industry, to business and to our culture than ever before. Educational leadership has been given a mandate—to do everything they have been doing in the past, to do more and do it better."

Mr. Cooper went on to say that this country is on the threshold of what will be a new era in education. New proportions of quality as well as new dimensions of quality will be added to the educational program. He affirmed that the intermediate district of school administration is in a most favorable position to contribute to this progress. It is not tied down with tradition. It is ready to change and through legislative action already underway or actually accomplished in many parts of the country substantial improvements are being made.

In conclusion Mr. Cooper said that we may look forward to seeing more attention given to the use of additional media of communication in regular classroom instruction, enrichment of the educational program to challenge and develop the mentally gifted children, the use of community school plant facilities throughout the year, marked improvement in instructional material and equipment, opportunity and leadership for continuous improvement of the teaching staff. It is through making a major contribution to bringing about these improvements that the intermediate district will move forward in the future.

Other well known speakers were M. C. Collins, State Supt. of Schools, Atlanta; Truman M. Pierce, Dean of the School of Education, Alabama Polytechnic Institute, Auburn; Howard A. Dawson, director of rural service, of the U. S. and other representatives from the U. S. Office of National Education Association Education and colleges from many states.

Among the events enjoyed by the educators was a 200 mile bus tour to interesting places in the area. Included in the tour were stops at new schools, the Little White House at Warm Springs and the beautiful Callaway gardens.

Charles A. Robinson and Bruce T. Blanchard, Charlevoix and Emmet county superintendents of schools, respectively, accompanied by Mrs. Robinson and son, Gordon, and Mrs. Blanchard, made the trip together.

Can't Doubt The Generosity Now Of Santa Claus

If there was ever any doubt that Santa Claus is the most generous individual this side of the North Pole, it is dispelled by the newest Christmas gifts. At least that is what Bradley N. Stanton of the Toy and Hobby Harbor, who evidently has an inside track on the latest news coming out of Santa's workshop, has to say.

Instead of Santa enjoying all the fun of making a gift all by himself, it seems that he has made arrangements with the world's largest manufacturer of hobby kits to produce hundreds of exciting scale models of ships, trains, planes and cars so everyone, youngster and older alike, can enjoy easily making these models himself.

Mr. Stanton has issued an invitation to the public to visit the Toy and Hobby Harbor at any time.

FASHION FIRSTS IN MOTORING

Car coats of cotton poplin are making fashion news this fall. Also in the news is the fact that cotton is tops in convertible tops. The National Cotton Council reports that a new vinyl-coated fabric is now being used in 95 per cent of convertible tops. Synthetics, which held 40 per cent of the car top market in 1954, failed to give performance while research helped cotton stage a comeback in this 10,000-hale-a-year market.

River Barge Brings Gas To Charlevoix

Delivery of 615,000 gallons of gasoline was made last week to the Cities Service marine terminal on Ferry ave., Albert H. Smith, terminal managers reports. The gasoline was transported here via river barge towed by a tug belonging to the Chicago-Chicago Tug Co.

Included in the tow was a work dredge which was being taken to Stanford, Conn. After leaving here the tow group was scheduled to stop at Toledo and Buffalo before proceeding to the east coast.

Alfalfa Seed Crop Is Reported Light

Alfalfa seed may be scarce next spring with Michigan harvesting the smallest amount of seed since 1929 and national production 23 percent under last year's record production.

This is indicated by the Crop Reporting Service, operated at Lansing co-operatively between the U. S. and the Michigan departments of agriculture.

Michigan farmers intend to harvest less than a quarter million pounds of alfalfa seed this fall. This would be only about a seventh of the 1955 crop or about the 1945-54 average. The total national crop is expected to be nearly 163 million pounds. Reduction in acreage is given for this year's smaller crop.

State Park Progress Subject At Series Of Luncheon Meetings

"The State of Our Parks" will be the subject of a series of 18 luncheon and dinner meetings in as many Michigan cities during November, reports the Automobile Club of Michigan.

Sponsored by the Auto Club, the meetings will bring together state and local government officials, chamber of commerce representatives, school people, civic leaders and others for a detailed outline of the state parks situation.

The series of meetings is part of an intensive campaign by the Auto Club to call attention to the critical need for a stepped-up improvement and expansion program throughout the state parks system.

Youngster's Net \$70 S.O.S. Drive Hallowe'en Eve

The "Share our Surplus" solicitation conducted by the youngsters from the fifth and sixth grades under the sponsorship of the Charlevoix Ministerial Association on Hallowe'en netted a total of \$70.00, it has been announced.

As a result of this, 1,400 pounds or seven tons of this country's surplus foods can be shipped to the needy overseas.

The response was good and the 30 youngsters participating enjoyed the project, it was reported.

Later they gathered at the Community Church of God Fellowship hall for a movie which told the story of the S. O. S. project in which they had just participated. Games and refreshments concluded the evening.

Who says dream cars never come true?

Dynamite from Detroit

Coming! America's first production dream car—
it will influence the shape of cars for years to come.

The old Detroit rule was to introduce new features gradually, to make little changes each year. Sometimes a new grille, an engine improvement, or new colors and trim.

We broke that rule. In fact, we broke all the rules: *This is dynamite!*

For you are not the only one who has dreamed of a totally modern car, a car that has everything you find at automobile shows, in illustrations, and in custom-built experimental cars.

Detroit has had that dream, too. And that's why the 1957 Mercury is the car that has honestly excited the most car-jaded, the most sophisticated of Detroit's automotive experts.

When you see the new 1957 Mercury, you'll see America's first full-production dream car—a car that

will influence the shape of cars for years to come.

You'll see a dream car you can own and drive—a car that has far more than startling years-ahead beauty.

THE BIG M for '57 boasts dream-car features never before found outside a designer's dreambook: a Key-board Control that makes ordinary push-button driving old-fashioned; an exclusive Floating Ride with a revolutionary new cushioning action you have to feel to believe. There are Mercury "firsts" everywhere you look. A Power-Booster Engine Fan in the Montclair series that saves horsepower other cars waste. And many more Mercury exclusives.

You'll see THE BIG M—the new Mercury for 1957—soon. You'll see it. You'll drive it. The first dream car that can be yours. The dynamite is on its way from Detroit to your dealer's—now!

"Oh, boy! 3649 more nights like this!"

says Don Herold

THAT'S what I said the night I got my Beautyrest Mattress. What luxurious luxury!

And the Simmons people guarantee me ten full years of it. Ten times 365 means 3,649 more nights of sleeping comfort. (Now don't confuse me with leap years. I got confused one leap year, and that was enough.)

Simmons can make this amazing guarantee because the United States Testing Co. has proved the durability of Beautyrest. In a brutal laboratory test, Beautyrest lasted 2 1/2 times longer than any other mattress. And believe me, they practically beat the stuffing out of the ones they tested.

Report Possibility Of Renewed Mining Operations At Once Rich Comstock Lods

A Multimillion-dollar hole in the ground is to be reopened. This is the Comstock lode in Nevada, producer of vast wealth in gold and silver during a lusty period of American history.

One of the richest mining areas ever developed, the Comstock helped finance the North in the Civil War, provided the basis for several American fortunes, rejuvenated San Francisco, and lifted California from a depression, the National Geographic Society says. As operations declined, the Comstock left on its doorstep one of the most famous of ghost towns, Virginia City.

The Consolidated Virginia Mining Co., one of the best-known names on the Comstock in its biggest boom period, the 1870's, recently announced it will resume work, developing with modern methods low-grade ore deposits unprofitable in earlier days.

Good Potato Crop Reported In State

One of the best quality potato crops in years and one that is a third larger than last year's small yield is being offered from Michigan farms now. Growing conditions were favorable. The crop is estimated at 7,421,000 hundredweight.

Careful adherence to gardening laws by packers should result in good market acceptance from housewives, according to Director G. S. McIntyre, of the Michigan Department of Agriculture.

Most Michigan potatoes are packed either U. S. No. 1 grade or U. S. No. 2 grade although there are two superior grades U. S. Fancy and U. S. Extra No. 1 that are seldom used. Potatoes grading below U. S. No. 2 may not be offered for sale in Michigan.

Grade has little to do with irregularity in size in U. S. No. 1 or U. S. No. 2 grades. Potatoes of varying dimension may be found in the same container unless minimum size is declared on the package. The name and address of the packer must appear on the container together with net weight and U. S. grade declaration.

The history of the Comstock is laced through with stock deals of all kinds; battles under the earth between workers of adjoining mines; and such tactics as influencing the miners underground to simulate a bonanza.

Gold and silver from the Comstock started many men toward wealth, among them George Hearst, father of the late publish-

Kitty's Candy Bed Jails Store Owner

The unwrapped candy in a showcase is no place for kitty to cury up and snooze as a Pontiac drug store owner learned in municipal court when the judge ordered him to serve 90 days in jail and pay a \$100 fine recently to a charge of maintaining an insanitary store.

Complaint against the drug store owner, James H. Dolan, was signed by a representative of the foods and standards division of the Michigan Department of Agriculture. Inspectors reported also finding candy wormy and insect infested in addition to animal filth in the store.

The Pontiac municipal judge also ordered the store closed until properly licensed and approved by the Pontiac health department.

Area Turkeys Ready For Holiday Market

Unaware that they will grace Thanksgiving dinner tables next week, these turkeys at the Addison Chew farm in Marion township posed for a photograph recently. They are only a small part of the more than 13,000 traditional holiday birds raised in the county this year.

Class 'C' Basketball Teams Open Practice

Basketball on the hardwoods has replaced the pigskin on the gridiron as coaches of the Northern Michigan Class C league look over returning veterans, lettermen and prospective new candidates for the Varsity, most of them up from reserve squads.

With the opening of the regular season less than three weeks away, practice sessions are given over to drills, conditioning and fundamentals with coaches trying various combinations of players in an effort to come up with a satisfactory starting line-up. A couple of coaches will have as many as four regulars returning while others have only one or two around which to build this year's squads.

Assembly Of God Church To Present A Special Service

Ronald Coyne, the boy who sees with a plastic eye, and his mother, Mrs. R. R. Coyne of Sapulpa, Okla., will appear at a special service at the Assembly of God church at 8 p. m. Saturday.

Testimonials by doctors, optometrists, journalists and others verify the fact that the teen-age boy does see with the plastic eye, according to the Rev. T. B. Thodeson, pastor of the church which is sponsoring his appearance here.

Plan Smorgasbord For Benefit Of McSaubia Ski Area

Plans for a Swedish smorgasbord for the benefit of the Charlevoix-Mt. McSaubia Recreation Corp., which is sponsoring the winter recreation park at Mt. McSaubia were completed at a meeting called Monday night by Bob Neff who is chairman of the event.

Twenty-five representatives of various organizations in the city attended the meeting at which the menu was planned, assignments for the preparation of food made and committees named. The smorgasbord will be held at the St. Mary's school hall on Sunday, Dec. 9.

The event will be a community affair and anyone wishing to assist with the preparation of foods, serving of foods, preparation of tables, washing dishes or preparing vegetables is asked to contact Mr. Neff.
